The rights herein transferred shall not extend to the utilization of the lands hereinafter described under the heading "parcel B" for public recreational facilities without the approval of the Navajo Tribal Council. No permit, lease, license, or other right covering the exploration for or extraction of the minerals herein reserved to the tribe shall be granted or exercised by or on behalf of the tribe except under such conditions and with such restrictions, limitations, or stipulations as the Secretary deems appropriate, in connection with the Glen Canyon unit, to protect the interests of the United States and of its grantees, licensees, transferees, and permittees, and their heirs and assigns. Subject to the mineral rights herein reserved to the tribe as aforesaid, the Secretary may dispose of lots in townsites established on the lands transferred under this section, together with improvements thereon, under such terms and conditions as he determines to be appropriate, including provisions for payment for the furnishing of municipal facilities and services while such facilities and services are provided by the United States and for the establishment of liens in connection therewith, but no disposition shall be at less than the current fair market value, and he may dedicate portions of lands in such townsites, whether or not improved, for public purposes and transfer the land so dedicated to appropriate State or local public bodies and nonprofit corporations. He may also enter into contracts with State or local public bodies and nonprofit corporations whereby either party may undertake to render to the other such services in aid of the performance of activities and functions of a municipal, governmental, or public or quasi-public nature as will, in the Secretary's judgment, contribute substantially to the efficiency or

the economy of the operations of the Department of the Interior in connection with the Glen Canyon unit.

S. C., secs. 851, 852). The Secretary of the Interior shall give priority to indemnity selection applications made pursuant to this subsection by the State of Utah. However, all conveyances made pursuant to this subsection, whether by the United States or by the State of Utah, shall contain a reservation of

the minerals to the grantor. Lands conveyed to the United States under this section shall be subject to selection by the Secretary of the Interior, and transfer to, the Navajo Tribe in the same manner as, and under the same terms and conditions as, lands described in subsection (c) of section 1 of this Act. Notwithstanding a conveyance to the United States of State-owned lands in accordance with the provisions of this subsection, such conveyance shall not prevent the Navajo Tribe from asserting, in any manner that would have been available to the tribe if the conveyance had not been made, a claim of title, if any, to the lands conveyed by the State that the tribe asserts is superior to the title asserted by the State of Utah. If a claim of title so asserted by the Navajo Tribe determined to be superior to the title asserted by the State of Utah, and if the Navajo Tribe has selected such lands as a part of the transfer authorized by section 1 of this Act, the Navajo Tribe shall be permitted to select other lands described in subsection (c) of section 1 in lieu thereof.
