Dear Mr. Womack:

Referring to your letter of July 31, we shall be glad to have either Mr. Jensen or one of the stockmen go with you when you make your trip into this country the latter part of this month.

I will try to write my initials plain enough in signing this letter so that you will be able to make them out. If you forget them, you can just call me "Irish".

Yours very truly,

E. R. McCray,  
Superintendent.
