Subject: Muleshoe Native Fish Reintroduction Appeal DISMISSED
Importance: High

Hello All,

I just wanted to let you all know that I received in the mail today the official Dismissal of Appeal pertaining to the native fish reintroduction on the Muleshoe from Mr. Norm James. The appeal process has been on-going for over two years and at times it appeared that it would not get resolved. I am sure my reaction to seeing the letter in my mailbox was similar to your reaction when you read the subject box. We all have something to be very happy and proud about in that this is a major recovery step for both loach minnow and spikedace in Arizona.

Let's plan a time and a place to meet to discuss the logistics of getting fish stocked.

Thanks, Heidi

PS. If I forgot someone who should receive this email please forward on to them.
