21 **DATE OF FILING OF DOCUMENT:** \_\_\_\_\_, 2014.

22 **NUMBER OF PAGES OF DOCUMENT:** 9 (excluding attachments).

23 1. The applicants are the United States of America acting in its capacity as trustee  
24 for the WMAT and its Members; the WMAT on behalf of itself and its Members; the Salt  
25 River Project Agricultural Improvement and Power District; the Salt River Valley Water  
26 Users’ Association; the Roosevelt Water Conservation District; Arizona Water Company; the  
27 Arizona cities of Avondale, Chandler, Glendale, Mesa, Peoria, Phoenix, Scottsdale, and

1 Tempe; the Arizona town of Gilbert; the Buckeye Irrigation Company; the Buckeye Water  
2 Conservation and Drainage District; and Central Arizona Water Conservation District.

3         2. In accordance with the Special Procedural Order, the applicants request that  
4 special proceedings be initiated for the approval of the WMAT Agreement, the Stipulation  
5 and the Proposed Judgment. The applicants are parties to the Stipulation and to the WMAT  
6 Agreement. The WMAT Agreement settles the claims for “Water Rights,” as that term is  
7 defined by the WMAT Agreement, of the WMAT on behalf of itself and its Members, and the  
8 United States acting in its capacity as trustee for the WMAT and its Members. The  
9 Stipulation states the principal terms of the WMAT Agreement. The Proposed Judgment  
10 permanently adjudicates the Water Rights of the WMAT, as provided in the WMAT  
11 Agreement. The Stipulation is attached as Exhibit A to this Application. The WMAT  
12 Agreement and Proposed Judgment are attached as Exhibits A and B to the Stipulation.

13         3. The Water Rights that are quantified in the WMAT Agreement and described in  
14 the Stipulation and Proposed Judgment are Indian water rights which are the subject of  
15 statement of claimant numbers 39-12168 and 39-64259, as amended by the United States  
16 acting in its capacity as trustee for the WMAT and its Members, and claimant numbers 39-  
17 16945, 39-16946, 39-16947, and 39-16948 by the WMAT on behalf of itself and its Members  
18 in this action. The claims of the United States acting in its capacity as trustee for the WMAT  
19 and its Members and of the WMAT on behalf of itself and its Members are within the  
20 jurisdiction of the Court under the principles of *Arizona v. San Carlos Apache Tribe*, 463 U.S.  
21 545 (1983) and *United States v. Superior Court et al.*, 144 Ariz. 265, 697 P.2d 658 (1985).

22         4. The applicants, other than the United States and the WMAT, are parties to the  
23 WMAT Agreement whose claims in this proceeding (the “Gila River Adjudication”) are  
24 adverse to claimant numbers 39-12168 and 39-64259, as amended by the United States acting  
25 in its capacity as trustee for the WMAT and its Members, and claimant numbers 39-16945,  
26 39-16946, 39-16947, and 39-16948 by the WMAT on behalf of itself and its Members.

27

1           5.     The WMAT Agreement has been approved, ratified and confirmed by the  
2 WMAT Water Rights Quantification Act of 2010, Public Law 111-291, Title III, 124 Stat.  
3 3063, 3072 (2010) (“WMAT Act” or “Act”).

4           6.     Special circumstances prevent the consideration of the Stipulation and the  
5 Proposed Judgment in the normal course of the Gila River Adjudication. In order for the  
6 WMAT Act to take effect, Section 309(d)(1)(F) of the Act requires that the Proposed  
7 Judgment be approved in this proceeding. If the Proposed Judgment is not approved in this  
8 proceeding on or before April 30, 2021, the Act will be repealed as of May 1, 2021, any action  
9 authorized to be taken by the Secretary pursuant to any provision of the Act will be void, and  
10 the WMAT, its Members and the United States on their behalf will retain all claims for Water  
11 Rights and Injury to Water Rights that are the subject of the WMAT Agreement. *See* WMAT  
12 Act, Section 309(d)(2).

13           7.     The Stipulation and WMAT Agreement were entered into in good faith.

14           8.     The Water Rights of the WMAT and its Members, and the United States acting  
15 in its capacity as trustee for the WMAT and its Members, which are settled by the WMAT  
16 Agreement and described in the Stipulation and Proposed Judgment, are no more extensive  
17 than the WMAT, acting on behalf of itself and its Members, and the United States acting in its  
18 capacity as trustee for the WMAT and its Members, would have been able to prove at the trial.

19           9.     Once it is approved, the Proposed Judgment will be binding on all parties to the  
20 Gila River Adjudication, except to the extent that the express terms of the WMAT Agreement,  
21 the Stipulation and the Proposed Judgment provide that non-signing parties will not be bound  
22 by the Proposed Judgment.

23           10.    Copies of the WMAT Agreement, the Stipulation and Proposed Judgment will  
24 be mailed to and available for inspection in the offices of the Arizona Department of Water  
25 Resources and the Clerks of the Superior Court in every Arizona County located within the  
26 Gila River System and Source promptly upon issuance of the Order for Special Proceedings.  
27

1           11.     A proposed form of an Order for Special Proceedings to approve the WMAT  
2 Agreement, Stipulation and the Proposed Judgment adjudicating the Water Rights of the  
3 WMAT and its Members, and of the United States acting in its capacity as trustee for the  
4 WMAT and its Members, is attached as Exhibit B to this Application.

5           WHEREFORE, the applicants pray that the Court enter an Order for Special  
6 Proceedings for the approval of the WMAT Agreement, Stipulation and the Proposed  
7 Judgment, substantially in the form attached as Exhibit B to this Application.

STIPULATION OF THE PARTIES TO THE  
AMENDED AND RESTATED WHITE  
MOUNTAIN APACHE TRIBE WATER  
RIGHTS QUANTIFICATION  
AGREEMENT DATED AS OF  
NOVEMBER 1, 2012, SETTING FORTH  
THE TERMS OF THE AGREEMENT

THIS STIPULATION, dated as of December 30, 2013, is entered into among the United States of America; the White Mountain Apache Tribe (hereinafter referred to as the "WMAT"); the State of Arizona; the Salt River Project Agricultural Improvement and Power District; the Salt River Valley Water Users' Association; the Roosevelt Water Conservation District; the Buckeye Irrigation Company; the Buckeye Water Conservation and Drainage District; the Central Arizona Water Conservation District; the Arizona Water Company; the Arizona Cities of Avondale, Chandler, Glendale, Mesa, Peoria, Phoenix, Scottsdale, Show Low and Tempe; and the Arizona Town of Gilbert.

## **1.0 RECITALS**

**1.1** The water rights claims of the WMAT and its Members, and the United States acting in its capacity as trustee for the WMAT and its Members, are to be permanently quantified and resolved by agreement among the parties to this Stipulation. The terms of the White Mountain Apache Tribe Water Rights Quantification Agreement (dated January 13, 2009) among the WMAT Agreement Parties were ratified and approved by Congress in the *White Mountain Apache Tribe Water Rights Quantification Act of 2010*, P.L. 111-291, Title III, 124 Stat. 3063, 3073 (2010) (“Act”), except as modified by the Act. Pursuant to section 304(b) of the Act, the Parties have executed the Amended and Restated White Mountain Apache Tribe Water Rights Quantification Agreement dated as of November 1, 2012, to make it consistent with the Act. The Amended and Restated White Mountain Apache Tribe Water Rights Quantification Agreement is referred to hereinafter as the “WMAT Agreement”.

**1.2** Some of the water supplies that are the subject of the WMAT Agreement among the parties are subject to the jurisdiction of this Court.

**1.3** The parties to this Stipulation are submitting the WMAT Agreement, and the Proposed Judgment and Decree attached as Exhibit 12.9.6.1 to the WMAT Agreement, to this Court for its approval pursuant to Section 309(d)(1)(F) of the Act and the Arizona Supreme Court’s Special Procedural Order Providing for the Approval of Federal Water Rights Settlements, Including Those of Indian Tribes, dated May 16, 1991.

**1.4** Proceedings to determine the nature and extent of the rights to water of the WMAT and its Members, the United States, and other claimants are pending in the Gila River Adjudication.

**1.5** Recognizing that final resolution of these and other pending proceedings may take many years, entail great expense, prolong uncertainty concerning the availability of water supplies, and seriously

impair the long-term economic well-being of all Parties, the WMAT, its neighboring non-Indian communities and others have agreed to settle permanently the disputes as provided in Paragraphs 4.0 through 16.0 in the WMAT Agreement and to seek funding, in accordance with applicable law, for the implementation of the WMAT Agreement.

**1.6** In keeping with its trust responsibility to Indian tribes and to promote tribal sovereignty and economic self-sufficiency, it is the policy of the United States to settle whenever possible water rights claims of Indian tribes without lengthy and costly litigation.

**1.7** The complete WMAT Agreement, including all related and incorporated agreements, between the undersigned parties is attached hereto as Exhibit A. The Proposed Judgment and Decree, to be filed in the Gila River Adjudication, is attached hereto as Exhibit B. The complete WMAT Agreement, including all related and incorporated agreements, between the undersigned parties will be on file in the Clerks of the Superior Court in every Arizona County located within the Gila River System and Source, and at the Arizona Department of Water Resources (“DWR”). The WMAT Agreement is intended to be enforceable among the undersigned parties in pursuing their claims in these proceedings.

**NOW, THEREFORE**, in consideration of the promises and agreement hereinafter set forth, the parties hereto stipulate as follows:

**2.0 DEFINITIONS**

Except as provided in the following sentence or where otherwise specifically defined herein, the capitalized terms used in this Stipulation shall be defined as stated in the WMAT Agreement. Exhibits to the WMAT Agreement are referred to as “Exhibit \_\_\_ to the WMAT Agreement”. Exhibits to this Stipulation are referred to as “Exhibit \_\_\_”.

### **3.0 STIPULATIONS AND AGREEMENTS**

**3.1** The WMAT Agreement includes as exhibits additional and subsidiary documents in the forms of contracts, waivers of claims, maps, terms of legislation and reports. Prior to the Enforceability Date, the parties to the WMAT Agreement have agreed not to object to or contest the terms and conditions of the Exhibits to the WMAT Agreement in any judicial, administrative or legislative proceedings relating to the approval of the WMAT Agreement; provided, however, that each Exhibit to the WMAT Agreement is binding only on the specific parties to such Exhibit unless expressly provided otherwise in Exhibit 12.9.6.1 or Exhibit 12.9.6.2 to the WMAT Agreement. Amendments to Exhibits to the WMAT Agreement shall be governed by Subparagraph 16.4 of the WMAT Agreement. No Party shall have any right to object to an amendment to an Exhibit to the WMAT Agreement except as provided in Subparagraph 16.4 of the WMAT Agreement. No Party shall have, by reasons of the WMAT Agreement, any third party enforcement or other rights under any Exhibit to the WMAT Agreement to which said Party is not a party unless otherwise provided in the Exhibit or in Exhibits 12.9.6.1 or 12.9.6.2 to the WMAT Agreement.

**3.2** No provision or term of this Stipulation shall be construed to alter or amend in any manner any of the terms or provisions of the WMAT Agreement or the Act. In the event any aspect of the Stipulation varies from or conflicts with the terms of the WMAT Agreement, the terms of the WMAT Agreement are controlling and should be consulted.

WMAT, the WMAT Agreement requires that the Maximum Annual Diversion Amounts or the Maximum Annual Depletion Amounts, as applicable, be reduced by the amount of any such exceedance for such Water source in the following Year.

**4.13** Except as provided in Subparagraph 4.6 of the WMAT Agreement, all Uses of Water on land outside of the Reservation, if and when that land is subsequently and finally determined to be part of the Reservation through resolution of any dispute between the WMAT and the United States over the location of the Reservation boundary, and any fee land within the Reservation placed into trust and made part of the Reservation, shall be subject to the Maximum Annual Diversion Amounts and the Maximum Annual Depletion Amounts specified in Paragraph 4.0 and Subparagraphs 5.1, 5.2, and 5.3 of the WMAT Agreement.

The WMAT Agreement requires SRP to notify the WMAT and the United States acting in its capacity as trustee for the WMAT of an impending spill as soon as practicable and notify them of the date the spill ends.

## **5.8 RESERVOIRS OTHER THAN MINER FLAT**

**5.8.1** The United States acting in its capacity as trustee for the WMAT has asserted claims to Water in the Gila River Adjudication Proceedings from the Salt River Watershed. These claims contemplate construction of reservoirs along the White River, Black River, Carrizo Creek, Bonito Creek and Salt River. Except for the White Mountain Apache Tribe Rural Water System as authorized in Section 307 of the Act, the WMAT Agreement does not authorize the construction of any such reservoir. Except as provided in Subparagraph 5.7.1 of the WMAT Agreement, prior to the construction of any reservoir having a capacity of greater than 2,000 acre-feet, the WMAT and the Secretary shall execute a separate agreement with SRP regarding the operation of any such new reservoir. Subparagraph 11.3.8 of the WMAT Agreement provides that all WMAT CAP Water leased to others in any Year shall be counted as a Diversion and Depletion by WMAT in such Year for the purposes of Paragraph 4.0 and Subparagraph 5.3 of the WMAT Agreement without regard to the quantity of water actually delivered under the terms of any such lease agreement. For WMAT CAP Water exchanged to others for Use by the WMAT, the Diversion of Water in any Year shall be the greater of: (1) the quantity of WMAT CAP Water delivered to an exchanging party in exchange for exchange credits to be utilized by the WMAT, or (2) the quantity of exchange credits Diverted for Use by the WMAT. For WMAT CAP Water exchanged to others for Use by the WMAT, the Depletion of Water in any Year shall be calculated as provided in Subparagraphs 11.3.1 through 11.3.7 of the WMAT Agreement, inclusive, resulting from the Diversion of exchange credits for Use by the WMAT during such Year, plus any additional Depletions specified in the exchange agreement between the WMAT and the exchanging party. **11.4** Any reuse of Effluent or other return flows following the first Use of such Water on the Reservation and on Off-Reservation Trust Land shall be considered another separate Diversion for

purposes of Paragraph 4.0 and Subparagraphs 5.1, 5.2, and 5.3 of the WMAT Agreement. **11.5** Any Diversion of Water, the Use of which does not result in return flow to the Salt River or Little Colorado River Watershed from which it was Diverted shall be considered a Depletion for purposes of Paragraph 4.0 and Subparagraphs 5.1, 5.2, and 5.3 of the WMAT Agreement.

**11.6** In the event any Party believes the calculation of Diversions or Depletions as provided in Subparagraph 11.2 or 11.3 of the WMAT Agreement is no longer the most accurate measure of such Diversions or Depletions, Subparagraph 11.6 of the WMAT Agreement permits such Party to request the other Parties to consider amending Subparagraphs 11.2 or 11.3 as applicable, including their Exhibits, to provide a more accurate measure of calculating such Diversions or Depletions. Any such requests shall include the proposed change in methodology for measuring Diversions or Depletions. In the event the Parties cannot agree on any such requested change, the requesting Party may petition the Gila River Adjudication Court and the Little Colorado River Adjudication Court to review the calculation of Diversions or Depletions as provided in Subparagraphs 11.2 or 11.3 of the WMAT Agreement and modify the calculation for future reports to the Courts.

**11.7** Notwithstanding any other provisions of Paragraph 11.0 of the WMAT Agreement, the Diversion or Depletion of Water shall not be counted more than once for a single Use of Water.

- 5.7.2.1** Released by the WMAT or the United States acting in its capacity as trustee for the WMAT from one or more of the Large Reservoirs no later than July 1 of such Year to flow off of the Reservation, or
- 5.7.2.2** Deducted from any existing long term storage credits the WMAT may possess on May 1 of such Year as the result of the recharge and storage of CAP Water, provided that such credits are transferred to SRP by June 1 of such Year and the WMAT or the United States acting in its capacity as trustee for the WMAT pays for the costs and charges associated with such transfer including the cost of recovery of such stored CAP Water, or
- 5.7.2.3** Reduced to the requisite percentage of Active Conservation Capacity through a combination of releases pursuant to Subparagraph 5.7.2.1 and deductions of existing long term storage credits pursuant to Subparagraph 5.7.2.2.
- 5.7.3** One Large Reservoir on the White River with an Active Conservation Capacity not exceeding 10,000 acre-feet and Miner Flat Dam and Reservoir located on the north fork of the White River with a capacity of not more than 9,000 acre-feet shall be exempt from the requirements of Subparagraph 5.7.2.
- 5.7.4** The WMAT may exchange CAP Water for the purpose of storage in reservoirs located on the Reservation. For purposes of the calculation in Subparagraph 5.7.2, the amount of CAP Water exchanged with SRP or others and stored within Large Reservoirs on the Reservation shall not be included within the combined aggregate amount of Water stored in Large Reservoirs on May 1 of each Year.

Any exchange of WMAT CAP Water shall be in accordance with the terms of Paragraph 7.0.

**5.7.5** The evaporation losses associated with the storage of Water by the WMAT or the United States acting in its capacity as trustee for the WMAT in any reservoir, calculated as provided in Subparagraph 11.3.1.2 and Exhibit 11.3.1.2, shall be considered Diversions and Depletions by the WMAT and the United States acting in its capacity as trustee for the WMAT for purposes of this Agreement and shall be deducted from the Maximum Annual Diversion Amount and the Maximum Annual Depletion Amount.

**5.7.6** In the event the WMAT or the United States acting in its capacity as trustee for the WMAT fail to release by July 2 the requisite amount of Water as required by Subparagraph 5.7.2, then by June 1 of the following Year the WMAT or the United States on their behalf shall release from storage the amount of Water which otherwise would have been required to be released from storage the prior Year pursuant to Subparagraph 5.7.2, in addition to any Water required to be released for the current Year.

The term of a contract or option to lease shall not be longer than one hundred (100) years. A contract or option to exchange shall be for the term provided for in the contract or option. A lease or option to lease providing for the temporary delivery of WMAT CAP Water shall require the lessee to pay to the CAP Operating Agency all CAP Fixed OM&R Charges and all CAP Pumping Energy Charges associated with the leased water. The WMAT may, with the approval of the Secretary, renegotiate any lease at any time during the term of that lease, subject to the condition that the term of the renegotiated lease shall not exceed one hundred (100) years. SRP shall accept delivery of WMAT CAP Water from WMAT in exchange for Diversions of Water from the Salt River Watershed by WMAT, pursuant to an exchange agreement to be negotiated between WMAT and SRP, unless SRP cannot receive or beneficially use the WMAT CAP Water. SRP and the Plan 6 Cities agree that they will not charge the WMAT for losses associated with foregone hydropower generation on the Salt River for exchanges of CAP Water between the WMAT and SRP for Water Uses on the Reservation by the WMAT.

**7.6** No WMAT CAP Water may be leased, exchanged, forborne or otherwise transferred in any way by the WMAT for Use directly or indirectly outside of the State of Arizona.

**7.9** Pursuant to Section 306(a)(5) of the Act, the WMAT may use WMAT CAP Water on or off the Reservation for any purpose but all such Uses shall be considered Diversions and Depletions under Paragraph 4.0 and Subparagraph 5.3 and accounted as provided for in Paragraph 11.0.

**7.10** The charges for delivery of WMAT CAP Water pursuant to the WMAT CAP Water Delivery Contract shall be calculated in accordance with the CAP Repayment Stipulation.

**7.11.2** Pursuant to Sections 305(c) and 306(a)(8) of the Act, no CAP Water service capital charges shall be due or payable for WMAT CAP Water, whether such

Water is delivered for Use by the WMAT or pursuant to a contract or option to lease or exchange WMAT CAP Water entered into by the WMAT.

**7.11.3** Pursuant to Section 306(a)(1)(A)(iii) of the Act, any lease or option to lease providing for the temporary delivery to others of any WMAT CAP Water shall require the lessee to pay the CAP Operating Agency all CAP Fixed OM&R Charges and all CAP Pumping Energy Charges associated with the delivery of the leased water. Neither the WMAT nor the United States in any capacity shall be responsible for the payment of any charges for the delivery of WMAT CAP Water leased to others.

**7.11.4** The CAP Operating Agency shall be paid the CAP Fixed OM&R Charges associated with the delivery of all WMAT CAP Water. Pursuant to Section 306(a)(6) of the Act, as authorized by 43 U.S.C. §1543(f)(2)(A), as amended, to the extent that funds are available in the Lower Colorado River Basin Development Fund established by subsection (a) of that section, the Secretary shall pay to the CAP Operating Agency the CAP Fixed OM&R Charges associated with the delivery of WMAT CAP Water, and to the extent that funds are not available from the Lower Colorado River Basin Development Fund, such charges shall be paid by the WMAT. CAP Fixed OM&R Charges associated with the delivery of WMAT CAP Water leased to others shall be paid as provided in Subparagraph 7.11.3.

**7.11.5** The WMAT shall pay the CAP Operating Agency all CAP Pumping Energy Charges associated with the delivery of WMAT CAP Water, except for WMAT

CAP Water leased to others. Notwithstanding the preceding sentence, other persons or entities with whom the WMAT may exchange WMAT CAP Water may agree with the WMAT to pay the CAP Operating Agency the CAP Pumping Energy Charges associated with the delivery of WMAT CAP Water pursuant to such exchange. CAP Pumping Energy Charges associated with the delivery of WMAT CAP Water leased to others shall be paid as provided in Subparagraph 7.11.3.

**7.12** The CAP Operating Agency shall have no responsibility to deliver any WMAT CAP Water for which CAP Fixed OM&R Charges and CAP Pumping Energy Charges have not been paid in advance. The charges for delivery of WMAT CAP Water shall be calculated in accordance with the CAP Repayment Stipulation.

**7.13** The WMAT shall schedule delivery of WMAT CAP Water in accordance with the WMAT CAP Water Delivery Contract.

**7.14** The WMAT shall be entitled to enter into contracts for Excess CAP Water as provided in the CAP Repayment Stipulation. The WMAT may use such Excess CAP Water on or off the Reservation for any purpose and such Use does not constitute a Diversion or Depletion for purposes of Paragraph 4.0.

**7.15** Nothing in this Agreement limits the right of the WMAT to enter into an agreement with the Arizona Water Banking Authority (or any successor entity) established by section 45-2421 of the Arizona Revised Statutes in accordance with State law.

**7.16 DELIVERY OF CAP WATER IN TIMES OF SHORTAGE**

**7.16.1 CAP NIA PRIORITY WATER.** If, in any Year, the Available CAP Supply is insufficient to meet all demands under CAP Contracts or CAP Subcontracts for the delivery of CAP NIA Priority Water, then the Secretary and the CAP Operating Agency shall pro-rate the CAP NIA Priority Water among the CAP Contractors and CAP Subcontractors holding such entitlements on the basis of the quantity of CAP NIA Priority Water used by each such CAP Contractor or CAP Subcontractor in the last Year in which the Available CAP Supply was sufficient to fill all orders for CAP NIA Priority Water. The Secretary shall determine the quantity of CAP NIA Priority Water used by the Gila River Indian Community and the Tohono O'odham Nation in the last Year in which the Available CAP Supply was sufficient to fill all orders for CAP NIA Priority Water, in a manner consistent with the settlement agreements with these tribes.

**7.16.2 HVID CAP WATER.** HVID CAP Water has the priority of CAP Indian Priority Water. If a time of shortage exists, as described in the WMAT CAP Water Delivery Contract, the amount of HVID CAP Water available to the WMAT in such Year shall be computed in accordance with subsection 5.8 of the WMAT CAP Water Delivery Contract.

**7.17 FIRING OF WMAT CAP WATER**

**7.17.1** The United States shall firm three thousand seven hundred fifty (3,750) AFY of WMAT CAP NIA Priority Water for the benefit of WMAT for the one hundred (100) Year period beginning on January 1, 2008, with priority equivalent to CAP

M&I Priority Water, as provided in Sections 105(a) and 105(b)(1)(B) of the AWSA and Section 305(b)(1)(A)(i) of the Act, to be delivered in the same manner as water with a municipal and industrial delivery priority in the Central Arizona Project system is delivered during water shortages.

**7.17.2** The State shall firm three thousand seven hundred fifty (3,750) AFY of WMAT CAP NIA Priority Water for the benefit of WMAT for the one hundred Year period beginning on January 1, 2008, with priority equivalent to CAP M&I Priority Water, as provided in Sections 105(a) and 105(b)(2)(B) of the AWSA and Section 305(b)(1)(A)(ii) of the Act and in accordance with the terms of the Agreement between the Secretary of the Interior and the State of Arizona for the Firming of Central Arizona Project Indian Water, dated November 15, 2007, to be delivered in the same manner as water with a municipal and industrial delivery priority in the Central Arizona Project system is delivered during water shortages.

**7.17.3** The United States' and the State of Arizona's obligation under Subparagraphs 7.17.1 and 7.17.2, respectively, to provide water to firm certain amounts of WMAT CAP NIA Priority Water to be delivered under this Agreement, under the WMAT CAP Water Delivery Contract, or under any leases or exchanges entered into under this Agreement or the WMAT CAP Water Delivery Contract does not extend beyond December 31, 2107; provided, however, that neither the United States nor the State of Arizona is prohibited by this Subparagraph 7.17.3 from providing water to firm any deliveries of WMAT CAP NIA Priority Water beyond December 31, 2107, if, subject to the enactment of any necessary additional statutory authorization, either agrees to do so in any future agreements.

**7.18** Pursuant to Section 306(a)(7) of the Act, the Secretary waives the right of the Secretary to capture all Return Flow from WMAT CAP Water delivered to the WMAT through an exchange with SRP or any other individual or entity acceptable to the WMAT and the Secretary, flowing from the exterior boundaries of the WMAT Reservation. WMAT may recapture and reuse Return Flow within the WMAT Reservation. Return Flow for purposes of this Subparagraph 7.18 shall mean all waste water, seepage, and Groundwater which originates or results from WMAT CAP Water delivered to the WMAT through an exchange with SRP or any other individual or entity acceptable to the WMAT and the Secretary.

**8.0 ALLOCATION OF WMAT DEPLETIONS OF WATER FROM THE SALT RIVER WATERSHED**

**8.1** For each Year following the Year in which the Enforceability Date occurs, fourteen and eighty-one one hundredths (14.81) percent of the actual Annual Depletion Amount from all sources of Water Diverted on the Reservation and on Off-Reservation Trust Land within the Salt River Watershed, other than Depletions resulting from the exchange of WMAT CAP Water, calculated as provided in Paragraph 11.0, shall be allocated to RWCD up to a maximum of 4,000 AFY.

**8.1.1** RWCD hereby authorizes SRP to transfer to SRP on an annual basis from the credits accruing to RWCD under RWCD's entitlement, as defined in Subparagraph 14.7, the number of credits on an acre-foot-for-acre-foot basis equal to fourteen and eighty-one one hundredths (14.81) percent of the total number of acre-feet of Water Depleted during the prior Year by WMAT Diversions on the

Reservation and on Off-Reservation Trust Land within the Salt River Watershed, other than Depletions resulting from the exchange of WMAT CAP Water.

**8.1.2** RWCD credits shall be considered accrued for the purposes of Subparagraph 8.1 at the time the credits are earned by RWCD under Subparagraph 14.7, regardless of when the credits are added to RWCD's water account by SRP. In the event RWCD has insufficient credits in its water account with SRP to fully off-set its share of the WMAT Depletions in any Year, the RWCD credit deficit shall be carried forward by SRP to the next Year in which RWCD has sufficient credits in its water account with SRP to reduce or eliminate the deficit, as applicable.

**8.2** RWCD's direction for the transfer of water credits to SRP pursuant to the terms of Subparagraph 8.1 shall be binding upon its successors and assigns. Should any other entity succeed to all of RWCD's entitlement, it shall assume RWCD's rights and obligations to SRP under Subparagraph 8.1.

**8.3** Neither the WMAT nor SRP shall be charged any fees by RWCD for the performance of the obligations of Subparagraph 8.1.

**9.0 TERMS AND CONDITIONS OF FUTURE WMAT CAP WATER LEASE AGREEMENTS**

**9.1** The WMAT may enter into leases of WMAT CAP Water as provided in Subparagraph 7.4. Such leases shall conform to the provisions of Paragraph 9.0.

**9.2** The lessee shall pay all CAP Fixed OM&R Charges and all CAP Pumping Energy Charges to the CAP Operating Agency for the leased WMAT CAP Water.

**9.3** The Secretary or the CAP Operating Agency shall deliver the leased WMAT CAP Water to the lessee as further provided herein. Neither the Secretary nor the CAP Operating Agency shall be obligated to make deliveries to such lessee if, in the judgment of the Secretary or the CAP Operating Agency, such deliveries would limit deliveries of CAP Water to other CAP Contractors, including the WMAT, or CAP Subcontractors to a degree greater than would direct deliveries to the WMAT at the CSIF.

**9.4** Subject to the provisions of the lease, the Secretary or the CAP Operating Agency shall deliver WMAT CAP Water to the lessee in accordance with water delivery schedules provided by the lessee to the Secretary or the CAP Operating Agency. The lease shall include water ordering procedures equivalent to those contained in Article 4.4 of the standard form of CAP Subcontract for M&I Use, a copy of which is attached hereto as Exhibit 9.4.

**9.5** In no event shall the Secretary or the CAP Operating Agency be required to deliver to the lessee from the CAP System in any one (1) month a total amount of WMAT CAP Water greater than eleven percent (11.0%) of the lessee's maximum annual entitlement under the lease; provided however, that that Secretary or the CAP Operating Agency may deliver a greater percentage in any month if such increased delivery is compatible with the overall delivery of CAP Water to other CAP Contractors, CAP Subcontractors and Excess CAP Water Contractors as determined by the Secretary and the CAP Operating Agency if the lessee agrees to accept such increased deliveries.

**9.6** WMAT CAP Water to be delivered to the lessee pursuant to the lease shall be delivered at such turnouts on the CAP System as are agreed by the Secretary, the CAP Operating Agency and the lessee.

**9.7** Except as provided in Subparagraph 10.1.1.1, the lessee may not transfer, assign or sublease its leased WMAT CAP Water.

**9.8** The lease shall impose upon the lessee terms and conditions equivalent to those contained in Subarticles 4.3(a), 4.3(b), 4.3(c), 4.5(b), 4.5(c), and 4.5(d), and Articles 4.6, 4.10 and 6.9 of Exhibit 9.4. Although Exhibit 9.4 is the standard form of CAP Subcontract for M&I Use, nothing in this Agreement is intended to preclude leases of WMAT CAP Water for Irrigation Use.

**9.9** The Leased Water shall always be deemed to be held in trust for the benefit of the WMAT to which the lessee has acquired only a leasehold interest for the term of the lease.

**10.1.3.1** If the WMAT imposes such a tax on a City and such tax is lawfully owed by that City, that amount shall be paid by the WMAT to that City not less than thirty (30) days prior to the date that such tax amount is to be paid by that City to the WMAT;

**10.1.3.2** If the State imposes such a tax on the WMAT and such tax is lawfully owed by the WMAT, that amount shall be paid by the Cities to the WMAT in proportion to the amount of WMAT CAP Water each City has leased not less than thirty (30) days prior to the date that such tax amount is to be paid by the WMAT to the State; and

**10.1.3.3** If a City imposes such a tax on the WMAT and such tax is lawfully owed by the WMAT, that amount shall be paid by that City to the WMAT not less than thirty (30) days prior to the date that such tax amount is to be paid by the WMAT to that City.

**10.1.4** The quantity of WMAT CAP Water initially made available for lease to each of the Leasing Cities is as set forth in the City Lease Agreements.

**10.1.5** The Leased Water shall always be deemed to be held in trust for the benefit of the WMAT to which the Cities have acquired only a leasehold interest for the term of the City Lease Agreements.

**10.1.6** Subject to Subparagraph 16.4 of this Agreement, in the event of a conflict between the terms of this Agreement and the terms of Exhibits 10.1.1A through 10.1.1H and Exhibits 10.1.1.1A and 10.1.1.1B, the terms of Exhibits 10.1.1A through 10.1.1H and Exhibits 10.1.1.1A and 10.1.1.1B shall prevail as among the parties to such Exhibits.

The terms and conditions of the WMAT lease to the CAWCD referenced herein shall be in accordance with the CAWCD Lease Agreement attached as Exhibit 10.2.1.

**10.2.2** The WMAT shall direct the Secretary to deliver the Leased Water in accordance with the CAWCD Lease Agreement.

**10.2.3** The quantity of WMAT CAP Water initially made available for lease to CAWCD is as set forth in the Lease Agreement.

## **11.0 MEASUREMENT AND CALCULATION OF DIVERSIONS AND OF DEPLETIONS OF WATER**

### **11.1 DIVERSIONS**

**11.1.1** Except as provided in Subparagraph 11.3, the WMAT shall install and maintain devices capable of measuring and recording all Diversions of Water on the Reservation and on Off-Reservation Trust Land, or wherever WMAT CAP Water is used by the WMAT, other than livestock consumption and annual lake, stockpond or other impoundment Water Use. The accuracy of these measuring and recording devices shall be commensurate with measuring and recording devices and procedures used by SRP for similar purposes but the accuracy required shall not be more stringent than industry standards. At least annually for three (3) Years after the installation of the devices required pursuant to this Subparagraph 11.1, the WMAT shall retain a registered professional engineer or similarly qualified person to inspect, and, if necessary, correct the accuracy of the

measuring and recording devices and procedures used by WMAT under this Subparagraph. After the third anniversary of the installation of the devices, inspections shall occur at least every three (3) years. Within thirty (30) days of the inspections, the WMAT or the United States acting in its capacity as trustee for the WMAT shall file in the Gila River Adjudication Proceeding or the Little Colorado River Adjudication Proceedings, as applicable determined by the location of the point of Diversion of Water to be measured by the particular device, a certified copy of the report by the registered professional engineer or similarly qualified person that sets forth the findings of the inspection and verification that the measuring and recording devices and procedures satisfy industry standards. At any time upon ten (10) days written notice, SRP may require an inspection by a registered professional engineer of any of the measuring devices required by this Subparagraph. If the results of the inspections show that a device's measurement accuracy is within industry standards, then SRP shall pay all costs incurred for the inspection of that device, otherwise WMAT shall bear such costs. If such measuring device is not within the industry standards for measurement accuracy, then the WMAT shall use due diligence, and in no event more than six (6) months to correct the operation of the non-conforming device in order to bring it into compliance with industry standards.

**11.1.2** WMAT shall also implement procedures to record and collect data concerning all such Diversions of Water.

## **11.2 REPORTING**

No later than March 1 of the second Year following the Year in which the Enforceability Date occurs, and on March 1 of each Year thereafter, the WMAT or the United States acting in its capacity as trustee for the WMAT shall file in the Gila River Adjudication Proceedings and the Little Colorado River Adjudication Proceedings a report, in the form set forth as Exhibit 11.2 or as may otherwise be required by the Gila River Adjudication Court or the Little Colorado River Adjudication Court, showing: (1) all amounts of Water, by source, Diverted on the Reservation and on Off-Reservation Trust Land under Subparagraphs 5.0 and 6.0 in the Year immediately preceding the Year in which the report is filed; (2) all Depletions of Water, by source, measured or calculated as provided in Subparagraphs 11.3, 11.4 and 11.5; (3) all amounts of WMAT CAP Water delivered to others in exchange for the Diversion of Water on the Reservation and on Off-Reservation Trust Land by WMAT from sources located within the Salt River Watershed; (4) all amounts of WMAT CAP Water recharged; (5) all amounts of WMAT CAP Water leased to others; and (6) all amounts of WMAT CAP Water otherwise used by the WMAT. WMAT shall give notice by serving a copy of each such report to each Party as provided in Subparagraph 16.19 and as may otherwise be required by the Gila River Adjudication Court or the Little Colorado River Adjudication Court. The WMAT shall prepare and maintain such records as may be necessary to file and audit such reports. Any Party may petition the Gila River Adjudication Court or the Little Colorado River Adjudication Court to modify the form set forth in Exhibit 11.2 to ensure accurate reporting of the WMAT Water Diversions and Depletions. Any other Party may object to such petition.

### **11.3 CALCULATION OF DIVERSIONS AND DEPLETIONS**

#### **11.3.1 LAKES, STOCKPONDS AND OTHER IMPOUNDMENTS**

## 5 DELIVERY OF WATER:

5.1 Obligations of the United States. Subject to the terms, conditions, and provisions set forth in this Contract, during such periods as it operates and maintains the Project, the United States will deliver Project Water to WMAT directly or through an exchange with SRP or any other individual or entity acceptable to WMAT and the Secretary. The United States will use reasonable diligence to make available to WMAT the quantities of water specified in the schedule submitted by WMAT and shall make deliveries of Project Water to WMAT to meet WMAT’s water requirements within the constraints of and in accordance with subsection 5.6 herein. During such periods as the OM&R is transferred to the CAP Operating Agency the United States will make deliveries of Project Water to the CAP Operating Agency for subsequent delivery to WMAT directly or through an exchange, as provided herein.

5.2 Term of Contract. This Contract is for permanent service, as that term is used in Section 5 of the Boulder Canyon Project Act of 1928, 43 U.S.C. 617d, and is without limit as to

term.

5.3 Conditions Relating to Delivery. WMAT hereby agrees that the obligation of the United States to deliver water under this Contract is subject to:

5.3.1 The availability of such water for use in Arizona under the provisions of the Colorado River Compact, executed November 24, 1922; the Boulder Canyon Project Act, 45 Stat. 1057, dated December 21, 1928; the Basin Project Act, the contract between the United States and the State of Arizona dated February 9, 1944; the Opinion of the Supreme Court of the United States in the case of *Arizona v California et al.*, 373 U.S. 546, rendered June 3, 1963; and the March 9, 1964, Decree of that Court in said case, 376 U.S. 340, as now or hereafter modified.

5.3.2 The United States obligation under the Mexican Water Treaty, Executive A, Seventy-eighth Congress, second session, a treaty between the United States of America and the United Mexican States, signed at Washington, D.C., on February 3, 1944, relating to the utilization of the waters of the Colorado River and Tijuana River and of the Rio Grande from Fort Quitman, Texas, to the Gulf of Mexico, and Executive H, Seventy-eighth Congress, second session, a protocol signed at Washington, D.C., on November 14, 1944, supplementary to the Mexican Water Treaty; and obligations associated with Minutes of the International Boundary and Water Commission adopted pursuant to the Mexican Water Treaty.

5.3.3 The express understanding and agreement by WMAT that this Contract is subject to the condition that Hoover Dam and Lake Mead shall be used: first for river regulation, improvement of navigation, and flood control; second, for irrigation and domestic uses and satisfaction of present perfected rights in pursuance of Article VIII of the Colorado River Compact approved by Section 13(a) of the Boulder Canyon Project Act; and third, for power; and furthermore, that this Contract is made upon the express condition and with the express covenant that all rights hereunder shall be subject to and controlled by the Colorado River

Compact and that the United States and WMAT shall observe and be subject to and controlled by said Colorado River Compact and Boulder Canyon Project Act in the construction management, and operation of Hoover Dam, Lake Mead, canals and other works and the storage, diversion, delivery, and use of water to be delivered to WMAT hereunder.

5.3.4 The right of the United States or the CAP Operating Agency temporarily to discontinue or reduce the amount of water to be delivered hereunder whenever such discontinuance or reduction is made necessary for purposes of investigations, inspections, replacements, maintenance, or repairs or any works whatsoever affecting, utilized or, in the opinion of the Secretary, necessary for delivery of water hereunder, it being understood that so far as feasible the United States or the CAP Operating Agency will give thirty (30) days notice in advance of such temporary discontinuance or reduction, except in case of emergency, in which case no notice need be given. Neither the United States, its officers, agents, employees, successors, or assigns, nor the CAP Operating Agency, its officers, agents, employees, successors, or assigns shall be liable for damages when, for any reason whatsoever, any such temporary discontinuance or reduction in delivery of water occurs.

5.3.5 The canals through which Project Water is conveyed after its delivery to WMAT shall be maintained with linings adequate in the Secretary's judgment to prevent excessive conveyance losses; provided, however, that WMAT shall be relieved from this obligation if the United States does not make funds for this purpose available to WMAT following a timely request for such funds.

5.4 Exchanges, Leases, and Other Agreements. WMAT may, pursuant to Section 306 (a) (1)(A) of the WMAT Act, on approval of the Secretary, enter into contracts or options to lease, contracts to exchange or options to exchange WMAT CAP Water within Maricopa, Pinal, Pima and Yavapai counties, Arizona, providing for the temporary delivery to any individual or entity

of any portion of the WMAT CAP Water. The term of a contract or option to lease shall not be longer than one hundred (100) years. A contract or option to exchange shall be for the term provided for in the contract or option. A lease or option to lease providing for the temporary delivery of WMAT CAP Water shall require the lessee to pay to the CAP Operating Agency all CAP Fixed OM&R Charges and all CAP Pumping Energy Charges (as defined in the CAP Repayment Stipulation) associated with the leased water.

5.4.1 WMAT may, with the approval of the Secretary, renegotiate any lease at any time during the term of that lease, subject to the condition that the term of the renegotiated lease shall not exceed one hundred (100) years.

5.4.2 Exchanges of the WMAT CAP Water for water from the Salt River Watershed upstream of Modified Roosevelt Dam shall be subject to the terms and conditions of one or more agreements to be negotiated among WMAT, the United States, SRP, Plan 6 Cities, and any other necessary parties.

5.4.3 Pursuant to Section 306(a)(3)(A) of the WMAT Act, WMAT, and not the United States in any capacity, shall be entitled to all consideration due to WMAT under any contract or option to lease or exchange WMAT's CAP Water entered into by WMAT. The United States in any capacity shall have no trust obligation or other obligation to monitor, administer, or account for, in any manner: (1) any funds received by WMAT as consideration under any such contracts entered into by WMAT to lease, option to lease, exchange or option to exchange WMAT CAP Water; or (2) the expenditure of those funds. Pursuant to Section 311(c)(2) of the WMAT Act, WMAT shall indemnify the United States, and hold the United States harmless, with respect to any claim, including claims for takings or breach of trust, arising out of the receipt or expenditure of any funds paid to WMAT by any party to the Quantification Agreement other than the United States.

