UNITED STATES INDIAN SERVICE,

Navajo Agency, N.M.

May 11th, 1892.

R.P. Collins,

Supt. Keams Canon School.

Keams Canon, Ariz.

Sir:-

Replying to yours of the 29th. I have instructed Ba-ki-do, who is one of the judges to proceed to your place without delay, and take with him Dap, and go to Ten-neh-te-to, and instruct the Navajos that, they must abide by the action of the council of last year, which was that the Navajos, should not pass beyond a certain boundary line established, by certain metes and natural objects, and if they refuse to comply measures will be taken to compel them to remove at once. The Navajos, understand the situation thoroughly, and as soon as informed of their mis-doings will desist.

Respectfully Yours,

David L. Shipley

U.S. Indian Agent
