Allotments
Moqui Reservation.

JAN 12 1911

Mr. Matthew M. Murphy,

Special Allotting Agent,

Keams Canon, Arizona.

Sir:

The Office has received your letters of December 2 and 9, 1910, regarding the allotment work on the Moqui Reservation in which you request that you be directed to visit this city for the purpose of conferring with the Office regarding the work under your supervision.

By letter, dated January 6, 1911, you were directed to suspend further field work, dismiss your crew and devote your time to the preparation of a sketch map showing the general characteristics of the reservation, in order that the Office might determine the advisability of discontinuing or carrying to completion the allotment work among these Indians.

In view of the foregoing, the Office does not deem it necessary to have you visit the city at this time. Your request is, therefore, denied.

Respectfully,

(Signed) C. F. Hauke
