My dear Dave:

I have the wire signed by you and a number of the business men of your community relative to the situation at Fort Huachuca.

I have delayed answering your letter pending a contemplated trip to the coast to ascertain just what the situation was in connection with the leasing of the property to the Aero Products Company.

I flew to the coast on Saturday for a conference with the officials of Northrop Aircraft Inc., for which company Aero Products Company was reportedly negotiating the Fort Huachuca lease. Following this conference it is my understanding that Northrop is not presently interested in leasing Fort Huachuca and therefore no further steps will be taken in the matter at the present time.

All of us are of course anxious that the Huachuca facilities be put to productive and gainful use and you may be sure that we will explore every prospect with that end in view.

With kindest regards, I am

Sincerely,

D