5.4.4 Pursuant to Section 306(a)(5) of the WMAT Act, WMAT may use WMAT CAP Water on or off the Reservation for any purpose but all such Uses shall be considered Diversions and Depletions under Paragraph 4.0 and Subparagraph 5.3 of the Quantification Agreement and accounted for as provided for in Paragraph 11.0 of the Quantification Agreement. No WMAT CAP Water may be leased, exchanged, forborne or otherwise transferred in any way by WMAT for use directly or indirectly outside of the State of Arizona.

5.4.5 WMAT CAP Water scheduled for delivery in any Year under this Contract that WMAT does not use may be made available by the Contracting Officer to other users, or the Contracting Officer may request that the CAP Operating Agency make such water available to other users; provided, however, that WMAT shall first have an opportunity to enter into contracts to lease, options to lease, contracts to exchange or options to exchange or resell such water as provided in this Contract.

5.4.6 Pursuant to Section 306(a)(2) of the WMAT Act, no portion of the WMAT CAP Water may be permanently alienated.

5.4.7 The provisions of this Contract shall not be applicable to or affect Non-Project Water or Water Rights now owned or hereafter acquired by WMAT.

5.4.8 Pursuant to Sections 305(b)(2) and 306(a)(1)(A) of the WMAT Act, subject to the approval of the Secretary, WMAT shall have the sole authority to lease, distribute, exchange, or allocate the WMAT CAP Water.

5.4.9 WMAT shall be entitled to enter into contracts for Excess CAP Water, as provided in the CAP Repayment Stipulation. WMAT may use such Excess CAP Water on or off the WMAT Reservation for any purpose.

5.4.10 Pursuant to Section 306(f)(3) of the WMAT Act, nothing in this Contract limits the right of WMAT to enter into an agreement with the Arizona Water Banking Authority

(or any successor entity) established by Section 45-2421 of the Arizona Revised Statutes in accordance with State law.

5.4.11 Pursuant to Section 306(a)(4)(A) and (B) of the WMAT Act, all WMAT CAP Water shall be delivered through the CAP System; and if the delivery capacity of the CAP System is significantly reduced or is anticipated to be significantly reduced for an extended period of time, WMAT shall have the same CAP delivery rights as a CAP Contractor or CAP Subcontractor that is allowed to take delivery of water other than through the CAP System.

5.4.12 The Secretary or the CAP Operating Agency shall deliver WMAT CAP Water in accordance with water delivery schedules provided by WMAT to the Secretary and the CAP Operating Agency pursuant to subsection 5.6 herein, or pursuant to lease or exchange agreements approved by the Secretary.

5.4.13 The Secretary or the CAP Operating Agency shall deliver the leased WMAT CAP Water to the lessee as further provided herein. Neither the Secretary nor the CAP Operating Agency shall be obligated to make such deliveries to such lessee if, in the judgment of the CAP Operating Agency or the Secretary, such deliveries would limit deliveries of CAP Water to other CAP Contractors, including the WMAT, or CAP Subcontractors to a degree greater than would direct deliveries to the WMAT at the CAP/SRP Interconnection Facility that connects the Hayden-Rhodes Aqueduct of the CAP System to SRP's water delivery system.

5.4.14 WMAT shall schedule delivery of WMAT CAP Water in accordance with this Contract. If the combined delivery requests for all CAP Contractors, CAP Subcontractors, and Excess CAP Water Contractors similarly located on the CAP System exceed the delivery capacity of the CAP System, then the CAP Operating Agency will consult with all affected CAP Contractors, CAP Subcontractors, and Excess CAP Water Contractors and shall coordinate any necessary schedule reductions until all schedules can be satisfied. Neither the Secretary nor the

CAP Operating Agency may reduce WMAT's delivery schedule for any month unless and until the requested monthly delivery schedules for all similarly located CAP Contractors, CAP Subcontractors and Excess CAP Water Contractors have been reduced to the same percentage of their annual CAP delivery schedules that WMAT requested in that month, or in the case of the Ak-Chin Indian Community by the maximum amount allowed by law. Thereafter, if further reductions are needed because of limitations on the delivery capacity of the CAP System, WMAT's requested monthly delivery schedule will not be reduced unless and until the requested monthly delivery schedules for all similarly located CAP Contractors, CAP Subcontractors, and Excess CAP Water Contractors have been reduced to the same percentage of their annual CAP delivery schedules as WMAT or in the case of the Ak-Chin Indian Community by the maximum amount allowed by law. A CAP Contractor, CAP Subcontractor, or Excess CAP Water Contractor shall be considered similarly located for purposes of this section if the CAP delivery schedule requested by that CAP Contractor, CAP Subcontractor, or Excess CAP Water Contractor will affect the quantity of WMAT's CAP Water available for delivery to WMAT.

5.4.15 Any CAP Water received by WMAT in exchange for Effluent shall not be deducted from WMAT's contractual entitlement under this Contract.

#### 5.5 Delivery Entitlements and Obligations.

5.5.1 Pursuant to Section 305(b)(1) of the WMAT Act, the Secretary shall deliver annually to WMAT directly or through an exchange with SRP or any other individual or entity acceptable to WMAT and the Secretary, from the CAP System, a total of 25,000 acre-feet of water for any purpose, consisting of:

5.5.1.1 23,782 acre-feet of CAP NIA Priority Water that was previously allocated to non-Indian agricultural entities, that was retained by the Secretary for reallocation to Arizona Indian tribes pursuant to Subsection 104 (a)(1)(A)(iii) of AWSA, and further reallocated

by the Secretary to WMAT pursuant to Section 305(b)(1)(A) of the WMAT Act; and

5.5.1.2 1,218 acre-feet of HVID CAP Water reallocated by the Secretary to WMAT pursuant to Section 305(b)(1)(B) of the WMAT Act.

5.6 Procedure For Ordering Water.

5.6.1 WMAT will, in accordance with the procedures hereinafter set out, submit written schedules to the Contracting Officer showing the quantities of water requested for delivery.

5.6.1.1 On or before October 1 of each Year, WMAT shall submit in writing to the Contracting Officer a water delivery schedule indicating the amount of WMAT CAP Water desired by WMAT during each month of the following Year along with a preliminary schedule of water desired for the succeeding two (2) Years.

5.6.1.2 Upon receipt of the schedule, the Contracting Officer shall review it and, after consultation with the CAP Operating Agency and WMAT, shall make only such modifications in it as are necessary to ensure that the amounts, times and rates of delivery to WMAT will be consistent with the provisions of subsection 5.3 herein. On or before December 1 of each Year, the Contracting Officer shall determine and furnish to WMAT the water delivery schedule for the next succeeding Year which shall show the amounts of water to be delivered to WMAT during each month of that Year.

5.6.2 A water delivery schedule may be amended by the Contracting Officer upon the WMAT's written request. Proposed amendments shall be submitted by WMAT to the Contracting Officer within a reasonable time before the desired change is to become effective, and shall be subject to review and modification by the Contracting Officer in like manner as the schedule itself.

5.6.3 WMAT shall hold the United States, its officers, agents, and employees,

harmless on account of damage or claim of damage of any nature arising out of or connected with the actions of the United States regarding water delivery schedules furnished to WMAT.

5.6.4 In lieu of WMAT submitting water delivery schedules to the Contracting Officer for approval, the Contracting Officer reserves the right to direct WMAT to submit such schedules to the CAP Operating Agency under such criteria as the Contracting Officer determines to be appropriate, after consultation with WMAT and the CAP Operating Agency and so long as WMAT's rights to require the delivery of CAP Water are not thereby adversely impacted or diminished.

5.7 Points of Delivery - Measurement and Responsibility for Distribution of Water.

5.7.1 The WMAT CAP Water to be delivered pursuant to this Contract shall be delivered (i) at the turnout(s) from the CAP System in accordance with the terms of exchange or lease agreements approved by the Secretary, and (ii) at such other points as may otherwise be agreed to by the Contracting Officer subject to the terms of the Quantification Agreement and the WMAT Act.

5.7.2 All water delivered to WMAT shall be measured with equipment furnished and installed by the United States and operated and maintained by the United States or the CAP Operating Agency. Upon request of WMAT, the accuracy of such measurements will be investigated by the Contracting Officer or the CAP Operating Agency and WMAT, and any errors appearing therein adjusted; provided, however, that in the event the Parties cannot agree on the required adjustment, the Contracting Officer's determination shall be conclusive.

5.7.3 Neither the United States nor the CAP Operating Agency shall be responsible for the control, carriage, handling, use, disposal, or distribution of water beyond the Delivery Point(s) as specified herein. WMAT shall indemnify and hold harmless the United States and the CAP Operating Agency on account of damage or claim of damage of any nature whatsoever

for which there is legal responsibility, including property damage, personal injury, or death arising out of or connected with WMAT's control, carriage, handling, use, disposal, or distribution of such water beyond said Delivery Point(s).

5.8 Priority.

5.8.1 In time of shortage the Available CAP Supply shall be distributed as described in this section 5.8.

5.8.2 On or before June 1 of each Year, the Secretary shall announce the Available CAP Supply for the following Year in a written notice to the CAP Operating Agency and to each CAP Contractor. For purposes of administering this Contract, a time of shortage shall be a Year when:

5.8.2.1 Prior to January 1, 2044, any Year in which the Available CAP Supply for that Year is insufficient to satisfy all of the entitlements to (i) three hundred forty-three thousand seventy-nine (343,079) acre-feet of CAP Indian Priority Water; (ii) six hundred thirty-eight thousand eight hundred twenty-three (638,823) acre-feet of CAP M&I Priority Water; and (iii) up to one-hundred eighteen (118) acre-feet of CAP M&I Priority Water converted from CAP NIA Priority Water under the San Tan Irrigation District's CAP Subcontract.

5.8.2.2 On or after January 1, 2044, any Year in which the Available CAP Supply for that Year is insufficient to satisfy all of the entitlements to (i) three hundred forty-three thousand seventy-nine (343,079) acre-feet of CAP Indian Priority Water; (ii) six hundred thirty-eight thousand eight hundred twenty-three (638,823) acre-feet of CAP M&I Priority Water; (iii) up to forty-seven thousand three hundred three (47,303) acre-feet of CAP M&I Priority Water converted from CAP NIA Priority Water pursuant to the Hohokam Agreement; and (iv) up to one hundred eighteen (118) acre-feet of CAP M&I Priority Water converted from

CAP NIA Priority Water under the San Tan Irrigation District's CAP Subcontract.

5.8.3 In time of shortage the initial distribution of water shall be determined in the following manner:

5.8.3.1 If the available CAP Supply is equal to or less than eight hundred fifty-three thousand seventy-nine (853,079) acre-feet, then 36.37518% of the Available CAP Supply shall be available for delivery as CAP Indian Priority Water and the remainder shall be available for delivery as CAP M&I Priority Water.

5.8.3.2 If the Available CAP Supply is greater than eight hundred fifty-three thousand seventy-nine (853,079) acre-feet, then the quantity of water available for delivery as CAP Indian Priority Water shall be determined in accordance with the following equation and the remainder shall be available for delivery as CAP M&I Priority Water:

$$I = \{[32,770 \div (E - 853,079)] \times W\} + (343,079 - \{[32,770 \div (E - 853,079)] \times E\})$$

*Where*

I = the quantity of water available for delivery as CAP Indian Priority Water

E = the sum of the entitlements to CAP Indian Priority Water and CAP M&I Priority Water as described in subsections 5.8.2.1 and 5.8.2.2 herein, whichever is applicable; and

W = the Available CAP Supply

Examples:

A. If, before January 1, 2044, the sum of the entitlements to CAP Indian Priority Water and CAP M&I Priority Water as described in subsection 5.8.2.1 herein were nine hundred eighty-one thousand nine hundred two (981,902) acre-feet (343,079 + 638,823 + 0), then the quantity of water available for delivery as CAP Indian Priority Water would be ninety-three thousand three hundred three (93,303) acre-feet plus 25.43800% of the Available CAP Supply.

B. If, after January 1, 2044, the sum of the entitlements to CAP Indian Priority Water and CAP M&I Priority Water as described in subsection 5.8.2.2 herein were one million twenty-nine thousand three hundred twenty-three (1,029,323) acre-feet (343,079 + 638,823 + 47,303 + 118), then the quantity of water available for

delivery as CAP Indian Priority Water would be one hundred fifty-one thousand six hundred ninety-one (151,691) acre-feet plus 18.59354% of the Available CAP Supply.

5.8.4 In time of shortage unscheduled CAP Water shall be redistributed in the following manner:

5.8.4.1 Any water available for delivery as CAP Indian Priority Water that is not scheduled for delivery pursuant to contracts, leases, or exchange agreements for the delivery of CAP Indian Priority Water, shall become available for delivery as CAP M&I Priority Water.

5.8.4.2 CAP M&I Priority Water shall be distributed among those entities with contracts for the delivery of CAP M&I Priority Water in a manner determined by the Secretary and the Operating Agency in consultation with users of CAP M&I Priority Water to fulfill all delivery requests to the greatest extent possible. Any water available for delivery as CAP M&I Priority Water that is not scheduled for delivery pursuant to contracts, leases, or exchange agreements for the delivery of CAP M&I Priority Water, shall become available for delivery as CAP Indian Priority Water.

5.8.4.3 Any water remaining after all requests for delivery of CAP Indian Priority Water and CAP M&I Priority Water have been satisfied, shall become available for delivery as CAP NIA Priority Water.

5.8.4.4 Nothing in this subsection 5.8 shall be construed to allow or authorize any CAP Contractor or CAP Subcontractor to receive, pursuant to such contracts, CAP Water in amounts greater than such CAP Contractor's entitlement.

5.8.5 The distribution of CAP Indian Priority Water among CAP Indian Priority Water users shall be accomplished as follows:

5.8.5.1 In consideration of the agreement by the Community and the Tohono O'odham Nation to incur additional shortages beyond those that each would have incurred under

the approach described in Exhibit A to each of their respective CAP Water delivery contracts, the Secretary shall first make available to the Community and the Tohono O'odham Nation any water made available for delivery as CAP Indian Priority Water under subsection 5.8.4.2 herein, to the extent necessary in any Year, to offset the additional shortages borne by the Community and the Tohono O'odham Nation. After the additional shortages borne by the Community and the Tohono O'odham Nation have been fully offset, the Secretary shall then make any remaining water available in accordance with all CAP Contracts and CAP Subcontracts for the delivery of CAP Indian Priority Water, including the Community and the Tohono O'odham Nation, in proportion to their contractual entitlements to CAP Indian Priority Water.

5.8.5.2 If the Available CAP Supply is greater than eight hundred fifty-three thousand seventy-nine (853,079) acre-feet but less than the sum of the entitlements described in subsections 5.8.2.1 or 5.8.2.2 herein, as applicable, then, to the extent that sufficient quantities of CAP Water, including all CAP M&I Priority Water available for delivery as CAP Indian Priority Water in accordance with subsection 5.8.4.2 herein, are not available to meet orders for CAP Indian Priority Water, the Community and the Tohono O'odham Nation shall incur the portion of such shortage of CAP Indian Priority Water determined under their respective CAP Water delivery contracts.

5.8.5.3 If the Available CAP Supply is greater than eight hundred one thousand five hundred seventy-four (801,574) acre-feet but less than eight hundred fifty-three thousand seventy-nine (853,079) acre-feet, up to fifty-one thousand five hundred five (51,505) acre-feet of the shortage of CAP Indian Priority Water shall be shared among the Community, the Ak-Chin Indian Community, the Salt River Pima-Maricopa Indian Community, the Tohono O'odham Nation, and the San Carlos Apache Tribe. During a time of shortage described in this subsection 5.8.5.3, the CAP Indian Priority Water available to the tribes referenced in this

subsection 5.8.5.3 shall be determined in accordance with the provisions of their respective CAP Contracts and any amendments thereto.

5.8.5.4 If the Available CAP Supply is less than eight hundred one thousand five hundred seventy-four (801,574) acre-feet, then the CAP Indian Priority Water determined to be available pursuant to subsection 5.8.3.1 herein shall be distributed to WMAT by the Secretary based on the ratio of the amount of water delivered pursuant to this Contract in the latest non-shortage Year relative to the total quantity of water delivered to all CAP Contractors for CAP Indian Priority Water in that same Year. The Secretary shall determine the quantity of CAP Indian Priority Water delivered to the Gila River Indian Community and the Tohono O'odham Nation in the latest non-shortage Year, in a manner consistent with the water settlement agreements with these Tribes.

5.8.5.5 In the event that there is any dispute regarding the amount of CAP water available to WMAT during a time of shortage, or dispute regarding the operation of this subsection 5.8, the Secretary shall make a final determination after consulting with WMAT, which decision shall be subject to such challenge or appeal processes as are available or applicable.

5.8.5.6 If the Available CAP Supply is insufficient to meet all demands under CAP Contracts or CAP Subcontracts for the delivery of CAP NIA Priority Water, then the Secretary and the CAP Operating Agency shall pro-rate the CAP NIA Priority Water to the CAP Contractors and CAP Subcontractors holding such entitlements on the basis of the quantity of CAP NIA Priority Water used by each such CAP Contractor or CAP Subcontractor in the last Year in which the Available CAP Supply was sufficient to fill all orders for CAP NIA Priority Water. The Secretary shall determine the quantity of CAP NIA Priority Water used by the Gila River Indian Community and the Tohono O'odham Nation in the last Year in which the

Available CAP Supply was sufficient to fill all orders for CAP NIA Priority Water, in a manner consistent with the water settlement agreements with these Tribes.

5.8.5.7 The shortage sharing criteria in subsection 5.8 shall not apply to Colorado River water acquired from the Yuma-Mesa Division of the Gila Project pursuant to the Ak-Chin Indian Community Water Rights Settlement Act, Public Law 98-530, or Colorado River water acquired from the Wellton-Mohawk Irrigation and Drainage District pursuant to the Salt River Pima-Maricopa Indian Community Water Rights Settlement Act, Public Law 100-512, both of which have a higher priority than Fourth Priority Water.

5.9 Secretarial Waiver of Control of Return Flow. Pursuant to Section 306(a)(7) of the WMAT Act, the Secretary waives the right of the Secretary to capture all Return Flow from WMAT CAP Water delivered to WMAT through an exchange with SRP or any other individual or entity acceptable to WMAT and the Secretary, flowing from the exterior boundary of the WMAT Reservation. WMAT may recapture and reuse Return Flow within the WMAT Reservation. Return Flow for purposes of this subsection 5.9 shall mean all waste water, seepage, and Groundwater which originates or results from WMAT CAP Water delivered to WMAT through an exchange with SRP or any other individual or entity acceptable to WMAT and the Secretary.

5.10 Exchange Water. Where the Secretary determines that WMAT is able to receive Project Water in exchange for or in replacement of existing supplies of water from surface sources other than the Colorado River to provide water supplies for water users upstream from the confluence of the Salt and Verde Rivers and Buttes Dam site, if such dam is then existent, the Secretary may require and WMAT agrees to accept said Project Water in exchange for or in replacement of said existing supplies pursuant to the provisions of Section 304(d) of the Basin Project Act.

6 OTHER WATER: Nothing in this Contract shall prevent WMAT from agreeing with a water user to receive water from a source off of the WMAT Reservation or off of the Off-Reservation Trust Lands where the water user does not condition delivery upon substitution for Project Water.

7 PAYMENTS:

7.1 Pursuant to Section 305(d) of the WMAT Act, for the purpose of determining the allocation and repayment of costs of any stage of the CAP constructed after November 21, 2007, the costs associated with the delivery of WMAT CAP Water, whether such water is delivered for use by WMAT or in accordance with any assignment, exchange, lease, option to lease, or other agreement for the temporary disposition of WMAT CAP Water entered into by WMAT shall be (1) nonreimbursable, and (2) excluded from the repayment obligation of CAWCD.

7.2 Pursuant to Sections 305(c) and 306(a)(8) of the WMAT Act, no CAP Water service capital charges shall be due or payable for WMAT CAP Water, whether such water is delivered for use by WMAT or pursuant to a contract or option to lease or exchange WMAT CAP Water entered into by WMAT.

7.3 Pursuant to Section 306 (a)(1)(A)(iii) of the WMAT Act, any lease or option to lease providing for the temporary delivery to others of any WMAT CAP Water shall require the lessee to pay the CAP Operating Agency all CAP Fixed OM&R Charges and all CAP Pumping Energy Charges associated with the delivery of the leased water. Neither WMAT nor the United States in any capacity shall be responsible for the payment of any charges for the delivery of WMAT CAP Water leased to others.

7.4 The CAP Operating Agency shall be paid the CAP Fixed OM&R Charges associated with the delivery of all WMAT CAP Water. Pursuant to Section 306 (a)(6) of the WMAT Act, as authorized by 43 U.S.C. § 1543(f)(2)(A), as amended, and to the extent that funds are

available in the Lower Colorado River Basin Development Fund established by subsection (a) of that section, the Secretary shall pay to the CAP Operating Agency the CAP Fixed OM&R Charges associated with the delivery of WMAT CAP Water, and to the extent that funds are not available from the Lower Colorado River Basin Development Fund such charges shall be paid by the WMAT. CAP Fixed OM&R Charges associated with the delivery of WMAT CAP Water leased to others shall be paid as provided in subsection 7.3 herein.

7.5 WMAT shall pay the CAP Operating Agency all CAP Pumping Energy Charges associated with the delivery of WMAT CAP Water, except for WMAT CAP Water leased to others. Notwithstanding the preceding sentence, other persons or entities with whom WMAT may exchange WMAT CAP Water may agree with WMAT to pay the CAP Operating Agency the CAP Pumping Energy Charges associated with the delivery of WMAT CAP Water pursuant to such exchange. CAP Pumping Energy Charges associated with the delivery of WMAT CAP Water leased to others shall be paid as provided in subsection 7.3 herein.

7.6 In those instances in which the monies are not available to the Secretary from the Lower Colorado River Basin Development Fund as set forth in subsection 7.4 herein, and WMAT is responsible for making payments, the following shall apply:

7.6.1 The CAP Operating Agency shall have no responsibility to deliver any WMAT CAP Water for which the CAP Fixed OM&R Charge and the CAP Pumping Energy Charge have not been paid in advance.

7.6.2 The annual CAP Fixed OM&R Charge and the CAP Pumping Energy Charge associated with the delivery of WMAT CAP Water shall be paid in twelve (12) equal monthly installments and shall be paid on or before the first day of each month in order for WMAT to receive water deliveries in the succeeding month.

7.6.3 The Contracting Officer may direct that payments be received in other than the

equal monthly installments described in subsection 7.6.2 herein.

7.6.4 Unless otherwise agreed, differences between estimated and actual CAP Fixed OM&R Charge and the estimated and actual CAP Pumping Energy Charge shall be determined by the Contracting Officer and shall be adjusted in the next succeeding annual CAP Fixed OM&R Charge; provided, however, that if in the opinion of the Contracting Officer the amount of funds advanced by WMAT is likely to be insufficient to cover the CAP Fixed OM&R Charge and the CAP Pumping Energy Charge during the Year, the Contracting Officer may increase the annual estimate of the CAP Fixed OM&R Charge and the CAP Pumping Energy Charge associated with the delivery of WMAT CAP Water by written notice thereof to WMAT, and WMAT shall forthwith increase its remaining monthly payments in such Year by the amount necessary to cover the insufficiency; provided, further, that unless otherwise agreed, if in the opinion of the Contracting Officer the amount of funds advanced by WMAT is likely to be greater than what is required to cover the CAP Fixed OM&R Charge and the CAP Pumping Energy Charge associated with the delivery of WMAT CAP Water during the Year, the Contracting Officer shall reduce the remaining monthly payments on a pro rata basis to adjust the total payment for the Year to the revised estimate. WMAT agrees to make all advances or payments required under this section.

7.6.5 Pursuant to 25 U.S.C. 385 and regulations promulgated pursuant thereto (25 CFR Part 171), the Secretary may adjust the amount of the CAP Fixed OM&R Charge and the CAP Pumping Energy Charge for which WMAT is responsible.

7.6.6 In the event WMAT fails or refuses to accept delivery at the Delivery Point(s) of the quantities of water available for delivery to and required to be accepted by it pursuant to this Contract, or in the event WMAT fails in any Year to submit a schedule for delivery as provided in subsection 5.6 herein, said failure or refusal shall not relieve WMAT of its obligation

to make the payment required in this subsection 7.6.6. WMAT agrees to make payment therefore in the same manner as if said water had been delivered to and accepted by it in accordance with this Contract except as provided in subsection 7.6.7 herein.

7.6.7 If the WMAT CAP Water is made available to others by the Contracting Officer or the CAP Operating Agency, WMAT shall be relieved of its payments hereunder and only to the extent of the amount paid to the Contracting Officer or the CAP Operating Agency by such other users, but not to exceed the amount WMAT is obligated to pay under this Contract for said water.

7.6.8 In the event WMAT or the Contracting Officer and the CAP Operating Agency are unable to sell any portion of WMAT CAP Water scheduled for delivery and not required by WMAT, WMAT shall be relieved of the CAP Pumping Energy Charges associated with the undelivered water.

7.6.9 In the event that a discontinuance or temporary reduction in deliveries of CAP Water results in the delivery to WMAT of an amount less than what has been paid for in advance by WMAT, WMAT shall be given credit toward future payments due.

7.6.10 WMAT shall have no right to delivery of water from Project facilities during any period in which WMAT may be in arrears in the payment of any charges due to the Contracting Officer or the CAP Operating Agency. The Contracting Officer may sell to another entity any water determined to be available under WMAT's entitlement for which payment is in arrears or the Contracting Officer may request that the CAP Operating Agency sell such water; provided, however, that WMAT may regain the right to use any unsold portion of the water determined to be available under the original entitlement upon payment of all delinquent charges plus any difference between the contractual obligation and the price received in the sale of water by the Contracting Officer or the CAP Operating Agency and payment of charges for the current

period.

7.6.11 WMAT shall be subject to interest, administrative, and penalty charges on delinquent CAP Fixed OM&R Charge and the CAP Pumping Energy Charge associated with the delivery of WMAT CAP Water.

7.6.12 When a payment is not received by the due date, WMAT shall pay an interest charge for each day the payment is delinquent beyond the due date. The interest charge rate shall be the greater of the rate prescribed quarterly in the *Federal Register* by the Department of the Treasury for application to overdue payments, or the interest rate of 0.5 percent per month prescribed by section 6 of the Reclamation Project Act of 1939 (Public Law 76-260). The interest charge rate shall be determined as of the due date and remain fixed for the duration of the delinquent period.

7.6.13 When a payment becomes 60 days delinquent, WMAT shall pay an administrative charge to cover additional costs of billing and processing the delinquent payment.

7.6.14 When a payment is delinquent 90 days or more, WMAT shall pay an additional penalty charge of 6 percent per Year for each day the payment is delinquent beyond the due date.

7.6.15 WMAT shall pay any fees incurred for debt collection services associated with a delinquent payment.

7.6.16 When a partial payment on a delinquent account is received, the amount received shall be applied, first to the penalty, second to the administrative charges, third to the accrued interest, and finally to the overdue payment for the CAP Fixed OM&R Charge and the CAP Pumping Energy Charge associated with the delivery of WMAT CAP Water.

7.6.17 The obligation of WMAT to pay the CAP Fixed OM&R Charge and the CAP Pumping Energy Charge associated with the delivery of WMAT CAP Water to the Contracting

Officer, or the CAP Operating Agency as provided in this Contract, is a general obligation of WMAT notwithstanding the manner in which the obligation may be distributed among WMAT's water users and notwithstanding the default of individual water users in their obligations to WMAT.

8 ENVIRONMENTAL COMPLIANCE: Notwithstanding any other provision of this Contract, and in accordance with Section 304(c) of the WMAT Act, the Secretary will not deliver Project Water to WMAT until the Secretary has complied with all aspects of the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), the Endangered Species Act of 1973 (16 U.S.C. 1531 *et seq.*), and all other applicable environmental laws and regulations.

9 GENERAL PROVISIONS:

9.1 Water and Air Pollution Control. WMAT, in carrying out this Contract, shall comply with all applicable water and air pollution laws and regulations of WMAT and the United States, and shall obtain all required permits or licenses from the appropriate authorities of WMAT and the United States.

9.2 Quality of Water. The OM&R of the CAP System shall be performed in such manner as is practicable to maintain the quality of raw water made available through such facilities at the highest level reasonably attainable, as determined by the Contracting Officer. Neither the United States nor the CAP Operating Agency warrants the quality of water and is under no obligation to construct or furnish water treatment facilities to maintain or better the quality of water.

9.3 Compliance With Federal Reclamation Laws. The delivery of water or the use of Federal facilities pursuant to this Contract is subject to applicable Federal Reclamation laws.

9.4 Books, Records, and Reports. WMAT shall establish and maintain accounts and other books and records pertaining to administration of the terms and conditions of this Contract

as the Contracting Officer may require. Reports thereon shall be furnished to the Contracting Officer in such form and on such date or dates as the Contracting Officer may require. Subject to applicable Federal laws and regulations, each party to this Contract shall have the right during office hours to examine and make copies of the other party's books and records relating to matters covered by this Contract.

9.5 Notices. Any notice, demand, or request authorized or required by this Contract shall be deemed to have been given, on behalf of WMAT, when mailed, postage prepaid, or delivered to the Regional Director, Lower Colorado Region, Bureau of Reclamation, P.O. Box 61470, Boulder City, Nevada 89006-1470, and on behalf of the United States, when mailed, postage prepaid, or delivered to WMAT, Office of the Tribal Chairman, P.O. Box 1150, Whiteriver, Arizona 85941, or if delivered by commercial carrier to the Office of the Tribal Chairman, 201 East Walnut Street, Whiteriver, Arizona 85941. The designation of the addressee or the address may be changed by notice given in the same manner as provided in this section for other notices.

9.6 Contingent on Appropriation or Allotment of Funds. The expenditure or advance of any money or the performance of any obligation by the United States under this Contract shall be contingent upon appropriation or allotment of funds. No liability shall accrue to the United States in case funds are not appropriated or allocated.

9.7 Assignment Limited - Successors and Assigns Obligated. The provisions of this Contract shall apply to and bind the successors and assigns of the Parties hereto, but no assignment or transfer of this Contract or any part or interest therein shall be valid until approved in writing by the Contracting Officer.

9.8 Officials Not to Benefit. No member of or delegate to Congress or official of WMAT shall benefit from this Contract other than as a water user or landowner in the same

manner as other water users or landowners.

9.9 Indian Employment - Equal Employment Opportunity.

9.9.1 In accordance with the provisions of Title 42 U.S.C. 2000e-2 (i), WMAT shall give preference in employment to Indians living on or near the WMAT Reservation. The Bureau of Indian Affairs Office of Employment Assistance shall be notified of employment opportunities forty-eight (48) hours before any positions are advertised to the general public.

9.9.2 Except as provided above, during the performance of this Contract, WMAT agrees as follows:

9.9.2.1 WMAT will not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. WMAT will take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, or national origin. Such action shall include, but not be limited to, the following: Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. WMAT agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Contracting Officer setting forth the provisions of this nondiscrimination clause.

9.9.2.2 WMAT will, in all solicitations or advertisements for employees placed by or on behalf of WMAT, state that all qualified applicants will receive consideration for employment without discrimination because of race, color, religion, sex, or national origin.

9.9.2.3 WMAT will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the Contracting Officer, advising said labor union or workers' representative of WMAT's commitments under section 202 of Executive Order 11246 of September 24, 1965, and

shall post copies of the notice in conspicuous places available to employees and applicants for employment.

9.9.2.4 WMAT will comply with all provisions of Executive Order No. 11246 of September 24, 1965, as amended, and of the rules, regulations, and relevant orders of the Secretary of Labor.

9.9.2.5 WMAT will furnish all information and reports required by said amended Executive Order and by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to its books, records, and accounts by the Contracting Officer and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

9.9.2.6 In the event of WMAT's noncompliance with the nondiscrimination clauses of this Contract or with any such rules, regulations, or orders, this Contract may be canceled, terminated, or suspended, in whole or in part, and WMAT may be declared ineligible for further Government contracts in accordance with procedures authorized in said amended Executive Order, and such other sanctions may be imposed and remedies invoked as provided in said Executive Order, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

9.9.2.7 WMAT will include the provisions of subsections 9.9.2.1 through 9.9.2.7 herein in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of said amended Executive Order, so that such provisions will be binding upon each subcontractor or vendor. WMAT will take such action with respect to any subcontract or purchase order as may be directed by the Secretary of Labor as a means of enforcing such provisions, including sanctions for noncompliance; provided, however, that in the event WMAT becomes involved in, or is threatened with, litigation with a

subcontractor or vendor as a result of such direction, WMAT may request the United States to enter into such litigation to protect the interests of the United States.

9.10 Compliance with Civil Rights Laws and Regulations.

9.10.1 WMAT shall comply with Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d), section 504 of the Rehabilitation Act of 1975 (Public Law 93-112, as amended), the Age Discrimination Act of 1975 (42 U.S.C. 6101, *et seq.*) and any other applicable civil rights laws, as well as with their respective implementing regulations and guidelines imposed by the Department of the Interior and/or Bureau of Reclamation.

9.10.2 These statutes require that no person in the United States shall, on the grounds of race, color, national origin, handicap, or age, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity receiving financial assistance from the Bureau of Reclamation. By executing this Contract, WMAT agrees to immediately take any measures necessary to implement this obligation, including permitting officials of the United States to inspect premises, programs, and documents.

9.10.3 WMAT makes this agreement in consideration of and for the purpose of obtaining any and all Federal grants, loans, contracts, property discounts or other Federal financial assistance extended after the date hereof to WMAT by the Bureau of Reclamation, including installment payments after such date on account of arrangements for Federal financial assistance which were approved before such date. WMAT recognizes and agrees that such Federal assistance will be extended in reliance on the representations and agreements made in this section, and that the United States reserves the right to seek judicial enforcement thereof.

9.11 Rules, Regulations, and Determinations.

9.11.1 The Contracting Officer shall have the right to make, after an opportunity has been offered to WMAT for consultation, rules and regulations consistent with the provisions of

the Contract and the laws of the United States and to add to or to modify such rules and regulations as the Contracting Officer may deem proper and necessary to carry out this Contract, and to supply necessary details of its administration which are not covered by express provisions of this Contract. WMAT shall observe such rules and regulations.

9.11.2 Where the terms of this Contract provide action to be based upon the opinion or determination of either party to this Contract, whether or not stated to be conclusive, said terms shall not be construed as permitting such action to be predicated upon arbitrary, capricious, or unreasonable opinions or determinations. In the event that WMAT questions any factual determination made by the Contracting Officer, the findings as to the facts shall be made by the Secretary only after consultation with WMAT.

10 EXCEPTIONS TO APPLICATION OF CIVIL RIGHTS AND OTHER ACTS: The provisions of subsections 9.9 and 9.10 apply except where they conflict with sections 701(b)(1) and 703(i) of Title VII of the Civil Rights Act of 1964 (73 Stat. 253-257), which pertain to Indian tribes and to preferential treatment given to Indians residing on or near a reservation or other applicable laws, or if they are contrary to Federal court decisions or Federal statutory exemptions which exclude applicability thereof to federally recognized Indian tribes, Indians or Indian reservations.

11 RECLAMATION REFORM ACT: In accordance with Section 311(d) of the WMAT Act, the Reclamation Reform Act of 1982 (43 U.S.C. §390aa, *et seq.*) and any other acreage limitation or full cost pricing provision under Federal law shall not apply to any person, entity or land solely on the basis of (1) receipt of any benefits under the WMAT Act, (2) execution or performance of the Quantification Agreement, or (3) the use, storage, delivery, lease or exchange of CAP Water.

12 CONTRACT AND WMAT ACT: In the event that differences between the language of

this Contract and the WMAT Act result in conflict, ambiguity or confusion or the provisions are inconsistent, the language of the WMAT Act shall govern.

13 ENFORCEABILITY DATE. This Contract shall become effective on the Enforceability Date.

IN WITNESS WHEREOF, the Parties hereto have executed this Contract the day and year first written above.

2. EXPLANATORY RECITALS:

1  
2           **WHEREAS**, the Colorado River Basin Project Act provides, among other  
3 things, that for the purposes of furnishing irrigation and municipal and industrial water  
4 supplies to water deficient areas of Arizona and western New Mexico through direct  
5 diversion or exchange of water, control of floods, conservation and development of fish  
6 and wildlife resources, enhancement of recreation opportunities, and for other purposes,  
7 the Secretary of the Interior shall construct, operate, and maintain the Central Arizona  
8 Project; and

9           **WHEREAS**, pursuant to the provisions of Arizona Revised Statutes §§ 48-  
10 3701, *et seq.*, the Contractor has been organized with the power to enter into a contract  
11 or contracts with the Secretary of the Interior to accomplish the purposes of Arizona  
12 Revised Statutes, §§ 48-3701, *et seq.*; and

13           **WHEREAS**, pursuant to Section 304(b)(1) of the Colorado River Basin  
14 Project Act, the Secretary of the Interior has determined that it is necessary to effect  
15 repayment of the cost of constructing the Central Arizona Project pursuant to a master  
16 contract and that the United States, together with the Contractor, shall be a party to  
17 contracts that are in conformity with and subsidiary to the master contract; and

18           **WHEREAS**, the United States and the Contractor entered into Contract  
19 No. 14-06-W-245, Amendment No. 1, dated December 1, 1988, hereinafter referred to  
20 as the "Repayment Contract," a copy of which is attached hereto as Exhibit "A" and by  
21 this reference made a part hereof, whereby the Contractor agrees to repay to the United  
22 States the reimbursable costs of the Central Arizona Project allocated to the Contractor;  
23 and

24           **WHEREAS**, the Subcontractor is in need of a water supply and desires to  
25 subcontract with the United States and the Contractor for water service from water  
26 supplies available under the Central Arizona Project; and

1                   **WHEREAS**, upon completion of the Central Arizona Project, water shall be  
2 available for delivery to the Subcontractor;

3                   **NOW THEREFORE**, in consideration of the mutual and dependent  
4 covenants herein contained, it is agreed as follows:

5                   **3.       DEFINITIONS:**

6                   Definitions included in the Repayment Contract are applicable to this  
7 subcontract; provided, however, that the terms "Agricultural Water" or "Irrigation Water"  
8 shall mean water used for the purposes defined in the Repayment Contract on tracts of  
9 land operated in units of more than 5 acres. The first letters of terms so defined are  
10 capitalized herein. As heretofore indicated, a copy of the Repayment Contract is

17                   (b)       "Fourth Priority Water" shall mean Colorado River water available  
18 for delivery within the State of Arizona for satisfaction of entitlements: (1) pursuant to  
19 contracts, Secretarial reservations, perfected rights, and other arrangements between  
20 the United States and water users in the State entered into or established subsequent to  
21 September 30, 1968, for use on Federal, State, or privately owned lands in the State (for  
22 a total quantity not to exceed 164,652 acre-feet of diversions annually); and (2), after

26

1           **4. DELIVERY OF WATER:**

2           4.1 Obligations of the United States. Subject to the terms, conditions,  
3 and provisions set forth herein and in the Repayment Contract, during such periods as it  
4 operates and maintains the Project Works, the United States shall deliver Project Water  
5 for M&I use by the Subcontractor. The United States shall use all reasonable diligence  
6 to make available to the Subcontractor the quantity of Project Water specified in the  
7 schedule submitted by the Subcontractor in accordance with Article 4.4. After transfer of  
8 OM&R to the Operating Agency, the United States shall make deliveries of Project Water  
9 to the Operating Agency which shall make subsequent delivery to the Subcontractor as  
10 provided herein.

11           4.2 Term of Subcontract. This subcontract shall become effective upon  
12 the later of: (i) the date on which it is confirmed as provided for in Article 6.12; (ii) the  
13 date on which the Secretary of the Interior publishes in the Federal Register the  
14 statement of findings described in section 207(c)(1) of the Arizona Water Settlements  
15 Act, 118 Stat. 3478; and (iii) the date on which the Subcontractor has paid or provided  
16 for payment of past M&I water service capital charges as required by the Contractor.  
17 This subcontract shall be for permanent service as that term is used in Section 5 of the  
18 Boulder Canyon Project Act of 1928, 43 U.S.C. §617d. Project Water shall be delivered  
19 under the terms of this subcontract for a period of 100 years beginning January 1 of the  
20 Year following that in which the subcontract becomes effective; provided, that this  
21 subcontract may be renewed upon written request by the Subcontractor upon terms and  
22 conditions of renewal to be agreed upon not later than 1 year prior to the expiration of  
23 this subcontract; and provided, further, that such terms and conditions shall be  
24 consistent with Article 9.9 of the Repayment Contract.

25 \* \* \* \*

26 \* \* \* \*

1                   4.3 Conditions Relating to Delivery and Use. Delivery and use of water  
2 under this subcontract is conditioned on the following, and the Subcontractor hereby  
3 agrees that:

4                   (a) All uses of Project Water and Return Flow shall be consistent  
5 with Arizona water law unless such law is inconsistent with the Congressional directives  
6 applicable to the Central Arizona Project.

7                   (b) The system or systems through which water for Agricultural,  
8 M&I (including underground storage), and Miscellaneous purposes is conveyed after  
9 delivery to the Subcontractor shall consist of pipelines, canals, distribution systems, or  
10 other conduits provided and maintained with linings adequate in the Contracting Officer's  
11 judgment to prevent excessive conveyance losses.

