Attention: Arthur Fife.

Dear Mr. Fife:

On March 16 while at the Soil Conservation Service Drafting office in Gallup, I requested prints of topographical and detail maps of Pasture Canyon near Tuba City.

I was promised that these maps would be forthcoming within a week. We have not received them to date. We have a tentative farm development and erosion control project in the Canyon and must have these maps before we can make any plans or recommendations to the Division Engineer.

We would very much appreciate your looking into this matter and seeing that the maps are sent out at the earliest possible moment.

Very truly yours,

Robert L. Frazer
