Permit Conditions

1. The quantity of water stored shall be reported to the Recharge Coordinator, Water Management Division, Arizona Department of Water Resources, 3550 North Central Ave., Phoenix, Arizona, 85012 in the form of annual data reports. The annual report shall be submitted no later than March 31 following the end of each completed annual reporting period. The first annual reporting period shall be from the effective date of this permit through December 31, 2008. Subsequent annual reporting periods shall be January 1 through December 31.

2. The Permittee shall continue to meet the requirements of A.R.S. § 45-831.01 during water storage.

3. Recovery of stored water is prohibited unless a recovery well permit is obtained pursuant to A.R.S. § 45-834.01.

4. Stored water shall not be recovered in excess of the amount allowed by Title 45, Chapter 3.1, Article 4, Arizona Revised Statutes.

5. The Permittee shall report all assignments of long-term storage credits accrued pursuant to this permit to the Recharge Coordinator, Water Management Division, Arizona Department of Water Resources in accordance with A.R.S. § 45-854.01.

6. Water may be stored pursuant to this permit only at Managed Underground Storage Facility Permit No. 71-578112, and any amendments thereto.

7. If the Permittee's contract with Central Arizona Water Conservation District is renewed, or if the Permittee acquires any additional contract for the receipt of Central Arizona Project water, the Permittee shall submit a copy of the renewed or additional contract to the Recharge Coordinator, Department of Water Resources prior to storing water received under the renewed or additional contract pursuant to this permit.

9. The Director may withhold long-term storage credits or prohibit recovery on an annual basis for water stored under this permit during any period of time in which permittee's storage activities are not in compliance with all state and federal water quality standards if the Director determines, after consultation with the director of environmental quality, that the violation has had or will have a significant adverse effect on aquifer water quality.

Witness my hand and seal of office this 6th day of March, 2008.
