The 7,255.79 Acres on which the exchange has been completed and which was at the time the Artillery Range was established State land, has now therefore become Federal public domain, though it was quitclaimed to the State of Arizona by War Assets for use as an Artillery Range by the Arizona National Guard and is now being used by the Guard for that purpose.

For your further information, I am informed that Thomas L. Hall, Administrative Assistant to Senator E. W. McFarland, has in his possession a map or list showing location and description of each parcel of the entire 11,997.04 acres involved in the exchange program, both pending and completed.

With best regards, I am

Sincerely,

H
