Ed-Ind
Circular 1774
LEC

Extra Copy for file with Navajo Project file

SEP -5 1922

Mr. Peter Paquette,

Supt., Navajo School.

My dear Mr. Paquette:

In your letter acknowledging receipt of Circular No. 1774 you outlined your itinerary and gave your plans for making the industrial survey, but to date your report has not been received. Please submit an immediate reply stating when it will be forwarded.

Several carbons of individual reports have been received, made by Mr. Paul Gradall, farmer, and submitted with his weekly reports. While these are made in the proper form and give the information desired, including pictures, the purpose of the survey was to have the superintendents visit the homes personally. Please state whether you accompanied the farmer on these visits.

Sincerely yours,

(Signed) Chas. H. Burke

Commissioner.