12                   (c) The Subcontractor shall not pump, or within its legal  
13 authority, permit others to pump ground water from within the exterior boundaries of the  
14 Subcontractor's service area, which has been delineated on a map filed with the Con-  
15 tractor and approved by the Contractor and the Contracting Officer, for use outside of  
16 said service area unless such pumping is permitted under Title 45, Chapter 2, Arizona  
17 Revised Statutes, as it may be amended from time to time, and the Contracting Officer,  
18 the Contractor, and the Subcontractor shall agree, or shall have previously agreed, that  
19 a surplus of ground water exists and drainage is or was required; provided, however,  
20 that such pumping may be approved by the Contracting Officer and the Contractor, and  
21 approval shall not be unreasonably withheld, if such pumping is in accord with the Basin  
22 Project Act and upon submittal by the Subcontractor of a written certification from the  
23 Arizona Department of Water Resources or its successor agency that the pumping and  
24 transportation of ground water is in accord with Title 45, Chapter 2, Arizona Revised  
25 Statutes, as it may be amended from time to time.  
26

1 (d) The Subcontractor shall not sell, lease, exchange, forbear or  
2 otherwise transfer Project Water; provided, however, that this does not prohibit  
3 exchanges of Project Water within the State of Arizona covered by separate  
4 agreements; and provided, further, that this does not prohibit effluent exchanges with  
5 Indian tribes pursuant to Article 6.2; and provided, further, that this does not prohibit the  
6 resale or exchange of Project Water within the State of Arizona pursuant to Subarticle  
7 4.3(e).

8 (e)(i) Project Water scheduled for delivery in any Year under this  
9 subcontract may be used by the Subcontractor or resold, or exchanged by the  
10 Subcontractor pursuant to appropriate agreements approved by the Contracting Officer  
11 and the Contractor. If said water is resold or exchanged by the Subcontractor for an  
12 amount in excess of that which the Subcontractor is obligated to pay under this  
13 subcontract, the excess amount shall be paid forthwith by the Subcontractor to the  
14 Contractor for application against the Contractor's Repayment Obligation to the United  
15 States; provided, however, that the Subcontractor shall be entitled to recover actual  
16 costs of transportation, treatment, and distribution, including but not limited to capital  
17 costs and OM&R costs.

18 (ii) Project Water scheduled for delivery in any Year under  
19 this subcontract that cannot be used, resold, or exchanged by the Subcontractor may be  
20 made available by the Contracting Officer and Contractor to other users. If such Project  
21 Water is sold to or exchanged with other users, the Subcontractor shall be relieved of its  
22 payments hereunder only to the extent of the amount paid to the Contractor by such  
23 other users, but not to exceed the amount the Subcontractor is obligated to pay under  
24 this subcontract for said water.

25 (iii) In the event the Subcontractor or the Contracting  
26 Officer and the Contractor are unable to sell any portion of the Subcontractor's Project

1 Water scheduled for delivery and not required by the Subcontractor, the Subcontractor  
2 shall be relieved of the pumping energy portion of the OM&R charges associated with  
3 the undelivered water as determined by the Contractor.

4 (f) Notwithstanding any other provision of this subcontract,  
5 Project Water shall not be delivered to the Subcontractor unless and until the  
6 Subcontractor has obtained final environmental clearance from the United States for the  
7 system or systems through which Project Water is to be conveyed after delivery to the  
8 Subcontractor at the Subcontractor's Project turnout(s). Such system(s) shall include all  
9 pipelines, canals, distribution systems, treatment, storage, and other facilities through or  
10 in which Project Water is conveyed, stored, or treated after delivery to the Subcontractor  
11 at the Subcontractor's Project turnout(s). In each instance, final environmental  
12 clearance will be based upon a review by the United States of the Subcontractor's plans  
13 for taking and using Project Water and will be given or withheld by the United States in  
14 accordance with the Final Environmental Impact Statement -- Water Allocations and  
15 Water Service Contracting (FES 82-7, filed March 19, 1982) and the National  
16 Environmental Policy Act of 1969 (83 Stat. 852). Any additional action(s) required on  
17 behalf of the Subcontractor in order to obtain final environmental clearance from the  
18 United States will be identified to the Subcontractor by the United States, and no Project  
19 Water shall be delivered to the Subcontractor unless and until the Subcontractor has  
20 completed all such action(s) to the satisfaction of the United States.

21 4.4 Procedure for Ordering Water.

22 (a) At least 15 months prior to the date the Secretary expects to  
23 issue the Notice of Completion of the Water Supply System, or as soon thereafter as is  
24 practicable, the Contracting Officer shall announce by written notice to the Contractor the  
25 amount of Project Water available for delivery during the Year in which said Notice of  
26 Completion is issued (initial Year of water delivery) and during the following Year. Within

1 30 days of receiving such notice, the Contractor shall issue a notice of availability of  
2 Project Water to the Subcontractor. The Subcontractor shall, within a reasonable period  
3 of time as determined by the Contractor, submit a written schedule to the Contractor and  
4 the Contracting Officer showing the quantity of water desired by the Subcontractor  
5 during each month of said initial Year and the following Year. The Contractor shall notify  
6 the Subcontractor by written notice of the Contractor's action on the requested schedule  
7 within 2 months of the date of receipt of such request.

8 (b) The amounts, times, and rates of delivery of Project Water to  
9 the Subcontractor during each Year subsequent to the Year following said initial Year of  
10 water delivery shall be in accordance with a water delivery schedule for that Year. Such  
11 schedule shall be determined in the following manner:

12 (i) On or before June 1 of each Year beginning with the  
13 Year following the initial Year of water delivery pursuant to this subcontract, the  
14 Contracting Officer shall announce the amount of Project Water available for delivery  
15 during the following Year in a written notice to the Contractor. In arriving at this  
16 determination, the Contracting Officer, subject to the provisions of the Repayment  
17 Contract, shall use his best efforts to maximize the availability and delivery of Arizona's  
18 full entitlement of Colorado River water over the term of this subcontract. Within 30 days  
19 of receiving said notice, the Contractor shall issue a notice of availability of Project Water  
20 to the Subcontractor.

21 (ii) On or before October 1 of each Year beginning with  
22 the Year following said initial Year of water delivery, the Subcontractor shall submit in  
23 writing to the Contractor and the Contracting Officer a water delivery schedule indicating  
24 the amounts of Project Water desired by the Subcontractor during each month of the  
25 following Year along with a preliminary estimate of Project Water desired for the  
26 succeeding 2 years.

1 (iii) Upon receipt of the schedule, the Contractor and the  
2 Contracting Officer shall review it and, after consultation with the Subcontractor, shall  
3 make only such modifications to the schedule as are necessary to ensure that the  
4 amounts, times, and rates of delivery to the Subcontractor are consistent with the  
5 delivery capability of the Project, considering, among other things, the availability of  
6 water and the delivery schedules of all subcontractors; provided, that this provision shall  
7 not be construed to reduce annual deliveries to the Subcontractor.

8 (iv) On or before November 15 of each Year beginning  
9 with the Year following said initial Year of water delivery, the Contractor shall determine  
10 and furnish to the Subcontractor and the Contracting Officer the water delivery schedule  
11 for the following Year which shall show the amount of water to be delivered to the  
12 Subcontractor during each month of that Year, contingent upon the Subcontractor  
13 remaining eligible to receive water under all terms contained herein.

14 (c) The monthly water delivery schedules may be amended upon  
15 the Subcontractor's written request to the Contractor. Proposed amendments shall be  
16 submitted by the Subcontractor to the Contractor no later than 15 days before the  
17 desired change is to become effective, and shall be subject to review and modification in  
18 like manner as the schedule. The Contractor shall notify the Subcontractor and the  
19 Contracting Officer of its action on the Subcontractor's requested schedule modification  
20 within 10 days of the Contractor's receipt of such request.

21 (d) The Contractor and the Subcontractor shall hold the United  
22 States, its officers, agents, and employees, harmless on account of damage or claim of  
23 damage of any nature whatsoever arising out of or connected with the actions of the  
24 Contractor regarding water delivery schedules furnished to the Subcontractor.

25 (e) In no event shall the Contracting Officer or the Contractor be  
26 required to deliver to the Subcontractor from the Water Supply System in any one month

1 a total amount of Project Water greater than eleven percent (11%) of the Subcontractor's  
2 maximum entitlement; provided, however, that the Contracting Officer may deliver a  
3 greater percentage in any month if such increased delivery is compatible with the overall  
4 delivery of Project Water to other subcontractors as determined by the Contracting  
5 Officer and the Contractor and if the Subcontractor agrees to accept such increased  
6 deliveries.

7 4.5 Points of Delivery--Measurement and Responsibility for Distribution  
8 of Water.

9 (a) The water to be furnished to the Subcontractor pursuant to  
10 this subcontract shall be delivered at turnouts to be constructed by the United States at  
11 such point(s) on the Water Supply System as may be agreed upon in writing by the  
12 Contracting Officer and the Contractor, after consultation with the Subcontractor.

13 (b) Unless the United States and the Subcontractor agree by  
14 contract to the contrary, the Subcontractor shall construct and install, at its sole cost and  
15 expense, connection facilities required to take and convey the water from the turnouts to  
16 the Subcontractor's service area. The Subcontractor shall furnish, for approval of the  
17 Contracting Officer, drawings showing the construction to be performed by the  
18 Subcontractor within the Water Supply System right-of-way 6 months before starting said  
19 construction. The facilities may be installed, operated, and maintained on the Water  
20 Supply System right-of-way subject to such reasonable restrictions and regulations as to  
21 type, location, method of installation, operation, and maintenance as may be prescribed  
22 by the Contracting Officer.

23 (c) All water delivered from the Water Supply System shall be  
24 measured with equipment furnished and installed by the United States and operated and  
25 maintained by the United States or the Operating Agency. Upon the request of the  
26 Subcontractor or the Contractor, the accuracy of such measurements shall be

1 investigated by the Contracting Officer or the Operating Agency, Contractor, and  
2 Subcontractor, and any errors which may be mutually determined to have occurred  
3 therein shall be adjusted; provided, that in the event the parties cannot agree on the  
4 required adjustment, the Contracting Officer's determination shall be conclusive.

5 (d) Neither the United States, the Contractor, nor the Operating  
6 Agency shall be responsible for the control, carriage, handling, use, disposal, or  
7 distribution of Project Water beyond the delivery point(s) agreed to pursuant to Sub-  
8 article 4.5(a). The Subcontractor shall hold the United States, the Contractor, and the  
9 Operating Agency harmless on account of damage or claim of damage of any nature  
10 whatsoever for which there is legal responsibility, including property damage, personal  
11 injury, or death arising out of or connected with the Subcontractor's control, carriage,  
12 handling, use, disposal, or distribution of such water beyond said delivery point(s).

13 4.6 Temporary Reductions. In addition to the right of the United States  
14 under Subarticle 8.3(a)(iv) of the Repayment Contract temporarily to discontinue or  
15 reduce the amount of water to be delivered, the United States or the Operating Agency  
16 may, after consultation with the Contractor, temporarily discontinue or reduce the  
17 quantity of water to be furnished to the Subcontractor as herein provided for the  
18 purposes of investigation, inspection, maintenance, repair, or replacement of any of the  
19 Project facilities or any part thereof necessary for the furnishing of water to the  
20 Subcontractor, but so far as feasible the United States or the Operating Agency shall  
21 coordinate any such discontinuance or reduction with the Subcontractor and shall give  
22 the Subcontractor due notice in advance of such temporary discontinuance or reduction,  
23 except in case of emergency, in which case no notice need be given. Neither the United  
24 States, its officers, agents, and employees, nor the Operating Agency, its officers,  
25 agents, and employees, shall be liable for damages when, for any reason whatsoever,  
26 any such temporary discontinuance or reduction in delivery of water occurs. If any such

1 discontinuance or temporary reduction results in deliveries to the Subcontractor of less  
2 water than what has been paid for in advance, the Subcontractor shall be entitled to be  
3 reimbursed for the appropriate proportion of such advance payments prior to the date of  
4 the Subcontractor's next payment of water service charges or the Subcontractor may be  
5 given credit toward the next payment of water charges if the Subcontractor should so  
6 desire.

7 4.7 Priority in Case of Shortage. On or before June 1 of each Year,  
8 the Secretary shall announce the Available CAP Supply for the following Year in a  
9 written notice to the Contractor.

10 (a) Prior to January 1, 2044, a time of shortage shall exist in any  
11 Year in which the Available CAP Supply for that Year is insufficient to satisfy all of the  
12 entitlements set forth in subparagraphs (i) through (iii) below:

13 (i) Three hundred forty-three thousand seventy-nine  
14 (343,079) acre-feet of CAP Indian Priority Water;

15 (ii) Six hundred thirty-eight thousand eight hundred  
16 twenty-three (638,823) acre-feet of CAP M&I Priority  
17 Water; and  
18

19 (iii) Up to one hundred eighteen (118) acre-feet of CAP  
20 M&I Priority Water converted from CAP NIA Priority  
21 Water under the San Tan Irrigation District's CAP  
22 Subcontract.  
23

24 (b) On or after January 1, 2044, a time of shortage shall exist in  
25 any Year in which the Available CAP Supply for that Year is insufficient to satisfy all of  
26 the entitlements as set forth in subparagraphs (i) through (iv) below:

  - (iii) Up to forty-seven thousand three hundred three (47,303) acre-feet of CAP M&I Priority Water converted from CAP NIA Priority Water pursuant to the Hohokam Agreement; and

- (c) Initial distribution of water in time of shortage.
- (i) If the Available CAP Supply is equal to or less than eight hundred fifty-three thousand seventy-nine (853,079) acre-feet, then 36.37518% of the Available CAP Supply shall be available for delivery as CAP Indian Priority Water and the remainder shall be available for delivery as CAP M&I Priority Water.

delivery as CAP Indian Priority Water shall be determined in accordance with the following equation and the remainder shall be available for delivery as CAP M&I Priority Water:

$$I = \{[32,770 \div (E - 853,079)] \times W\} + (343,079 - \{[32,770 \div (E - 853,079)] \times E\})$$

where

I = the quantity of water available for delivery as CAP Indian Priority Water

E = the sum of the entitlements to CAP Indian Priority Water and CAP M&I Priority Water as described in subparagraphs 4.7(a) or (b), whichever is applicable; and

W = the Available CAP Supply

*Example A.* If, before January 1, 2044, the sum of the entitlements to CAP Indian Priority Water and CAP M&I Priority Water as described in subparagraph 4.7(a) is nine hundred eighty-one thousand nine hundred two (343,079 + 638,823 + 0) acre-feet, then the quantity of water available for delivery as CAP Indian Priority Water would be ninety-three thousand three hundred three (93,303) acre-feet plus 25.43800% of the Available CAP Supply.

1                    *Example B.* If, after January 1, 2044, the sum of the entitlements to CAP  
2 Indian Priority Water and CAP M&I Priority Water as described in  
3 subparagraph 4.7(b) is one million twenty-nine thousand three hundred  
4 twenty-three (1,029,323) acre-feet (343,079 + 638,823 + 47,303 + 118),  
5 then the quantity of water available for delivery as CAP Indian Priority  
6 Water would be one hundred fifty-one thousand six hundred ninety-one  
7 (151,691) acre-feet plus 18.59354% of the Available CAP Supply.  
8

9                    (d) In time of shortage unscheduled CAP Water shall be  
10 redistributed as follows:

11                    (i) Any water available for delivery as CAP Indian Priority  
12 Water that is not scheduled for delivery pursuant to  
13 contracts, leases or exchange agreements for the  
14 delivery of CAP Indian Priority Water shall become  
15 available for delivery as CAP M&I Priority Water.  
16

17                    (ii) CAP M&I Priority Water shall be distributed among  
18 those entities with contracts for the delivery of CAP  
19 M&I Priority Water in a manner determined by the  
20 Secretary and the CAP Operating Agency in  
21 consultation with M&I water users to fulfill all delivery  
22 requests to the greatest extent possible. Any water

CAP M&I Priority Water shall become available for delivery as CAP Indian Priority Water.

(e) Any water remaining after all requests for delivery of CAP Indian Priority Water and CAP M&I Priority Water have been satisfied shall become available for delivery as CAP NIA Priority Water.

(f) Nothing in this paragraph 4.7 shall be construed to allow or authorize any CAP Contractor or CAP Subcontractor to receive, pursuant to such contracts, CAP water in amounts greater than such contractor's entitlement.

4.8 Secretarial Control of Return Flow.

(a) The Secretary reserves the right to capture all Return Flow flowing from the exterior boundaries of the Contractor's Service Area as a source of supply and for distribution to and use of the Central Arizona Project to the fullest extent practicable. The Secretary also reserves the right to capture for Project use Return Flow which originates or results from water contracted for from the Central Arizona Project within the boundaries of the Contractor's Service Area if, in his judgment, such Return Flow is not being put to a beneficial use. The Subcontractor may recapture and reuse or sell its Return Flow; provided, however, that such Return Flow may not be sold for use outside Maricopa, Pinal, and Pima Counties; and provided, further, that this does not prohibit effluent exchanges with Indian tribes pursuant to Article 6.2. The Subcontractor shall, at least 60 days in advance of any proposed sale of such water, furnish the following information in writing to the Contracting Officer and the Contractor:

- (i) The name and address of the prospective buyer.
- (ii) The location and proposed use of the Return Flow.
- (iii) The price to be charged for the Return Flow.

(b) The price charged for the Return Flow may cover the cost incurred by the Subcontractor for Project Water plus the cost required to make the Return Flow usable. If the price received for the Return Flow is greater than the costs incurred by the Subcontractor, as described above, the excess amount shall be forthwith returned by the Subcontractor to the Contractor for application against the Contractor's Repayment Obligation to the United States. Costs required to make Return Flow usable shall include but not be limited to capital costs and OM&R costs including transportation, treatment, and distribution, and the portion thereof that may be retained by the Subcontractor shall be subject to the advance approval of the Contractor and the Contracting Officer.

(c) Any Return Flow captured by the United States and determined by the Contracting Officer and the Contractor to be suitable and available for use by the Subcontractor may be delivered by the United States or Operating Agency to the Subcontractor as a part of the water supply for which the Subcontractor subcontracts hereunder and such water shall be accounted and paid for pursuant to the provisions hereof.

(d) All capture, recapture, use, reuse, and sale of Return Flow under this article shall be in accord with Arizona water law unless such law is inconsistent with the Congressional directives applicable to the Central Arizona Project.

1           4.9 Water and Air Pollution Control. The Subcontractor, in carrying out  
2 this subcontract, shall comply with all applicable water and air pollution laws and  
3 regulations of the United States and the State of Arizona and shall obtain all required  
4 permits or licenses from the appropriate Federal, State, or local authorities.

5           4.10 Quality of Water. The operation and maintenance of Project  
6 facilities shall be performed in such manner as is practicable to maintain the quality of  
7 water made available through such facilities at the highest level reasonably attainable as  
8 determined by the Contracting Officer. Neither the United States, the Contractor, nor the  
9 Operating Agency warrants the quality of water and is under no obligation to construct or  
10 furnish water treatment facilities to maintain or better the quality of water. The  
11 Subcontractor waives its right to make a claim against the United States, the Operating  
12 Agency, the Contractor, or another subcontractor because of changes in water quality  
13 caused by the commingling of Project Water with other water.

14           4.11 Exchange Water.

15           (a) Where the Contracting Officer determines the Subcontractor  
16 is physically able to receive Colorado River mainstream water in exchange for or in  
17 replacement of existing supplies of water from surface sources other than the Colorado  
18 River, the Contracting Officer may require that the Subcontractor accept said  
19 mainstream water in exchange for or in replacement of said existing supplies pursuant to  
20 the provisions of Section 304(d) of the Basin Project Act; provided, however, that a sub-  
21 contractor on the Project aqueduct shall not be required to enter into exchanges in which  
22 existing supplies of water from surface sources are diverted for use by other  
23 subcontractors downstream on the Project aqueduct.  
24  
25  
26

1 (b) If, in the event of shortages, the Subcontractor has yielded  
2 water from other surface water sources in exchange for Colorado River mainstream  
3 water supplied by the Contractor or the Operating Agency, the Subcontractor shall have  
4 first priority against other users supplied with Project Water that have not yielded water  
5 from other surface water sources but only in quantities adequate to replace the water so  
6 yielded.  
7

8 4.12 Entitlement to Project M&I Water.

9 (a) The Subcontractor is entitled to take a maximum of  
10 \_\_\_\_\_ acre-feet of Project Water for M&I uses including but not limited to underground  
11 storage.  
12

13 (b) If at any time during the term of this subcontract there is  
14 available for allocation additional M&I Project Water, or Agricultural Water converted to  
15 M&I use, it shall be delivered to the Subcontractor at the same water service charge per  
16 acre-foot and with the same priority as other M&I Water, upon execution or amendment  
17 of an appropriate subcontract among the United States, the Contractor, and the  
18 Subcontractor and payment of an amount equal to the acre-foot charges previously paid  
19 by other subcontractors pursuant to Article 5.2 hereof plus interest. In the case of  
20 Agricultural Water conversions, the payment shall be reduced by all previous payments  
21 of agricultural capital charges for each acre-foot of water converted. The interest due  
22 shall be calculated for the period between issuance of the Notice of Completion of the  
23 Water Supply System and execution or amendment of the subcontract using the  
24 weighted interest rate received by the Contractor on all investments during that period.  
25  
26

1                   4.13 Delivery of Project Water Prior to Completion of Project Works.

2 Prior to the date of issuance of the Notice of Completion of the Water Supply System by  
3 the Secretary, water may be made available for delivery by the Secretary on a "when  
4 available" basis at a water rate and other terms to be determined by the Secretary after  
5 consultation with the Contractor.

6                   5.       PAYMENTS:

7                   5.1       Water Service Charges for Payment of Operation, Maintenance, and  
8 Replacement Costs. Subject to the provisions of Article 5.4 hereof, the Subcontractor  
9 shall pay in advance for Project OM&R costs estimated to be incurred by the United  
10 States or the Operating Agency. At least 15 months prior to first delivery of Project  
11 Water, or as soon thereafter as is practicable, the Contractor shall furnish the  
12 Subcontractor with an estimate of the Subcontractor's share of OM&R costs to the end  
13 of the initial Year of water delivery and an estimate of such costs for the following Year.  
14 Within a reasonable time of the receipt of said estimates, as determined by the  
15 Contractor, but prior to the delivery of water, the Subcontractor shall advance to the Con-  
16 tractor its share of such estimated costs to the end of the initial month of water delivery  
17 and without further notice or demand shall on or before the first day of each succeeding  
18 month of the initial Year of water delivery and the following Year advance to the  
19 Contractor in equal monthly installments the Subcontractor's share of such estimated  
20 costs. Advances of monthly payments for each subsequent Year shall be made by the  
21 Subcontractor to the Contractor on the basis of annual estimates to be furnished by the  
22 Contractor on or before June 1 preceding each said subsequent Year and the advances  
23 of payments for said estimated costs shall be due and payable in equal monthly  
24  
25  
26

1 payments on or before the first day of each month of the subsequent Year. Differences  
2 between actual OM&R costs and estimated OM&R costs shall be determined by the  
3 Contractor and shall be adjusted in the next succeeding annual estimates; provided,  
4 however, that if in the opinion of the Contractor the amount of any annual OM&R  
5 estimate is likely to be insufficient to cover the above-mentioned costs during such  
6 period, the Contractor may increase the annual estimate of the Subcontractor's OM&R  
7 costs by written notice thereof to the Subcontractor, and the Subcontractor shall forthwith  
8 increase its remaining monthly payments in such Year to the Contractor by the amount  
9 necessary to cover the insufficiency. All estimates of OM&R costs shall be accompanied  
10 by data and computations relied on by the Contractor in determining the amounts of the  
11 estimated OM&R costs and shall be subject to joint review by the Subcontractor and the  
12 Contractor.  
13

14  
15 5.2 M&I Water Service Charges.

16 (a) Subject to the provisions of Article 5.4 hereof and in addition  
17 to the OM&R payments required in Article 5.1 hereof, the Subcontractor shall, in advance  
18 of the delivery of Project M&I Water by the United States or the Operating Agency, make  
19 payment to the Contractor in equal semiannual installments of an M&I Water service  
20 capital charge based on a maximum entitlement of \_\_\_\_ acre-feet per year multiplied by  
21 the rate established by the Contractor for that year.  
22

23 (b) The M&I Water service capital charge may be adjusted  
24 periodically by the Contractor as a result of repayment determinations provided for in the  
25 Repayment Contract and to reflect all sources of revenue, but said charge per acre-foot  
26 shall not be greater than the amount required to amortize Project capital costs allocated

1 to the M&I function and determined by the Contracting Officer to be a part of the  
2 Contractor's Repayment Obligation. Such amortization shall include interest at 3.342  
3 percent per annum. If any adjustment is made in the M&I Water service capital charge,  
4 notice thereof shall be given by the Contractor to the United States and to the  
5 Subcontractor on or before June 1 of the Year preceding the Year the adjusted charge  
6 becomes effective. The M&I Water service capital charge payment for the initial Year  
7 shall be advanced to the Contractor in equal semiannual installments on or before  
8

9 December 1 preceding the initial Year and June 1 of said initial Year; provided, however,  
10 that the payment of the initial M&I Water service capital charge shall not be due until the  
11 Year in which Project Water is available to the Subcontractor after Notice of Completion  
12 of the Water Supply System is issued. Thereafter, for each subsequent Year, payments  
13 by the Subcontractor in accordance with the foregoing provisions shall be made in equal  
14 semiannual installments on or before the December 1 preceding said subsequent Year  
15 and the June 1 of said subsequent Year as may be specified by the Contractor in written  
16 notices to the Subcontractor.  
17

18 (c) Payment of all M&I Water service capital and corresponding  
19 OM&R charges becoming due hereunder prior to or on the dates stipulated in Articles  
20 5.1 and 5.2 is a condition precedent to receiving M&I Water under this subcontract.  
21

22 (d) All payments to be made to the Contractor or the United  
23 States under Articles 5.1 and 5.2 hereof shall be made by the Subcontractor as such  
24 payments fall due from revenues legally available to the Subcontractor for such payment  
25 from the sale of water to its water users and from any and all other sources which might  
26 be legally available; Provided, That no portion of the general taxing authority of the

1 Subcontractor, nor its general funds, nor funds from ad valorem taxes are obligated by  
2 the provisions of this subcontract, nor shall such sources be liable for the payments,  
3 contributions, and other costs pursuant to this subcontract, or to satisfy any obligation  
4 hereunder unless duly and lawfully allocated and budgeted for such purpose by the  
5 Subcontractor for the applicable budget year; and Provided, further, That no portion of  
6 this agreement shall ever be construed to create an obligation superior in lien to or on a  
7 parity with the Subcontractor's revenue bonds now or hereafter issued. The  
8 Subcontractor shall levy and impose such necessary water service charges and rates  
9 and use all the authority and resources available to it to collect all such necessary water  
10 service charges and rates in order that the Subcontractor may meet its obligations  
11 hereunder and make in full all payments required under this subcontract on or before the  
12 date such payments become due.  
13

14  
15 5.3 Loss of Entitlement. The Subcontractor shall have no right to  
16 delivery of water from Project facilities during any period in which the Subcontractor may

25 construed (a) as depriving any party from pursuing and prosecuting any remedy in any  
26 appropriate court of the United States or the State of Arizona which would otherwise be

1 available to such parties even though provisions herein may declare that determinations  
2 or decisions of the Secretary or other persons are conclusive or (b) as depriving any

21 records, and accounts by the Contracting Officer and the Secretary of Labor for  
22 purposes of investigation to ascertain compliance with such rules, regulations, and  
23 orders.  
24

25 (f) In the event of the Subcontractor's noncompliance with the  
26 nondiscrimination clauses of this subcontract or with any of such rules, regulations, or

1 orders, this subcontract may be canceled, terminated, or suspended, in whole or in part,  
2 and the Subcontractor may be declared ineligible for further Government contracts in  
3 accordance with procedures authorized in said amended Executive Order and such  
4 other sanctions may be imposed and remedies invoked as provided in said amended  
5 Executive Order, or by rule, regulation, or order of the Secretary of Labor, or as  
6 otherwise provided by law.  
7

24 pursuant to the Department of the Interior Regulation (43 CFR 17) issued pursuant to  
25 that title to the end that, in accordance with Title VI of that Act and the Regulation, no  
26 person in the United States shall, on the grounds of race, color, or national origin be

1 excluded from participation in, be denied the benefits of, or be otherwise subjected to  
2 discrimination under any program or activity for which the Subcontractor receives  
3 financial assistance from the United States and hereby gives assurance that it shall  
4 immediately take any measures to effectuate this agreement.

5 (b) If any real property or structure thereon is provided or

12 cases, this assurance obligates the Subcontractor for the period during which the  
13 Federal financial assistance is extended to it by the United States.

14 (c) This assurance is given in consideration of and for the  
15 purpose of obtaining any and all Federal grants, loans, contracts, property, discounts, or  
16 other Federal financial assistance extended after the date hereof to the Subcontractor by  
17 the United States, including installment payments after such date on account of  
18 arrangements for Federal financial assistance which were approved before such date.

Avondale shall not be subject to amendments to the WMAT CAP Delivery Contract subsequent to the execution of this Lease Agreement that adversely affect this Lease Agreement unless Avondale agrees to such amended terms in writing.

4.2 Term of Lease Agreement. The term of this Lease Agreement shall begin thirty (30) days after the Enforceability Date and end one hundred (100) years thereafter. At the WMAT's sole discretion and with the approval of the Secretary, the WMAT may enter into a separate lease agreement with Avondale for WMAT CAP Water upon such terms and conditions as may be negotiated at that time either during the term of this Lease Agreement or thereafter, provided however, that the term of any such separate lease shall not exceed one hundred (100) years.

4.3 Avondale's Consideration During Initial Term of Lease Agreement.

4.3.1 Total Water Lease Charge. In consideration for the Leased Water during the term of the Lease Agreement, Avondale shall pay to the WMAT a one-time Total Water Lease Charge which is equal to the sum of the HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Charge and the CAP NIA Priority Water Lease Charge as hereafter determined under Subparagraphs 4.3.1.1 and 4.3.1.2 respectively:

4.3.1.1 HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Charge. The HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Charge shall be the amount of money paid to WMAT by Avondale under this Lease Agreement for HVID CAP Water and CAP NIA M&I Equivalent Priority Water. The HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Charge shall be determined by dividing the CPI-U most recently published and available prior to the Enforceability Date by the CPI-U as published for the month of October, 2008 to determine the ratio (hereafter "ratio"), then multiplying the ratio as determined above by the HVID CAP Water and CAP NIA M&I Equivalent Priority Water base payment of Two Thousand Five Hundred Fifty Dollars (\$2,550) to determine the HVID CAP and CAP NIA M&I Equivalent

Priority Water Lease Rate, and then multiplying the HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Rate, as determined above, by Two Hundred Forty-Two (242) acre-feet (“AF”) to determine the HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Charge.

4.3.1.2 CAP NIA Priority Water Lease Charge. The CAP NIA Priority Water Lease Charge shall be the amount of money paid to WMAT by Avondale under this Lease Agreement for CAP NIA Priority Water that is not firmed under Section 7.17 of the Quantification Agreement. The CAP NIA Priority Water Lease Charge shall be determined by multiplying the ratio by the CAP NIA Priority Water base payment of Two Thousand Seventy Four Dollars (\$2,074) to determine the CAP NIA Priority Water Lease Rate, and then multiplying the CAP NIA Priority Water Lease Rate, as determined above, by Six Hundred Forty (640) AF to determine the CAP NIA Priority Water Lease Charge.

4.3.1.3. An example showing the manner in which the calculation required by this Subparagraph 4.3.1 shall be made, is as follows:

Assuming, solely for purposes of this example, that: (1) the amount of HVID CAP Water and CAP NIA M&I Equivalent Priority Water leased is 1,000 AF per year; (2) the amount of CAP NIA Priority Water leased that is not firmed under Section 7.17 of the Quantification Agreement is 1,000 AF per year; (3) the most recently published CPI-U available prior to the Enforceability Date is 240.69; (4) the CPI-U for October 1, 2008 is 211.69; and (5) the HVID CAP Water and CAP NIA M&I Equivalent Priority Water base payment is \$2,550.00; and the CAP NIA Priority Water base payment is \$2,074.00.

*Calculation (all numbers rounded to the nearest hundredth):*

Most recently published CPI-U available prior to Enforceability Date	240.69
CPI-U as of October 2008	211.69
Ratio equals (240.69 divided by 211.69)	1.14
Base payment for HVID CAP Water and CAP NIA M&I Equivalent Priority Water	\$2,550.00
HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Rate (1.14 x \$2,550.00)	\$2,907.00
HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Charge (\$2,907.00 x 1,000 AF)	\$2,907,000.00
Base payment for CAP NIA Priority Water (non-firmed)	\$2,074.00
CAP NIA Priority Water Lease Rate (1.14 x \$2,074.00)	\$2,364.36
CAP NIA Priority Water Lease Charge (\$2,364.36 x 1,000 AF)	\$2,364,360.00
Total Water Lease Charge (\$2,907,000.00 + \$2,364,360.00) =	\$5,271,360.00

In the event the CPI-U is discontinued or not otherwise available as of the month in which the term begins, the Parties shall select a comparable index.

4.3.2 Avondale may, at its election, pay the Total Water Lease Charge in full (without interest) within thirty (30) days after the date that the term begins. In lieu of making such payment, Avondale may elect to make payment as follows:

4.3.2.1 An initial payment of one-half (1/2) of the Total Water Lease Charge (as determined pursuant to Subparagraph 4.3.1) within thirty (30) days after the date that the term begins, with the remaining balance to be paid in four (4) annual payments, payable on the next four (4) anniversary dates of the date that the term begins. Each such payment shall be one-eighth (1/8) of the Total Water Lease Charge plus interest on the unpaid balance at an annual rate determined as

follows: one percent (1%) over the net interest rate paid by the City of Phoenix on its most recently issued Water System Improvement Junior Lien Revenue Bonds, as of the Enforceability Date. Interest accrued shall not be added to principal and shall not itself bear interest unless delinquent. An example showing the manner in which the payment contemplated by this Subparagraph 4.3.2.1 shall be made is as follows:

Assume, solely for purposes of this example, that the Total Water Lease Charge is \$1,000,000 and the net interest rate paid by the City of Phoenix on its most recently issued Water System Improvement Junior Lien Revenue Bonds, as of the Enforceability Date is five percent (5%). Under this example, the applicable resulting interest rate would be six percent (6%) [ $5\% + 1\% = 6\%$ ] and payments including interest under this Subparagraph 4.3.2.1 would be calculated as follows: Avondale would make an initial payment of \$500,000. The first annual installment would be in the principal amount of [ $\$1,000,000 \times 1/8 = \$125,000$ ] plus interest on the unpaid balance of [ $\$1,000,000 - \$500,000 = \$500,000$ ] in the amount of [ $\$500,000 \times .06 = \$30,000$ ], for a total payment of [ $\$125,000 + \$30,000 = \$155,000$ ]. The second annual installment would be in the principal amount of \$125,000 plus interest on the unpaid balance of [ $\$1,000,000 - \$625,000 = \$375,000$ ] in the amount of [ $\$375,000 \times .06 = \$22,500$ ], for a total payment of [ $\$125,000 + \$22,500 = \$147,500$ ]. The third annual installment would be in the principal amount of \$125,000 plus interest on the unpaid balance of [ $\$1,000,000 - \$750,000 = \$250,000$ ] in the amount of [ $\$250,000 \times .06 =$

\$15,000], for a total payment of [ $\$125,000 + \$15,000 = \$140,000$ ]. The fourth and final annual installment would be in the principal amount of \$125,000 plus interest on the unpaid balance of [ $\$1,000,000 - \$875,000 = \$125,000$ ] in the amount of [ $\$125,000 \times .06 = \$7,500$ ], for a total payment of [ $\$125,000 + 7,500 = \$132,500$ ].

4.3.3 Under the payment option set forth in Subparagraph 4.3.2.1 without any prepayment penalty, Avondale may, at any time, elect to pay the remaining balance in full together with interest on the unpaid balance to the date of such payment.

4.4 CAP Fixed OM&R Charges and CAP Pumping Energy Charges. Avondale shall pay all CAP Fixed OM&R Charges and CAP Pumping Energy Charges for the delivery of the Leased Water to the Operating Agency as mandated by Section 306 (a) (1) (A) (iii) of the Act and upon the same terms and conditions as are mandated by article 5.1 of Avondale's CAP M&I Water Service Subcontract No. 07-XX-30-W0511, as amended, ("Avondale's CAP M&I Water Service Subcontract") except that Avondale's obligation to pay such CAP Fixed OM&R Charges and CAP Pumping Energy Charges shall not begin earlier than the date that Avondale is entitled to receive water under this Lease Agreement, but in no event unless and until the water is scheduled for delivery by Avondale. CAP Fixed OM&R Charges and CAP Pumping Energy Charges are described as "OM&R Costs" in article 5.1 of Avondale's CAP M&I Water Service Subcontract. Prior to the date that the term of this Lease Agreement (as described in Subparagraph 4.2) begins, the WMAT may use the WMAT CAP Water in accordance with the WMAT CAP Water Delivery Contract.

4.5 Other Charges or Payments. Pursuant to Sections 306 (a)(8) and 306(e) of the Act, neither the WMAT nor Avondale shall be obligated to pay water service capital charges or any other charges, payments, or fees for the Leased Water other than as provided in Subparagraphs 4.3, 4.4, and 4.12, and Paragraph 6.0 of this Lease Agreement.

4.6 Delivery of Water. The United States or the Operating Agency shall deliver the WMAT's Leased Water to Avondale through the CAP System as further provided herein; however, neither the United States nor the Operating Agency shall be obligated to make such deliveries if, in the judgment of the Operating Agency or the Secretary, delivery or schedule of deliveries to Avondale would limit deliveries of CAP water to any CAP Contractor, including the WMAT, or CAP Subcontractor to a degree greater than would direct deliveries to the WMAT at the CAP/SRP Interconnection Facility that connects the Hayden-Rhodes Aqueduct of the CAP System to SRP's water delivery system. The United States or the Operating Agency shall deliver the Leased Water to Avondale in accordance with water delivery schedules provided by Avondale to the United States and the Operating Agency, and the Operating Agency shall inform the WMAT of the amount of Leased Water delivered in the previous year. The water ordering procedures contained in article 4.4 of Avondale's CAP M&I Water Service Subcontract (or any replacement subcontracts) shall apply to Avondale's ordering of water under this Lease Agreement. In no event shall the United States or the Operating Agency be required to deliver to Avondale under this Lease Agreement, in any one month, a total amount of Leased Water greater than eleven percent (11%) of Avondale's annual maximum entitlement under this Lease Agreement; provided, however, that the United States or the Operating Agency may deliver a

greater percentage in any month if such increased delivery is compatible with the overall delivery of CAP water to other CAP Contractors and CAP Subcontractors, as determined by the United States and the Operating Agency if Avondale agrees to accept such increased deliveries.

4.6.1 Delivery of Water During Times of Shortages. If a time of shortage exists, as described at Subparagraphs 7.16.1 and 7.16.2 of the Quantification Agreement (1) the amount of Leased Water that is HVID CAP Water shall be reduced by the same percentage by which water available for delivery as CAP Indian Priority Water is reduced in that Year as provided in subsection 5.8 of the WMAT CAP Water Delivery Contract, Section 4 of Amendment No. 2 of the CAP Repayment Contract dated November 30, 2007 and as further provided in Subparagraph 7.16.2 of the Quantification Agreement; (2) the amount of Leased Water that is CAP NIA M&I Equivalent Priority Water available to Avondale under this Lease Agreement, if required to be firmed under the Quantification Agreement or other future agreement, shall be reduced by the same percentage by which water available for delivery as CAP M&I Priority Water is reduced in that Year in accordance with Subparagraph 7.17 of the Quantification Agreement and as provided in Section 4 of Amendment No. 2 of the CAP Repayment Contract dated November 30, 2007, and as provided in subsection 5.8 of the WMAT CAP Water Delivery Contract, and if not required to be firmed under the Quantification Agreement or other future agreement, shall be reduced as provided in (3) herein; and (3) the amount of Leased Water that is CAP NIA Priority Water that is not firmed under Subparagraph 7.17 of the Quantification Agreement available to Avondale under this Lease Agreement shall be reduced by the same percentage by which water available for delivery as CAP NIA Priority Water is reduced in that year in accordance with

Subparagraph 7.16.1 of the Quantification Agreement and as provided in subsection 5.8 of the WMAT CAP Water Delivery Contract. Subject to Subparagraph 4.12, any shortage of HVID CAP Water leased from the WMAT and CAP NIA M&I Equivalent Priority Water leased from the WMAT shall be shared among the Leasing Cities (as that term is defined in Subparagraph 2.48 of the Quantification Agreement) according to the actual percentages leased, which initially are: Avondale, 2.77%; Chandler, 14.47%; Gilbert, 13.31%; Glendale, 7.44%; Mesa, 9.93%; Peoria, 4.06%; Phoenix, 40.21%; Tempe, 7.81%. Subject to Subparagraph 4.12, any shortage of CAP NIA Priority Water leased from WMAT that is not firmed under Section 7.17 of the Quantification Agreement shall be shared among the Leasing Cities (as that term is defined in Subparagraph 2.48 of the Quantification Agreement), CAWCD and any other entity leasing CAP NIA Priority Water from the WMAT according to the actual percentages leased, which initially are: Avondale, 3.93%; Chandler, 20.49%; Gilbert, 18.83%; Glendale, 10.53%; Mesa, 14.07%; Peoria, 5.74%; Tempe, 11.06%; and CAWCD, 15.35%. Notwithstanding anything to the contrary in this Subparagraph 4.6.1, the United States' and the State of Arizona's obligation to provide water to firm any deliveries of WMAT CAP NIA Priority Water under this Lease Agreement does not extend beyond December 31, 2107; provided, however, that neither the United States nor the State of Arizona is prohibited by this Subparagraph 4.6.1 from providing water to firm any deliveries of WMAT CAP NIA Priority Water beyond December 31, 2107, if, subject to the enactment of any necessary additional authorizing legislation, either agrees to do so in any future agreements.

