The forgoing described sections and part of sections contain
in addition to the Villages (the homes of these people) therein named
a number of dwelling houses at the base of the Mesa's built by the
Government for the Indians who have come down from the Mesa's
also a number of Springs or pools of water - Peach Orchards
many of which are held in common, but many held by several
families owning a certain number of trees. Not the exception of
a few spots of land the described tracts are worthless for
agricultural purposes outside of the growing Peach trees in
favorable situated places guarded from the winds and frosts
Their Peach trees are an important factor in their food supply
drying the same for winter. The graveyards of the
different Villages are also situated in these reserved tracts

We the undersigned do hereby certify that the above and forgoing Schedule of land
No 1) made by us for the common use and benefit of the Moqui Tribe of Indians
Indian Reservation is correct and that the same has been selected and reserved
in pursuance of the Act of Feb 8th 1887 and the ammendatory Act Approved Feb 28th 1891 and the instructions.
