Mr. H. C. Neuffer,
Supervising Engineer,
Fifth Irrigation Dist., Box 445,
Albuquerque, New Mexico.

Dear Mr. Neuffer:

I desire to acknowledge receipt of your letter of August 3 outlining your program for water development in the Navajo Country during the coming year.

This matter has been referred to Mr. Hedden and to Mr. Jensen and we will endeavor to assemble as much data as possible as to the most necessary and the most feasible water development projects so that when Mr. Womack arrives here to go over the situation, we will be in a position to recommend a sufficient number of sites for the year's work.

I wish to assure you of our desire to cooperate with you in every way possible in this much needed work.

Very truly yours,

E. R. McCray,
Superintendent.