4.7 Use of Leased Water Outside Reservation. Avondale may use or deliver Leased Water for use outside the boundaries of the Reservation, but may not use, lease, transfer the use of, or otherwise cause the Leased Water to be delivered for use outside of the boundaries of the CAP Service Area, except for use within Avondale's water service area when Avondale's water service area extends beyond the CAP Service Area.

4.8 Conditions Relating to Delivery and Use. Avondale shall have the right to use Leased Water for any purpose that is consistent with Arizona law and not expressly prohibited by this Lease Agreement, including exchanges of the Leased Water for other types of water, and groundwater recharge as that term is defined in the CAP Repayment Contract. Except to the extent that this Lease Agreement conflicts with the terms of Avondale's CAP M&I Water Service Subcontract, deliveries of Leased Water to Avondale and its use by Avondale shall be subject to the Conditions Relating to Delivery and Use in article 4.3 of Avondale's CAP M&I Water Service Subcontract. During the term of this Lease Agreement, the following subarticles or articles of Avondale's CAP M&I Water Service Subcontract shall apply to Avondale and to Avondale's use of water under this Lease Agreement: subarticles 4.5(c), 4.5(d), and 5.2(d); articles 4.6, 4.9, 5.3, 5.4, 5.5, 6.4, 6.6, 6.9, 6.10, 6.11, and 6.13. Avondale expressly approves and agrees to all the terms presently set out in the CAP Repayment Contract, or as such terms may be hereafter amended, and agrees to be bound by the actions to be taken and the determinations to be made under that CAP Repayment Contract, to the extent not inconsistent with the express provisions of this Lease Agreement.

4.9 Quality of Water. The OM&R of the CAP System shall be performed in such manner as is practicable to maintain the quality of water made available through such facilities at the highest level reasonably attainable as determined by the Secretary. The United States, the WMAT, and the Operating Agency make no warranty as to the quality of water and are under no obligation to construct or furnish water treatment facilities to maintain or better the quality of water. Avondale waives its right to make a claim against the United States, the Operating Agency, the WMAT, other lessee(s), or CAP Subcontractor(s) because of changes in water quality caused by the commingling of Leased Water with other water.

4.10 Points of Delivery. The Leased Water to be delivered to Avondale pursuant to the provisions of this Lease Agreement shall be delivered at turnouts on the CAP System or such other points that may be agreed upon by Avondale, the United States and the Operating Agency.

4.11 WMAT's Covenants. The WMAT agrees:

(A) To observe and perform all obligations imposed on the WMAT by the WMAT CAP Water Delivery Contract which are not assumed by Avondale so that Avondale's rights and duties are not in any way impaired;

(B) Not to execute any other lease of the WMAT Water, that would impair Avondale's rights and duties hereunder;

(C) Not to alter or modify the terms of the WMAT CAP Water Delivery Contract in such a way as to impair Avondale's rights hereunder or exercise any right or action permitted by the WMAT CAP Water Delivery Contract so as to interfere with or change the rights and obligations of Avondale hereunder; and

(D) Not to terminate or cancel the WMAT CAP Water Delivery Contract or transfer, convey or permit a transfer or conveyance of such contract so as to cause a termination of, interference with, or modification of the rights and obligations of the WMAT under it.

4.12 Assignment of Interest in Leased Water.

(A) General. Avondale may not transfer, assign, sublease or otherwise designate or authorize for the use of others all or any part of the Leased Water without the written approval of the WMAT and the Secretary.

(B) Assignment to the Cities and CAWCD. Notwithstanding the prohibition of Subparagraph 4.12(A) above, approval is hereby granted by the Secretary and the WMAT to Avondale, if Avondale is not in default of its payment obligations to the WMAT, to assign all or any part of its interest in Leased Water under this Lease Agreement to one or more of the Other Cities, or to CAWCD, as provided in this Subparagraph, or to their successor(s) in interest within the boundaries of their existing or future service areas. Before assigning any part of its interest in Leased Water under this Lease Agreement, Avondale shall offer such interest to all the Other Cities in equal shares. In the event that any of the Other Cities elects not to take its share of Avondale's assignment, the water shall then be offered to all of the remaining Other Cities in equal shares until the full amount of the water is so assigned. If CAP NIA M&I Equivalent Priority Water or HVID CAP Water leased from the WMAT and available for assignment is declined by all of the Other Cities, such interest may be assigned to CAWCD. If CAP NIA Priority Water that is not firmed under Section 7.17 of the Quantification Agreement is being made available for assignment, then CAWCD may participate in equal shares with the Other Cities. Such assignment shall be effective

only upon the execution by the assignor and the assignee of a Voluntary Assignment and Assumption Agreement, the form of which is attached to this Lease Agreement as Exhibit 4.12 (Exhibit 10.1.1.1A of the Quantification Agreement). A copy of such Voluntary Assignment and Assumption Agreement shall be provided to the Operating Agency, the WMAT and the United States.

(C) Recovery of Costs Allowed. Avondale shall not assign all or any part of its interest in Leased Water hereunder for an amount in excess of that portion of the Total Water Lease Charge that is attributable to the portion of the Leased Water that is assigned. Nothing in this Lease Agreement shall affect Avondale's ability to recover actual future costs, if any, incurred by Avondale for the transportation, treatment, and distribution of the assigned Leased Water.

4.13 Allocation and Repayment of CAP Costs. Pursuant to Section 305(d) of the Act, for the purposes of determining the allocation and repayment of costs of any stage of the CAP constructed after November 21, 2007, the costs associated with the delivery of Leased Water shall be nonreimbursable and shall be excluded from the repayment obligation of CAWCD. Pursuant to Section 306(a)(8) of the Act, no CAP water service capital charges shall be due or payable for the Leased Water.

5. [Intentionally not used].

6. DEFAULT AND REMEDIES

6.1 Events of Default. Any failure by Avondale to pay the consideration specified in Subparagraph 4.3 for the Leased Water within thirty (30) days after any such payments become due shall constitute a default of Avondale's obligations under this Lease Agreement.

6.2 Notice of Default. In the event of a default by Avondale as defined in Subparagraph 6.1 above, the WMAT shall provide written notice (“Notice of Default”) to Avondale and contemporaneously, shall send copies of such notice to the Other Cities and CAWCD specifying the default and demanding that the default be cured within ninety (90) days of the notice. Notice shall be given in the manner and to the Avondale officers specified in Subparagraph 8.10 of this Lease Agreement. The Notice of Default shall specifically describe the default and state the amount due from Avondale, which amount shall be the sum of all payments due the WMAT that should have been paid, but were not paid (“Default Amount”). The purpose of this Subparagraph is to put Avondale, the Other Cities and CAWCD on notice as to the time and cause of default. De minimis mistakes in the Notice of Default shall not invalidate the effectiveness of the Notice of Default.

6.3 Remedies for Failure to Pay. If Avondale fails to cure a non-payment default in accordance with Subparagraph 6.4(A), and if none of the Other Cities or CAWCD cures the non-payment default pursuant to Subparagraph 6.4(B), the WMAT may terminate this Lease Agreement. If the WMAT terminates this Lease Agreement for non-payment of the Total Water Lease Charge required by Subparagraph 4.3, the WMAT shall be entitled to judgment as provided at Subparagraph 6.4(D), but shall not be entitled to any other remedy as a result of such a default.

6.4 Curing for Avondale’s Non-payment. After Notice of Default, the default may be cured as follows:

(A) First Grace Period. During the first thirty (30) days following the Notice of Default (“First Grace Period”), Avondale shall have the exclusive right to cure any such default by tendering the Default Amount to the WMAT together with interest on the Default Amount accrued

at the annual rate of ten percent (10%) calculated from the date that the missed payment became due (“Due Date”). During the first fifteen (15) days following the Notice of Default, Avondale shall provide written notice to the Other Cities and CAWCD declaring its intent whether it will cure the default, provided that all payments becoming due during the First Grace Period shall be automatically added to and become a part of the Default Amount and interest thereupon shall accrue in accordance with this provision.

(B) Second Grace Period. In the event that Avondale has not cured the default within thirty (30) days following the Notice of Default, Avondale, any of the Other Cities, CAWCD (for CAP NIA Priority Water that is not firmed under Section 7.17 of the Quantification Agreement only) and/or any combination thereof, may thereafter, but only within sixty (60) days following the end of the First Grace Period (“Second Grace Period”), cure the default by tendering the Default Amount to the WMAT together with interest on the Default Amount accrued at the annual rate of ten percent (10%) calculated from the Due Date. Each of the Other Cities and CAWCD (for CAP NIA Priority Water that is not firmed under Section 7.17 of the Quantification Agreement only) that desires to succeed to the interest of Avondale shall, within sixty (60) days of the Notice of Default, give notice to the Other Cities, CAWCD (for CAP NIA Priority Water that is not firmed under Section 7.17 of the Quantification Agreement only) and Avondale that it will be a curing entity and declare the maximum amount of water that it will lease and succeed to the interest of Avondale.

(C) Third Grace Period. If the Other Cities do not cure Avondale’s default for CAP NIA M&I Equivalent Priority Water or HVID CAP Water by the end of the Second Grace Period, then CAWCD may then cure the default by tendering any remaining portion of the Default Amount

within fifteen (15) days after the end of the Second Grace Period (“Third Grace Period”).

Each curing entity shall succeed to the interest and obligation of Avondale to the extent of its contribution, and Avondale and each curing entity shall execute an Assignment and Assumption Agreement in the form attached hereto as Exhibit 6.4 (Exhibit 10.1.1.1B of the Quantification Agreement) whereby the curing entity or entities agree to be bound by the terms of this Lease Agreement to the extent of its/their contribution. Avondale shall be responsible for any proportionate remainder of any Default amount not cured by the Other Cities or CAWCD pursuant to Subparagraphs 6.4(B) and (C). A copy of such Assignment and Assumption Agreement(s) shall be provided by the curing entity to the Operating Agency, the WMAT and the United States. The WMAT shall accept payment from such curing entity or entities in lieu of payment by Avondale. If the curing entities collectively request more water than what is available for assignment and assumption under this Subparagraph, such curing entities shall succeed to the interest of Avondale in equal shares (“Equal Share Amount”); provided, however, if any of the curing entities requests less water than its Equal Share Amount, then the difference between that curing entity’s Equal Share Amount and the amount it requested shall be divided among the other curing entities in equal shares.

If Avondale fails to cure its default within the time-period set forth in Subparagraphs 6.4(B) and (C) it shall execute an Assignment and Assumption Agreement, the form of which is attached hereto as Exhibit 6.4 with each curing entity; provided, however, that if the default is not fully cured by the end of the Third Grace Period, Avondale’s right to Leased Water that has not been assigned pursuant to Subparagraphs 6.4(B) and (C) shall be forfeited back to the WMAT and the WMAT

shall be entitled to the remedy described in Subparagraph 6.4(D) of this Lease Agreement *pro rata* for that portion that has not been cured as provided for herein. If Avondale, or Avondale and any combination of the Other Cities, and CAWCD have arranged to cure the default and the curing entities have signed all necessary Assignment and Assumption Agreements, but Avondale has either failed or refused to sign such agreement(s) before the end of the Third Grace Period, the Assignment and Assumption Agreements(s) shall be self-executing without the need for Avondale to sign an Assignment and Assumption Agreement, the form of which is attached hereto as Exhibit 6.4. A cure effected pursuant to this Subparagraph shall constitute full performance of such default payment obligation to the extent of the amount of Leased Water assigned and assumed.

(D) Default Amount. After Notice of Default and after failure to cure as provided for in Subparagraphs 6.4(A), (B) and (C) hereof, Avondale will be indebted to the WMAT and the WMAT will be entitled to judgment for the Default Amount plus an amount equal to three percent (3%) of the balance of the Total Water Lease Charge not yet due and payable, together with interest on the three percent (3%) of the balance of the Total Water Lease Charge not yet due and payable, from the time of default until judgment is obtained, and such costs and reasonable attorneys fees as the WMAT incurs after the due date for obtaining and collecting judgment for the unpaid amounts as a result of such default. The balance of such amount shall continue to accrue interest at the rate of ten percent (10%) per annum until paid in full. Payment of this amount plus such accrued interest as provided in this Subparagraph shall constitute full performance of Avondale's obligations under Subparagraph 4.3 of this Lease Agreement.

## 7.0 TERMINATION AND SURRENDER OF WATER

7.1 Voluntary Termination of this Lease. After offering to assign the Leased Water in accordance with Subparagraph 4.12, Avondale may terminate this Lease Agreement at any time by submitting written notice to the WMAT of its decision to terminate at least one year prior to the date that it intends the Lease Agreement to be terminated, provided, however, Avondale must receive the written approval of the WMAT before it may terminate this Lease Agreement pursuant to this Subparagraph 7.1 unless Avondale has paid the WMAT at least one-fourth of the Total Water Lease Charge (plus any interest due) set forth in Subparagraph 4.3 of this Lease Agreement. Such notice is irrevocable except upon the WMAT's agreement that Avondale may withdraw its notice. Avondale shall continue to make all payments required by this Lease Agreement during that one-year period and shall not use any Leased Water beyond the day for which the last payment is intended to pay. If Avondale terminates this Lease Agreement, all sums paid by Avondale to the WMAT prior to the date of termination shall remain the property of the WMAT and shall be non-refundable to Avondale.

7.2 Voluntary Surrender of a Portion of the Leased Water. After offering to transfer, assign or sublease the Leased Water in accordance with Subparagraph 4.12, Avondale may elect, at any time during the term of this Lease Agreement to surrender its interest in any portion of the Leased Water by providing written notice to the WMAT of its decision to surrender such interest at least one year prior to the time that it intends to surrender its interest. However, Avondale must receive the written approval of the WMAT before it may surrender any portion of its interest under this Lease Agreement pursuant to this Subparagraph 7.2 unless Avondale has paid

the WMAT at least one-fourth of the Total Water Lease Charge set forth in Subparagraph 4.3 of this Lease Agreement. Such notice is irrevocable except upon the WMAT's agreement that Avondale may withdraw its notification. Avondale shall continue to make all payments required of this Lease Agreement during that one year period of time and shall not use any Leased Water that will be surrendered pursuant to this Subparagraph 7.2 beyond the day for which the last payment is intended to pay. If Avondale surrenders its interest in all or any portion of the Leased Water, all sums paid by Avondale to the WMAT for such water prior to the date of surrender shall remain the property of the WMAT and shall be non-refundable to Avondale. All portions of the Lease Agreement shall remain in effect for all the portions of the Leased Water that are not surrendered. To the extent that the retained portion of the Leased Water has not already been paid for by Avondale, payment shall be in proportion to the amount of water retained by Avondale, charged at the per acre-foot charge, including applicable interest, for Leased Water as calculated pursuant to Subparagraph 4.3 of this Lease Agreement for the years remaining on the term of this Lease Agreement. At the time of the surrender of Leased Water pursuant to this Subparagraph 7.2, Avondale shall pay to the WMAT an amount equal to three percent (3%) of the principal payment for the portion of the Leased Water surrendered.

8. GENERAL PROVISIONS

8.1 United States Consent to Lease Agreement. The United States hereby approves and consents to this Lease Agreement.

8.2 Lease Agreement Renegotiation. The Parties to this Lease Agreement agree that the WMAT and Avondale may renegotiate this Lease Agreement at any time during its term, as

provided in and subject to the provisions of Subparagraph 7.4 of the Quantification Agreement.

8.3 Lease Agreement Extension. If the ADWR has adopted a final rule or substantive policy statement that enables the Lease Water to be counted as part of Avondale's Assured Water Supply if the term of this Lease is extended, the WMAT agrees to meet with Avondale and discuss the extension of the term of the Lease Agreement within the time-frame required by the applicable ADWR rule or substantive policy statement.

8.4 Effective Date. This Lease Agreement shall become effective upon the occurrence of the last of the following events: (1) a date thirty (30) days after the Enforceability Date; or (2) the execution of this Lease Agreement by all Parties.

8.5 Rejection of Lease Agreement. Thirty (30) days after the Enforceability Date Avondale at its option may, upon written notice to the WMAT, reject this Lease Agreement. In the event Avondale rejects this Lease Agreement pursuant to this Subparagraph 8.5, Avondale shall have no obligations under this Lease Agreement and Avondale's entitlement shall be offered to the Other Cities and CAWCD as provided in Subparagraph 4.12(B) until that water is fully leased, provided, however, the assignment of the entitlement as provided in Subparagraph 4.12(B) must be completed no later than ninety (90) days after the date of the Rejection Notice. If the assignment of the entitlement to Leased Water is not completed within ninety (90) days after the date of the Rejection Notice, the Leased Water entitlement shall revert back to the WMAT for disposition by the WMAT at its sole discretion, including leasing the water entitlement to any person or entity within the CAP Service Area.

8.6 Enforceability of Lease Agreement. In the event this Lease Agreement becomes null and void as contemplated by this Subparagraph 8.7, Avondale's entitlement shall be offered to the Other Cities and CAWCD as provided in Subparagraph 4.12(B) until that water is fully leased, provided, however the assignment of the entitlement as provided in Subparagraph 4.12(B) must be completed no later than ninety (90) days after the WMAT serves written notice that this Lease Agreement by a final judgment has been deemed to be null and void; and further provided, that the Other Cities or CAWCD, as the case may be, accepting the assignment must pay to the WMAT an amount equal to the amount of money refunded by WMAT to Avondale. If the assignment to the Other Cities or CAWCD and payment to the WMAT for the assigned entitlement to Leased Water is not completed within ninety (90) days after the WMAT serves written notice that this Lease Agreement by a final judgment has been deemed null and void,

the Leased Water entitlement shall revert back to the WMAT for disposition by the WMAT at its sole discretion, subject to the requirements of the Act and the Quantification Agreement, including leasing the water entitlement in accordance with the provisions of Paragraph 9.0 of the Quantification Agreement.

3.39 “WMAT Reservation” or “Reservation” shall mean the land located within the exterior boundaries of the White Mountain Indian Reservation established by Executive Order dated November 9, 1871, as modified by subsequent Executive Orders and Acts of Congress: (1) known on December 8, 2010, the date of enactment of the Act, as the “Fort Apache Reservation” pursuant to chapter 3 of the Act of June 7, 1897 (30 Stat. 62); and (2) generally depicted on the map attached as Exhibit 2.81 to the Quantification Agreement. The depiction of

the Reservation on the map attached as Exhibit 2.81 to the Quantification Agreement shall not: (1) be used to affect any dispute between the WMAT and the United States concerning the legal boundary of the Reservation; or (2) constitute an admission by the WMAT with regard to any dispute between the WMAT and the United States concerning the legal boundary of the Reservation.

3.40 "Year" shall mean a calendar year. When not capitalized, the term "year" shall have the meaning in the Paragraph or Subparagraph in which the term is used.

NOW, THEREFORE, in consideration of the mutual covenants contained in this and other pertinent agreements, it is agreed as follows:

#### 4.0 LEASE OF WATER

4.1 Subject of Lease. The WMAT hereby leases to Chandler (1) One Hundred Seventy-Six (176) acre-feet per year of its HVID CAP Water and (2) One Thousand Eighty-Five (1,085) acre-feet per year of its CAP NIA M&I Equivalent Priority Water and (3) Three Thousand Three Hundred Thirty-Six (3,336) acre-feet per year of its CAP NIA Priority Water that is not firmed under Section 7.17 of the Quantification Agreement. The Leased Water is subject to the terms and conditions of the WMAT CAP Water Delivery Contract except as agreed to herein. Chandler shall not be subject to amendments to the WMAT CAP Delivery Contract subsequent to the execution of this Lease Agreement that adversely affect this Lease Agreement unless Chandler agrees to such amended terms in writing.

4.2 Term of Lease Agreement. The term of this Lease Agreement shall begin thirty (30) days after the Enforceability Date and end one hundred (100) years thereafter. At the WMAT's sole

discretion and with the approval of the Secretary, the WMAT may enter into a separate lease agreement with Chandler for WMAT CAP Water upon such terms and conditions as may be negotiated at that time either during the term of this Lease Agreement or thereafter, provided however, that the term of any such separate lease shall not exceed one hundred (100) years.

4.3 Chandler's Consideration During Initial Term of Lease Agreement.

4.3.1 Total Water Lease Charge. In consideration for the Leased Water during the term of the Lease Agreement, Chandler shall pay to the WMAT a one-time Total Water Lease Charge which is equal to the sum of the HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Charge and the CAP NIA Priority Water Lease Charge as hereafter determined under Subparagraphs 4.3.1.1 and 4.3.1.2 respectively:

4.3.1.1 HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Charge. The HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Charge shall be the amount of money paid to WMAT by Chandler under this Lease Agreement for HVID CAP Water and CAP NIA M&I Equivalent Priority Water. The HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Charge shall be determined by dividing the CPI-U most recently published and available prior to the Enforceability Date by the CPI-U as published for the month of October, 2008 to determine the ratio (hereafter "ratio"), then multiplying the ratio as determined above by the HVID CAP Water and CAP NIA M&I Equivalent Priority Water base payment of Two Thousand Five Hundred Fifty Dollars (\$2,550) to determine the HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Rate, and then multiplying the HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Rate, as determined above, by One Thousand Two Hundred Sixty-One (1,261)

acre-feet (“AF”) to determine the HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Charge.

4.3.1.2 CAP NIA Priority Water Lease Charge. The CAP NIA Priority Water Lease Charge shall be the amount of money paid to WMAT by Chandler under this Lease Agreement for CAP NIA Priority Water that is not firmed under Section 7.17 of the Quantification Agreement. The CAP NIA Priority Water Lease Charge shall be determined by multiplying the ratio by the CAP NIA Priority Water base payment of Two Thousand Seventy Four Dollars (\$2,074) to determine the CAP NIA Priority Water Lease Rate, and then multiplying the CAP NIA Priority Water Lease Rate, as determined above, by Three Thousand Three Hundred Thirty-Six (3,336) AF to determine the CAP NIA Priority Water Lease Charge.

4.3.1.3. An example showing the manner in which the calculation required by this Subparagraph 4.3.1 shall be made, is as follows:

Assuming, solely for purposes of this example, that: (1) the amount of HVID CAP Water and CAP NIA M&I Equivalent Priority Water leased is 1,000 AF per year; (2) the amount of CAP NIA Priority Water leased that is not firmed under Section 7.17 of the Quantification Agreement is 1,000 AF per year; (3) the most recently published CPI-U available prior to the Enforceability Date is 240.69; (4) the CPI-U for October 1, 2008 is 211.69; and (5) the HVID CAP Water and CAP NIA M&I Equivalent Priority Water base payment is \$2,550.00; and the CAP NIA Priority Water base payment is \$2,074.00.

*Calculation (all numbers rounded to the nearest hundredth):*

Most recently published CPI-U available prior to Enforceability Date	240.69
----------------------------------------------------------------------	--------

CPI-U as of October 2008	211.69
Ratio equals (240.69 divided by 211.69)	1.14
Base payment for HVID CAP Water and CAP NIA M&I Equivalent Priority Water	\$2,550.00
HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Rate (1.14 x \$2,550.00)	\$2,907.00
HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Charge (\$2,907.00 x 1,000 AF)	\$2,907,000.00
Base payment for CAP NIA Priority Water (non-firmed)	\$2,074.00
CAP NIA Priority Water Lease Rate (1.14 x \$2,074.00)	\$2,364.36
CAP NIA Priority Water Lease Charge (\$2,364.36 x 1,000 AF)	\$2,364,360.00
Total Water Lease Charge (\$2,907,000.00 + \$2,364,360.00) =	\$5,271,360.00

In the event the CPI-U is discontinued or not otherwise available as of the month in which the term begins, the Parties shall select a comparable index.

4.3.2 Chandler may, at its election, pay the Total Water Lease Charge in full (without interest) within thirty (30) days after the date that the term begins. In lieu of making such payment, Chandler may elect to make payment as follows:

4.3.2.1 An initial payment of one-half (1/2) of the Total Water Lease Charge (as determined pursuant to Subparagraph 4.3.1) within thirty (30) days after the date that the term begins, with the remaining balance to be paid in four (4) annual payments, payable on the next four (4) anniversary dates of the date that the term begins. Each such payment shall be one-eighth (1/8) of the Total Water Lease Charge plus interest on the unpaid balance at an annual rate determined as follows: one percent (1%) over the net interest rate paid by the City of Phoenix on its most recently

issued Water System Improvement Junior Lien Revenue Bonds, as of the Enforceability Date. Interest accrued shall not be added to principal and shall not itself bear interest unless delinquent. An example showing the manner in which the payment contemplated by this Subparagraph 4.3.2.1 shall be made is as follows:

Assume, solely for purposes of this example, that the Total Water Lease Charge is \$1,000,000 and the net interest rate paid by the City of Phoenix on its most recently issued Water System Improvement Junior Lien Revenue Bonds, as of the Enforceability Date is five percent (5%). Under this example, the applicable resulting interest rate would be six percent (6%) [ $5\% + 1\% = 6\%$ ] and payments including interest under this Subparagraph 4.3.2.1 would be calculated as follows: Chandler would make an initial payment of \$500,000. The first annual installment would be in the principal amount of [ $\$1,000,000 \times 1/8 = \$125,000$ ] plus interest on the unpaid balance of [ $\$1,000,000 - \$500,000 = \$500,000$ ] in the amount of [ $\$500,000 \times .06 = \$30,000$ ], for a total payment of [ $\$125,000 + \$30,000 = \$155,000$ ]. The second annual installment would be in the principal amount of \$125,000 plus interest on the unpaid balance of [ $\$1,000,000 - \$625,000 = \$375,000$ ] in the amount of [ $\$375,000 \times .06 = \$22,500$ ], for a total payment of [ $\$125,000 + \$22,500 = \$147,500$ ]. The third annual installment would be in the principal amount of \$125,000 plus interest on the unpaid balance of [ $\$1,000,000 - \$750,000 = \$250,000$ ] in the amount of [ $\$250,000 \times .06 = \$15,000$ ], for a total payment of [ $\$125,000 + \$15,000 = \$140,000$ ]. The fourth

and final annual installment would be in the principal amount of \$125,000 plus interest on the unpaid balance of [ $\$1,000,000 - \$875,000 = \$125,000$ ] in the amount of [ $\$125,000 \times .06 = \$7,500$ ], for a total payment of [ $\$125,000 + 7,500 = \$132,500$ ].

4.3.3 Under the payment option set forth in Subparagraph 4.3.2.1 without any prepayment penalty, Chandler may, at any time, elect to pay the remaining balance in full together with interest on the unpaid balance to the date of such payment.

4.4 CAP Fixed OM&R Charges and CAP Pumping Energy Charges. Chandler shall pay all CAP Fixed OM&R Charges and CAP Pumping Energy Charges for the delivery of the Leased Water to the Operating Agency as mandated by Section 306 (a) (1) (A) (iii) of the Act and upon the same terms and conditions as are mandated by article 5.1 of Chandler's CAP M&I Water Service Subcontract No. 07-XX-30-W0476, as amended, ("Chandler's CAP M&I Water Service Subcontract") except that Chandler's obligation to pay such CAP Fixed OM&R Charges and CAP Pumping Energy Charges shall not begin earlier than the date that Chandler is entitled to receive water under this Lease Agreement, but in no event unless and until the water is scheduled for delivery by Chandler. CAP Fixed OM&R Charges and CAP Pumping Energy Charges are described as "OM&R Costs" in article 5.1 of Chandler's CAP M&I Water Service Subcontract. Prior to the date that the term of this Lease Agreement (as described in Subparagraph 4.2) begins, the WMAT may use the WMAT CAP Water in accordance with the WMAT CAP Water Delivery Contract.

4.5 Other Charges or Payments. Pursuant to Sections 306 (a)(8) and 306(e) of the Act, neither the WMAT nor Chandler shall be obligated to pay water service capital charges or any other charges, payments, or fees for the Leased Water other than as provided in Subparagraphs 4.3, 4.4, and 4.12, and Paragraph 6.0 of this Lease Agreement.

4.6 Delivery of Water. The United States or the Operating Agency shall deliver the WMAT's Leased Water to Chandler through the CAP System as further provided herein; however, neither the United States nor the Operating Agency shall be obligated to make such deliveries if, in the judgment of the Operating Agency or the Secretary, delivery or schedule of deliveries to Chandler would limit deliveries of CAP water to any CAP Contractor, including the WMAT, or CAP Subcontractor to a degree greater than would direct deliveries to the WMAT at the CAP/SRP Interconnection Facility that connects the Hayden-Rhodes Aqueduct of the CAP System to SRP's water delivery system. The United States or the Operating Agency shall deliver the Leased Water to Chandler in accordance with water delivery schedules provided by Chandler to the United States and the Operating Agency, and the Operating Agency shall inform the WMAT of the amount of Leased Water delivered in the previous year. The water ordering procedures contained in article 4.4 of Chandler's CAP M&I Water Service Subcontract (or any replacement subcontracts) shall apply to Chandler's ordering of water under this Lease Agreement. In no event shall the United States or the Operating Agency be required to deliver to Chandler under this Lease Agreement, in any one month, a total amount of Leased Water greater than eleven percent (11%) of Chandler's annual maximum entitlement under this Lease Agreement; provided, however, that the United States or the Operating Agency may deliver a

greater percentage in any month if such increased delivery is compatible with the overall delivery of CAP water to other CAP Contractors and CAP Subcontractors, as determined by the United States and the Operating Agency if Chandler agrees to accept such increased deliveries.

4.6.1 Delivery of Water During Times of Shortages. If a time of shortage exists, as described at Subparagraphs 7.16.1 and 7.16.2 of the Quantification Agreement (1) the amount of Leased Water that is HVID CAP Water shall be reduced by the same percentage by which water available for delivery as CAP Indian Priority Water is reduced in that Year as provided in subsection 5.8 of the WMAT CAP Water Delivery Contract, Section 4 of Amendment No. 2 of the CAP Repayment Contract dated November 30, 2007 and as further provided in Subparagraph 7.16.2 of the Quantification Agreement; (2) the amount of Leased Water that is CAP NIA M&I Equivalent Priority Water available to Chandler under this Lease Agreement, if required to be firmed under the Quantification Agreement or other future agreement, shall be reduced by the same percentage by which water available for delivery as CAP M&I Priority Water is reduced in that Year in accordance with Subparagraph 7.17 of the Quantification Agreement and as provided in Section 4 of Amendment No. 2 of the CAP Repayment Contract dated November 30, 2007, and as provided in subsection 5.8 of the WMAT CAP Water Delivery Contract, and if not required to be firmed under the Quantification Agreement or other future agreement, shall be reduced as provided in (3) herein; and (3) the amount of Leased Water that is CAP NIA Priority Water that is not firmed under Subparagraph 7.17 of the Quantification Agreement available to Chandler under this Lease Agreement shall be reduced by the same percentage by which water available for delivery as CAP NIA Priority Water is reduced in that year in accordance with

Subparagraph 7.16.1 of the Quantification Agreement and as provided in subsection 5.8 of the WMAT CAP Water Delivery Contract. Subject to Subparagraph 4.12, any shortage of HVID CAP Water leased from the WMAT and CAP NIA M&I Equivalent Priority Water leased from the WMAT shall be shared among the Leasing Cities (as that term is defined in Subparagraph 2.48 of the Quantification Agreement) according to the actual percentages leased, which initially are: Avondale, 2.77%; Chandler, 14.47%; Gilbert, 13.31%; Glendale, 7.44%; Mesa, 9.93%; Peoria, 4.06%; Phoenix, 40.21%; Tempe, 7.81%. Subject to Subparagraph 4.12, any shortage of CAP NIA Priority Water leased from WMAT that is not firmed under Section 7.17 of the Quantification Agreement shall be shared among the Leasing Cities (as that term is defined in Subparagraph 2.48 of the Quantification Agreement), CAWCD and any other entity leasing CAP NIA Priority Water from the WMAT according to the actual percentages leased, which initially are: Avondale, 3.93%; Chandler, 20.49%; Gilbert, 18.83%; Glendale, 10.53%; Mesa, 14.07%; Peoria, 5.74%; Tempe, 11.06%; and CAWCD, 15.35%. Notwithstanding anything to the contrary in this Subparagraph 4.6.1, the United States' and the State of Arizona's obligation to provide water to firm any deliveries of WMAT CAP NIA Priority Water under this Lease Agreement does not extend beyond December 31, 2107; provided, however, that neither the United States nor the State of Arizona is prohibited by this Subparagraph 4.6.1 from providing water to firm any deliveries of WMAT CAP NIA Priority Water beyond December 31, 2107, if, subject to the enactment of any necessary additional authorizing legislation, either agrees to do so in any future agreements.

4.7 Use of Leased Water Outside Reservation. Chandler may use or deliver Leased Water for use outside the boundaries of the Reservation, but may not use, lease, transfer the use of, or otherwise cause the Leased Water to be delivered for use outside of the boundaries of the CAP Service Area, except for use within Chandler's water service area when Chandler's water service area extends beyond the CAP Service Area.

4.8 Conditions Relating to Delivery and Use. Chandler shall have the right to use Leased Water for any purpose that is consistent with Arizona law and not expressly prohibited by this Lease Agreement, including exchanges of the Leased Water for other types of water, and groundwater recharge as that term is defined in the CAP Repayment Contract. Except to the extent that this Lease Agreement conflicts with the terms of Chandler's CAP M&I Water Service Subcontract, deliveries of Leased Water to Chandler and its use by Chandler shall be subject to the Conditions Relating to Delivery and Use in article 4.3 of Chandler's CAP M&I Water Service Subcontract. During the term of this Lease Agreement, the following subarticles or articles of Chandler's CAP M&I Water Service Subcontract shall apply to Chandler and to Chandler's use of water under this Lease Agreement: subarticles 4.5(c), 4.5(d), and 5.2(d); articles 4.6, 4.9, 5.3, 5.4, 5.5, 6.4, 6.6, 6.9, 6.10, 6.11, and 6.13. Chandler expressly approves and agrees to all the terms presently set out in the CAP Repayment Contract, or as such terms may be hereafter amended, and agrees to be bound by the actions to be taken and the determinations to be made under that CAP Repayment Contract, to the extent not inconsistent with the express provisions of this Lease Agreement.

4.9 Quality of Water. The OM&R of the CAP System shall be performed in such manner as is practicable to maintain the quality of water made available through such facilities at the highest level reasonably attainable as determined by the Secretary. The United States, the WMAT, and the Operating Agency make no warranty as to the quality of water and are under no obligation to construct or furnish water treatment facilities to maintain or better the quality of water. Chandler waives its right to make a claim against the United States, the Operating Agency, the WMAT, other lessee(s), or CAP Subcontractor(s) because of changes in water quality caused by the commingling of Leased Water with other water.

4.10 Points of Delivery. The Leased Water to be delivered to Chandler pursuant to the provisions of this Lease Agreement shall be delivered at turnouts on the CAP System or such other points that may be agreed upon by Chandler, the United States and the Operating Agency.

4.11 WMAT's Covenants. The WMAT agrees:

(A) To observe and perform all obligations imposed on the WMAT by the WMAT CAP Water Delivery Contract which are not assumed by Chandler so that Chandler's rights and duties are not in any way impaired;

(B) Not to execute any other lease of the WMAT Water, that would impair Chandler's rights and duties hereunder;

(C) Not to alter or modify the terms of the WMAT CAP Water Delivery Contract in such a way as to impair Chandler's rights hereunder or exercise any right or action permitted by the WMAT CAP Water Delivery Contract so as to interfere with or change the rights and obligations of Chandler hereunder; and

(D) Not to terminate or cancel the WMAT CAP Water Delivery Contract or transfer, convey or permit a transfer or conveyance of such contract so as to cause a termination of, interference with, or modification of the rights and obligations of the WMAT under it.

4.12 Assignment of Interest in Leased Water.

(A) General. Chandler may not transfer, assign, sublease or otherwise designate or authorize for the use of others all or any part of the Leased Water without the written approval of the WMAT and the Secretary.

(B) Assignment to the Cities and CAWCD. Notwithstanding the prohibition of Subparagraph 4.12(A) above, approval is hereby granted by the Secretary and the WMAT to Chandler, if Chandler is not in default of its payment obligations to the WMAT, to assign all or any part of its interest in Leased Water under this Lease Agreement to one or more of the Other Cities, or to CAWCD, as provided in this Subparagraph, or to their successor(s) in interest within the boundaries of their existing or future service areas. Before assigning any part of its interest in Leased Water under this Lease Agreement, Chandler shall offer such interest to all the Other Cities in equal shares. In the event that any of the Other Cities elects not to take its share of Chandler's assignment, the water shall then be offered to all of the remaining Other Cities in equal shares until the full amount of the water is so assigned. If CAP NIA M&I Equivalent Priority Water or HVID CAP Water leased from the WMAT and available for assignment is declined by all of the Other Cities, such interest may be assigned to CAWCD. If CAP NIA Priority Water that is not firmed under Section 7.17 of the Quantification Agreement is being made available for assignment, then CAWCD may participate in equal shares with the Other Cities. Such assignment shall be effective

only upon the execution by the assignor and the assignee of a Voluntary Assignment and Assumption Agreement, the form of which is attached to this Lease Agreement as Exhibit 4.12 (Exhibit 10.1.1.1A of the Quantification Agreement). A copy of such Voluntary Assignment and Assumption Agreement shall be provided to the Operating Agency, the WMAT and the United States.

(C) Recovery of Costs Allowed. Chandler shall not assign all or any part of its interest in Leased Water hereunder for an amount in excess of that portion of the Total Water Lease Charge that is attributable to the portion of the Leased Water that is assigned. Nothing in this Lease Agreement shall affect Chandler's ability to recover actual future costs, if any, incurred by Chandler for the transportation, treatment, and distribution of the assigned Leased Water.

4.13 Allocation and Repayment of CAP Costs. Pursuant to Section 305(d) of the Act, for the purposes of determining the allocation and repayment of costs of any stage of the CAP constructed after November 21, 2007, the costs associated with the delivery of Leased Water shall be nonreimbursable and shall be excluded from the repayment obligation of CAWCD. Pursuant to Section 306(a)(8) of the Act, no CAP water service capital charges shall be due or payable for the Leased Water.

5. [Intentionally not used].

6. DEFAULT AND REMEDIES

6.1 Events of Default. Any failure by Chandler to pay the consideration specified in Subparagraph 4.3 for the Leased Water within thirty (30) days after any such payments become due shall constitute a default of Chandler's obligations under this Lease Agreement.

6.2 Notice of Default. In the event of a default by Chandler as defined in Subparagraph 6.1 above, the WMAT shall provide written notice (“Notice of Default”) to Chandler and contemporaneously, shall send copies of such notice to the Other Cities and CAWCD specifying the default and demanding that the default be cured within ninety (90) days of the notice. Notice shall be given in the manner and to the Chandler officers specified in Subparagraph 8.10 of this Lease Agreement. The Notice of Default shall specifically describe the default and state the amount due from Chandler, which amount shall be the sum of all payments due the WMAT that should have been paid, but were not paid (“Default Amount”). The purpose of this Subparagraph is to put Chandler, the Other Cities and CAWCD on notice as to the time and cause of default. De minimis mistakes in the Notice of Default shall not invalidate the effectiveness of the Notice of Default.

6.3 Remedies for Failure to Pay. If Chandler fails to cure a non-payment default in accordance with Subparagraph 6.4(A), and if none of the Other Cities or CAWCD cures the non-payment default pursuant to Subparagraph 6.4(B), the WMAT may terminate this Lease Agreement. If the WMAT terminates this Lease Agreement for non-payment of the Total Water Lease Charge required by Subparagraph 4.3, the WMAT shall be entitled to judgment as provided at Subparagraph 6.4(D), but shall not be entitled to any other remedy as a result of such a default.

6.4 Curing for Chandler’s Non-payment. After Notice of Default, the default may be cured as follows:

(A) First Grace Period. During the first thirty (30) days following the Notice of Default (“First Grace Period”), Chandler shall have the exclusive right to cure any such default by tendering the Default Amount to the WMAT together with interest on the Default Amount accrued

at the annual rate of ten percent (10%) calculated from the date that the missed payment became due (“Due Date”). During the first fifteen (15) days following the Notice of Default, Chandler shall provide written notice to the Other Cities and CAWCD declaring its intent whether it will cure the default, provided that all payments becoming due during the First Grace Period shall be automatically added to and become a part of the Default Amount and interest thereupon shall accrue in accordance with this provision.

(B) Second Grace Period. In the event that Chandler has not cured the default within thirty (30) days following the Notice of Default, Chandler, any of the Other Cities, CAWCD (for CAP NIA Priority Water that is not firmed under Section 7.17 of the Quantification Agreement only) and/or any combination thereof, may thereafter, but only within sixty (60) days following the end of the First Grace Period (“Second Grace Period”), cure the default by tendering the Default Amount to the WMAT together with interest on the Default Amount accrued at the annual rate of ten percent (10%) calculated from the Due Date. Each of the Other Cities and CAWCD (for CAP NIA Priority Water that is not firmed under Section 7.17 of the Quantification Agreement only) that desires to succeed to the interest of Chandler shall, within sixty (60) days of the Notice of Default, give notice to the Other Cities, CAWCD (for CAP NIA Priority Water that is not firmed under Section 7.17 of the Quantification Agreement only) and Chandler that it will be a curing entity and declare the maximum amount of water that it will lease and succeed to the interest of Chandler.

