Subject: Petition For Creation of a INA in both Wilcox Basin and Bowie San Simon area

Dear Sir:
As a land owner in the Bowie San Simon area, I am deeply opposed to the creation of a INA. This petition will hamper the land owner as it pertains to potential farming and resell value to the property causing financial hardship. Please do not approve this petition as it harmful to individuals trying to make a living, the small farmer, land owner, and to the free enterprise system that this country is based on.
Your consideration to this request is most appreciated.
Thank you,
Diana Field
