Staff Sergeant, WAC
Fort Huachuca, Arizona

My dear Sergeant:

I read your letter of June twenty-third, regarding the future of Fort Huachuca with much interest.

I am quite familiar with Fort Huachuca. The first trip that I made there was over forty years ago. I have been there many times since, and made frequent trips during the war.

I have done, and am doing, everything possible to keep the Fort intact. If the decision of the War Department to abandon the Fort should prove to be final, then I hope that Fort Huachuca will be turned over to the State of Arizona as nearly intact as possible. If that is done, Arizona will do everything possible to retain Fort Huachuca as an interesting and historic monument in our state.

With all good wishes, I am

Sincerely,