(C) Third Grace Period. If the Other Cities do not cure Chandler’s default for CAP NIA M&I Equivalent Priority Water or HVID CAP Water by the end of the Second Grace Period, then CAWCD may then cure the default by tendering any remaining portion of the Default Amount

within fifteen (15) days after the end of the Second Grace Period (“Third Grace Period”).

Each curing entity shall succeed to the interest and obligation of Chandler to the extent of its contribution, and Chandler and each curing entity shall execute an Assignment and Assumption Agreement in the form attached hereto as Exhibit 6.4 (Exhibit 10.1.1.1B of the Quantification Agreement) whereby the curing entity or entities agree to be bound by the terms of this Lease Agreement to the extent of its/their contribution. Chandler shall be responsible for any proportionate remainder of any Default amount not cured by the Other Cities or CAWCD pursuant to Subparagraphs 6.4(B) and (C). A copy of such Assignment and Assumption Agreement(s) shall be provided by the curing entity to the Operating Agency, the WMAT and the United States. The WMAT shall accept payment from such curing entity or entities in lieu of payment by Chandler. If the curing entities collectively request more water than what is available for assignment and assumption under this Subparagraph, such curing entities shall succeed to the interest of Chandler in equal shares (“Equal Share Amount”); provided, however, if any of the curing entities requests less water than its Equal Share Amount, then the difference between that curing entity’s Equal Share Amount and the amount it requested shall be divided among the other curing entities in equal shares.

If Chandler fails to cure its default within the time-period set forth in Subparagraphs 6.4(B) and (C) it shall execute an Assignment and Assumption Agreement, the form of which is attached hereto as Exhibit 6.4 with each curing entity; provided, however, that if the default is not fully cured by the end of the Third Grace Period, Chandler’s right to Leased Water that has not been assigned pursuant to Subparagraphs 6.4(B) and (C) shall be forfeited back to the WMAT and the WMAT

shall be entitled to the remedy described in Subparagraph 6.4(D) of this Lease Agreement *pro rata* for that portion that has not been cured as provided for herein. If Chandler, or Chandler and any combination of the Other Cities, and CAWCD have arranged to cure the default and the curing entities have signed all necessary Assignment and Assumption Agreements, but Chandler has either failed or refused to sign such agreement(s) before the end of the Third Grace Period, the Assignment and Assumption Agreements(s) shall be self-executing without the need for Chandler to sign an Assignment and Assumption Agreement, the form of which is attached hereto as Exhibit 6.4. A cure effected pursuant to this Subparagraph shall constitute full performance of such default payment obligation to the extent of the amount of Leased Water assigned and assumed.

(D) Default Amount. After Notice of Default and after failure to cure as provided for in Subparagraphs 6.4(A), (B) and (C) hereof, Chandler will be indebted to the WMAT and the WMAT will be entitled to judgment for the Default Amount plus an amount equal to three percent (3%) of the balance of the Total Water Lease Charge not yet due and payable, together with interest on the three percent (3%) of the balance of the Total Water Lease Charge not yet due and payable, from the time of default until judgment is obtained, and such costs and reasonable attorneys fees as the WMAT incurs after the due date for obtaining and collecting judgment for the unpaid amounts as a result of such default. The balance of such amount shall continue to accrue interest at the rate of ten percent (10%) per annum until paid in full. Payment of this amount plus such accrued interest as provided in this Subparagraph shall constitute full performance of Chandler's obligations under Subparagraph 4.3 of this Lease Agreement.

7.0 TERMINATION AND SURRENDER OF WATER

7.1 Voluntary Termination of this Lease. After offering to assign the Leased Water in accordance with Subparagraph 4.12, Chandler may terminate this Lease Agreement at any time by submitting written notice to the WMAT of its decision to terminate at least one year prior to the date that it intends the Lease Agreement to be terminated, provided, however, Chandler must receive the written approval of the WMAT before it may terminate this Lease Agreement pursuant to this Subparagraph 7.1 unless Chandler has paid the WMAT at least one-fourth of the Total Water Lease Charge (plus any interest due) set forth in Subparagraph 4.3 of this Lease Agreement. Such notice is irrevocable except upon the WMAT's agreement that Chandler may withdraw its notice. Chandler shall continue to make all payments required by this Lease Agreement during that one-year period and shall not use any Leased Water beyond the day for which the last payment is intended to pay. If Chandler terminates this Lease Agreement, all sums paid by Chandler to the WMAT prior to the date of termination shall remain the property of the WMAT and shall be non-refundable to Chandler.

7.2 Voluntary Surrender of a Portion of the Leased Water. After offering to transfer, assign or sublease the Leased Water in accordance with Subparagraph 4.12, Chandler may elect, at any time during the term of this Lease Agreement to surrender its interest in any portion of the Leased Water by providing written notice to the WMAT of its decision to surrender such interest at least one year prior to the time that it intends to surrender its interest. However, Chandler must receive the written approval of the WMAT before it may surrender any portion of its interest under this Lease Agreement pursuant to this Subparagraph 7.2 unless Chandler has paid

the WMAT at least one-fourth of the Total Water Lease Charge set forth in Subparagraph 4.3 of this Lease Agreement. Such notice is irrevocable except upon the WMAT's agreement that Chandler may withdraw its notification. Chandler shall continue to make all payments required of this Lease Agreement during that one year period of time and shall not use any Leased Water that will be surrendered pursuant to this Subparagraph 7.2 beyond the day for which the last payment is intended to pay. If Chandler surrenders its interest in all or any portion of the Leased Water, all sums paid by Chandler to the WMAT for such water prior to the date of surrender shall remain the property of the WMAT and shall be non-refundable to Chandler. All portions of the Lease Agreement shall remain in effect for all the portions of the Leased Water that are not surrendered. To the extent that the retained portion of the Leased Water has not already been paid for by Chandler, payment shall be in proportion to the amount of water retained by Chandler, charged at the per acre-foot charge, including applicable interest, for Leased Water as calculated pursuant to Subparagraph 4.3 of this Lease Agreement for the years remaining on the term of this Lease Agreement. At the time of the surrender of Leased Water pursuant to this Subparagraph 7.2, Chandler shall pay to the WMAT an amount equal to three percent (3%) of the principal payment for the portion of the Leased Water surrendered.

8. GENERAL PROVISIONS

8.1 United States Consent to Lease Agreement. The United States hereby approves and consents to this Lease Agreement.

8.2 Lease Agreement Renegotiation. The Parties to this Lease Agreement agree that the WMAT and Chandler may renegotiate this Lease Agreement at any time during its term, as

provided in and subject to the provisions of Subparagraph 7.4 of the Quantification Agreement.

8.3 Lease Agreement Extension. If the ADWR has adopted a final rule or substantive policy statement that enables the Lease Water to be counted as part of Chandler's Assured Water Supply if the term of this Lease is extended, the WMAT agrees to meet with Chandler and discuss the extension of the term of the Lease Agreement within the time-frame required by the applicable ADWR rule or substantive policy statement.

8.4 Effective Date. This Lease Agreement shall become effective upon the occurrence of the last of the following events: (1) a date thirty (30) days after the Enforceability Date; or (2) the execution of this Lease Agreement by all Parties.

8.5 Rejection of Lease Agreement. Thirty (30) days after the Enforceability Date Chandler at its option may, upon written notice to the WMAT, reject this Lease Agreement. In the event Chandler rejects this Lease Agreement pursuant to this Subparagraph 8.5, Chandler shall have no obligations under this Lease Agreement and Chandler's entitlement shall be offered to the Other Cities and CAWCD as provided in Subparagraph 4.12(B) until that water is fully leased, provided, however, the assignment of the entitlement as provided in Subparagraph 4.12(B) must be completed no later than ninety (90) days after the date of the Rejection Notice. If the assignment of the entitlement to Leased Water is not completed within ninety (90) days after the date of the Rejection Notice, the Leased Water entitlement shall revert back to the WMAT for disposition by the WMAT at its sole discretion, including leasing the water entitlement to any person or entity within the CAP Service Area.

8.6 Enforceability of Lease Agreement. Upon the occurrence of the events listed in Subparagraph 8.4, this Lease Agreement shall be enforceable between the WMAT and Chandler notwithstanding the performance or non-performance of other provisions of the Quantification Agreement not related to this Lease Agreement. The provisions of the Quantification Agreement that relate to this Lease Agreement include, without limitation, Paragraphs 7.0 and 10.0.

8.7 Invalidity of Lease Agreement. If, as a result of any acts or omissions by a person or entity not a Party to this Lease Agreement, Chandler's entitlement to Leased Water under this Lease Agreement is determined to be invalid by a final judgment entered over the opposition of Chandler with the result that the Lease Agreement is deemed null and void, the WMAT shall refund to Chandler that portion of the lease payment that the number of years remaining in the lease term at the time of such determination bears to the total lease term. In the event this Lease Agreement becomes null and void as contemplated by this Subparagraph 8.7, Chandler's entitlement shall be offered to the Other Cities and CAWCD as provided in Subparagraph 4.12(B) until that water is fully leased, provided, however the assignment of the entitlement as provided in Subparagraph 4.12(B) must be completed no later than ninety (90) days after the WMAT serves written notice that this Lease Agreement by a final judgment has been deemed to be null and void; and further provided, that the Other Cities or CAWCD, as the case may be, accepting the assignment must pay to the WMAT an amount equal to the amount of money refunded by WMAT to Chandler. If the assignment to the Other Cities or CAWCD and payment to the WMAT for the assigned entitlement to Leased Water is not completed within ninety (90) days after the WMAT serves written notice that this Lease Agreement by a final judgment has been deemed null and void, the Leased Water

entitlement shall revert back to the WMAT for disposition by the WMAT at its sole discretion, subject to the requirements of the Act and the Quantification Agreement, including leasing the water entitlement in accordance with the provisions of Paragraph 9.0 of the Quantification Agreement.

3.36 “White Mountain Apache Tribe” or “the WMAT” shall mean the White Mountain Apache Tribe, organized under Section 16 of the Act of June 18, 1934, 48 Stat. 984 (commonly known as the “Indian Reorganization Act”) (25 U.S.C. § 476).

3.37 “WMAT CAP Water” shall mean CAP Water to which the WMAT is entitled pursuant to the WMAT CAP Water Delivery Contract.

3.38 “WMAT CAP Water Delivery Contract” shall mean: (A) Contract No. 08-XX-30-W0529 between the WMAT and the United States dated November 1, 2012, a copy of which is attached to the Quantification Agreement as Exhibit 7.1; and (B) any amendment to that contract.

3.39 “WMAT Reservation” or “Reservation” shall mean the land located within the exterior boundaries of the White Mountain Indian Reservation established by Executive Order dated November 9, 1871, as modified by subsequent Executive Orders and Acts of Congress: (1) known on December 8, 2010, the date of enactment of the Act, as the “Fort Apache Reservation” pursuant to chapter 3 of the Act of June 7, 1897 (30 Stat. 62); and (2) generally depicted on the map attached as Exhibit 2.81 to the Quantification Agreement. The depiction of

the Reservation on the map attached as Exhibit 2.81 to the Quantification Agreement shall not: (1) be used to affect any dispute between the WMAT and the United States concerning the legal boundary of the Reservation; or (2) constitute an admission by the WMAT with regard to any dispute between the WMAT and the United States concerning the legal boundary of the Reservation.

3.40 "Year" shall mean a calendar year. When not capitalized, the term "year" shall have the meaning in the Paragraph or Subparagraph in which the term is used.

NOW, THEREFORE, in consideration of the mutual covenants contained in this and other pertinent agreements, it is agreed as follows:

4.0 LEASE OF WATER

4.1 Subject of Lease. The WMAT hereby leases to Gilbert (1) One Hundred Sixty-Two (162) acre-feet per year of its HVID CAP Water and (2) Nine Hundred Ninety-Eight (998) acre-feet per year of its CAP NIA M&I Equivalent Priority Water and (3) Three Thousand Sixty-Six (3,066) acre-feet per year of its CAP NIA Priority Water that is not firmed under Section 7.17 of the Quantification Agreement. The Leased Water is subject to the terms and conditions of the WMAT CAP Water Delivery Contract except as agreed to herein. Gilbert shall not be subject to amendments to the WMAT CAP Delivery Contract subsequent to the execution of this Lease Agreement that adversely affect this Lease Agreement unless Gilbert agrees to such amended terms in writing.

4.2 Term of Lease Agreement. The term of this Lease Agreement shall begin thirty (30) days after the Enforceability Date and end one hundred (100) years thereafter. At the WMAT's sole

discretion and with the approval of the Secretary, the WMAT may enter into a separate lease agreement with Gilbert for WMAT CAP Water upon such terms and conditions as may be negotiated at that time either during the term of this Lease Agreement or thereafter, provided however, that the term of any such separate lease shall not exceed one hundred (100) years.

4.3 Gilbert's Consideration During Initial Term of Lease Agreement.

4.3.1 Total Water Lease Charge. In consideration for the Leased Water during the term of the Lease Agreement, Gilbert shall pay to the WMAT a one-time Total Water Lease Charge which is equal to the sum of the HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Charge and the CAP NIA Priority Water Lease Charge as hereafter determined under Subparagraphs 4.3.1.1 and 4.3.1.2 respectively:

4.3.1.1 HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Charge. The HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Charge shall be the amount of money paid to WMAT by Gilbert under this Lease Agreement for HVID CAP Water and CAP NIA M&I Equivalent Priority Water. The HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Charge shall be determined by dividing the CPI-U most recently published and available prior to the Enforceability Date by the CPI-U as published for the month of October, 2008 to determine the ratio (hereafter "ratio"), then multiplying the ratio as determined above by the HVID CAP Water and CAP NIA M&I Equivalent Priority Water base payment of Two Thousand Five Hundred Fifty Dollars (\$2,550) to determine the HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Rate, and then multiplying the HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Rate, as determined above, by One Thousand One Hundred Sixty (1,160) acre-

feet (“AF”) to determine the HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Charge.

4.3.1.2 CAP NIA Priority Water Lease Charge. The CAP NIA Priority Water Lease Charge shall be the amount of money paid to WMAT by Gilbert under this Lease Agreement for CAP NIA Priority Water that is not firmed under Section 7.17 of the Quantification Agreement. The CAP NIA Priority Water Lease Charge shall be determined by multiplying the ratio by the CAP NIA Priority Water base payment of Two Thousand Seventy Four Dollars (\$2,074) to determine the CAP NIA Priority Water Lease Rate, and then multiplying the CAP NIA Priority Water Lease Rate, as determined above, by Three Thousand Sixty-Six (3,066) AF to determine the CAP NIA Priority Water Lease Charge.

4.3.1.3. An example showing the manner in which the calculation required by this Subparagraph 4.3.1 shall be made, is as follows:

Assuming, solely for purposes of this example, that: (1) the amount of HVID CAP Water and CAP NIA M&I Equivalent Priority Water leased is 1,000 AF per year; (2) the amount of CAP NIA Priority Water leased that is not firmed under Section 7.17 of the Quantification Agreement is 1,000 AF per year; (3) the most recently published CPI-U available prior to the Enforceability Date is 240.69; (4) the CPI-U for October 1, 2008 is 211.69; and (5) the HVID CAP Water and CAP NIA M&I Equivalent Priority Water base payment is \$2,550.00; and the CAP NIA Priority Water base payment is \$2,074.00.

*Calculation (all numbers rounded to the nearest hundredth):*

Most recently published CPI-U available prior to Enforceability Date	240.69
----------------------------------------------------------------------	--------

CPI-U as of October 2008	211.69
Ratio equals (240.69 divided by 211.69)	1.14
Base payment for HVID CAP Water and CAP NIA M&I Equivalent Priority Water	\$2,550.00
HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Rate (1.14 x \$2,550.00)	\$2,907.00
HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Charge (\$2,907.00 x 1,000 AF)	\$2,907,000.00
Base payment for CAP NIA Priority Water (non-firmed)	\$2,074.00
CAP NIA Priority Water Lease Rate (1.14 x \$2,074.00)	\$2,364.36
CAP NIA Priority Water Lease Charge (\$2,364.36 x 1,000 AF)	\$2,364,360.00
Total Water Lease Charge (\$2,907,000.00 + \$2,364,360.00) =	\$5,271,360.00

In the event the CPI-U is discontinued or not otherwise available as of the month in which the term begins, the Parties shall select a comparable index.

4.3.2 Gilbert may, at its election, pay the Total Water Lease Charge in full (without interest) within thirty (30) days after the date that the term begins. In lieu of making such payment, Gilbert may elect to make payment as follows:

4.3.2.1 An initial payment of one-half (1/2) of the Total Water Lease Charge (as determined pursuant to Subparagraph 4.3.1) within thirty (30) days after the date that the term begins, with the remaining balance to be paid in four (4) annual payments, payable on the next four (4) anniversary dates of the date that the term begins. Each such payment shall be one-eighth (1/8) of the Total Water Lease Charge plus interest on the unpaid balance at an annual rate determined as follows: one percent (1%) over the net interest rate paid by the City of Phoenix on its most recently

issued Water System Improvement Junior Lien Revenue Bonds, as of the Enforceability Date. Interest accrued shall not be added to principal and shall not itself bear interest unless delinquent. An example showing the manner in which the payment contemplated by this Subparagraph 4.3.2.1 shall be made is as follows:

Assume, solely for purposes of this example, that the Total Water Lease Charge is \$1,000,000 and the net interest rate paid by the City of Phoenix on its most recently issued Water System Improvement Junior Lien Revenue Bonds, as of the Enforceability Date is five percent (5%). Under this example, the applicable resulting interest rate would be six percent (6%) [ $5\% + 1\% = 6\%$ ] and payments including interest under this Subparagraph 4.3.2.1 would be calculated as follows: Gilbert would make an initial payment of \$500,000. The first annual installment would be in the principal amount of [ $\$1,000,000 \times 1/8 = \$125,000$ ] plus interest on the unpaid balance of [ $\$1,000,000 - \$500,000 = \$500,000$ ] in the amount of [ $\$500,000 \times .06 = \$30,000$ ], for a total payment of [ $\$125,000 + \$30,000 = \$155,000$ ]. The second annual installment would be in the principal amount of \$125,000 plus interest on the unpaid balance of [ $\$1,000,000 - \$625,000 = \$375,000$ ] in the amount of [ $\$375,000 \times .06 = \$22,500$ ], for a total payment of [ $\$125,000 + \$22,500 = \$147,500$ ]. The third annual installment would be in the principal amount of \$125,000 plus interest on the unpaid balance of [ $\$1,000,000 - \$750,000 = \$250,000$ ] in the amount of [ $\$250,000 \times .06 =$

$\$15,000$ ], for a total payment of [ $\$125,000 + \$15,000 = \$140,000$ ]. The fourth

and final annual installment would be in the principal amount of \$125,000 plus interest on the unpaid balance of [ $\$1,000,000 - \$875,000 = \$125,000$ ] in the amount of [ $\$125,000 \times .06 = \$7,500$ ], for a total payment of [ $\$125,000 + 7,500 = \$132,500$ ].

4.3.3 Under the payment option set forth in Subparagraph 4.3.2.1 without any prepayment penalty, Gilbert may, at any time, elect to pay the remaining balance in full together with interest on the unpaid balance to the date of such payment.

4.4 CAP Fixed OM&R Charges and CAP Pumping Energy Charges. Gilbert shall pay all CAP Fixed OM&R Charges and CAP Pumping Energy Charges for the delivery of the Leased Water to the Operating Agency as mandated by Section 306 (a) (1) (A) (iii) of the Act and upon the same terms and conditions as are mandated by article 5.1 of Gilbert's CAP M&I Water Service Subcontract No. 07-XX-30-W0497, as amended, ("Gilbert's CAP M&I Water Service Subcontract") except that Gilbert's obligation to pay such CAP Fixed OM&R Charges and CAP Pumping Energy Charges shall not begin earlier than the date that Gilbert is entitled to receive water under this Lease Agreement, but in no event unless and until the water is scheduled for delivery by Gilbert. CAP Fixed OM&R Charges and CAP Pumping Energy Charges are described as "OM&R Costs" in article 5.1 of Gilbert's CAP M&I Water Service Subcontract. Prior to the date that the term of this Lease Agreement (as described in Subparagraph 4.2) begins, the WMAT may use the WMAT CAP Water in accordance with the WMAT CAP Water Delivery Contract.

4.5 Other Charges or Payments. Pursuant to Sections 306 (a)(8) and 306(e) of the Act, neither the WMAT nor Gilbert shall be obligated to pay water service capital charges or any other

charges, payments, or fees for the Leased Water other than as provided in Subparagraphs 4.3, 4.4, and 4.12, and Paragraph 6.0 of this Lease Agreement.

4.6 Delivery of Water. The United States or the Operating Agency shall deliver the WMAT's Leased Water to Gilbert through the CAP System as further provided herein; however, neither the United States nor the Operating Agency shall be obligated to make such deliveries if, in the judgment of the Operating Agency or the Secretary, delivery or schedule of deliveries to Gilbert would limit deliveries of CAP water to any CAP Contractor, including the WMAT, or CAP Subcontractor to a degree greater than would direct deliveries to the WMAT at the CAP/SRP Interconnection Facility that connects the Hayden-Rhodes Aqueduct of the CAP System to SRP's water delivery system. The United States or the Operating Agency shall deliver the Leased Water to Gilbert in accordance with water delivery schedules provided by Gilbert to the United States and the Operating Agency, and the Operating Agency shall inform the WMAT of the amount of Leased Water delivered in the previous year. The water ordering procedures contained in article 4.4 of Gilbert's CAP M&I Water Service Subcontract (or any replacement subcontracts) shall apply to Gilbert's ordering of water under this Lease Agreement. In no event shall the United States or the Operating Agency be required to deliver to Gilbert under this Lease Agreement, in any one month, a total amount of Leased Water greater than eleven percent (11%) of Gilbert's annual maximum entitlement under this Lease Agreement; provided, however, that the United States or the Operating Agency may deliver a greater percentage in any month if such increased delivery is compatible with the overall delivery of CAP water to other CAP Contractors and CAP Subcontractors, as determined by the United States and the Operating

Agency if Gilbert agrees to accept such increased deliveries.

4.6.1 Delivery of Water During Times of Shortages. If a time of shortage exists, as described at Subparagraphs 7.16.1 and 7.16.2 of the Quantification Agreement (1) the amount of Leased Water that is HVID CAP Water shall be reduced by the same percentage by which water available for delivery as CAP Indian Priority Water is reduced in that Year as provided in subsection 5.8 of the WMAT CAP Water Delivery Contract, Section 4 of Amendment No. 2 of the CAP Repayment Contract dated November 30, 2007 and as further provided in Subparagraph 7.16.2 of the Quantification Agreement; (2) the amount of Leased Water that is CAP NIA M&I Equivalent Priority Water available to Gilbert under this Lease Agreement, if required to be firmed under the Quantification Agreement or other future agreement, shall be reduced by the same percentage by which water available for delivery as CAP M&I Priority Water is reduced in that Year in accordance with Subparagraph 7.17 of the Quantification Agreement and as provided in Section 4 of Amendment No. 2 of the CAP Repayment Contract dated November 30, 2007, and as provided in subsection 5.8 of the WMAT CAP Water Delivery Contract, and if not required to be firmed under the Quantification Agreement or other future agreement, shall be reduced as provided in (3) herein; and (3) the amount of Leased Water that is CAP NIA Priority Water that is not firmed under Subparagraph 7.17 of the Quantification Agreement available to Gilbert under this Lease Agreement shall be reduced by the same percentage by which water available for delivery as CAP NIA Priority Water is reduced in that year in accordance with Subparagraph 7.16.1 of the Quantification Agreement, and as provided in subsection 5.8 of the WMAT CAP Water Delivery Contract. Subject to Subparagraph 4.12, any shortage of HVID

CAP Water leased from the WMAT and CAP NIA M&I Equivalent Priority Water leased from the WMAT shall be shared among the Leasing Cities (as that term is defined in Subparagraph 2.48 of the Quantification Agreement) according to the actual percentages leased, which initially are: Avondale, 2.77%; Chandler, 14.47%; Gilbert, 13.31%; Glendale, 7.44%; Mesa, 9.93%; Peoria, 4.06%; Phoenix, 40.21%; Tempe, 7.81%. Subject to Subparagraph 4.12, any shortage of CAP NIA Priority Water leased from WMAT that is not firmed under Section 7.17 of the Quantification Agreement shall be shared among the Leasing Cities (as that term is defined in Subparagraph 2.48 of the Quantification Agreement), CAWCD and any other entity leasing CAP NIA Priority Water from the WMAT according to the actual percentages leased, which initially are: Avondale, 3.93%; Chandler, 20.49%; Gilbert, 18.83%; Glendale, 10.53%; Mesa, 14.07%; Peoria, 5.74%; Tempe, 11.06%; and CAWCD, 15.35%. Notwithstanding anything to the contrary in this Subparagraph 4.6.1, the United States' and the State of Arizona's obligation to provide water to firm any deliveries of WMAT CAP NIA Priority Water under this Lease Agreement does not extend beyond December 31, 2107; provided, however, that neither the United States nor the State of Arizona is prohibited by this Subparagraph 4.6.1 from providing water to firm any deliveries of WMAT CAP NIA Priority Water beyond December 31, 2107, if, subject to the enactment of any necessary additional authorizing legislation, either agrees to do so in any future agreements.

4.7 Use of Leased Water Outside Reservation. Gilbert may use or deliver Leased Water for use outside the boundaries of the Reservation, but may not use, lease, transfer the use of, or otherwise cause the Leased Water to be delivered for use outside of the boundaries of the CAP

Service Area, except for use within Gilbert's water service area when Gilbert's water service area extends beyond the CAP Service Area.

4.8 Conditions Relating to Delivery and Use. Gilbert shall have the right to use Leased Water for any purpose that is consistent with Arizona law and not expressly prohibited by this Lease Agreement, including exchanges of the Leased Water for other types of water, and groundwater recharge as that term is defined in the CAP Repayment Contract. Except to the extent that this Lease Agreement conflicts with the terms of Gilbert's CAP M&I Water Service Subcontract, deliveries of Leased Water to Gilbert and its use by Gilbert shall be subject to the Conditions Relating to Delivery and Use in article 4.3 of Gilbert's CAP M&I Water Service Subcontract. During the term of this Lease Agreement, the following subarticles or articles of Gilbert's CAP M&I Water Service Subcontract shall apply to Gilbert and to Gilbert's use of water under this Lease Agreement: subarticles 4.5(c), 4.5(d), and 5.2(d); articles 4.6, 4.9, 5.3, 5.4, 5.5, 6.4, 6.6, 6.9, 6.10, 6.11, and 6.13. Gilbert expressly approves and agrees to all the terms presently set out in the CAP Repayment Contract, or as such terms may be hereafter amended, and agrees to be bound by the actions to be taken and the determinations to be made under that CAP Repayment Contract, to the extent not inconsistent with the express provisions of this Lease Agreement.

4.9 Quality of Water. The OM&R of the CAP System shall be performed in such manner as is practicable to maintain the quality of water made available through such facilities at the highest level reasonably attainable as determined by the Secretary. The United States, the WMAT, and the Operating Agency make no warranty as to the quality of water and are under no obligation to construct or furnish water treatment facilities to maintain or better the quality of water.

Gilbert waives its right to make a claim against the United States, the Operating Agency, the WMAT, other lessee(s), or CAP Subcontractor(s) because of changes in water quality caused by the commingling of Leased Water with other water.

4.10 Points of Delivery. The Leased Water to be delivered to Gilbert pursuant to the provisions of this Lease Agreement shall be delivered at turnouts on the CAP System or such other points that may be agreed upon by Gilbert, the United States and the Operating Agency.

4.11 WMAT's Covenants. The WMAT agrees:

(A) To observe and perform all obligations imposed on the WMAT by the WMAT CAP Water Delivery Contract which are not assumed by Gilbert so that Gilbert's rights and duties are not in any way impaired;

(B) Not to execute any other lease of the WMAT Water, that would impair Gilbert's rights and duties hereunder;

(C) Not to alter or modify the terms of the WMAT CAP Water Delivery Contract in such a way as to impair Gilbert's rights hereunder or exercise any right or action permitted by the WMAT CAP Water Delivery Contract so as to interfere with or change the rights and obligations of Gilbert hereunder; and

(D) Not to terminate or cancel the WMAT CAP Water Delivery Contract or transfer, convey or permit a transfer or conveyance of such contract so as to cause a termination of, interference with, or modification of the rights and obligations of the WMAT under it.

4.12 Assignment of Interest in Leased Water.

(A) General. Gilbert may not transfer, assign, sublease or otherwise designate or

authorize for the use of others all or any part of the Leased Water without the written approval of the WMAT and the Secretary.

(B) Assignment to the Cities and CAWCD. Notwithstanding the prohibition of Subparagraph 4.12(A) above, approval is hereby granted by the Secretary and the WMAT to Gilbert, if Gilbert is not in default of its payment obligations to the WMAT, to assign all or any part of its interest in Leased Water under this Lease Agreement to one or more of the Other Cities, or to CAWCD, as provided in this Subparagraph, or to their successor(s) in interest within the boundaries of their existing or future service areas. Before assigning any part of its interest in Leased Water under this Lease Agreement, Gilbert shall offer such interest to all the Other Cities in equal shares. In the event that any of the Other Cities elects not to take its share of Gilbert's assignment, the water shall then be offered to all of the remaining Other Cities in equal shares until the full amount of the water is so assigned. If CAP NIA M&I Equivalent Priority Water or HVID CAP Water leased from the WMAT and available for assignment is declined by all of the Other Cities, such interest may be assigned to CAWCD. If CAP NIA Priority Water that is not firmed under Section 7.17 of the Quantification Agreement is being made available for assignment, then CAWCD may participate in equal shares with the Other Cities. Such assignment shall be effective only upon the execution by the assignor and the assignee of a Voluntary Assignment and Assumption Agreement, the form of which is attached to this Lease Agreement as Exhibit 4.12 (Exhibit 10.1.1.1A of the Quantification Agreement). A copy of such Voluntary Assignment and Assumption Agreement shall be provided to the Operating Agency, the WMAT and the United States.

(C) Recovery of Costs Allowed. Gilbert shall not assign all or any part of its

interest in Leased Water hereunder for an amount in excess of that portion of the Total Water Lease Charge that is attributable to the portion of the Leased Water that is assigned. Nothing in this Lease Agreement shall affect Gilbert's ability to recover actual future costs, if any, incurred by Gilbert for the transportation, treatment, and distribution of the assigned Leased Water.

4.13 Allocation and Repayment of CAP Costs. Pursuant to Section 305(d) of the Act, for the purposes of determining the allocation and repayment of costs of any stage of the CAP constructed after November 21, 2007, the costs associated with the delivery of Leased Water shall be nonreimbursable and shall be excluded from the repayment obligation of CAWCD. Pursuant to Section 306(a)(8) of the Act, no CAP water service capital charges shall be due or payable for the Leased Water.

5. [Intentionally not used].

6. DEFAULT AND REMEDIES

6.1 Events of Default. Any failure by Gilbert to pay the consideration specified in Subparagraph 4.3 for the Leased Water within thirty (30) days after any such payments become due shall constitute a default of Gilbert's obligations under this Lease Agreement.

6.2 Notice of Default. In the event of a default by Gilbert as defined in Subparagraph 6.1 above, the WMAT shall provide written notice ("Notice of Default") to Gilbert and contemporaneously, shall send copies of such notice to the Other Cities and CAWCD specifying the default and demanding that the default be cured within ninety (90) days of the notice. Notice shall be given in the manner and to the Gilbert officers specified in Subparagraph 8.10 of this Lease Agreement. The Notice of Default shall specifically describe the default and state the amount due

from Gilbert, which amount shall be the sum of all payments due the WMAT that should have been paid, but were not paid (“Default Amount”). The purpose of this Subparagraph is to put Gilbert, the Other Cities and CAWCD on notice as to the time and cause of default. De minimis mistakes in the Notice of Default shall not invalidate the effectiveness of the Notice of Default.

6.3 Remedies for Failure to Pay. If Gilbert fails to cure a non-payment default in accordance with Subparagraph 6.4(A), and if none of the Other Cities or CAWCD cures the non-payment default pursuant to Subparagraph 6.4(B), the WMAT may terminate this Lease Agreement. If the WMAT terminates this Lease Agreement for non-payment of the Total Water Lease Charge required by Subparagraph 4.3, the WMAT shall be entitled to judgment as provided at Subparagraph 6.4(D), but shall not be entitled to any other remedy as a result of such a default.

6.4 Curing for Gilbert’s Non-payment. After Notice of Default, the default may be cured as follows:

(A) First Grace Period. During the first thirty (30) days following the Notice of Default (“First Grace Period”), Gilbert shall have the exclusive right to cure any such default by tendering the Default Amount to the WMAT together with interest on the Default Amount accrued at the annual rate of ten percent (10%) calculated from the date that the missed payment became due (“Due Date”). During the first fifteen (15) days following the Notice of Default, Gilbert shall provide written notice to the Other Cities and CAWCD declaring its intent whether it will cure the default, provided that all payments becoming due during the First Grace Period shall be automatically added to and become a part of the Default Amount and interest thereupon shall accrue in accordance with this provision.

(B) Second Grace Period. In the event that Gilbert has not cured the default within thirty (30) days following the Notice of Default, Gilbert, any of the Other Cities, CAWCD (for CAP NIA Priority Water that is not firmed under Section 7.17 of the Quantification Agreement only) and/or any combination thereof, may thereafter, but only within sixty (60) days following the end of the First Grace Period (“Second Grace Period”), cure the default by tendering the Default Amount to the WMAT together with interest on the Default Amount accrued at the annual rate of ten percent (10%) calculated from the Due Date. Each of the Other Cities and CAWCD (for CAP NIA Priority Water that is not firmed under Section 7.17 of the Quantification Agreement only) that desires to succeed to the interest of Gilbert shall, within sixty (60) days of the Notice of Default, give notice to the Other Cities, CAWCD (for CAP NIA Priority Water that is not firmed under Section 7.17 of the Quantification Agreement only) and Gilbert that it will be a curing entity and declare the maximum amount of water that it will lease and succeed to the interest of Gilbert.

(C) Third Grace Period. If the Other Cities do not cure Gilbert’s default for CAP NIA M&I Equivalent Priority Water or HVID CAP Water by the end of the Second Grace Period, then CAWCD may then cure the default by tendering any remaining portion of the Default Amount within fifteen (15) days after the end of the Second Grace Period (“Third Grace Period”).

Each curing entity shall succeed to the interest and obligation of Gilbert to the extent of its contribution, and Gilbert and each curing entity shall execute an Assignment and Assumption Agreement in the form attached hereto as Exhibit 6.4 (Exhibit 10.1.1.1B of the Quantification Agreement) whereby the curing entity or entities agree to be bound by the terms of this Lease Agreement to the extent of its/their contribution. Gilbert shall be responsible for any proportionate

remainder of any Default amount not cured by the Other Cities or CAWCD pursuant to Subparagraphs 6.4(B) and (C). A copy of such Assignment and Assumption Agreement(s) shall be provided by the curing entity to the Operating Agency, the WMAT and the United States. The WMAT shall accept payment from such curing entity or entities in lieu of payment by Gilbert. If the curing entities collectively request more water than what is available for assignment and assumption under this Subparagraph, such curing entities shall succeed to the interest of Gilbert in equal shares ("Equal Share Amount"); provided, however, if any of the curing entities requests less water than its Equal Share Amount, then the difference between that curing entity's Equal Share Amount and the amount it requested shall be divided among the other curing entities in equal shares.

If Gilbert fails to cure its default within the time-period set forth in Subparagraphs 6.4(B) and (C) it shall execute an Assignment and Assumption Agreement, the form of which is attached hereto as Exhibit 6.4 with each curing entity; provided, however, that if the default is not fully cured by the end of the Third Grace Period, Gilbert's right to Leased Water that has not been assigned pursuant to Subparagraphs 6.4(B) and (C) shall be forfeited back to the WMAT and the WMAT shall be entitled to the remedy described in Subparagraph 6.4(D) of this Lease Agreement *pro rata* for that portion that has not been cured as provided for herein. If Gilbert, or Gilbert and any combination of the Other Cities, and CAWCD have arranged to cure the default and the curing entities have signed all necessary Assignment and Assumption Agreements, but Gilbert has either failed or refused to sign such agreement(s) before the end of the Third Grace Period, the Assignment and Assumption Agreements(s) shall be self-executing without the need for Gilbert to

sign an Assignment and Assumption Agreement, the form of which is attached hereto as Exhibit 6.4. A cure effected pursuant to this Subparagraph shall constitute full performance of such default payment obligation to the extent of the amount of Leased Water assigned and assumed.

(D) Default Amount. After Notice of Default and after failure to cure as provided for in Subparagraphs 6.4(A), (B) and (C) hereof, Gilbert will be indebted to the WMAT and the WMAT will be entitled to judgment for the Default Amount plus an amount equal to three percent (3%) of the balance of the Total Water Lease Charge not yet due and payable, together with interest on the three percent (3%) of the balance of the Total Water Lease Charge not yet due and payable, from the time of default until judgment is obtained, and such costs and reasonable attorneys fees as the WMAT incurs after the due date for obtaining and collecting judgment for the unpaid amounts as a result of such default. The balance of such amount shall continue to accrue interest at the rate of ten percent (10%) per annum until paid in full. Payment of this amount plus such accrued interest as provided in this Subparagraph shall constitute full performance of Gilbert's obligations under Subparagraph 4.3 of this Lease Agreement.

## 7.0 TERMINATION AND SURRENDER OF WATER

7.1 Voluntary Termination of this Lease. After offering to assign the Leased Water in accordance with Subparagraph 4.12, Gilbert may terminate this Lease Agreement at any time by submitting written notice to the WMAT of its decision to terminate at least one year prior to the date that it intends the Lease Agreement to be terminated, provided, however, Gilbert must receive the written approval of the WMAT before it may terminate this Lease Agreement pursuant to this Subparagraph 7.1 unless Gilbert has paid the WMAT at least one-fourth of the

Total Water Lease Charge (plus any interest due) set forth in Subparagraph 4.3 of this Lease Agreement. Such notice is irrevocable except upon the WMAT's agreement that Gilbert may withdraw its notice. Gilbert shall continue to make all payments required by this Lease Agreement during that one-year period and shall not use any Leased Water beyond the day for which the last payment is intended to pay. If Gilbert terminates this Lease Agreement, all sums paid by Gilbert to the WMAT prior to the date of termination shall remain the property of the WMAT and shall be non-refundable to Gilbert.

7.2 Voluntary Surrender of a Portion of the Leased Water. After offering to transfer, assign or sublease the Leased Water in accordance with Subparagraph 4.12, Gilbert may elect, at any time during the term of this Lease Agreement to surrender its interest in any portion of the Leased Water by providing written notice to the WMAT of its decision to surrender such interest at least one year prior to the time that it intends to surrender its interest. However, Gilbert must receive the written approval of the WMAT before it may surrender any portion of its interest under this Lease Agreement pursuant to this Subparagraph 7.2 unless Gilbert has paid the WMAT at least one-fourth of the Total Water Lease Charge set forth in Subparagraph 4.3 of this Lease Agreement. Such notice is irrevocable except upon the WMAT's agreement that Gilbert may withdraw its notification. Gilbert shall continue to make all payments required of this Lease Agreement during that one year period of time and shall not use any Leased Water that will be surrendered pursuant to this Subparagraph 7.2 beyond the day for which the last payment is intended to pay. If Gilbert surrenders its interest in all or any portion of the Leased Water, all sums paid by Gilbert to the WMAT for such water prior to the date of surrender shall remain the

property of the WMAT and shall be non-refundable to Gilbert. All portions of the Lease Agreement shall remain in effect for all the portions of the Leased Water that are not surrendered. To the extent that the retained portion of the Leased Water has not already been paid for by Gilbert, payment shall be in proportion to the amount of water retained by Gilbert, charged at the per acre-foot charge, including applicable interest, for Leased Water as calculated pursuant to Subparagraph 4.3 of this Lease Agreement for the years remaining on the term of this Lease Agreement. At the time of the surrender of Leased Water pursuant to this Subparagraph 7.2, Gilbert shall pay to the WMAT an amount equal to three percent (3%) of the principal payment for the portion of the Leased Water surrendered.

## 8. GENERAL PROVISIONS

8.1 United States Consent to Lease Agreement. The United States hereby approves and consents to this Lease Agreement.

8.2 Lease Agreement Renegotiation. The Parties to this Lease Agreement agree that the WMAT and Gilbert may renegotiate this Lease Agreement at any time during its term, as provided in and subject to the provisions of Subparagraph 7.4 of the Quantification Agreement.

8.3 Lease Agreement Extension. If the ADWR has adopted a final rule or substantive policy statement that enables the Lease Water to be counted as part of Gilbert's Assured Water Supply if the term of this Lease is extended, the WMAT agrees to meet with Gilbert and discuss the extension of the term of the Lease Agreement within the time-frame required by the applicable ADWR rule or substantive policy statement.

8.4 Effective Date. This Lease Agreement shall become effective upon the occurrence of the last of the following events: (1) a date thirty (30) days after the Enforceability Date; or (2) the execution of this Lease Agreement by all Parties.

8.5 Rejection of Lease Agreement. Thirty (30) days after the Enforceability Date Gilbert at its option may, upon written notice to the WMAT, reject this Lease Agreement. In the event Gilbert rejects this Lease Agreement pursuant to this Subparagraph 8.5, Gilbert shall have no obligations under this Lease Agreement and Gilbert's entitlement shall be offered to the Other Cities and CAWCD as provided in Subparagraph 4.12(B) until that water is fully leased, provided, however, the assignment of the entitlement as provided in Subparagraph 4.12(B) must be completed no later than ninety (90) days after the date of the Rejection Notice. If the assignment of the entitlement to Leased Water is not completed within ninety (90) days after the date of the Rejection Notice, the Leased Water entitlement shall revert back to the WMAT for disposition by the WMAT at its sole discretion, including leasing the water entitlement to any person or entity within the CAP Service Area.

