Office of Supt of Indian Affairs,
Santa Fe August 16th 1855

Sir

I have the honor to inform you that in copying my communication of the 27th of July last, enclosing the Navajo Treaty, a grave error has been committed, which I beg leave to correct.

By reference to the 11th paragraph of that communication, I find that the land reserved to the Navajo Indians is estimated at seven thousand Square miles, and that portion of this reservation which is susceptible of cultivation is estimated at from twenty five to thirty Square miles. This last estimate should read as follows, not more than from One hundred and twenty five to thirty Square miles

I have the honor to be
very respectfully
Your obt Servt
D Meriwether Gov
and Supt of Indian Affairs
