University of Arizona, Tuscon, Arizona

Dear Mr. Schwalen:

In my efforts to locate the drilling log on water wells drilled in the artesian well area by the Joseph City Irrigation Company, I have been referred to you. The wells I am interested in are shown on the enclosed sketch, and most particularly the well which was given a twenty-four hour pumped test and which is repudiated to have supplied 4.64 cubic feet per second for twenty-four hour pumped test.

Any information you may be able to furnish will be appreciated.

Very sincerely yours

R. N. PARNELL, Engineer