8.6 Enforceability of Lease Agreement. Upon the occurrence of the events listed in Subparagraph 8.4, this Lease Agreement shall be enforceable between the WMAT and Gilbert notwithstanding the performance or non-performance of other provisions of the Quantification Agreement not related to this Lease Agreement. The provisions of the Quantification Agreement that relate to this Lease Agreement include, without limitation, Paragraphs 7.0 and 10.0.

8.7 Invalidity of Lease Agreement. If, as a result of any acts or omissions by a person or entity not a Party to this Lease Agreement, Gilbert's entitlement to Leased Water under this Lease

Agreement is determined to be invalid by a final judgment entered over the opposition of Gilbert with the result that the Lease Agreement is deemed null and void, the WMAT shall refund to Gilbert that portion of the lease payment that the number of years remaining in the lease term at the time of such determination bears to the total lease term. In the event this Lease Agreement becomes null and void as contemplated by this Subparagraph 8.7, Gilbert's entitlement shall be offered to the Other Cities and CAWCD as provided in Subparagraph 4.12(B) until that water is fully leased, provided, however the assignment of the entitlement as provided in Subparagraph 4.12(B) must be completed no later than ninety (90) days after the WMAT serves written notice that this Lease Agreement by a final judgment has been deemed to be null and void; and further provided, that the Other Cities or CAWCD, as the case may be, accepting the assignment must pay to the WMAT an amount equal to the amount of money refunded by WMAT to Gilbert. If the assignment to the Other Cities or CAWCD and payment to the WMAT for the assigned entitlement to Leased Water is not completed within ninety (90) days after the WMAT serves written notice that this Lease Agreement by a final judgment has been deemed null and void, the Leased Water entitlement shall revert back to the WMAT for disposition by the WMAT at its sole discretion, subject to the requirements of the Act and the Quantification Agreement, including leasing the water entitlement in accordance with the provisions of Paragraph 9.0 of the Quantification Agreement.

This Lease Agreement constitutes Exhibit 10.1.1D to the Quantification Agreement.

3.32 “Secretary” shall mean the Secretary of the United States Department of the Interior.

3.33 “Subparagraph” shall mean a numbered subparagraph of this Lease Agreement.

3.34 “Total Water Lease Charge” shall mean the sum of the HVID CAP Water and CAP NIA M&I Equivalent Priority Water Lease Charge and the CAP NIA Priority Water Lease

Charge.

3.35 “United States” or “United States of America” in any given reference herein shall mean the United States acting in the capacity as set forth in said reference. When the term “United States” or “United States of America” is used in reference to a particular agreement or contract, the term shall mean the United States acting in the capacity as set forth in such agreement or contract.

3.36 “White Mountain Apache Tribe” or “the WMAT” shall mean the White Mountain Apache Tribe, organized under Section 16 of the Act of June 18, 1934, 48 Stat. 984 (commonly known as the “Indian Reorganization Act”) (25 U.S.C. § 476).

3.37 “WMAT CAP Water” shall mean CAP Water to which the WMAT is entitled pursuant to the WMAT CAP Water Delivery Contract.

3.38 “WMAT CAP Water Delivery Contract” shall mean: (A) Contract No. 08-XX-30-W0529 between the WMAT and the United States dated November 1, 2012, a copy of which is attached to the Quantification Agreement as Exhibit 7.1; and (B) any amendment to that contract.

3.39 “WMAT Reservation” or “Reservation” shall mean the land located within the exterior boundaries of the White Mountain Indian Reservation established by Executive Order dated November 9, 1871, as modified by subsequent Executive Orders and Acts of Congress: (1) known on December 8, 2010, the date of enactment of the Act, as the “Fort Apache Reservation” pursuant to chapter 3 of the Act of June 7, 1897 (30 Stat. 62); and (2) generally depicted on the map attached as Exhibit 2.81 to the Quantification Agreement. The depiction of

the Reservation on the map attached as Exhibit 2.81 to the Quantification Agreement shall not: (1) be used to affect any dispute between the WMAT and the United States concerning the legal boundary of the Reservation; or (2) constitute an admission by the WMAT with regard to any dispute between the WMAT and the United States concerning the legal boundary of the Reservation.

3.40 "Year" shall mean a calendar year. When not capitalized, the term "year" shall have the meaning in the Paragraph or Subparagraph in which the term is used.

NOW, THEREFORE, in consideration of the mutual covenants contained in this and other pertinent agreements, it is agreed as follows:

#### 4.0 LEASE OF WATER

4.1 Subject of Lease. The WMAT hereby leases to Glendale (1) Ninety-One (91) acre-feet per year of its HVID CAP Water and (2) Five Hundred Fifty Eight (558) acre-feet per year of its CAP NIA M&I Equivalent Priority Water and (3) One Thousand Seven Hundred Fourteen (1,714) acre-feet per year of its CAP NIA Priority Water that is not firmed under Section 7.17 of the Quantification Agreement. The Leased Water is subject to the terms and conditions of the WMAT CAP Water Delivery Contract except as agreed to herein. Glendale shall not be subject to amendments to the WMAT CAP Delivery Contract subsequent to the execution of this Lease Agreement that adversely affect this Lease Agreement unless Glendale agrees to such amended terms in writing.

4.2 Term of Lease Agreement. The term of this Lease Agreement shall begin thirty (30) days after the Enforceability Date and end one hundred (100) years thereafter. At the WMAT's sole

discretion and with the approval of the Secretary, the WMAT may enter into a separate lease agreement with Glendale for WMAT CAP Water upon such terms and conditions as may be negotiated at that time either during the term of this Lease Agreement or thereafter, provided however, that the term of any such separate lease shall not exceed one hundred (100) years.

4.3 Glendale's Consideration During Initial Term of Lease Agreement.

4.3.1 Total Water Lease Charge. In consideration for the Leased Water during the term of the Lease Agreement, Glendale shall pay to the WMAT a one-time Total Water Lease Charge which is equal to the sum of the HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Charge and the CAP NIA Priority Water Lease Charge as hereafter determined under Subparagraphs 4.3.1.1 and 4.3.1.2 respectively:

4.3.1.1 HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Charge. The HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Charge shall be the amount of money paid to WMAT by Glendale under this Lease Agreement for HVID CAP Water and CAP NIA M&I Equivalent Priority Water. The HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Charge shall be determined by dividing the CPI-U most recently published and available prior to the Enforceability Date by the CPI-U as published for the month of October, 2008 to determine the ratio (hereafter "ratio"), then multiplying the ratio as determined above by the HVID CAP Water and CAP NIA M&I Equivalent Priority Water base payment of Two Thousand Five Hundred Fifty Dollars (\$2,550) to determine the HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Rate, and then multiplying the HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Rate, as determined above, by Six Hundred Forty-Nine (649) acre-feet ("AF")

to determine the HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Charge.

4.3.1.2 CAP NIA Priority Water Lease Charge. The CAP NIA Priority Water Lease Charge shall be the amount of money paid to WMAT by Glendale under this Lease Agreement for CAP NIA Priority Water that is not firmed under Section 7.17 of the Quantification Agreement. The CAP NIA Priority Water Lease Charge shall be determined by multiplying the ratio by the CAP NIA Priority Water base payment of Two Thousand Seventy Four Dollars (\$2,074) to determine the CAP NIA Priority Water Lease Rate, and then multiplying the CAP NIA Priority Water Lease Rate, as determined above, by One Thousand Seven Hundred Fourteen (1,714) AF to determine the CAP NIA Priority Water Lease Charge.

4.3.1.3. An example showing the manner in which the calculation required by this Subparagraph 4.3.1 shall be made, is as follows:

Assuming, solely for purposes of this example, that: (1) the amount of HVID CAP Water and CAP NIA M&I Equivalent Priority Water leased is 1,000 AF per year; (2) the amount of CAP NIA Priority Water leased that is not firmed under Section 7.17 of the Quantification Agreement is 1,000 AF per year; (3) the most recently published CPI-U available prior to the Enforceability Date is 240.69; (4) the CPI-U for October 1, 2008 is 211.69; and (5) the HVID CAP Water and CAP NIA M&I Equivalent Priority Water base payment is \$2,550.00; and the CAP NIA Priority Water base payment is \$2,074.00.

*Calculation (all numbers rounded to the nearest hundredth):*

Most recently published CPI-U available prior to Enforceability Date	240.69
CPI-U as of October 2008	211.69

Ratio equals (240.69 divided by 211.69)	1.14
Base payment for HVID CAP Water and CAP NIA M&I Equivalent Priority Water	\$2,550.00
HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Rate (1.14 x \$2,550.00)	\$2,907.00
HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Charge (\$2,907.00 x 1,000 AF)	\$2,907,000.00
Base payment for CAP NIA Priority Water (non-firmed)	\$2,074.00
CAP NIA Priority Water Lease Rate (1.14 x \$2,074.00)	\$2,364.36
CAP NIA Priority Water Lease Charge (\$2,364.36 x 1,000 AF)	\$2,364,360.00
Total Water Lease Charge (\$2,907,000.00 + \$2,364,360.00) =	\$5,271,360.00

In the event the CPI-U is discontinued or not otherwise available as of the month in which the term begins, the Parties shall select a comparable index.

4.3.2 Glendale may, at its election, pay the Total Water Lease Charge in full (without interest) within thirty (30) days after the date that the term begins. In lieu of making such payment, Glendale may elect to make payment as follows:

4.3.2.1 An initial payment of one-half (1/2) of the Total Water Lease Charge (as determined pursuant to Subparagraph 4.3.1) within thirty (30) days after the date that the term begins, with the remaining balance to be paid in four (4) annual payments, payable on the next four (4) anniversary dates of the date that the term begins. Each such payment shall be one-eighth (1/8) of the Total Water Lease Charge plus interest on the unpaid balance at an annual rate determined as follows: one percent (1%) over the net interest rate paid by the City of Phoenix on its most recently issued Water System Improvement Junior Lien Revenue Bonds, as of the Enforceability Date.

Interest accrued shall not be added to principal and shall not itself bear interest unless delinquent. An example showing the manner in which the payment contemplated by this Subparagraph 4.3.2.1 shall be made is as follows:

Assume, solely for purposes of this example, that the Total Water Lease Charge is \$1,000,000 and the net interest rate paid by the City of Phoenix on its most recently issued Water System Improvement Junior Lien Revenue Bonds, as of the Enforceability Date is five percent (5%). Under this example, the applicable resulting interest rate would be six percent (6%) [5% + 1% = 6%] and payments including interest under this Subparagraph 4.3.2.1 would be calculated as follows: Glendale would make an initial payment of \$500,000. The first annual installment would be in the principal amount of [ $\$1,000,000 \times 1/8 = \$125,000$ ] plus interest on the unpaid balance of [ $\$1,000,000 - \$500,000 = \$500,000$ ] in the amount of [ $\$500,000 \times .06 = \$30,000$ ], for a total payment of [ $\$125,000 + \$30,000 = \$155,000$ ]. The second annual installment would be in the principal amount of \$125,000 plus interest on the unpaid balance of [ $\$1,000,000 - \$625,000 = \$375,000$ ] in the amount of [ $\$375,000 \times .06 = \$22,500$ ], for a total payment of [ $\$125,000 + \$22,500 = \$147,500$ ]. The third annual installment would be in the principal amount of \$125,000 plus interest on the unpaid balance of [ $\$1,000,000 - \$750,000 = \$250,000$ ] in the amount of [ $\$250,000 \times .06 = \$15,000$ ], for a total payment of [ $\$125,000 + \$15,000 = \$140,000$ ]. The fourth and final annual installment would be in the principal amount of \$125,000 plus

interest on the unpaid balance of [ $\$1,000,000 - \$875,000 = \$125,000$ ] in the amount of [ $\$125,000 \times .06 = \$7,500$ ], for a total payment of [ $\$125,000 + 7,500 = \$132,500$ ].

4.3.3 Under the payment option set forth in Subparagraph 4.3.2.1 without any prepayment penalty, Glendale may, at any time, elect to pay the remaining balance in full together with interest on the unpaid balance to the date of such payment.

4.4 CAP Fixed OM&R Charges and CAP Pumping Energy Charges. Glendale shall pay all CAP Fixed OM&R Charges and CAP Pumping Energy Charges for the delivery of the Leased Water to the Operating Agency as mandated by Section 306 (a) (1) (A) (iii) of the Act and upon the same terms and conditions as are mandated by article 5.1 of Glendale's CAP M&I Water Service Subcontract No. 07-XX-30-W0493, as amended, ("Glendale's CAP M&I Water Service Subcontract") except that Glendale's obligation to pay such CAP Fixed OM&R Charges and CAP Pumping Energy Charges shall not begin earlier than the date that Glendale is entitled to receive water under this Lease Agreement, but in no event unless and until the water is scheduled for delivery by Glendale. CAP Fixed OM&R Charges and CAP Pumping Energy Charges are described as "OM&R Costs" in article 5.1 of Glendale's CAP M&I Water Service Subcontract. Prior to the date that the term of this Lease Agreement (as described in Subparagraph 4.2) begins, the WMAT may use the WMAT CAP Water in accordance with the WMAT CAP Water Delivery Contract.

4.5 Other Charges or Payments. Pursuant to Sections 306 (a)(8) and 306(e) of the Act, neither the WMAT nor Glendale shall be obligated to pay water service capital charges or any other

charges, payments, or fees for the Leased Water other than as provided in Subparagraphs 4.3, 4.4, and 4.12, and Paragraph 6.0 of this Lease Agreement.

4.6 Delivery of Water. The United States or the Operating Agency shall deliver the WMAT's Leased Water to Glendale through the CAP System as further provided herein; however, neither the United States nor the Operating Agency shall be obligated to make such deliveries if, in the judgment of the Operating Agency or the Secretary, delivery or schedule of deliveries to Glendale would limit deliveries of CAP water to any CAP Contractor, including the WMAT, or CAP Subcontractor to a degree greater than would direct deliveries to the WMAT at the CAP/SRP Interconnection Facility that connects the Hayden-Rhodes Aqueduct of the CAP System to SRP's water delivery system. The United States or the Operating Agency shall deliver the Leased Water to Glendale in accordance with water delivery schedules provided by Glendale to the United States and the Operating Agency, and the Operating Agency shall inform the WMAT of the amount of Leased Water delivered in the previous year. The water ordering procedures contained in article 4.4 of Glendale's CAP M&I Water Service Subcontract (or any replacement subcontracts) shall apply to Glendale's ordering of water under this Lease Agreement. In no event shall the United States or the Operating Agency be required to deliver to Glendale under this Lease Agreement, in any one month, a total amount of Leased Water greater than eleven percent (11%) of Glendale's annual maximum entitlement under this Lease Agreement; provided, however, that the United States or the Operating Agency may deliver a greater percentage in any month if such increased delivery is compatible with the overall delivery of CAP water to other CAP Contractors and CAP Subcontractors, as determined by the

United States and the Operating Agency if Glendale agrees to accept such increased deliveries.

4.6.1 Delivery of Water During Times of Shortages. If a time of shortage exists, as described at Subparagraphs 7.16.1 and 7.16.2 of the Quantification Agreement (1) the amount of Leased Water that is HVID CAP Water shall be reduced by the same percentage by which water available for delivery as CAP Indian Priority Water is reduced in that Year as provided in subsection 5.8 of the WMAT CAP Water Delivery Contract , Section 4 of Amendment No. 2 of the CAP Repayment Contract dated November 30, 2007 and as further provided in Subparagraph 7.16.2 of the Quantification Agreement; (2) the amount of Leased Water that is CAP NIA M&I Equivalent Priority Water available to Glendale under this Lease Agreement, if required to be firmed under the Quantification Agreement or other future agreement, shall be reduced by the same percentage by which water available for delivery as CAP M&I Priority Water is reduced in that Year in accordance with Subparagraph 7.17 of the Quantification Agreement and as provided in Section 4 of Amendment No. 2 of the CAP Repayment Contract dated November 30, 2007, and as provided in subsection 5.8 of the WMAT CAP Water Delivery Contract, and if not required to be firmed under the Quantification Agreement or other future agreement, shall be reduced as provided in (3) herein; and (3) the amount of Leased Water that is CAP NIA Priority Water that is not firmed under Subparagraph 7.17 of the Quantification Agreement available to Glendale under this Lease Agreement shall be reduced by the same percentage by which water available for delivery as CAP NIA Priority Water is reduced in that year in accordance with Subparagraph 7.16.1 of the Quantification Agreement and as provided in subsection 5.8 of the WMAT CAP Water Delivery Contract. Subject to Subparagraph 4.12, any shortage of HVID

CAP Water leased from the WMAT and CAP NIA M&I Equivalent Priority Water leased from the WMAT shall be shared among the Leasing Cities (as that term is defined in Subparagraph 2.48 of the Quantification Agreement) according to the actual percentages leased, which initially are: Avondale, 2.77%; Chandler, 14.47%; Gilbert, 13.31%; Glendale, 7.44%; Mesa, 9.93%; Peoria, 4.06%; Phoenix, 40.21%; Tempe, 7.81%. Subject to Subparagraph 4.12, any shortage of CAP NIA Priority Water leased from WMAT that is not firmed under Section 7.17 of the Quantification Agreement shall be shared among the Leasing Cities (as that term is defined in Subparagraph 2.48 of the Quantification Agreement), CAWCD and any other entity leasing CAP NIA Priority Water from the WMAT according to the actual percentages leased, which initially are: Avondale, 3.93%; Chandler, 20.49%; Gilbert, 18.83%; Glendale, 10.53%; Mesa, 14.07%; Peoria, 5.74%; Tempe, 11.06%; and CAWCD, 15.35%. Notwithstanding anything to the contrary in this Subparagraph 4.6.1, the United States' and the State of Arizona's obligation to provide water to firm any deliveries of WMAT CAP NIA Priority Water under this Lease Agreement does not extend beyond December 31, 2107; provided, however, that neither the United States nor the State of Arizona is prohibited by this Subparagraph 4.6.1 from providing water to firm any deliveries of WMAT CAP NIA Priority Water beyond December 31, 2107, if, subject to the enactment of any necessary additional authorizing legislation, either agrees to do so in any future agreements.

4.7 Use of Leased Water Outside Reservation. Glendale may use or deliver Leased Water for use outside the boundaries of the Reservation, but may not use, lease, transfer the use of, or otherwise cause the Leased Water to be delivered for use outside of the boundaries of the CAP

Service Area, except for use within Glendale's water service area when Glendale's water service area extends beyond the CAP Service Area.

4.8 Conditions Relating to Delivery and Use. Glendale shall have the right to use Leased Water for any purpose that is consistent with Arizona law and not expressly prohibited by this Lease Agreement, including exchanges of the Leased Water for other types of water, and groundwater recharge as that term is defined in the CAP Repayment Contract. Except to the extent that this Lease Agreement conflicts with the terms of Glendale's CAP M&I Water Service Subcontract, deliveries of Leased Water to Glendale and its use by Glendale shall be subject to the Conditions Relating to Delivery and Use in article 4.3 of Glendale's CAP M&I Water Service Subcontract. During the term of this Lease Agreement, the following subarticles or articles of Glendale's CAP M&I Water Service Subcontract shall apply to Glendale and to Glendale's use of water under this Lease Agreement: subarticles 4.5(c), 4.5(d), and 5.2(d); articles 4.6, 4.9, 5.3, 5.4, 5.5, 6.4, 6.6, 6.9, 6.10, 6.11, and 6.13. Glendale expressly approves and agrees to all the terms presently set out in the CAP Repayment Contract, or as such terms may be hereafter amended, and agrees to be bound by the actions to be taken and the determinations to be made under that CAP Repayment Contract, to the extent not inconsistent with the express provisions of this Lease Agreement.

4.9 Quality of Water. The OM&R of the CAP System shall be performed in such manner as is practicable to maintain the quality of water made available through such facilities at the highest level reasonably attainable as determined by the Secretary. The United States, the WMAT, and the Operating Agency make no warranty as to the quality of water and are under no

obligation to construct or furnish water treatment facilities to maintain or better the quality of water. Glendale waives its right to make a claim against the United States, the Operating Agency, the WMAT, other lessee(s), or CAP Subcontractor(s) because of changes in water quality caused by the commingling of Leased Water with other water.

4.10 Points of Delivery. The Leased Water to be delivered to Glendale pursuant to the provisions of this Lease Agreement shall be delivered at turnouts on the CAP System or such other points that may be agreed upon by Glendale, the United States and the Operating Agency.

4.11 WMAT's Covenants. The WMAT agrees:

(A) To observe and perform all obligations imposed on the WMAT by the WMAT CAP Water Delivery Contract which are not assumed by Glendale so that Glendale's rights and duties are not in any way impaired;

(B) Not to execute any other lease of the WMAT Water, that would impair Glendale's rights and duties hereunder;

(C) Not to alter or modify the terms of the WMAT CAP Water Delivery Contract in such a way as to impair Glendale's rights hereunder or exercise any right or action permitted by the WMAT CAP Water Delivery Contract so as to interfere with or change the rights and obligations of Glendale hereunder; and

(D) Not to terminate or cancel the WMAT CAP Water Delivery Contract or transfer, convey or permit a transfer or conveyance of such contract so as to cause a termination of, interference with, or modification of the rights and obligations of the WMAT under it.

4.12 Assignment of Interest in Leased Water.

(A) General. Glendale may not transfer, assign, sublease or otherwise designate or authorize for the use of others all or any part of the Leased Water without the written approval of the WMAT and the Secretary.

(B) Assignment to the Cities and CAWCD. Notwithstanding the prohibition of Subparagraph 4.12(A) above, approval is hereby granted by the Secretary and the WMAT to Glendale, if Glendale is not in default of its payment obligations to the WMAT, to assign all or any part of its interest in Leased Water under this Lease Agreement to one or more of the Other Cities, or to CAWCD, as provided in this Subparagraph, or to their successor(s) in interest within the boundaries of their existing or future service areas. Before assigning any part of its interest in Leased Water under this Lease Agreement, Glendale shall offer such interest to all the Other Cities in equal shares. In the event that any of the Other Cities elects not to take its share of Glendale's assignment, the water shall then be offered to all of the remaining Other Cities in equal shares until the full amount of the water is so assigned. If CAP NIA M&I Equivalent Priority Water or HVID CAP Water leased from the WMAT and available for assignment is declined by all of the Other Cities, such interest may be assigned to CAWCD. If CAP NIA Priority Water that is not firmed under Section 7.17 of the Quantification Agreement is being made available for assignment, then CAWCD may participate in equal shares with the Other Cities. Such assignment shall be effective only upon the execution by the assignor and the assignee of a Voluntary Assignment and Assumption Agreement, the form of which is attached to this Lease Agreement as Exhibit 4.12 (Exhibit 10.1.1.1A of the Quantification Agreement). A copy of such Voluntary Assignment and

Assumption Agreement shall be provided to the Operating Agency, the WMAT and the United States.

(C) Recovery of Costs Allowed. Glendale shall not assign all or any part of its interest in Leased Water hereunder for an amount in excess of that portion of the Total Water Lease Charge that is attributable to the portion of the Leased Water that is assigned. Nothing in this Lease Agreement shall affect Glendale's ability to recover actual future costs, if any, incurred by Glendale for the transportation, treatment, and distribution of the assigned Leased Water.

4.13 Allocation and Repayment of CAP Costs. Pursuant to Section 305(d) of the Act, for the purposes of determining the allocation and repayment of costs of any stage of the CAP constructed after November 21, 2007, the costs associated with the delivery of Leased Water shall be nonreimbursable and shall be excluded from the repayment obligation of CAWCD. Pursuant to Section 306(a)(8) of the Act, no CAP water service capital charges shall be due or payable for the Leased Water.

5. [Intentionally not used].

6. DEFAULT AND REMEDIES

6.1 Events of Default. Any failure by Glendale to pay the consideration specified in Subparagraph 4.3 for the Leased Water within thirty (30) days after any such payments become due shall constitute a default of Glendale's obligations under this Lease Agreement.

6.2 Notice of Default. In the event of a default by Glendale as defined in Subparagraph 6.1 above, the WMAT shall provide written notice ("Notice of Default") to Glendale and contemporaneously, shall send copies of such notice to the Other Cities and CAWCD specifying the

default and demanding that the default be cured within ninety (90) days of the notice. Notice shall be given in the manner and to the Glendale officers specified in Subparagraph 8.10 of this Lease Agreement. The Notice of Default shall specifically describe the default and state the amount due from Glendale, which amount shall be the sum of all payments due the WMAT that should have been paid, but were not paid (“Default Amount”). The purpose of this Subparagraph is to put Glendale, the Other Cities and CAWCD on notice as to the time and cause of default. De minimis mistakes in the Notice of Default shall not invalidate the effectiveness of the Notice of Default.

6.3 Remedies for Failure to Pay. If Glendale fails to cure a non-payment default in accordance with Subparagraph 6.4(A), and if none of the Other Cities or CAWCD cures the non-payment default pursuant to Subparagraph 6.4(B), the WMAT may terminate this Lease Agreement. If the WMAT terminates this Lease Agreement for non-payment of the Total Water Lease Charge required by Subparagraph 4.3, the WMAT shall be entitled to judgment as provided at Subparagraph 6.4(D), but shall not be entitled to any other remedy as a result of such a default.

6.4 Curing for Glendale’s Non-payment. After Notice of Default, the default may be cured as follows:

(A) First Grace Period. During the first thirty (30) days following the Notice of Default (“First Grace Period”), Glendale shall have the exclusive right to cure any such default by tendering the Default Amount to the WMAT together with interest on the Default Amount accrued at the annual rate of ten percent (10%) calculated from the date that the missed payment became due (“Due Date”). During the first fifteen (15) days following the Notice of Default, Glendale shall provide written notice to the Other Cities and CAWCD declaring its intent whether it will cure the

default, provided that all payments becoming due during the First Grace Period shall be automatically added to and become a part of the Default Amount and interest thereupon shall accrue in accordance with this provision.

(B) Second Grace Period. In the event that Glendale has not cured the default within thirty (30) days following the Notice of Default, Glendale, any of the Other Cities, CAWCD (for CAP NIA Priority Water that is not firmed under Section 7.17 of the Quantification Agreement only) and/or any combination thereof, may thereafter, but only within sixty (60) days following the end of the First Grace Period (“Second Grace Period”), cure the default by tendering the Default Amount to the WMAT together with interest on the Default Amount accrued at the annual rate of ten percent (10%) calculated from the Due Date. Each of the Other Cities and CAWCD (for CAP NIA Priority Water that is not firmed under Section 7.17 of the Quantification Agreement only) that desires to succeed to the interest of Glendale shall, within sixty (60) days of the Notice of Default, give notice to the Other Cities, CAWCD (for CAP NIA Priority Water that is not firmed under Section 7.17 of the Quantification Agreement only) and Glendale that it will be a curing entity and declare the maximum amount of water that it will lease and succeed to the interest of Glendale.

(C) Third Grace Period. If the Other Cities do not cure Glendale’s default for CAP NIA M&I Equivalent Priority Water or HVID CAP Water by the end of the Second Grace Period, then CAWCD may then cure the default by tendering any remaining portion of the Default Amount within fifteen (15) days after the end of the Second Grace Period (“Third Grace Period”).

Each curing entity shall succeed to the interest and obligation of Glendale to the extent of its contribution, and Glendale and each curing entity shall execute an Assignment and Assumption

Agreement in the form attached hereto as Exhibit 6.4 (Exhibit 10.1.1.1B of the Quantification Agreement) whereby the curing entity or entities agree to be bound by the terms of this Lease Agreement to the extent of its/their contribution. Glendale shall be responsible for any proportionate remainder of any Default amount not cured by the Other Cities or CAWCD pursuant to Subparagraphs 6.4(B) and (C). A copy of such Assignment and Assumption Agreement(s) shall be provided by the curing entity to the Operating Agency, the WMAT and the United States. The WMAT shall accept payment from such curing entity or entities in lieu of payment by Glendale. If the curing entities collectively request more water than what is available for assignment and assumption under this Subparagraph, such curing entities shall succeed to the interest of Glendale in equal shares ("Equal Share Amount"); provided, however, if any of the curing entities requests less water than its Equal Share Amount, then the difference between that curing entity's Equal Share Amount and the amount it requested shall be divided among the other curing entities in equal shares.

If Glendale fails to cure its default within the time-period set forth in Subparagraphs 6.4(B) and (C) it shall execute an Assignment and Assumption Agreement, the form of which is attached hereto as Exhibit 6.4 with each curing entity; provided, however, that if the default is not fully cured by the end of the Third Grace Period, Glendale's right to Leased Water that has not been assigned pursuant to Subparagraphs 6.4(B) and (C) shall be forfeited back to the WMAT and the WMAT shall be entitled to the remedy described in Subparagraph 6.4(D) of this Lease Agreement *pro rata* for that portion that has not been cured as provided for herein. If Glendale, or Glendale and any combination of the Other Cities, and CAWCD have arranged to cure the default and the curing

entities have signed all necessary Assignment and Assumption Agreements, but Glendale has either failed or refused to sign such agreement(s) before the end of the Third Grace Period, the Assignment and Assumption Agreements(s) shall be self-executing without the need for Glendale to sign an Assignment and Assumption Agreement, the form of which is attached hereto as Exhibit 6.4. A cure effected pursuant to this Subparagraph shall constitute full performance of such default payment obligation to the extent of the amount of Leased Water assigned and assumed.

(D) Default Amount. After Notice of Default and after failure to cure as provided for in Subparagraphs 6.4(A), (B) and (C) hereof, Glendale will be indebted to the WMAT and the WMAT will be entitled to judgment for the Default Amount plus an amount equal to three percent (3%) of the balance of the Total Water Lease Charge not yet due and payable, together with interest on the three percent (3%) of the balance of the Total Water Lease Charge not yet due and payable, from the time of default until judgment is obtained, and such costs and reasonable attorneys fees as the WMAT incurs after the due date for obtaining and collecting judgment for the unpaid amounts as a result of such default. The balance of such amount shall continue to accrue interest at the rate of ten percent (10%) per annum until paid in full. Payment of this amount plus such accrued interest as provided in this Subparagraph shall constitute full performance of Glendale's obligations under Subparagraph 4.3 of this Lease Agreement.

## 7.0 TERMINATION AND SURRENDER OF WATER

7.1 Voluntary Termination of this Lease. After offering to assign the Leased Water in accordance with Subparagraph 4.12, Glendale may terminate this Lease Agreement at any time by submitting written notice to the WMAT of its decision to terminate at least one year prior to

the date that it intends the Lease Agreement to be terminated, provided, however, Glendale must receive the written approval of the WMAT before it may terminate this Lease Agreement pursuant to this Subparagraph 7.1 unless Glendale has paid the WMAT at least one-fourth of the Total Water Lease Charge (plus any interest due) set forth in Subparagraph 4.3 of this Lease Agreement. Such notice is irrevocable except upon the WMAT's agreement that Glendale may withdraw its notice. Glendale shall continue to make all payments required by this Lease Agreement during that one-year period and shall not use any Leased Water beyond the day for which the last payment is intended to pay. If Glendale terminates this Lease Agreement, all sums paid by Glendale to the WMAT prior to the date of termination shall remain the property of the WMAT and shall be non-refundable to Glendale.

7.2 Voluntary Surrender of a Portion of the Leased Water. After offering to transfer, assign or sublease the Leased Water in accordance with Subparagraph 4.12, Glendale may elect, at any time during the term of this Lease Agreement to surrender its interest in any portion of the Leased Water by providing written notice to the WMAT of its decision to surrender such interest at least one year prior to the time that it intends to surrender its interest. However, Glendale must receive the written approval of the WMAT before it may surrender any portion of its interest under this Lease Agreement pursuant to this Subparagraph 7.2 unless Glendale has paid the WMAT at least one-fourth of the Total Water Lease Charge set forth in Subparagraph 4.3 of this Lease Agreement. Such notice is irrevocable except upon the WMAT's agreement that Glendale may withdraw its notification. Glendale shall continue to make all payments required of this Lease Agreement during that one year period of time and shall not use any Leased Water

that will be surrendered pursuant to this Subparagraph 7.2 beyond the day for which the last payment is intended to pay. If Glendale surrenders its interest in all or any portion of the Leased Water, all sums paid by Glendale to the WMAT for such water prior to the date of surrender shall remain the property of the WMAT and shall be non-refundable to Glendale. All portions of the Lease Agreement shall remain in effect for all the portions of the Leased Water that are not surrendered. To the extent that the retained portion of the Leased Water has not already been paid for by Glendale, payment shall be in proportion to the amount of water retained by Glendale, charged at the per acre-foot charge, including applicable interest, for Leased Water as calculated pursuant to Subparagraph 4.3 of this Lease Agreement for the years remaining on the term of this Lease Agreement. At the time of the surrender of Leased Water pursuant to this Subparagraph 7.2, Glendale shall pay to the WMAT an amount equal to three percent (3%) of the principal payment for the portion of the Leased Water surrendered.

In the event Glendale rejects this Lease Agreement pursuant to this Subparagraph 8.5, Glendale shall have no obligations under this Lease Agreement and Glendale's entitlement shall be offered to the Other Cities and CAWCD as provided in Subparagraph 4.12(B) until that water is fully leased, provided, however, the assignment of the entitlement as provided in Subparagraph 4.12(B) must be completed no later than ninety (90) days after the date of the Rejection Notice. If the assignment of the entitlement to Leased Water is not completed within ninety (90) days after the date of the Rejection Notice, the Leased Water entitlement shall revert back to the WMAT for disposition by the WMAT at its sole discretion, including leasing the water entitlement to any person or entity within the CAP Service Area.

In the event this Lease Agreement becomes null and void as contemplated by this Subparagraph 8.7, Glendale's entitlement shall be offered to the Other Cities and CAWCD as provided in Subparagraph 4.12(B) until that water is fully leased, provided, however the assignment of the entitlement as provided in Subparagraph 4.12(B) must be completed no later than ninety (90) days after the WMAT serves written notice that this Lease Agreement by a final judgment has been deemed to be null and void; and further provided, that the Other Cities or CAWCD, as the case may be, accepting the assignment must pay to the WMAT an amount equal to the amount of money refunded by WMAT to Glendale. If the assignment to the Other Cities or CAWCD and payment to the WMAT for the assigned entitlement to Leased Water is not completed within ninety (90) days after the WMAT serves written notice that this Lease Agreement by a final judgment has been deemed null and void, the Leased Water entitlement shall revert back to the WMAT for disposition by the WMAT at its sole discretion, subject to the requirements of the Act and the Quantification Agreement, including leasing the water entitlement in accordance with the provisions of Paragraph 9.0 of the Quantification Agreement.

3.30 “Party” shall mean an entity represented by a signatory to this Lease Agreement. “Parties” shall mean more than one of these entities.

3.31 “Quantification Agreement” shall mean: (1) the Amended and Restated White Mountain Apache Tribe Water Rights Quantification Agreement dated as of November 1, 2012; and (2) any amendment or exhibit (including exhibit amendments) to that Agreement that are (i) made in accordance with the Act, or (ii) otherwise approved by the Secretary. This Lease Agreement constitutes Exhibit 10.1.1E to the Quantification Agreement.

3.32 “Secretary” shall mean the Secretary of the United States Department of the Interior.

3.33 “Subparagraph” shall mean a numbered subparagraph of this Lease Agreement.

3.34 “Total Water Lease Charge” shall mean the sum of the HVID CAP Water and CAP NIA M&I Equivalent Priority Water Lease Charge and the CAP NIA Priority Water Lease

Charge.

3.35 “United States” or “United States of America” in any given reference herein shall mean the United States acting in the capacity as set forth in said reference. When the term “United States” or “United States of America” is used in reference to a particular agreement or contract, the term shall mean the United States acting in the capacity as set forth in such agreement or contract.

3.36 “White Mountain Apache Tribe” or “the WMAT” shall mean the White Mountain Apache Tribe, organized under Section 16 of the Act of June 18, 1934, 48 Stat. 984 (commonly known as the “Indian Reorganization Act”) (25 U.S.C. § 476).

3.37 “WMAT CAP Water” shall mean CAP Water to which the WMAT is entitled pursuant to the WMAT CAP Water Delivery Contract.

3.38 “WMAT CAP Water Delivery Contract” shall mean: (A) Contract No. 08-XX-30-W0529 between the WMAT and the United States dated November 1, 2012, a copy of which is attached to the Quantification Agreement as Exhibit 7.1; and (B) any amendment to that contract.

3.39 “WMAT Reservation” or “Reservation” shall mean the land located within the exterior boundaries of the White Mountain Indian Reservation established by Executive Order dated November 9, 1871, as modified by subsequent Executive Orders and Acts of Congress: (1) known on December 8, 2010, the date of enactment of the Act, as the “Fort Apache Reservation” pursuant to chapter 3 of the Act of June 7, 1897 (30 Stat. 62); and (2) generally depicted on the map attached as Exhibit 2:81 to the Quantification Agreement. The depiction of

the Reservation on the map attached as Exhibit 2.81 to the Quantification Agreement shall not: (1) be used to affect any dispute between the WMAT and the United States concerning the legal boundary of the Reservation; or (2) constitute an admission by the WMAT with regard to any dispute between the WMAT and the United States concerning the legal boundary of the Reservation.

3.40 "Year" shall mean a calendar year. When not capitalized, the term "year" shall have the meaning in the Paragraph or Subparagraph in which the term is used.

NOW, THEREFORE, in consideration of the mutual covenants contained in this and other pertinent agreements, it is agreed as follows:

#### 4.0 LEASE OF WATER

4.1 Subject of Lease. The WMAT hereby leases to Mesa (1) One Hundred Twenty-One (121) acre-feet per year of its HVID CAP Water and (2) Seven Hundred Forty-Five (745) acre-feet per year of its CAP NIA M&I Equivalent Priority Water and (3) Two Thousand Two Hundred Ninety-One (2,291) acre-feet per year of its CAP NIA Priority Water that is not firmed under Section 7.17 of the Quantification Agreement. The Leased Water is subject to the terms and conditions of the WMAT CAP Water Delivery Contract except as agreed to herein. Mesa shall not be subject to amendments to the WMAT CAP Delivery Contract subsequent to the execution of this Lease Agreement that adversely affect this Lease Agreement unless Mesa agrees to such amended terms in writing.

4.2 Term of Lease Agreement. The term of this Lease Agreement shall begin thirty (30) days after the Enforceability Date and end one hundred (100) years thereafter. At the WMAT's sole

discretion and with the approval of the Secretary, the WMAT may enter into a separate lease agreement with Mesa for WMAT CAP Water upon such terms and conditions as may be negotiated at that time either during the term of this Lease Agreement or thereafter, provided however, that the term of any such separate lease shall not exceed one hundred (100) years.

4.3 Mesa's Consideration During Initial Term of Lease Agreement.

4.3.1 Total Water Lease Charge. In consideration for the Leased Water during the term of the Lease Agreement, Mesa shall pay to the WMAT a one-time Total Water Lease Charge which is equal to the sum of the HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Charge and the CAP NIA Priority Water Lease Charge as hereafter determined under Subparagraphs 4.3.1.1 and 4.3.1.2 respectively:

4.3.1.1 HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Charge. The HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Charge shall be the amount of money paid to WMAT by Mesa under this Lease Agreement for HVID CAP Water and CAP NIA M&I Equivalent Priority Water. The HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Charge shall be determined by dividing the CPI-U most recently published and available prior to the Enforceability Date by the CPI-U as published for the month of October, 2008 to determine the ratio (hereafter "ratio"), then multiplying the ratio as determined above by the HVID CAP Water and CAP NIA M&I Equivalent Priority Water base payment of Two Thousand Five Hundred Fifty Dollars (\$2,550) to determine the HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Rate, and then multiplying the HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Rate, as determined above, by Eight Hundred Sixty-Six (866) acre-feet ("AF")

to determine the HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Charge.

4.3.1.2 CAP NIA Priority Water Lease Charge. The CAP NIA Priority Water Lease Charge shall be the amount of money paid to WMAT by Mesa under this Lease Agreement for CAP NIA Priority Water that is not firmed under Section 7.17 of the Quantification Agreement. The CAP NIA Priority Water Lease Charge shall be determined by multiplying the ratio by the CAP NIA Priority Water base payment of Two Thousand Seventy Four Dollars (\$2,074) to determine the CAP NIA Priority Water Lease Rate, and then multiplying the CAP NIA Priority Water Lease Rate, as determined above, by Two Thousand Two Hundred Ninety-One (2,291) AF to determine the CAP NIA Priority Water Lease Charge.

4.3.1.3. An example showing the manner in which the calculation required by this Subparagraph 4.3.1 shall be made, is as follows:

Assuming, solely for purposes of this example, that: (1) the amount of HVID CAP Water and CAP NIA M&I Equivalent Priority Water leased is 1,000 AF per year; (2) the amount of CAP NIA Priority Water leased that is not firmed under Section 7.17 of the Quantification Agreement is 1,000 AF per year; (3) the most recently published CPI-U available prior to the Enforceability Date is 240.69; (4) the CPI-U for October 1, 2008 is 211.69; and (5) the HVID CAP Water and CAP NIA M&I Equivalent Priority Water base payment is \$2,550.00; and the CAP NIA Priority Water base payment is \$2,074.00.

