Kerley Valley Farms

According to Kenneth Pavenyouma (8-15-90), Harold Tsavatawa (his F-i-L) was the head farmer for the Government. He farmed the whole section of Kerley Valley that was Government farm into the 1950's. Only in the late 50's ('58,'59) or early 60's (has to be before 1962 - the date on the Tuba City Base Map) was the Government field divided up and assigned (by the Agency) to Navajos. Also the section listed 'Herbert Goldtooth' was just given to HG lately; Jack Pavenyouma (Kenneth's F) used to farm it - it had been given to him by H Goldtooth. Across the hiway on north side, section labelled 'Maxwell Yazzie' was farmed for a long time by Walter Lewis (Hopi); then the Agency took it away from W. Lewis & gave it to M. Yazzie. Robert Sakiestewa says it was being farmed by Jackson Tewa into the early 50's.

s used to be rmed long ago → Leonard has GF, Lasruyawma, nde Tuveyestewa me: Leonard allas 8-15-90)

According to ~~Kenneth Pavenyouma~~ Leonard Dallas, Lewis Numkena, Willie Numkena, several Hopis farmed W and NW of Kerley Valley Trading Post into the 1940's & even to 1952 (Lewis Numkena - W remembers the date). They quit then because much of their crop was being stolen by Navajos. Those who farmed there include Lewis Numkena Jr. (who still has a paper assigning the plot - according to his W); James Humetewa (NE / Lewis Numkena who was NW of Trading Post); Freddy Tsavatawa (S / Lewis Numkena); Saviipi (Philips) to SE of Lewis Numkena; Sam Shing (N of Lewis Numkena) ~~source R Sakiestewa~~; Jackson Tewa & S Ralph Jackson (W of Trading Post)

'obert Sakiestewa o remembers — ily 50's - before went to nding School

Farms in Karley Valley

Eugene Kay noted that #s 57, 58, 59 (assigned to Navajos) have not been farmed since he began farming in the vicinity; #s 48, 50, 51, 52 are being farmed this year by Navajos

Willie Numkena noted:

Hebert Goldtooth: not in use

George Greeley (deceased): not in use except for SW corner

Byron Adson: his son is using it

(W.N. used this field one year – confirmed by R. Sakiestewa)

Dewey Begay: not in use

Tilman Hadley: not in use

Richard Tsinnie: in use by his in-law Jackson Smith

According to Robert Sakiestewa, Kopilva (Hopi) (Horace Kopilvu – WN) farmed Alberta Mexican's plots in the early 50's. W. Numkena thinks this was mine in Doc Scott's (Navajo) plot – until at least 20 yrs ago.

(W/ allotments) According to Clayton Honyumptewa (8–20–90), area E of Fritz Gilbert on TC base map (which shows mid'd farming) is now being farmed by Navajos. Area listed Jackson Tenn, Roy Tenn, Charley Bracher et al has not been farmed for some time – no access road across Wash for some time.
