ADWR to hold information meeting Nov. 28 in Beaver Dam

The Arizona Department of Water Resources will hold a public information meeting November 28 in Beaver Dam, AZ to discuss a pending water transportation application.

On March 15, 2005 ADWR received an application from Wind River Resources LLC to transport groundwater from Arizona to Nevada, specifically from Beaver Dam Wash to the Virgin Valley Water District in Mesquite, NV. The application was submitted under authority defined in Arizona Revised Statutes § 45-292.

The statute also requires ADWR to conduct a public hearing on this application. Although the date of the public hearing has not been set, ADWR has elected to conduct a meeting on the Wind River application to provide the public with information regarding the application process, the public hearing process, and to inform interested persons how they may participate in the administrative hearing process.

The public information meeting on the Wind Rivers application will be held:

TIME: 6 p.m.
DATE: Tuesday, November 28, 2006
PLACE: Beaver Dam Elementary School
3436 E. Rio Virgin Road
Beaver Dam, AZ 86432
