

5577
Ganado Project in relation
to Mr. J. L. Hubbell.

January 2, 1913.

RECEIVED

30186 MAR 7 1913

INDIAN OFFICE

Mr. Abbott:

I do not find anything of record in regard to the agreement with Mr. J. L. Hubbell for the absorption of his water right under the Ganado Project. In a report made on the October 15, 1910, by Mr. Robinson to Mr. Code, I find reference made to what Mr. Hubbell intends or proposes to do, but so far have been unable to find anything over Mr. Hubbell's own signature, either in the form of a letter or contract, that would in any way bind him.

I inclose under same cover copy of extracts from Mr. Robinson's report as above mentioned.

I am also today writing Mr. Robinson asking him whether there is in his office any further record in this matter. When same is received I will transmit it to you.

W. R. Reed

Chief Engineer.
