

31 January 1951

Colonel James A. Barnett
A F Liaison Officer
South Pacific Division Engineer
Box 3339
Rincon Annex
San Francisco, California

Dear Colonel Barnett:-

Supplementing our conversation regarding the possibility of the lease arrangement on the Fort Huachuca facilities on which the State of Arizona and its subdivisions now holds title, this is to assure you that we have no profit or monetary interest in connection with such a lease. Its provisions can stipulate as little as a dollar a year for the entire property.

We would prefer such a lease arrangement because we are eager to avoid complications as to title return to the state and its subdivisions following the present emergency. It would be our desire that the lease stipulate automatic return to the state and its subdivisions once the emergency is declared at an end and Armed Forces emergency use of the facilities is terminated.

Sincerely,

HOWARD PYLE