*Calculation (all numbers rounded to the nearest hundredth):*

Most recently published CPI-U available prior to Enforceability Date 240.69

CPI-U as of October 2008 211.69

Ratio equals (240.69 divided by 211.69)	1.14
Base payment for HVID CAP Water and CAP NIA M&I Equivalent Priority Water	\$2,550.00
HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Rate (1.14 x \$2,550.00)	\$2,907.00
HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Charge (\$2,907.00 x 1,000 AF)	\$2,907,000.00
Base payment for CAP NIA Priority Water (non-firmed)	\$2,074.00
CAP NIA Priority Water Lease Rate (1.14 x \$2,074.00)	\$2,364.36
CAP NIA Priority Water Lease Charge (\$2,364.36 x 1,000 AF)	\$2,364,360.00
Total Water Lease Charge (\$2,907,000.00 + \$2,364,360.00) =	\$5,271,360.00

In the event the CPI-U is discontinued or not otherwise available as of the month in which the term begins, the Parties shall select a comparable index.

4.3.2 Mesa may, at its election, pay the Total Water Lease Charge in full (without interest) within thirty (30) days after the date that the term begins. In lieu of making such payment, Mesa may elect to make payment as follows:

4.3.2.1 An initial payment of one-half (1/2) of the Total Water Lease Charge (as determined pursuant to Subparagraph 4.3.1) within thirty (30) days after the date that the term begins, with the remaining balance to be paid in four (4) annual payments, payable on the next four (4) anniversary dates of the date that the term begins. Each such payment shall be one-eighth (1/8) of the Total Water Lease Charge plus interest on the unpaid balance at an annual rate determined as follows: one percent (1%) over the net interest rate paid by the City of Phoenix on its most recently issued Water System Improvement Junior Lien Revenue Bonds, as of the Enforceability Date.

Interest accrued shall not be added to principal and shall not itself bear interest unless delinquent. An example showing the manner in which the payment contemplated by this Subparagraph 4.3.2.1 shall be made is as follows:

Assume, solely for purposes of this example, that the Total Water Lease Charge is \$1,000,000 and the net interest rate paid by the City of Phoenix on its most recently issued Water System Improvement Junior Lien Revenue Bonds, as of the Enforceability Date is five percent (5%). Under this example, the applicable resulting interest rate would be six percent (6%) [ $5\% + 1\% = 6\%$ ] and payments including interest under this Subparagraph 4.3.2.1 would be calculated as follows: Mesa would make an initial payment of \$500,000. The first annual installment would be in the principal amount of [ $\$1,000,000 \times 1/8 = \$125,000$ ] plus interest on the unpaid balance of [ $\$1,000,000 - \$500,000 = \$500,000$ ] in the amount of [ $\$500,000 \times .06 = \$30,000$ ], for a total payment of [ $\$125,000 + \$30,000 = \$155,000$ ]. The second annual installment would be in the principal amount of \$125,000 plus interest on the unpaid balance of [ $\$1,000,000 - \$625,000 = \$375,000$ ] in the amount of [ $\$375,000 \times .06 = \$22,500$ ], for a total payment of [ $\$125,000 + \$22,500 = \$147,500$ ]. The third annual installment would be in the principal amount of \$125,000 plus interest on the unpaid balance of [ $\$1,000,000 - \$750,000 = \$250,000$ ] in the amount of [ $\$250,000 \times .06 = \$15,000$ ], for a total payment of [ $\$125,000 + \$15,000 = \$140,000$ ]. The fourth and final annual installment would be in the principal amount of \$125,000 plus

interest on the unpaid balance of [ $\$1,000,000 - \$875,000 = \$125,000$ ] in the amount of [ $\$125,000 \times .06 = \$7,500$ ], for a total payment of [ $\$125,000 + 7,500 = \$132,500$ ].

4.3.3 Under the payment option set forth in Subparagraph 4.3.2.1 without any prepayment penalty, Mesa may, at any time, elect to pay the remaining balance in full together with interest on the unpaid balance to the date of such payment.

4.4 CAP Fixed OM&R Charges and CAP Pumping Energy Charges. Mesa shall pay all CAP Fixed OM&R Charges and CAP Pumping Energy Charges for the delivery of the Leased Water to the Operating Agency as mandated by Section 306 (a) (1) (A) (iii) of the Act and upon the same terms and conditions as are mandated by article 5.1 of Mesa's CAP M&I Water Service Subcontract No. 07-XX-30-W0501, as amended, ("Mesa's CAP M&I Water Service Subcontract") except that Mesa's obligation to pay such CAP Fixed OM&R Charges and CAP Pumping Energy Charges shall not begin earlier than the date that Mesa is entitled to receive water under this Lease Agreement, but in no event unless and until the water is scheduled for delivery by Mesa. CAP Fixed OM&R Charges and CAP Pumping Energy Charges are described as "OM&R Costs" in article 5.1 of Mesa's CAP M&I Water Service Subcontract. Prior to the date that the term of this Lease Agreement (as described in Subparagraph 4.2) begins, the WMAT may use the WMAT CAP Water in accordance with the WMAT CAP Water Delivery Contract.

4.5 Other Charges or Payments. Pursuant to Sections 306 (a)(8) and 306(e) of the Act, neither the WMAT nor Mesa shall be obligated to pay water service capital charges or any other charges, payments, or fees for the Leased Water other than as provided in Subparagraphs 4.3, 4.4,

and 4.12, and Paragraph 6.0 of this Lease Agreement.

4.6 Delivery of Water. The United States or the Operating Agency shall deliver the WMAT's Leased Water to Mesa through the CAP System as further provided herein; however, neither the United States nor the Operating Agency shall be obligated to make such deliveries if, in the judgment of the Operating Agency or the Secretary, delivery or schedule of deliveries to Mesa would limit deliveries of CAP water to any CAP Contractor, including the WMAT, or CAP Subcontractor to a degree greater than would direct deliveries to the WMAT at the CAP/SRP Interconnection Facility that connects the Hayden-Rhodes Aqueduct of the CAP System to SRP's water delivery system. The United States or the Operating Agency shall deliver the Leased Water to Mesa in accordance with water delivery schedules provided by Mesa to the United States and the Operating Agency, and the Operating Agency shall inform the WMAT of the amount of Leased Water delivered in the previous year. The water ordering procedures contained in article 4.4 of Mesa's CAP M&I Water Service Subcontract (or any replacement subcontracts) shall apply to Mesa's ordering of water under this Lease Agreement. In no event shall the United States or the Operating Agency be required to deliver to Mesa under this Lease Agreement, in any one month, a total amount of Leased Water greater than eleven percent (11%) of Mesa's annual maximum entitlement under this Lease Agreement; provided, however, that the United States or the Operating Agency may deliver a greater percentage in any month if such increased delivery is compatible with the overall delivery of CAP water to other CAP Contractors and CAP Subcontractors, as determined by the United States and the Operating Agency if Mesa agrees to accept such increased deliveries.

4.6.1 Delivery of Water During Times of Shortages. If a time of shortage exists, as described at Subparagraphs 7.16.1 and 7.16.2 of the Quantification Agreement (1) the amount of Leased Water that is HVID CAP Water shall be reduced by the same percentage by which water available for delivery as CAP Indian Priority Water is reduced in that Year as provided in subsection 5.8 of the WMAT CAP Water Delivery Contract, Section 4 of Amendment No. 2 of the CAP Repayment Contract dated November 30, 2007 and as further provided in Subparagraph 7.16.2 of the Quantification Agreement; (2) the amount of Leased Water that is CAP NIA M&I Equivalent Priority Water available to Mesa under this Lease Agreement, if required to be firmed under the Quantification Agreement or other future agreement, shall be reduced by the same percentage by which water available for delivery as CAP M&I Priority Water is reduced in that Year in accordance with Subparagraph 7.17 of the Quantification Agreement and as provided in Section 4 of Amendment No. 2 of the CAP Repayment Contract dated November 30, 2007, and as provided in subsection 5.8 of the WMAT CAP Water Delivery Contract, and if not required to be firmed under the Quantification Agreement or other future agreement, shall be reduced as provided in (3) herein; and (3) the amount of Leased Water that is CAP NIA Priority Water that is not firmed under Subparagraph 7.17 of the Quantification Agreement available to Mesa under this Lease Agreement shall be reduced by the same percentage by which water available for delivery as CAP NIA Priority Water is reduced in that year in accordance with Subparagraph 7.16.1 of the Quantification Agreement and as provided in subsection 5.8 of the WMAT CAP Water Delivery Contract. Subject to Subparagraph 4.12, any shortage of HVID CAP Water leased from the WMAT and CAP NIA M&I Equivalent Priority Water leased from the WMAT shall be

shared among the Leasing Cities (as that term is defined in Subparagraph 2.48 of the Quantification Agreement) according to the actual percentages leased, which initially are: Avondale, 2.77%; Chandler, 14.47%; Gilbert, 13.31%; Glendale, 7.44%; Mesa, 9.93%; Peoria, 4.06%; Phoenix, 40.21%; Tempe, 7.81%. Subject to Subparagraph 4.12, any shortage of CAP NIA Priority Water leased from WMAT that is not firmed under Section 7.17 of the Quantification Agreement shall be shared among the Leasing Cities (as that term is defined in Subparagraph 2.48 of the Quantification Agreement), CAWCD and any other entity leasing CAP NIA Priority Water from the WMAT according to the actual percentages leased, which initially are: Avondale, 3.93%; Chandler, 20.49%; Gilbert, 18.83%; Glendale, 10.53%; Mesa, 14.07%; Peoria, 5.74%; Tempe, 11.06%; and CAWCD, 15.35%. Notwithstanding anything to the contrary in this Subparagraph 4.6.1, the United States' and the State of Arizona's obligation to provide water to firm any deliveries of WMAT CAP NIA Priority Water under this Lease Agreement does not extend beyond December 31, 2107; provided, however, that neither the United States nor the State of Arizona is prohibited by this Subparagraph 4.6.1 from providing water to firm any deliveries of WMAT CAP NIA Priority Water beyond December 31, 2107, if, subject to the enactment of any necessary additional authorizing legislation, either agrees to do so in any future agreements.

4.7 Use of Leased Water Outside Reservation. Mesa may use or deliver Leased Water for use outside the boundaries of the Reservation, but may not use, lease, transfer the use of, or otherwise cause the Leased Water to be delivered for use outside of the boundaries of the CAP Service Area, except for use within Mesa's water service area when Mesa's water service area

extends beyond the CAP Service Area.

4.8 Conditions Relating to Delivery and Use. Mesa shall have the right to use Leased Water for any purpose that is consistent with Arizona law and not expressly prohibited by this Lease Agreement, including exchanges of the Leased Water for other types of water, and groundwater recharge as that term is defined in the CAP Repayment Contract. Except to the extent that this Lease Agreement conflicts with the terms of Mesa's CAP M&I Water Service Subcontract, deliveries of Leased Water to Mesa and its use by Mesa shall be subject to the Conditions Relating to Delivery and Use in article 4.3 of Mesa's CAP M&I Water Service Subcontract. During the term of this Lease Agreement, the following subarticles or articles of Mesa's CAP M&I Water Service Subcontract shall apply to Mesa and to Mesa's use of water under this Lease Agreement: subarticles 4.5(c), 4.5(d), and 5.2(d); articles 4.6, 4.9, 5.3, 5.4, 5.5, 6.4, 6.6, 6.9, 6.10, 6.11, and 6.13. Mesa expressly approves and agrees to all the terms presently set out in the CAP Repayment Contract, or as such terms may be hereafter amended, and agrees to be bound by the actions to be taken and the determinations to be made under that CAP Repayment Contract, to the extent not inconsistent with the express provisions of this Lease Agreement.

4.9 Quality of Water. The OM&R of the CAP System shall be performed in such manner as is practicable to maintain the quality of water made available through such facilities at the highest level reasonably attainable as determined by the Secretary. The United States, the WMAT, and the Operating Agency make no warranty as to the quality of water and are under no obligation to construct or furnish water treatment facilities to maintain or better the quality of water. Mesa waives its right to make a claim against the United States, the Operating Agency, the WMAT,

other lessee(s), or CAP Subcontractor(s) because of changes in water quality caused by the commingling of Leased Water with other water.

4.10 Points of Delivery. The Leased Water to be delivered to Mesa pursuant to the provisions of this Lease Agreement shall be delivered at turnouts on the CAP System or such other points that may be agreed upon by Mesa, the United States and the Operating Agency.

4.11 WMAT's Covenants. The WMAT agrees:

(A) To observe and perform all obligations imposed on the WMAT by the WMAT CAP Water Delivery Contract which are not assumed by Mesa so that Mesa's rights and duties are not in any way impaired;

(B) Not to execute any other lease of the WMAT Water, that would impair Mesa's rights and duties hereunder;

(C) Not to alter or modify the terms of the WMAT CAP Water Delivery Contract in such a way as to impair Mesa's rights hereunder or exercise any right or action permitted by the WMAT CAP Water Delivery Contract so as to interfere with or change the rights and obligations of Mesa hereunder; and

(D) Not to terminate or cancel the WMAT CAP Water Delivery Contract or transfer, convey or permit a transfer or conveyance of such contract so as to cause a termination of, interference with, or modification of the rights and obligations of the WMAT under it.

4.12 Assignment of Interest in Leased Water.

(A) General. Mesa may not transfer, assign, sublease or otherwise designate or authorize for the use of others all or any part of the Leased Water without the written approval of

the WMAT and the Secretary.

(B) Assignment to the Cities and CAWCD. Notwithstanding the prohibition of Subparagraph 4.12(A) above, approval is hereby granted by the Secretary and the WMAT to Mesa, if Mesa is not in default of its payment obligations to the WMAT, to assign all or any part of its interest in Leased Water under this Lease Agreement to one or more of the Other Cities, or to CAWCD, as provided in this Subparagraph, or to their successor(s) in interest within the boundaries of their existing or future service areas. Before assigning any part of its interest in Leased Water under this Lease Agreement, Mesa shall offer such interest to all the Other Cities in equal shares. In the event that any of the Other Cities elects not to take its share of Mesa's assignment, the water shall then be offered to all of the remaining Other Cities in equal shares until the full amount of the water is so assigned. If CAP NIA M&I Equivalent Priority Water or HVID CAP Water leased from the WMAT and available for assignment is declined by all of the Other Cities, such interest may be assigned to CAWCD. If CAP NIA Priority Water that is not firmed under Section 7.17 of the Quantification Agreement is being made available for assignment, then CAWCD may participate in equal shares with the Other Cities. Such assignment shall be effective only upon the execution by the assignor and the assignee of a Voluntary Assignment and Assumption Agreement, the form of which is attached to this Lease Agreement as Exhibit 4.12 (Exhibit 10.1.1.1A of the Quantification Agreement). A copy of such Voluntary Assignment and Assumption Agreement shall be provided to the Operating Agency, the WMAT and the United States.

(C) Recovery of Costs Allowed. Mesa shall not assign all or any part of its interest in Leased Water hereunder for an amount in excess of that portion of the Total Water Lease

Charge that is attributable to the portion of the Leased Water that is assigned. Nothing in this Lease Agreement shall affect Mesa's ability to recover actual future costs, if any, incurred by Mesa for the transportation, treatment, and distribution of the assigned Leased Water.

4.13 Allocation and Repayment of CAP Costs. Pursuant to Section 305(d) of the Act, for the purposes of determining the allocation and repayment of costs of any stage of the CAP constructed after November 21, 2007, the costs associated with the delivery of Leased Water shall be nonreimbursable and shall be excluded from the repayment obligation of CAWCD. Pursuant to Section 306(a)(8) of the Act, no CAP water service capital charges shall be due or payable for the Leased Water.

5. [Intentionally not used].

6. DEFAULT AND REMEDIES

6.1 Events of Default. Any failure by Mesa to pay the consideration specified in Subparagraph 4.3 for the Leased Water within thirty (30) days after any such payments become due shall constitute a default of Mesa's obligations under this Lease Agreement.

6.2 Notice of Default. In the event of a default by Mesa as defined in Subparagraph 6.1 above, the WMAT shall provide written notice ("Notice of Default") to Mesa and contemporaneously, shall send copies of such notice to the Other Cities and CAWCD specifying the default and demanding that the default be cured within ninety (90) days of the notice. Notice shall be given in the manner and to the Mesa officers specified in Subparagraph 8.10 of this Lease Agreement. The Notice of Default shall specifically describe the default and state the amount due from Mesa, which amount shall be the sum of all payments due the WMAT that should have been

paid, but were not paid (“Default Amount”). The purpose of this Subparagraph is to put Mesa, the Other Cities and CAWCD on notice as to the time and cause of default. De minimis mistakes in the Notice of Default shall not invalidate the effectiveness of the Notice of Default.

6.3 Remedies for Failure to Pay. If Mesa fails to cure a non-payment default in accordance with Subparagraph 6.4(A), and if none of the Other Cities or CAWCD cures the non-payment default pursuant to Subparagraph 6.4(B), the WMAT may terminate this Lease Agreement. If the WMAT terminates this Lease Agreement for non-payment of the Total Water Lease Charge required by Subparagraph 4.3, the WMAT shall be entitled to judgment as provided at Subparagraph 6.4(D), but shall not be entitled to any other remedy as a result of such a default.

6.4 Curing for Mesa’s Non-payment. After Notice of Default, the default may be cured as follows:

(A) First Grace Period. During the first thirty (30) days following the Notice of Default (“First Grace Period”), Mesa shall have the exclusive right to cure any such default by tendering the Default Amount to the WMAT together with interest on the Default Amount accrued at the annual rate of ten percent (10%) calculated from the date that the missed payment became due (“Due Date”). During the first fifteen (15) days following the Notice of Default, Mesa shall provide written notice to the Other Cities and CAWCD declaring its intent whether it will cure the default, provided that all payments becoming due during the First Grace Period shall be automatically added to and become a part of the Default Amount and interest thereupon shall accrue in accordance with this provision.

(B) Second Grace Period. In the event that Mesa has not cured the default within thirty (30) days following the Notice of Default, Mesa, any of the Other Cities, CAWCD (for CAP NIA Priority Water that is not firmed under Section 7.17 of the Quantification Agreement only) and/or any combination thereof, may thereafter, but only within sixty (60) days following the end of the First Grace Period (“Second Grace Period”), cure the default by tendering the Default Amount to the WMAT together with interest on the Default Amount accrued at the annual rate of ten percent (10%) calculated from the Due Date. Each of the Other Cities and CAWCD (for CAP NIA Priority Water that is not firmed under Section 7.17 of the Quantification Agreement only) that desires to succeed to the interest of Mesa shall, within sixty (60) days of the Notice of Default, give notice to the Other Cities, CAWCD (for CAP NIA Priority Water that is not firmed under Section 7.17 of the Quantification Agreement only) and Mesa that it will be a curing entity and declare the maximum amount of water that it will lease and succeed to the interest of Mesa.

(C) Third Grace Period. If the Other Cities do not cure Mesa’s default for CAP NIA M&I Equivalent Priority Water or HVID CAP Water by the end of the Second Grace Period, then CAWCD may then cure the default by tendering any remaining portion of the Default Amount within fifteen (15) days after the end of the Second Grace Period (“Third Grace Period”).

Each curing entity shall succeed to the interest and obligation of Mesa to the extent of its contribution, and Mesa and each curing entity shall execute an Assignment and Assumption Agreement in the form attached hereto as Exhibit 6.4 (Exhibit 10.1.1.1B of the Quantification Agreement) whereby the curing entity or entities agree to be bound by the terms of this Lease Agreement to the extent of its/their contribution. Mesa shall be responsible for any proportionate

remainder of any Default amount not cured by the Other Cities or CAWCD pursuant to Subparagraphs 6.4(B) and (C). A copy of such Assignment and Assumption Agreement(s) shall be provided by the curing entity to the Operating Agency, the WMAT and the United States. The WMAT shall accept payment from such curing entity or entities in lieu of payment by Mesa. If the curing entities collectively request more water than what is available for assignment and assumption under this Subparagraph, such curing entities shall succeed to the interest of Mesa in equal shares (“Equal Share Amount”); provided, however, if any of the curing entities requests less water than its Equal Share Amount, then the difference between that curing entity’s Equal Share Amount and the amount it requested shall be divided among the other curing entities in equal shares.

If Mesa fails to cure its default within the time-period set forth in Subparagraphs 6.4(B) and (C) it shall execute an Assignment and Assumption Agreement, the form of which is attached hereto as Exhibit 6.4 with each curing entity; provided, however, that if the default is not fully cured by the end of the Third Grace Period, Mesa’s right to Leased Water that has not been assigned pursuant to Subparagraphs 6.4(B) and (C) shall be forfeited back to the WMAT and the WMAT shall be entitled to the remedy described in Subparagraph 6.4(D) of this Lease Agreement *pro rata* for that portion that has not been cured as provided for herein. If Mesa, or Mesa and any combination of the Other Cities, and CAWCD have arranged to cure the default and the curing entities have signed all necessary Assignment and Assumption Agreements, but Mesa has either failed or refused to sign such agreement(s) before the end of the Third Grace Period, the Assignment and Assumption Agreements(s) shall be self-executing without the need for Mesa to sign an Assignment and Assumption Agreement, the form of which is attached hereto as Exhibit 6.4. A cure effected

pursuant to this Subparagraph shall constitute full performance of such default payment obligation to the extent of the amount of Leased Water assigned and assumed.

(D) Default Amount. After Notice of Default and after failure to cure as provided for in Subparagraphs 6.4(A), (B) and (C) hereof, Mesa will be indebted to the WMAT and the WMAT will be entitled to judgment for the Default Amount plus an amount equal to three percent (3%) of the balance of the Total Water Lease Charge not yet due and payable, together with interest on the three percent (3%) of the balance of the Total Water Lease Charge not yet due and payable, from the time of default until judgment is obtained, and such costs and reasonable attorneys fees as the WMAT incurs after the due date for obtaining and collecting judgment for the unpaid amounts as a result of such default. The balance of such amount shall continue to accrue interest at the rate of ten percent (10%) per annum until paid in full. Payment of this amount plus such accrued interest as provided in this Subparagraph shall constitute full performance of Mesa's obligations under Subparagraph 4.3 of this Lease Agreement.

## 7.0 TERMINATION AND SURRENDER OF WATER

7.1 Voluntary Termination of this Lease. After offering to assign the Leased Water in accordance with Subparagraph 4.12, Mesa may terminate this Lease Agreement at any time by submitting written notice to the WMAT of its decision to terminate at least one year prior to the date that it intends the Lease Agreement to be terminated, provided, however, Mesa must receive the written approval of the WMAT before it may terminate this Lease Agreement pursuant to this Subparagraph 7.1 unless Mesa has paid the WMAT at least one-fourth of the Total Water Lease Charge (plus any interest due) set forth in Subparagraph 4.3 of this Lease Agreement.

Such notice is irrevocable except upon the WMAT's agreement that Mesa may withdraw its notice. Mesa shall continue to make all payments required by this Lease Agreement during that one-year period and shall not use any Leased Water beyond the day for which the last payment is intended to pay. If Mesa terminates this Lease Agreement, all sums paid by Mesa to the WMAT prior to the date of termination shall remain the property of the WMAT and shall be non-refundable to Mesa.

7.2 Voluntary Surrender of a Portion of the Leased Water. After offering to transfer, assign or sublease the Leased Water in accordance with Subparagraph 4.12, Mesa may elect, at any time during the term of this Lease Agreement to surrender its interest in any portion of the Leased Water by providing written notice to the WMAT of its decision to surrender such interest at least one year prior to the time that it intends to surrender its interest. However, Mesa must receive the written approval of the WMAT before it may surrender any portion of its interest under this Lease Agreement pursuant to this Subparagraph 7.2 unless Mesa has paid the WMAT at least one-fourth of the Total Water Lease Charge set forth in Subparagraph 4.3 of this Lease Agreement. Such notice is irrevocable except upon the WMAT's agreement that Mesa may withdraw its notification. Mesa shall continue to make all payments required of this Lease Agreement during that one year period of time and shall not use any Leased Water that will be surrendered pursuant to this Subparagraph 7.2 beyond the day for which the last payment is intended to pay. If Mesa surrenders its interest in all or any portion of the Leased Water, all sums paid by Mesa to the WMAT for such water prior to the date of surrender shall remain the property of the WMAT and shall be non-refundable to Mesa. All portions of the Lease

Agreement shall remain in effect for all the portions of the Leased Water that are not surrendered. To the extent that the retained portion of the Leased Water has not already been paid for by Mesa, payment shall be in proportion to the amount of water retained by Mesa, charged at the per acre-foot charge, including applicable interest, for Leased Water as calculated pursuant to Subparagraph 4.3 of this Lease Agreement for the years remaining on the term of this Lease Agreement. At the time of the surrender of Leased Water pursuant to this Subparagraph 7.2, Mesa shall pay to the WMAT an amount equal to three percent (3%) of the principal payment for the portion of the Leased Water surrendered.

## 8. GENERAL PROVISIONS

8.3 Lease Agreement Extension. If the ADWR has adopted a final rule or substantive policy statement that enables the Lease Water to be counted as part of Mesa's Assured Water Supply if the term of this Lease is extended, the WMAT agrees to meet with Mesa and discuss the extension of the term of the Lease Agreement within the time-frame required by the applicable ADWR rule or substantive policy statement.

8.4 Effective Date. This Lease Agreement shall become effective upon the occurrence of the last of the following events: (1) a date thirty (30) days after the Enforceability Date; or (2) the

execution of this Lease Agreement by all Parties.

8.5 Rejection of Lease Agreement. Thirty (30) days after the Enforceability Date Mesa at its option may, upon written notice to the WMAT, reject this Lease Agreement. In the event Mesa rejects this Lease Agreement pursuant to this Subparagraph 8.5, Mesa shall have no obligations under this Lease Agreement and Mesa's entitlement shall be offered to the Other Cities and CAWCD as provided in Subparagraph 4.12(B) until that water is fully leased, provided, however, the assignment of the entitlement as provided in Subparagraph 4.12(B) must be completed no later than ninety (90) days after the date of the Rejection Notice. If the assignment of the entitlement to Leased Water is not completed within ninety (90) days after the date of the Rejection Notice, the Leased Water entitlement shall revert back to the WMAT for disposition by the WMAT at its sole discretion, including leasing the water entitlement to any person or entity within the CAP Service Area.

8.6 Enforceability of Lease Agreement. Upon the occurrence of the events listed in Subparagraph 8.4, this Lease Agreement shall be enforceable between the WMAT and Mesa notwithstanding the performance or non-performance of other provisions of the Quantification Agreement not related to this Lease Agreement. portion of the lease payment that the number of years remaining in the lease term at the time of such determination bears to the total lease term. In the event this Lease Agreement becomes null and void as contemplated by this Subparagraph 8.7, Mesa's entitlement shall be offered to the Other Cities and CAWCD as provided in Subparagraph 4.12(B) until that water is fully leased, provided, however the assignment of the entitlement as provided in Subparagraph 4.12(B) must be completed no later than ninety (90) days after the WMAT serves written notice that this Lease Agreement by a final judgment has been deemed to be null and void; and further provided, that the Other Cities or CAWCD, as the case may be, accepting the assignment must pay to the WMAT an amount equal to the amount of money refunded by WMAT to Mesa. If the assignment to the Other Cities or CAWCD and payment to the WMAT for the assigned entitlement to Leased Water is not completed within ninety (90) days after the WMAT serves written notice that this Lease Agreement by a final judgment has been deemed null and void, the Leased Water entitlement shall revert back to the WMAT for disposition by the WMAT at its sole discretion, subject to the requirements of the Act and the Quantification Agreement, including leasing the water entitlement in accordance with the provisions of Paragraph 9.0 of the Quantification Agreement.

3.27 “OM&R” shall mean the care, operation, maintenance, and replacement of the CAP System or any part thereof.

3.28 “Operating Agency” shall mean the entity or entities authorized to assume responsibility for the care, operation, maintenance, and replacement of the CAP System. CAWCD is the Operating Agency at the time of execution of this Lease Agreement.

3.29 “Other Cities” shall mean the municipalities of Avondale, Chandler, Gilbert, Glendale, Mesa, Phoenix, Scottsdale and Tempe.

3.30 “Party” shall mean an entity represented by a signatory to this Lease Agreement. “Parties” shall mean more than one of these entities.

3.31 “Quantification Agreement” shall mean: (1) the Amended and Restated White Mountain Apache Tribe Water Rights Quantification Agreement dated as of November 1, 2012; and (2) any amendment or exhibit (including exhibit amendments) to that Agreement that are (i) made in accordance with the Act, or (ii) otherwise approved by the Secretary. This Lease Agreement constitutes Exhibit 10.1.1F to the Quantification Agreement.

3.32 “Secretary” shall mean the Secretary of the United States Department of the Interior.

3.33 “Subparagraph” shall mean a numbered subparagraph of this Lease Agreement.

3.34 “Total Water Lease Charge” shall mean the sum of the HVID CAP Water and CAP NIA M&I Equivalent Priority Water Lease Charge and the CAP NIA Priority Water Lease

Charge.

3.35 “United States” or “United States of America” in any given reference herein shall mean the United States acting in the capacity as set forth in said reference. When the term “United States” or “United States of America” is used in reference to a particular agreement or contract, the term shall mean the United States acting in the capacity as set forth in such agreement or contract.

3.36 “White Mountain Apache Tribe” or “the WMAT” shall mean the White Mountain Apache Tribe, organized under Section 16 of the Act of June 18, 1934, 48 Stat. 984 (commonly known as the “Indian Reorganization Act”) (25 U.S.C. § 476).

3.37 “WMAT CAP Water” shall mean CAP Water to which the WMAT is entitled pursuant to the WMAT CAP Water Delivery Contract.

3.38 “WMAT CAP Water Delivery Contract” shall mean: (A) Contract No. 08-XX-30-W0529 between the WMAT and the United States dated November 1, 2012, a copy of which is attached to the Quantification Agreement as Exhibit 7.1; and (B) any amendment to that contract.

3.39 “WMAT Reservation” or “Reservation” shall mean the land located within the exterior boundaries of the White Mountain Indian Reservation established by Executive Order dated November 9, 1871, as modified by subsequent Executive Orders and Acts of Congress: (1) known on December 8, 2010, the date of enactment of the Act, as the “Fort Apache Reservation” pursuant to chapter 3 of the Act of June 7, 1897 (30 Stat. 62); and (2) generally depicted on the map attached as Exhibit 2.81 to the Quantification Agreement. The depiction of

the Reservation on the map attached as Exhibit 2.81 to the Quantification Agreement shall not: (1) be used to affect any dispute between the WMAT and the United States concerning the legal boundary of the Reservation; or (2) constitute an admission by the WMAT with regard to any dispute between the WMAT and the United States concerning the legal boundary of the Reservation.

3.40 "Year" shall mean a calendar year. When not capitalized, the term "year" shall have the meaning in the Paragraph or Subparagraph in which the term is used.

NOW, THEREFORE, in consideration of the mutual covenants contained in this and other pertinent agreements, it is agreed as follows:

4.0 LEASE OF WATER

4.1 Subject of Lease. The WMAT hereby leases to Peoria (1) Forty-Nine (49) acre-feet per year of its HVID CAP Water and (2) Three Hundred Five (305) acre-feet per year of its CAP NIA M&I Equivalent Priority Water and (3) Nine Hundred Thirty-Five (935) acre-feet per year of its CAP NIA Priority Water that is not firmed under Section 7.17 of the Quantification Agreement. The Leased Water is subject to the terms and conditions of the WMAT CAP Water Delivery Contract except as agreed to herein. Peoria shall not be subject to amendments to the WMAT CAP Delivery Contract subsequent to the execution of this Lease Agreement that adversely affect this Lease Agreement unless Peoria agrees to such amended terms in writing.

4.2 Term of Lease Agreement. The term of this Lease Agreement shall begin thirty (30) days after the Enforceability Date and end one hundred (100) years thereafter. At the WMAT's sole discretion and with the approval of the Secretary, the WMAT may enter into a separate lease

agreement with Peoria for WMAT CAP Water upon such terms and conditions as may be negotiated at that time either during the term of this Lease Agreement or thereafter, provided however, that the term of any such separate lease shall not exceed one hundred (100) years.

4.3 Peoria's Consideration During Initial Term of Lease Agreement.

4.3.1 Total Water Lease Charge. In consideration for the Leased Water during the term of the Lease Agreement, Peoria shall pay to the WMAT a one-time Total Water Lease Charge which is equal to the sum of the HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Charge and the CAP NIA Priority Water Lease Charge as hereafter determined under Subparagraphs 4.3.1.1 and 4.3.1.2 respectively:

4.3.1.1 HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Charge. The HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Charge shall be the amount of money paid to WMAT by Peoria under this Lease Agreement for HVID CAP Water and CAP NIA M&I Equivalent Priority Water. The HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Charge shall be determined by dividing the CPI-U most recently published and available prior to the Enforceability Date by the CPI-U as published for the month of October, 2008 to determine the ratio (hereafter "ratio"), then multiplying the ratio as determined above by the HVID CAP Water and CAP NIA M&I Equivalent Priority Water base payment of Two Thousand Five Hundred Fifty Dollars (\$2,550) to determine the HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Rate, and then multiplying the HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Rate, as determined above, by Three Hundred Fifty-Four (354) acre-feet ("AF") to determine the HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Charge.

4.3.1.2 CAP NIA Priority Water Lease Charge. The CAP NIA Priority Water Lease Charge shall be the amount of money paid to WMAT by Peoria under this Lease Agreement for CAP NIA Priority Water that is not firmed under Section 7.17 of the Quantification Agreement. The CAP NIA Priority Water Lease Charge shall be determined by multiplying the ratio by the CAP NIA Priority Water base payment of Two Thousand Seventy Four Dollars (\$2,074) to determine the CAP NIA Priority Water Lease Rate, and then multiplying the CAP NIA Priority Water Lease Rate, as determined above, by Nine Hundred Thirty-Five (935) AF to determine the CAP NIA Priority Water Lease Charge.

4.3.1.3. An example showing the manner in which the calculation required by this Subparagraph 4.3.1 shall be made, is as follows:

Assuming, solely for purposes of this example, that: (1) the amount of HVID CAP Water and CAP NIA M&I Equivalent Priority Water leased is 1,000 AF per year; (2) the amount of CAP NIA Priority Water leased that is not firmed under Section 7.17 of the Quantification Agreement is 1,000 AF per year; (3) the most recently published CPI-U available prior to the Enforceability Date is 240.69; (4) the CPI-U for October 1, 2008 is 211.69; and (5) the HVID CAP Water and CAP NIA M&I Equivalent Priority Water base payment is \$2,550.00; and the CAP NIA Priority Water base payment is \$2,074.00.

*Calculation (all numbers rounded to the nearest hundredth):*

Most recently published CPI-U available prior to Enforceability Date	240.69
CPI-U as of October 2008	211.69
Ratio equals (240.69 divided by 211.69)	1.14

Base payment for HVID CAP Water and CAP NIA M&I Equivalent Priority Water	\$2,550.00
HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Rate (1.14 x \$2,550.00)	\$2,907.00
HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Charge (\$2,907.00 x 1,000 AF)	\$2,907,000.00
Base payment for CAP NIA Priority Water (non-firmed)	\$2,074.00
CAP NIA Priority Water Lease Rate (1.14 x \$2,074.00)	\$2,364.36
CAP NIA Priority Water Lease Charge (\$2,364.36 x 1,000 AF)	\$2,364,360.00
Total Water Lease Charge (\$2,907,000.00 + \$2,364,360.00) =	\$5,271,360.00

In the event the CPI-U is discontinued or not otherwise available as of the month in which the term begins, the Parties shall select a comparable index.

4.3.2 Peoria may, at its election, pay the Total Water Lease Charge in full (without interest) within thirty (30) days after the date that the term begins. In lieu of making such payment, Peoria may elect to make payment as follows:

4.3.2.1 An initial payment of one-half (1/2) of the Total Water Lease Charge (as determined pursuant to Subparagraph 4.3.1) within thirty (30) days after the date that the term begins, with the remaining balance to be paid in four (4) annual payments, payable on the next four (4) anniversary dates of the date that the term begins. Each such payment shall be one-eighth (1/8) of the Total Water Lease Charge plus interest on the unpaid balance at an annual rate determined as follows: one percent (1%) over the net interest rate paid by the City of Phoenix on its most recently issued Water System Improvement Junior Lien Revenue Bonds, as of the Enforceability Date. Interest accrued shall not be added to principal and shall not itself bear interest unless delinquent.

An example showing the manner in which the payment contemplated by this Subparagraph 4.3.2.1 shall be made is as follows:

Assume, solely for purposes of this example, that the Total Water Lease Charge is \$1,000,000 and the net interest rate paid by the City of Phoenix on its most recently issued Water System Improvement Junior Lien Revenue Bonds, as of the Enforceability Date is five percent (5%). Under this example, the applicable resulting interest rate would be six percent (6%) [ $5\% + 1\% = 6\%$ ] and payments including interest under this Subparagraph 4.3.2.1 would be calculated as follows: Peoria would make an initial payment of \$500,000. The first annual installment would be in the principal amount of [ $\$1,000,000 \times 1/8 = \$125,000$ ] plus interest on the unpaid balance of [ $\$1,000,000 - \$500,000 = \$500,000$ ] in the amount of [ $\$500,000 \times .06 = \$30,000$ ], for a total payment of [ $\$125,000 + \$30,000 = \$155,000$ ]. The second annual installment would be in the principal amount of \$125,000 plus interest on the unpaid balance of [ $\$1,000,000 - \$625,000 = \$375,000$ ] in the amount of [ $\$375,000 \times .06 = \$22,500$ ], for a total payment of [ $\$125,000 + \$22,500 = \$147,500$ ]. The third annual installment would be in the principal amount of \$125,000 plus interest on the unpaid balance of [ $\$1,000,000 - \$750,000 = \$250,000$ ] in the amount of [ $\$250,000 \times .06 = \$15,000$ ], for a total payment of [ $\$125,000 + \$15,000 = \$140,000$ ]. The fourth and final annual installment would be in the principal amount of \$125,000 plus interest on the unpaid balance of [ $\$1,000,000 - \$875,000 = \$125,000$ ] in the

amount of [ $\$125,000 \times .06 = \$7,500$ ], for a total payment of [ $\$125,000 + 7,500 = \$132,500$ ].

4.3.3 Under the payment option set forth in Subparagraph 4.3.2.1 without any prepayment penalty, Peoria may, at any time, elect to pay the remaining balance in full together with interest on the unpaid balance to the date of such payment.

4.4 CAP Fixed OM&R Charges and CAP Pumping Energy Charges. Peoria shall pay all CAP Fixed OM&R Charges and CAP Pumping Energy Charges for the delivery of the Leased Water to the Operating Agency as mandated by Section 306 (a) (1) (A) (iii) of the Act and upon the same terms and conditions as are mandated by article 5.1 of Peoria's CAP M&I Water Service Subcontract No. 07-XX-30-W0081, as amended, ("Peoria's CAP M&I Water Service Subcontract") except that Peoria's obligation to pay such CAP Fixed OM&R Charges and CAP Pumping Energy Charges shall not begin earlier than the date that Peoria is entitled to receive water under this Lease Agreement, but in no event unless and until the water is scheduled for delivery by Peoria. CAP Fixed OM&R Charges and CAP Pumping Energy Charges are described as "OM&R Costs" in article 5.1 of Peoria's CAP M&I Water Service Subcontract. Prior to the date that the term of this Lease Agreement (as described in Subparagraph 4.2) begins, the WMAT may use the WMAT CAP Water in accordance with the WMAT CAP Water Delivery Contract.

4.5 Other Charges or Payments. Pursuant to Sections 306 (a)(8) and 306(e) of the Act, neither the WMAT nor Peoria shall be obligated to pay water service capital charges or any other charges, payments, or fees for the Leased Water other than as provided in Subparagraphs 4.3, 4.4, and 4.12, and Paragraph 6.0 of this Lease Agreement.

4.6 Delivery of Water. The United States or the Operating Agency shall deliver the WMAT's Leased Water to Peoria through the CAP System as further provided herein; however, neither the United States nor the Operating Agency shall be obligated to make such deliveries if, in the judgment of the Operating Agency or the Secretary, delivery or schedule of deliveries to Peoria would limit deliveries of CAP water to any CAP Contractor, including the WMAT, or CAP Subcontractor to a degree greater than would direct deliveries to the WMAT at the CAP/SRP Interconnection Facility that connects the Hayden-Rhodes Aqueduct of the CAP System to SRP's water delivery system. The United States or the Operating Agency shall deliver the Leased Water to Peoria in accordance with water delivery schedules provided by Peoria to the United States and the Operating Agency, and the Operating Agency shall inform the WMAT of the amount of Leased Water delivered in the previous year. The water ordering procedures contained in article 4.4 of Peoria's CAP M&I Water Service Subcontract (or any replacement subcontracts) shall apply to Peoria's ordering of water under this Lease Agreement. In no event shall the United States or the Operating Agency be required to deliver to Peoria under this Lease Agreement, in any one month, a total amount of Leased Water greater than eleven percent (11%) of Peoria's annual maximum entitlement under this Lease Agreement; provided, however, that the United States or the Operating Agency may deliver a greater percentage in any month if such increased delivery is compatible with the overall delivery of CAP water to other CAP Contractors and CAP Subcontractors, as determined by the United States and the Operating Agency if Peoria agrees to accept such increased deliveries.

