R. R. Fryer, General Supt.
Navajo Service
Window Rock, Arizona

ATTENTION: Mr. Roy Potter

Dear Sir:

As per our recent telephone conversation I have contacted both Mr. McNatt and Mr. Spencer regarding this proposed project as requested by Mr. Firman Brown. All agree that this work is imperative and should be done immediately.

The land is to be plowed by Irrigation equipment in January and McNatt plans to start Irrigating in February. Dalton can supervise the work while constructing the Range Rider house at the Gap.

Five copies of data Sheet are herewith enclosed and to be deducted from the District 3 present balance ($10,015.60).

Mr. McNatt has also agreed to help supervise this work.

Very truly yours,

R. W. Nichols,
Project Manager

cc: Brown
Spencer
McNatt
