Mr. H.C. Neuffer, Supervising Engineer,
U.S. Indian Irrigation Service,
Albuquerque, N. M.

Dear Mr. Neuffer:

I understand that an aerial survey has been made of the Navajo
Reservation, in connection with the soil erosion work. I am wonder-
ing if there is any reduction of a mosaic map which is available for
distribution. If so, I would like to secure a copy.

Yours very truly,

Herbert V. Clotts
