**Notes:**

<sup>1</sup> Based on a query of ADWR's surface water right and adjudication registries in February 2009. A file is only counted in this table if it provides sufficient information to allow a Point of Diversion (POD) and/or Place of Use (POU) to be mapped within the basin. If a file lists more than one POD or POU in a given basin, it is only counted once in the table for that basin. Several surface water right and adjudication filings are not counted here due to insufficient locational information. However, multiple filings for the same POD/POU are counted.

<sup>2</sup> Court decreed rights; not all of these rights have been identified and/or entered into ADWR's surface water rights registry.

<sup>3</sup> Application to construct a reservoir, filed before 1972 (3R); application to appropriate surface water, filed before 1972 (4A); and application for permit to appropriate public water or construct a reservoir, filed after 1972 (33).

<sup>4</sup> Statement of claimant of rights to use public waters of the state, filed pursuant to the Water Rights Registration Act of 1974.

<sup>5</sup> Claim of water right for a stockpond and application for certification, filed pursuant to the Stockpond Registration Act of 1977.

<sup>6</sup> Statement of claimant, filed in the Gila or LCR General Stream Adjudications.
