						also reserved from Allotment the SE¼ of NE¼ Sec	33	29	16	40		

The forgoing described sections and part of sections contain in addition to the Villages (the homes of these people) therein named a number of dwelling houses at the base of the Mesa's built by the Government for the Indians who have come down from the Mesa's also a number of springs or pools of water - Peach orchards many of which are held in common, but many held by several families owning a certain number of trees. With the exception of a few spots of land the described tracts are worthless for agricultural purposes outside of the growing Peach trees in favorable situated places guarded from the winds and frosts. Their Peach trees are an important factor in their food supply drying the same for winter. The graveyards of the different Villages are also situated in these reserved tracts.

[illegible] undersigned do hereby certify that the above and [illegible] of unallotted reserved tracts (sheet [illegible]) made by us for the common use and benefit of the Moqui [illegible] Indian residing in the Moqui Indian Reservation is correct and that the same has been selected [illegible] to the Act of Congress approved Feb 8th 1887 and the Amendatory Act Approved Feb 28th 1891 and the instructions of the Commissioner of Indian Affairs dated May 7th 1892 marked Land No. 13680 [illegible]

The foregoing described sections and fractions contain in addition to the Village (Oraibi) one little stream named a number of dwelling houses at the base of the Mesa built by the Government for the Indians who have come down from the Mesa, also a number of springs or pools of water. Peach orchards many of which are held in common but many held by several families among a certain number of trees. With the exception of a few spots of land the described tracts are worthless for agricultural purposes outside of the growing Peach trees in favorable situated places guarded from the winds and frosts. Their Peach trees are an important factor in their food supply drying the same for winter. The graveyards of the different Villages are also situated in these reserved tracts.

These are original allotments
