Sharon Scantlebury
Arizona Dept. of Water Resources.

Dear Ms. Scantlebury,

This letter regards the proposed INA for the San Simon Sub-basin.

I am in favor of this proposed INA. I have actively farmed and have been involved in conservation in the Willcox basin for over 25 years.

To preserve our agricultural economy, this proposed INA is needed. It is also needed in the Willcox basin.

I have, along with my wife, two young daughters, We hope to preserve our way of life for them and their children after them. The whole area is based heavily on irrigated agriculture - We support an INA as one tool to help preserve farming as a way of living in south-eastern Arizona.

Thank you for the opportunity to comment.

Respectfully,

Tedd and Kay Haas
Greta and Anna Mae
