July 30, 1915.

Mr. H. F. Robinson, Superintendent,
U. S. Indian Irrigation Office,
Albuquerque, New Mexico.

Dear Sir,-

Referring to your statements showing the net cost of the various projects in your district, it will be noted that a [illegible] error was made in Public Document No. 1268 in that it shows that the grand total of Western Navajo as $775. which should have been $175. and is so treated in the total shown for the district. This change has been made in the [illegible] Western Navajo, making the total cost to June [illegible] $2,000.

The following table is compiled from your 1914 annual report, it would appear that $190.51 appearing on the cost sheet as "Navajo-Gold General" is already included in the [illegible] and public statements. The amount shown in Public Document No. 1268 as chargeable to "Navajo-Gold General" is the direct engineer's office charges from 1910 to 1914 inclusive.

Various Drilling Under Surveys		144.25	[illegible]
	$98,[illegible]	$27,[illegible]	$116,[illegible]

In checking the statements showing the net costs with the expenditure statement on pages 198 and 199 of your 1915 annual report, the following differences are noted:

Ry Cost statements appear for Month Zone $[illegible];
Fox Wash Dam $1,[illegible]; Water Supply Surveys $6,[illegible];
Well Drilling Survey $46.45; Kanab Dam $7,[illegible].

There are differences between the cost statement and the expenditures statement for the following projects: Kanab Dam $[illegible]; Santa Ana $4.00 and Taos $1.00.

Will you kindly check the tables and if correct send in revised statements distributing the $190.21 to the projects affected and furnish complete statements for those missing and to be corrected.

Respectfully,

F. H. Schaub

Acting Chief Engineer.
