My dear Mr. Robinson:

A letter dated January 19, 1926, has been received from Supt. Harvey K. Meyer, of Western Navajo Agency, regarding irrigation matters, copy of which was forwarded to you by the Superintendent.

Please have this matter investigated and ascertain just what is necessary to be done, it appearing that the Superintendent has funds available for such work. A report should be submitted at the earliest practicable date so that appropriate instructions can be issued.

Very truly yours,

Edmund
Assistant Commissioner.
