Navajo Indian
June 30

Hon. Commr. of Indian Affairs
Washington D.C.

Sir

I have the honor to report for the month of June that all is quiet and peaceable at this Agency and with my Indians.

The meagre appropriation for this tribe of Indians for fiscal year 1886 and your instructions referring thereto at hand today, require me to discharge all my employes except Farmer and Interpreter and such Indian Employes as are necessary to care for the Public animals etc. and those at work on the Addition to School

Building including Dr. whites, the walls of said addition are nearly up, another weeks labor of present force will about complete them; Also the window and door frames are in their proper place in the Building - and considerable other work done by the Carpenters in the Mansard Storie of the main building.-

I am gratified in being able to report a favorable appearance of most of the farm crops and through the present successful effort of my Farmer, I expect to be able to raise sufficient grain and fodder for the wants of the Public animals at this agency during next fiscal year also vegetables etc. to aid the Boarding Schools, ...

which if accomplished inaugurates
a new practice at this agency.—
besides the Indians have availed them
selves of the balance of arrable land,
contiguous to my acequia - more than
half a mile in length, - and at least
sixty acres of crops for them are in
a flourishing condition, but it has
required constant use of water -
night and day to effect this object,
and an average of four or five irri-
gations thus far have been given all
the crops - The rainy season is now
pertending affording a hope that the
Heavens will add the needed supply
to complete the harvest, but the weeds
now like sin and error require constant
combatting - The School closes also
