Memorandum to: Mr. Fife

Pasture Canyon at Tuba City Boarding School has a rather large area which is used only for pasture.

As you know, Mr. Jordan is starting small agricultural projects with his older boarding school students. He is very desirous of using Pasture Canyon for this purpose. To this end, he requests the assignment of an engineer to drive stakes for ditchline borders, etc. for a simple, though complete, subjugation of this area. All of the work is to be done by boarding school boys with the use of such equipment as schools has available. Mr. Jordan on \_\_\_\_\_ asks the services of an engineer for a short time \_\_\_\_\_ give him the proper layout. Can you supply him with \_\_\_\_\_ man?
