Commissioner of Indian Affairs
Washington, D. C.

Through Assistant Director of Irrigation

Through Director of Forestry

Dear Sir:

There is submitted herewith our report relative to the range management and water development for the Navajo and Hopi Reservations.

It is believed that the program of development as outlined could be economically completed within five years after the present fiscal year by following the financial set-up as generally outlined in the estimate of funds of the Fifth Irrigation District for the fiscal year 1933.

Respectfully submitted,

H. C. Neuffer,
Supervising Engineer

W. H. Zeh,
Forester.
