Honorable Dan E. Garvey
Governor of State of Arizona
State Capitol Building
Phoenix, Arizona

Dear Governor Garvey:

Regarding your letter of July 19th concerning possible revocation of Public Land Orders #16 and #251 on Fort Huachuca, this office did on June 15th recommend to our Los Angeles Office the revocation of these Public Land Orders. What action has been taken on this recommendation is not known to this office. Off-hand, there does not seem to be any reason why said Public Land Orders can not be revoked.

However, this office will request specific information and will advise you regarding your question as soon as said information is received.

With kindest personal regards, I am

Sincerely,

Ed. Atkinson
