Dear Governor Pyle:

Please excuse the informality of long hand writing; however, I am sure that you are more concerned in the content of this note than in its style.

During an "after hours call" to Col Brownfield, I asked the status of the real estate situation concerning Fort Huachuca. I was advised that Hq USAF would proceed along the lines of my recommendation: i.e., abrogate the transfers of title and possession on the two areas and substitute leases therefor.

Very truly yours,

James A. Barnett
Col., U.S.A.F.
