Re: Tenneco West, Inc., Tenneco Realty
Development Corporation, and Pueblo del Sol
Water Company

Dear Mr. Swenson:

This office represents the entities listed above. We have completed an extensive review of the well registration filings made on behalf of our clients. In doing so, we discovered numerous duplicate well registration filings, which we would like to correct.

The information listed in the left hand column is the correct location of the well. Correct Registrations have been filed on all these locations and the DWR registration number is indicated.

The information in the right-hand column indicates the incorrect duplicate registration for the well. Please amend your records to show the correct location of the well. We suggest that any Report of Well Drillers, Notice of Intention to Drill Wells, or other documents in the duplicate well registration file should be transferred to the correct well registration file.

A Report of Well Driller was filed on the NE 1/4 NE 1/4 SE 1/4 of T22S, R22E, Sec 6. A DWR file was opened, but no registration filed. That Report's location was incorrect and the Report should be transferred to the Well file registered as 55-623620 (D(22-22)6 dab).

On June 7, 1979, this firm wrote a letter to the State Land Department, Water Rights Division requesting that office to consolidate 55-623584 (D(22-22)17 bcd) into 55-623626 (D(22-22)17 dab). That information was incorrect. The consolidation should have been the other way around. The correct location of this well is as appears in file no. 55-623584 (D(22-22)17 bcd).

Please note also that on March 3, 1964, a Notice of Intention to Drill Well was filed with your office for D(22-22)16 dba. A file was opened but no registration was ever filed. This Notice should be incorporated into 55-623629 before 55-623629 is incorporated into 55-623617.
