Mr. Gerald B. Keesee  
Area Irrigation Engineer  
Window Rock Area Office  
Window Rock, Arizona

Dear Mr. Keesee:

Enclosed are two memorariums by Mr. Rupkey transmitting some information which he gathered together during the period when our Phoenix office was assisting on general irrigation matters on the Navajo Reservation.

One of them concerns possible improvements on the Lower Moencopi project and the other presents information regarding infiltration systems, which might be useful in getting additional water for the Cornfields and Chinle irrigation developments.

Sincerely yours,

*C. H. Southworth*
