My dear Mr. Murdock:

In further reference to our conversation in your office last week, I am enclosing copy of a memorandum which summarizes our water development program on the Navajo Reservation, especially from the viewpoint of the assistance which we have received from the Geological Survey.

It was a great pleasure to meet you again, and I do hope that the Watchdog Committee will be able to come out after adjournment. Mr. Ahkeah was delighted at the prospect of this possibility.

Sincerely yours,

Allan G. Harper