4.6.1 Delivery of Water During Times of Shortages. If a time of shortage exists, as described at Subparagraphs 7.16.1 and 7.16.2 of the Quantification Agreement (1) the amount of Leased Water that is HVID CAP Water shall be reduced by the same percentage by which water available for delivery as CAP Indian Priority Water is reduced in that Year as provided in subsection 5.8 of the WMAT CAP Water Delivery Contract , Section 4 of Amendment No. 2 of the CAP Repayment Contract dated November 30, 2007 and as further provided in Subparagraph 7.16.2 of the Quantification Agreement; (2) the amount of Leased Water that is CAP NIA M&I Equivalent Priority Water available to Peoria under this Lease Agreement, if required to be firmed under the Quantification Agreement or other future agreement, shall be reduced by the same percentage by which water available for delivery as CAP M&I Priority Water is reduced in that Year in accordance with Subparagraph 7.17 of the Quantification Agreement and as provided in Section 4 of Amendment No. 2 of the CAP Repayment Contract dated November 30, 2007 and as provided in subsection 5.8 of the WMAT CAP Water Delivery Contract, and if not required to be firmed under the Quantification Agreement or other future agreement, shall be reduced as provided in (3) herein; and (3) the amount of Leased Water that is CAP NIA Priority Water that is not firmed under Subparagraph 7.17 of the Quantification Agreement available to Peoria under this Lease Agreement shall be reduced by the same percentage by which water available for delivery as CAP NIA Priority Water is reduced in that year in accordance with Subparagraph 7.16.1 of the Quantification Agreement and as provided in subsection 5.8 of the WMAT CAP Water Delivery Contract. Subject to Subparagraph 4.12, any shortage of HVID CAP Water leased from the WMAT and CAP NIA M&I Equivalent Priority Water leased from

the WMAT shall be shared among the Leasing Cities (as that term is defined in Subparagraph 2.48 of the Quantification Agreement) according to the actual percentages leased, which initially are: Avondale, 2.77%; Chandler, 14.47%; Gilbert, 13.31%; Glendale, 7.44%; Mesa, 9.93%; Peoria, 4.06%; Phoenix, 40.21%; Tempe, 7.81%. Subject to Subparagraph 4.12, any shortage of CAP NIA Priority Water leased from WMAT that is not firmed under Section 7.17 of the Quantification Agreement shall be shared among the Leasing Cities (as that term is defined in Subparagraph 2.48 of the Quantification Agreement), CAWCD and any other entity leasing CAP NIA Priority Water from the WMAT according to the actual percentages leased, which initially are: Avondale, 3.93%; Chandler, 20.49%; Gilbert, 18.83%; Glendale, 10.53%; Mesa, 14.07%; Peoria, 5.74%; Tempe, 11.06%; and CAWCD, 15.35%. Notwithstanding anything to the contrary in this Subparagraph 4.6.1, the United States' and the State of Arizona's obligation to provide water to firm any deliveries of WMAT CAP NIA Priority Water under this Lease Agreement does not extend beyond December 31, 2107; provided, however, that neither the United States nor the State of Arizona is prohibited by this Subparagraph 4.6.1 from providing water to firm any deliveries of WMAT CAP NIA Priority Water beyond December 31, 2107, if, subject to the enactment of any necessary additional authorizing legislation, either agrees to do so in any future agreements.

4.7 Use of Leased Water Outside Reservation. Peoria may use or deliver Leased Water for use outside the boundaries of the Reservation, but may not use, lease, transfer the use of, or otherwise cause the Leased Water to be delivered for use outside of the boundaries of the CAP

Service Area, except for use within Peoria's water service area when Peoria's water service area extends beyond the CAP Service Area.

4.8 Conditions Relating to Delivery and Use. Peoria shall have the right to use Leased Water for any purpose that is consistent with Arizona law and not expressly prohibited by this Lease Agreement, including exchanges of the Leased Water for other types of water, and groundwater recharge as that term is defined in the CAP Repayment Contract. Except to the extent that this Lease Agreement conflicts with the terms of Peoria's CAP M&I Water Service Subcontract, deliveries of Leased Water to Peoria and its use by Peoria shall be subject to the Conditions Relating to Delivery and Use in article 4.3 of Peoria's CAP M&I Water Service Subcontract. During the term of this Lease Agreement, the following subarticles or articles of Peoria's CAP M&I Water Service Subcontract shall apply to Peoria and to Peoria's use of water under this Lease Agreement: subarticles 4.5(c), 4.5(d), and 5.2(d); articles 4.6, 4.9, 5.3, 5.4, 5.5, 6.4, 6.6, 6.9, 6.10, 6.11, and 6.13. Peoria expressly approves and agrees to all the terms presently set out in the CAP Repayment Contract, or as such terms may be hereafter amended, and agrees to be bound by the actions to be taken and the determinations to be made under that CAP Repayment Contract, to the extent not inconsistent with the express provisions of this Lease Agreement.

4.9 Quality of Water. The OM&R of the CAP System shall be performed in such manner as is practicable to maintain the quality of water made available through such facilities at the highest level reasonably attainable as determined by the Secretary. The United States, the WMAT, and the Operating Agency make no warranty as to the quality of water and are under no obligation to construct or furnish water treatment facilities to maintain or better the quality of water.

Peoria waives its right to make a claim against the United States, the Operating Agency, the WMAT, other lessee(s), or CAP Subcontractor(s) because of changes in water quality caused by the commingling of Leased Water with other water.

4.10 Points of Delivery. The Leased Water to be delivered to Peoria pursuant to the provisions of this Lease Agreement shall be delivered at turnouts on the CAP System or such other points that may be agreed upon by Peoria, the United States and the Operating Agency.

4.11 WMAT's Covenants. The WMAT agrees:

(A) To observe and perform all obligations imposed on the WMAT by the WMAT CAP Water Delivery Contract which are not assumed by Peoria so that Peoria's rights and duties are not in any way impaired;

(B) Not to execute any other lease of the WMAT Water, that would impair Peoria's rights and duties hereunder;

(C) Not to alter or modify the terms of the WMAT CAP Water Delivery Contract in such a way as to impair Peoria's rights hereunder or exercise any right or action permitted by the WMAT CAP Water Delivery Contract so as to interfere with or change the rights and obligations of Peoria hereunder; and

(D) Not to terminate or cancel the WMAT CAP Water Delivery Contract or transfer, convey or permit a transfer or conveyance of such contract so as to cause a termination of, interference with, or modification of the rights and obligations of the WMAT under it.

4.12 Assignment of Interest in Leased Water.

(A) General. Peoria may not transfer, assign, sublease or otherwise designate or authorize for the use of others all or any part of the Leased Water without the written approval of the WMAT and the Secretary.

(B) Assignment to the Cities and CAWCD. Notwithstanding the prohibition of Subparagraph 4.12(A) above, approval is hereby granted by the Secretary and the WMAT to Peoria, if Peoria is not in default of its payment obligations to the WMAT, to assign all or any part of its interest in Leased Water under this Lease Agreement to one or more of the Other Cities, or to CAWCD, as provided in this Subparagraph, or to their successor(s) in interest within the boundaries of their existing or future service areas. Before assigning any part of its interest in Leased Water under this Lease Agreement, Peoria shall offer such interest to all the Other Cities in equal shares. In the event that any of the Other Cities elects not to take its share of Peoria's assignment, the water shall then be offered to all of the remaining Other Cities in equal shares until the full amount of the water is so assigned. If CAP NIA M&I Equivalent Priority Water or HVID CAP Water leased from the WMAT and available for assignment is declined by all of the Other Cities, such interest may be assigned to CAWCD. If CAP NIA Priority Water that is not firmed under Section 7.17 of the Quantification Agreement is being made available for assignment, then CAWCD may participate in equal shares with the Other Cities. Such assignment shall be effective only upon the execution by the assignor and the assignee of a Voluntary Assignment and Assumption Agreement, the form of which is attached to this Lease Agreement as Exhibit 4.12 (Exhibit 10.1.1.1A of the Quantification

Agreement). A copy of such Voluntary Assignment and Assumption Agreement shall be provided to the Operating Agency, the WMAT and the United States.

(C) Recovery of Costs Allowed. Peoria shall not assign all or any part of its interest in Leased Water hereunder for an amount in excess of that portion of the Total Water Lease Charge that is attributable to the portion of the Leased Water that is assigned. Nothing in this Lease Agreement shall affect Peoria's ability to recover actual future costs, if any, incurred by Peoria for the transportation, treatment, and distribution of the assigned Leased Water.

4.13 Allocation and Repayment of CAP Costs. Pursuant to Section 305(d) of the Act, for the purposes of determining the allocation and repayment of costs of any stage of the CAP constructed after November 21, 2007, the costs associated with the delivery of Leased Water shall be nonreimbursable and shall be excluded from the repayment obligation of CAWCD. Pursuant to Section 306(a)(8) of the Act, no CAP water service capital charges shall be due or payable for the Leased Water.

5. [Intentionally not used].

6. DEFAULT AND REMEDIES

6.1 Events of Default. Any failure by Peoria to pay the consideration specified in Subparagraph 4.3 for the Leased Water within thirty (30) days after any such payments become due shall constitute a default of Peoria's obligations under this Lease Agreement.

6.2 Notice of Default. In the event of a default by Peoria as defined in Subparagraph 6.1 above, the WMAT shall provide written notice ("Notice of Default") to Peoria and contemporaneously, shall send copies of such notice to the Other Cities and CAWCD specifying the

default and demanding that the default be cured within ninety (90) days of the notice. Notice shall be given in the manner and to the Peoria officers specified in Subparagraph 8.10 of this Lease Agreement. The Notice of Default shall specifically describe the default and state the amount due from Peoria, which amount shall be the sum of all payments due the WMAT that should have been paid, but were not paid ("Default Amount"). The purpose of this Subparagraph is to put Peoria, the Other Cities and CAWCD on notice as to the time and cause of default. De minimis mistakes in the Notice of Default shall not invalidate the effectiveness of the Notice of Default.

6.3 Remedies for Failure to Pay. If Peoria fails to cure a non-payment default in accordance with Subparagraph 6.4(A), and if none of the Other Cities or CAWCD cures the non-payment default pursuant to Subparagraph 6.4(B), the WMAT may terminate this Lease Agreement. If the WMAT terminates this Lease Agreement for non-payment of the Total Water Lease Charge required by Subparagraph 4.3, the WMAT shall be entitled to judgment as provided at Subparagraph 6.4(D), but shall not be entitled to any other remedy as a result of such a default.

6.4 Curing for Peoria's Non-payment. After Notice of Default, the default may be cured as follows:

(A) First Grace Period. During the first thirty (30) days following the Notice of Default ("First Grace Period"), Peoria shall have the exclusive right to cure any such default by tendering the Default Amount to the WMAT together with interest on the Default Amount accrued at the annual rate of ten percent (10%) calculated from the date that the missed payment became due ("Due Date"). During the first fifteen (15) days following the Notice of Default, Peoria shall provide written notice to the Other Cities and CAWCD declaring its intent whether it will cure the

default, provided that all payments becoming due during the First Grace Period shall be automatically added to and become a part of the Default Amount and interest thereupon shall accrue in accordance with this provision.

(B) Second Grace Period. In the event that Peoria has not cured the default within thirty (30) days following the Notice of Default, Peoria, any of the Other Cities, CAWCD (for CAP NIA Priority Water that is not firmed under Section 7.17 of the Quantification Agreement only) and/or any combination thereof, may thereafter, but only within sixty (60) days following the end of the First Grace Period (“Second Grace Period”), cure the default by tendering the Default Amount to the WMAT together with interest on the Default Amount accrued at the annual rate of ten percent (10%) calculated from the Due Date. Each of the Other Cities and CAWCD (for CAP NIA Priority Water that is not firmed under Section 7.17 of the Quantification Agreement only) that desires to succeed to the interest of Peoria shall, within sixty (60) days of the Notice of Default, give notice to the Other Cities, CAWCD (for CAP NIA Priority Water that is not firmed under Section 7.17 of the Quantification Agreement only) and Peoria that it will be a curing entity and declare the maximum amount of water that it will lease and succeed to the interest of Peoria.

(C) Third Grace Period. If the Other Cities do not cure Peoria’s default for CAP NIA M&I Equivalent Priority Water or HVID CAP Water by the end of the Second Grace Period, then CAWCD may then cure the default by tendering any remaining portion of the Default Amount within fifteen (15) days after the end of the Second Grace Period (“Third Grace Period”).

Each curing entity shall succeed to the interest and obligation of Peoria to the extent of its contribution, and Peoria and each curing entity shall execute an Assignment and Assumption

Agreement in the form attached hereto as Exhibit 6.4 (Exhibit 10.1.1.1B of the Quantification Agreement) whereby the curing entity or entities agree to be bound by the terms of this Lease Agreement to the extent of its/their contribution. Peoria shall be responsible for any proportionate remainder of any Default amount not cured by the Other Cities or CAWCD pursuant to Subparagraphs 6.4(B) and (C). A copy of such Assignment and Assumption Agreement(s) shall be provided by the curing entity to the Operating Agency, the WMAT and the United States. The WMAT shall accept payment from such curing entity or entities in lieu of payment by Peoria. If the curing entities collectively request more water than what is available for assignment and assumption under this Subparagraph, such curing entities shall succeed to the interest of Peoria in equal shares ("Equal Share Amount"); provided, however, if any of the curing entities requests less water than its Equal Share Amount, then the difference between that curing entity's Equal Share Amount and the amount it requested shall be divided among the other curing entities in equal shares.

If Peoria fails to cure its default within the time-period set forth in Subparagraphs 6.4(B) and (C) it shall execute an Assignment and Assumption Agreement, the form of which is attached hereto as Exhibit 6.4 with each curing entity; provided, however, that if the default is not fully cured by the end of the Third Grace Period, Peoria's right to Leased Water that has not been assigned pursuant to Subparagraphs 6.4(B) and (C) shall be forfeited back to the WMAT and the WMAT shall be entitled to the remedy described in Subparagraph 6.4(D) of this Lease Agreement *pro rata* for that portion that has not been cured as provided for herein. If Peoria, or Peoria and any combination of the Other Cities, and CAWCD have arranged to cure the default and the curing entities have signed all necessary Assignment and Assumption Agreements, but Peoria has either failed or refused to

sign such agreement(s) before the end of the Third Grace Period, the Assignment and Assumption Agreements(s) shall be self-executing without the need for Peoria to sign an Assignment and Assumption Agreement, the form of which is attached hereto as Exhibit 6.4. A cure effected pursuant to this Subparagraph shall constitute full performance of such default payment obligation to the extent of the amount of Leased Water assigned and assumed.

(D) Default Amount. After Notice of Default and after failure to cure as provided for in Subparagraphs 6.4(A), (B) and (C) hereof, Peoria will be indebted to the WMAT and the WMAT will be entitled to judgment for the Default Amount plus an amount equal to three percent (3%) of the balance of the Total Water Lease Charge not yet due and payable, together with interest on the three percent (3%) of the balance of the Total Water Lease Charge not yet due and payable, from the time of default until judgment is obtained, and such costs and reasonable attorneys fees as the WMAT incurs after the due date for obtaining and collecting judgment for the unpaid amounts as a result of such default. The balance of such amount shall continue to accrue interest at the rate of ten percent (10%) per annum until paid in full. Payment of this amount plus such accrued interest as provided in this Subparagraph shall constitute full performance of Peoria's obligations under Subparagraph 4.3 of this Lease Agreement.

## 7.0 TERMINATION AND SURRENDER OF WATER

7.1 Voluntary Termination of this Lease. After offering to assign the Leased Water in accordance with Subparagraph 4.12, Peoria may terminate this Lease Agreement at any time by submitting written notice to the WMAT of its decision to terminate at least one year prior to the date that it intends the Lease Agreement to be terminated, provided, however, Peoria must

receive the written approval of the WMAT before it may terminate this Lease Agreement pursuant to this Subparagraph 7.1 unless Peoria has paid the WMAT at least one-fourth of the Total Water Lease Charge (plus any interest due) set forth in Subparagraph 4.3 of this Lease Agreement. Such notice is irrevocable except upon the WMAT's agreement that Peoria may withdraw its notice. Peoria shall continue to make all payments required by this Lease Agreement during that one-year period and shall not use any Leased Water beyond the day for which the last payment is intended to pay. If Peoria terminates this Lease Agreement, all sums paid by Peoria to the WMAT prior to the date of termination shall remain the property of the WMAT and shall be non-refundable to Peoria.

7.2 Voluntary Surrender of a Portion of the Leased Water. After offering to transfer, assign or sublease the Leased Water in accordance with Subparagraph 4.12, Peoria may elect, at any time during the term of this Lease Agreement to surrender its interest in any portion of the Leased Water by providing written notice to the WMAT of its decision to surrender such interest at least one year prior to the time that it intends to surrender its interest. However, Peoria must receive the written approval of the WMAT before it may surrender any portion of its interest under this Lease Agreement pursuant to this Subparagraph 7.2 unless Peoria has paid the WMAT at least one-fourth of the Total Water Lease Charge set forth in Subparagraph 4.3 of this Lease Agreement. Such notice is irrevocable except upon the WMAT's agreement that Peoria may withdraw its notification. Peoria shall continue to make all payments required of this Lease Agreement during that one year period of time and shall not use any Leased Water that will be surrendered pursuant to this Subparagraph 7.2 beyond the day for which the last payment is

intended to pay. If Peoria surrenders its interest in all or any portion of the Leased Water, all sums paid by Peoria to the WMAT for such water prior to the date of surrender shall remain the property of the WMAT and shall be non-refundable to Peoria. All portions of the Lease Agreement shall remain in effect for all the portions of the Leased Water that are not surrendered. To the extent that the retained portion of the Leased Water has not already been paid for by Peoria, payment shall be in proportion to the amount of water retained by Peoria, charged at the per acre-foot charge, including applicable interest, for Leased Water as calculated pursuant to Subparagraph 4.3 of this Lease Agreement for the years remaining on the term of this Lease Agreement. At the time of the surrender of Leased Water pursuant to this Subparagraph 7.2, Peoria shall pay to the WMAT an amount equal to three percent (3%) of the principal payment for the portion of the Leased Water surrendered.

## 8. GENERAL PROVISIONS

8.1 United States Consent to Lease Agreement. The United States hereby approves and consents to this Lease Agreement.

8.2 Lease Agreement Renegotiation. The Parties to this Lease Agreement agree that the WMAT and Peoria may renegotiate this Lease Agreement at any time during its term, as provided in and subject to the provisions of Subparagraph 7.4 of the Quantification Agreement.

8.3 Lease Agreement Extension. If the ADWR has adopted a final rule or substantive policy statement that enables the Lease Water to be counted as part of Peoria's Assured Water Supply if the term of this Lease is extended, the WMAT agrees to meet with Peoria and discuss the extension of the term of the Lease Agreement within the time-frame required by the applicable

ADWR rule or substantive policy statement.

8.4 Effective Date. This Lease Agreement shall become effective upon the occurrence of the last of the following events: (1) a date thirty (30) days after the Enforceability Date; or (2) the execution of this Lease Agreement by all Parties.

8.5 Rejection of Lease Agreement. Thirty (30) days after the Enforceability Date Peoria at its option may, upon written notice to the WMAT, reject this Lease Agreement. In the event Peoria rejects this Lease Agreement pursuant to this Subparagraph 8.5, Peoria shall have no obligations under this Lease Agreement and Peoria's entitlement shall be offered to the Other Cities and CAWCD as provided in Subparagraph 4.12(B) until that water is fully leased, provided, however, the assignment of the entitlement as provided in Subparagraph 4.12(B) must be completed no later than ninety (90) days after the date of the Rejection Notice. If the assignment of the entitlement to Leased Water is not completed within ninety (90) days after the date of the Rejection Notice, the Leased Water entitlement shall revert back to the WMAT for disposition by the WMAT at its sole discretion, including leasing the water entitlement to any person or entity within the CAP Service Area.

8.6 Enforceability of Lease Agreement. Upon the occurrence of the events listed in Subparagraph 8.4, this Lease Agreement shall be enforceable between the WMAT and Peoria notwithstanding the performance or non-performance of other provisions of the Quantification Agreement not related to this Lease Agreement. The provisions of the Quantification Agreement that relate to this Lease Agreement include, without limitation, Paragraphs 7.0 and 10.0.

8.7 Invalidity of Lease Agreement. If, as a result of any acts or omissions by a person or entity not a Party to this Lease Agreement, Peoria's entitlement to Leased Water under this Lease Agreement is determined to be invalid by a final judgment entered over the opposition of Peoria with the result that the Lease Agreement is deemed null and void, the WMAT shall refund to Peoria that portion of the lease payment that the number of years remaining in the lease term at the time of such determination bears to the total lease term. In the event this Lease Agreement becomes null and void as contemplated by this Subparagraph 8.7, Peoria's entitlement shall be offered to the Other Cities and CAWCD as provided in Subparagraph 4.12(B) until that water is fully leased, provided, however the assignment of the entitlement as provided in Subparagraph 4.12(B) must be completed no later than ninety (90) days after the WMAT serves written notice that this Lease Agreement by a final judgment has been deemed to be null and void; and further provided, that the Other Cities or CAWCD, as the case may be, accepting the assignment must pay to the WMAT an amount equal to the amount of money refunded by WMAT to Peoria. If the assignment to the Other Cities or CAWCD and payment to the WMAT for the assigned entitlement to Leased Water is not completed within ninety (90) days after the WMAT serves written notice that this Lease Agreement by a final judgment has been deemed null and void, the Leased Water entitlement shall revert back to the WMAT for disposition by the WMAT at its sole discretion, subject to the requirements of the Act and the Quantification Agreement, including leasing the water entitlement in accordance with the provisions of Paragraph 9.0 of the Quantification Agreement.

When the term “United States” or “United States of America” is used in reference to a particular agreement or contract, the term shall mean the United States acting in the capacity as set forth in such agreement or contract.

3.36 “White Mountain Apache Tribe” or “the WMAT” shall mean the White Mountain Apache Tribe, organized under Section 16 of the Act of June 18, 1934, 48 Stat. 984 (commonly known as the “Indian Reorganization Act”) (25 U.S.C. § 476).

3.40 "Year" shall mean a calendar year. When not capitalized, the term "year" shall have the meaning in the Paragraph or Subparagraph in which the term is used.

NOW, THEREFORE, in consideration of the mutual covenants contained in this and other pertinent agreements, it is agreed as follows:

#### 4.0 LEASE OF WATER

4.1 Subject of Lease. The WMAT hereby leases to Phoenix (1) Four Hundred Ninety (490) acre-feet per year of its HVID CAP Water and (2) Three Thousand Fifteen (3,015) acre-feet per year of its CAP NIA M&I Equivalent Priority Water and (3) Zero (0) acre-feet per year of its CAP NIA Priority Water that is not firmed under Section 7.17 of the Quantification Agreement. The Leased Water is subject to the terms and conditions of the WMAT CAP Water Delivery Contract except as agreed to herein. Phoenix shall not be subject to amendments to the WMAT CAP Delivery Contract subsequent to the execution of this Lease Agreement that adversely affect this Lease Agreement unless Phoenix agrees to such amended terms in writing.

4.2 Term of Lease Agreement. The term of this Lease Agreement shall begin thirty (30) days after the Enforceability Date and end one hundred (100) years thereafter. At the WMAT's sole discretion and with the approval of the Secretary, the WMAT may enter into a separate lease

agreement with Phoenix for WMAT CAP Water upon such terms and conditions as may be negotiated at that time either during the term of this Lease Agreement or thereafter, provided however, that the term of any such separate lease shall not exceed one hundred (100) years.

4.3 Phoenix's Consideration During Initial Term of Lease Agreement.

4.3.1 Total Water Lease Charge. In consideration for the Leased Water during the term of the Lease Agreement, Phoenix shall pay to the WMAT a one-time Total Water Lease Charge which is equal to the sum of the HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Charge and the CAP NIA Priority Water Lease Charge as hereafter determined under Subparagraphs 4.3.1.1 and 4.3.1.2 respectively:

4.3.1.1 HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Charge. The HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Charge shall be the amount of money paid to WMAT by Phoenix under this Lease Agreement for HVID CAP Water and CAP NIA M&I Equivalent Priority Water. The HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Charge shall be determined by dividing the CPI-U most recently published and available prior to the Enforceability Date by the CPI-U as published for the month of October, 2008 to determine the ratio (hereafter "ratio"), then multiplying the ratio as determined above by the HVID CAP Water and CAP NIA M&I Equivalent Priority Water base payment of Two Thousand Five Hundred Fifty Dollars (\$2,550) to determine the HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Rate, and then multiplying the HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Rate, as determined above, by Three Thousand Five Hundred Five (3,505) acre-feet ("AF") to determine the HVID CAP and CAP NIA M&I Equivalent Priority Water Lease

Charge.

4.3.1.2 CAP NIA Priority Water Lease Charge. The CAP NIA Priority Water Lease Charge shall be the amount of money paid to WMAT by Phoenix under this Lease Agreement for CAP NIA Priority Water that is not firmed under Section 7.17 of the Quantification Agreement. The CAP NIA Priority Water Lease Charge shall be determined by multiplying the ratio by the CAP NIA Priority Water base payment of Two Thousand Seventy Four Dollars (\$2,074) to determine the CAP NIA Priority Water Lease Rate, and then multiplying the CAP NIA Priority Water Lease Rate, as determined above, by Zero (0) AF to determine the CAP NIA Priority Water Lease Charge.

4.3.1.3. An example showing the manner in which the calculation required by this Subparagraph 4.3.1 shall be made, is as follows:

Assuming, solely for purposes of this example, that: (1) the amount of HVID CAP Water and CAP NIA M&I Equivalent Priority Water leased is 1,000 AF per year; (2) the amount of CAP NIA Priority Water leased that is not firmed under Section 7.17 of the Quantification Agreement is 1,000 AF per year; (3) the most recently published CPI-U available prior to the Enforceability Date is 240.69; (4) the CPI-U for October 1, 2008 is 211.69; and (5) the HVID CAP Water and CAP NIA M&I Equivalent Priority Water base payment is \$2,550.00; and the CAP NIA Priority Water base payment is \$2,074.00.

*Calculation (all numbers rounded to the nearest hundredth):*

Most recently published CPI-U available prior to Enforceability Date 240.69

CPI-U as of October 2008 211.69

Ratio equals (240.69 divided by 211.69) 1.14

Base payment for HVID CAP Water and CAP NIA M&I Equivalent Priority Water	\$2,550.00
HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Rate (1.14 x \$2,550.00)	\$2,907.00
HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Charge (\$2,907.00 x 1,000 AF)	\$2,907,000.00
Base payment for CAP NIA Priority Water (non-firmed)	\$2,074.00
CAP NIA Priority Water Lease Rate (1.14 x \$2,074.00)	\$2,364.36
CAP NIA Priority Water Lease Charge (\$2,364.36 x 1,000 AF)	\$2,364,360.00
Total Water Lease Charge (\$2,907,000.00 + \$2,364,360.00) =	\$5,271,360.00

In the event the CPI-U is discontinued or not otherwise available as of the month in which the term begins, the Parties shall select a comparable index.

4.3.2 Phoenix may, at its election, pay the Total Water Lease Charge in full (without interest) within thirty (30) days after the date that the term begins. In lieu of making such payment, Phoenix may elect to make payment as follows:

4.3.2.1 An initial payment of one-half (1/2) of the Total Water Lease Charge (as determined pursuant to Subparagraph 4.3.1) within thirty (30) days after the date that the term begins, with the remaining balance to be paid in four (4) annual payments, payable on the next four (4) anniversary dates of the date that the term begins. Each such payment shall be one-eighth (1/8) of the Total Water Lease Charge plus interest on the unpaid balance at an annual rate determined as follows: one percent (1%) over the net interest rate paid by the City of Phoenix on its most recently issued Water System Improvement Junior Lien Revenue Bonds, as of the Enforceability Date. Interest accrued shall not be added to principal and shall not itself bear interest unless delinquent.

An example showing the manner in which the payment contemplated by this Subparagraph 4.3.2.1 shall be made is as follows:

Assume, solely for purposes of this example, that the Total Water Lease Charge is \$1,000,000 and the net interest rate paid by the City of Phoenix on its most recently issued Water System Improvement Junior Lien Revenue Bonds, as of the Enforceability Date is five percent (5%). Under this example, the applicable resulting interest rate would be six percent (6%) [ $5\% + 1\% = 6\%$ ] and payments including interest under this Subparagraph 4.3.2.1 would be calculated as follows: Phoenix would make an initial payment of \$500,000. The first annual installment would be in the principal amount of [ $\$1,000,000 \times 1/8 = \$125,000$ ] plus interest on the unpaid balance of [ $\$1,000,000 - \$500,000 = \$500,000$ ] in the amount of [ $\$500,000 \times .06 = \$30,000$ ], for a total payment of [ $\$125,000 + \$30,000 = \$155,000$ ]. The second annual installment would be in the principal amount of \$125,000 plus interest on the unpaid balance of [ $\$1,000,000 - \$625,000 = \$375,000$ ] in the amount of [ $\$375,000 \times .06 = \$22,500$ ], for a total payment of [ $\$125,000 + \$22,500 = \$147,500$ ]. The third annual installment would be in the principal amount of \$125,000 plus interest on the unpaid balance of [ $\$1,000,000 - \$750,000 = \$250,000$ ] in the amount of [ $\$250,000 \times .06 = \$15,000$ ], for a total payment of [ $\$125,000 + \$15,000 = \$140,000$ ]. The fourth and final annual installment would be in the principal amount of \$125,000 plus interest on the unpaid balance of [ $\$1,000,000 - \$875,000 = \$125,000$ ] in the

amount of [ $\$125,000 \times .06 = \$7,500$ ], for a total payment of [ $\$125,000 + 7,500 = \$132,500$ ].

4.3.3 Under the payment option set forth in Subparagraph 4.3.2.1 without any prepayment penalty, Phoenix may, at any time, elect to pay the remaining balance in full together with interest on the unpaid balance to the date of such payment.

4.4 CAP Fixed OM&R Charges and CAP Pumping Energy Charges. Phoenix shall pay all CAP Fixed OM&R Charges and CAP Pumping Energy Charges for the delivery of the Leased Water to the Operating Agency as mandated by Section 306 (a) (1) (A) (iii) of the Act and upon the same terms and conditions as are mandated by article 5.1 of Phoenix's CAP M&I Water Service Subcontract No. 07-XX-30-W0507, as amended, ("Phoenix's CAP M&I Water Service Subcontract") except that Phoenix's obligation to pay such CAP Fixed OM&R Charges and CAP Pumping Energy Charges shall not begin earlier than the date that Phoenix is entitled to receive water under this Lease Agreement, but in no event unless and until the water is scheduled for delivery by Phoenix. CAP Fixed OM&R Charges and CAP Pumping Energy Charges are described as "OM&R Costs" in article 5.1 of Phoenix's CAP M&I Water Service Subcontract. Prior to the date that the term of this Lease Agreement (as described in Subparagraph 4.2) begins, the WMAT may use the WMAT CAP Water in accordance with the WMAT CAP Water Delivery Contract.

4.5 Other Charges or Payments. Pursuant to Sections 306 (a)(8) and 306(e) of the Act, neither the WMAT nor Phoenix shall be obligated to pay water service capital charges or any other charges, payments, or fees for the Leased Water other than as provided in Subparagraphs 4.3, 4.4, and 4.12, and Paragraph 6.0 of this Lease Agreement.

4.6 Delivery of Water. The United States or the Operating Agency shall deliver the WMAT's Leased Water to Phoenix through the CAP System as further provided herein; however, neither the United States nor the Operating Agency shall be obligated to make such deliveries if, in the judgment of the Operating Agency or the Secretary, delivery or schedule of deliveries to Phoenix would limit deliveries of CAP water to any CAP Contractor, including the WMAT, or CAP Subcontractor to a degree greater than would direct deliveries to the WMAT at the CAP/SRP Interconnection Facility that connects the Hayden-Rhodes Aqueduct of the CAP System to SRP's water delivery system. The United States or the Operating Agency shall deliver the Leased Water to Phoenix in accordance with water delivery schedules provided by Phoenix to the United States and the Operating Agency, and the Operating Agency shall inform the WMAT of the amount of Leased Water delivered in the previous year. The water ordering procedures contained in article 4.4 of Phoenix's CAP M&I Water Service Subcontract (or any replacement subcontracts) shall apply to Phoenix's ordering of water under this Lease Agreement. In no event shall the United States or the Operating Agency be required to deliver to Phoenix under this Lease Agreement, in any one month, a total amount of Leased Water greater than eleven percent (11%) of Phoenix's annual maximum entitlement under this Lease Agreement; provided, however, that the United States or the Operating Agency may deliver a greater percentage in any month if such increased delivery is compatible with the overall delivery of CAP water to other CAP Contractors and CAP Subcontractors, as determined by the United States and the Operating Agency if Phoenix agrees to accept such increased deliveries.

4.6.1 Delivery of Water During Times of Shortages. If a time of shortage exists, as described at Subparagraphs 7.16.1 and 7.16.2 of the Quantification Agreement (1) the amount of Leased Water that is HVID CAP Water shall be reduced by the same percentage by which water available for delivery as CAP Indian Priority Water is reduced in that Year as provided in subsection 5.8 of the WMAT CAP Water Delivery Contract, Section 4 of Amendment No. 2 of the CAP Repayment Contract dated November 30, 2007 and as further provided in Subparagraph 7.16.2 of the Quantification Agreement; (2) the amount of Leased Water that is CAP NIA M&I Equivalent Priority Water available to Phoenix under this Lease Agreement, if required to be firmed under the Quantification Agreement or other future agreement, shall be reduced by the same percentage by which water available for delivery as CAP M&I Priority Water is reduced in that Year in accordance with Subparagraph 7.17 of the Quantification Agreement and as provided in Section 4 of Amendment No. 2 of the CAP Repayment Contract dated November 30, 2007, and as provided in subsection 5.8 of the WMAT CAP Water Delivery Contract, and if not required to be firmed under the Quantification Agreement or other future agreement, shall be reduced as provided in (3) herein; and (3) the amount of Leased Water that is CAP NIA Priority Water that is not firmed under Subparagraph 7.17 of the Quantification Agreement available to Phoenix under this Lease Agreement shall be reduced by the same percentage by which water available for delivery as CAP NIA Priority Water is reduced in that year in accordance with Subparagraph 7.16.1 of the Quantification Agreement and as provided in subsection 5.8 of the WMAT CAP Water Delivery Contract. Subject to Subparagraph 4.12, any shortage of HVID CAP Water leased from the WMAT and CAP NIA M&I Equivalent Priority Water leased from

the WMAT shall be shared among the Leasing Cities (as that term is defined in Subparagraph 2.48 of the Quantification Agreement) according to the actual percentages leased, which initially are: Avondale, 2.77%; Chandler, 14.47%; Gilbert, 13.31%; Glendale, 7.44%; Mesa, 9.93%; Peoria, 4.06%; Phoenix, 40.21%; Tempe, 7.81%. Subject to Subparagraph 4.12, any shortage of CAP NIA Priority Water leased from WMAT that is not firmed under Section 7.17 of the Quantification Agreement shall be shared among the Leasing Cities (as that term is defined in Subparagraph 2.48 of the Quantification Agreement), CAWCD and any other entity leasing CAP NIA Priority Water from the WMAT according to the actual percentages leased, which initially are: Avondale, 3.93%; Chandler, 20.49%; Gilbert, 18.83%; Glendale, 10.53%; Mesa, 14.07%; Peoria, 5.74%; Tempe, 11.06%; and CAWCD, 15.35%. Notwithstanding anything to the contrary in this Subparagraph 4.6.1, the United States' and the State of Arizona's obligation to provide water to firm any deliveries of WMAT CAP NIA Priority Water under this Lease Agreement does not extend beyond December 31, 2107; provided, however, that neither the United States nor the State of Arizona is prohibited by this Subparagraph 4.6.1 from providing water to firm any deliveries of WMAT CAP NIA Priority Water beyond December 31, 2107, if, subject to the enactment of any necessary additional authorizing legislation, either agrees to do so in any future agreements.

4.7 Use of Leased Water Outside Reservation. Phoenix may use or deliver Leased Water for use outside the boundaries of the Reservation, but may not use, lease, transfer the use of, or otherwise cause the Leased Water to be delivered for use outside of the boundaries of the CAP Service Area, except for use within Phoenix's water service area when Phoenix's water service area

extends beyond the CAP Service Area.

4.8 Conditions Relating to Delivery and Use. Phoenix shall have the right to use Leased Water for any purpose that is consistent with Arizona law and not expressly prohibited by this Lease Agreement, including exchanges of the Leased Water for other types of water, and groundwater recharge as that term is defined in the CAP Repayment Contract. Except to the extent that this Lease Agreement conflicts with the terms of Phoenix's CAP M&I Water Service Subcontract, deliveries of Leased Water to Phoenix and its use by Phoenix shall be subject to the Conditions Relating to Delivery and Use in article 4.3 of Phoenix's CAP M&I Water Service Subcontract. During the term of this Lease Agreement, the following subarticles or articles of Phoenix's CAP M&I Water Service Subcontract shall apply to Phoenix and to Phoenix's use of water under this Lease Agreement: subarticles 4.5(c), 4.5(d), and 5.2(d); articles 4.6, 4.9, 5.3, 5.4, 5.5, 6.4, 6.6, 6.9, 6.10, 6.11, and 6.13. Phoenix expressly approves and agrees to all the terms presently set out in the CAP Repayment Contract, or as such terms may be hereafter amended, and agrees to be bound by the actions to be taken and the determinations to be made under that CAP Repayment Contract, to the extent not inconsistent with the express provisions of this Lease Agreement.

4.9 Quality of Water. The OM&R of the CAP System shall be performed in such manner as is practicable to maintain the quality of water made available through such facilities at the highest level reasonably attainable as determined by the Secretary. The United States, the WMAT, and the Operating Agency make no warranty as to the quality of water and are under no obligation to construct or furnish water treatment facilities to maintain or better the quality of water. Phoenix waives its right to make a claim against the United States, the Operating Agency, the

WMAT, other lessee(s), or CAP Subcontractor(s) because of changes in water quality caused by the commingling of Leased Water with other water.

4.10 Points of Delivery. The Leased Water to be delivered to Phoenix pursuant to the provisions of this Lease Agreement shall be delivered at turnouts on the CAP System or such other points that may be agreed upon by Phoenix, the United States and the Operating Agency.

4.11 WMAT's Covenants. The WMAT agrees:

(A) To observe and perform all obligations imposed on the WMAT by the WMAT CAP Water Delivery Contract which are not assumed by Phoenix so that Phoenix's rights and duties are not in any way impaired;

(B) Not to execute any other lease of the WMAT Water, that would impair Phoenix's rights and duties hereunder;

(C) Not to alter or modify the terms of the WMAT CAP Water Delivery Contract in such a way as to impair Phoenix's rights hereunder or exercise any right or action permitted by the WMAT CAP Water Delivery Contract so as to interfere with or change the rights and obligations of Phoenix hereunder; and

(D) Not to terminate or cancel the WMAT CAP Water Delivery Contract or transfer, convey or permit a transfer or conveyance of such contract so as to cause a termination of, interference with, or modification of the rights and obligations of the WMAT under it.

4.12 Assignment of Interest in Leased Water.

(A) General. Phoenix may not transfer, assign, sublease or otherwise designate or authorize for the use of others all or any part of the Leased Water without the written approval of

the WMAT and the Secretary.

(B) Assignment to the Cities and CAWCD. Notwithstanding the prohibition of Subparagraph 4.12(A) above, approval is hereby granted by the Secretary and the WMAT to Phoenix, if Phoenix is not in default of its payment obligations to the WMAT, to assign all or any part of its interest in Leased Water under this Lease Agreement to one or more of the Other Cities, or to CAWCD, as provided in this Subparagraph, or to their successor(s) in interest within the boundaries of their existing or future service areas. Before assigning any part of its interest in Leased Water under this Lease Agreement, Phoenix shall offer such interest to all the Other Cities in equal shares. In the event that any of the Other Cities elects not to take its share of Phoenix's assignment, the water shall then be offered to all of the remaining Other Cities in equal shares until the full amount of the water is so assigned. If CAP NIA M&I Equivalent Priority Water or HVID CAP Water leased from the WMAT and available for assignment is declined by all of the Other Cities, such interest may be assigned to CAWCD. If CAP NIA Priority Water that is not firmed under Section 7.17 of the Quantification Agreement is being made available for assignment, then CAWCD may participate in equal shares with the Other Cities. Such assignment shall be effective only upon the execution by the assignor and the assignee of a Voluntary Assignment and Assumption Agreement, the form of which is attached to this Lease Agreement as Exhibit 4.12 (Exhibit 10.1.1.1A of the Quantification Agreement). A copy of such Voluntary Assignment and Assumption Agreement shall be provided to the Operating Agency, the WMAT and the United States.

(C) Recovery of Costs Allowed. Phoenix shall not assign all or any part of its

interest in Leased Water hereunder for an amount in excess of that portion of the Total Water Lease Charge that is attributable to the portion of the Leased Water that is assigned. Nothing in this Lease Agreement shall affect Phoenix's ability to recover actual future costs, if any, incurred by Phoenix for the transportation, treatment, and distribution of the assigned Leased Water.

4.13 Allocation and Repayment of CAP Costs. Pursuant to Section 305(d) of the Act, for the purposes of determining the allocation and repayment of costs of any stage of the CAP constructed after November 21, 2007, the costs associated with the delivery of Leased Water shall be nonreimbursable and shall be excluded from the repayment obligation of CAWCD. Pursuant to Section 306(a)(8) of the Act, no CAP water service capital charges shall be due or payable for the Leased Water.

5. [Intentionally not used].

6. DEFAULT AND REMEDIES

6.1 Events of Default. Any failure by Phoenix to pay the consideration specified in Subparagraph 4.3 for the Leased Water within thirty (30) days after any such payments become due shall constitute a default of Phoenix's obligations under this Lease Agreement.

6.2 Notice of Default. In the event of a default by Phoenix as defined in Subparagraph 6.1 above, the WMAT shall provide written notice ("Notice of Default") to Phoenix and contemporaneously, shall send copies of such notice to the Other Cities and CAWCD specifying the default and demanding that the default be cured within ninety (90) days of the notice. Notice shall be given in the manner and to the Phoenix officers specified in Subparagraph 8.10 of this Lease Agreement. The Notice of Default shall specifically describe the default and state the amount due

from Phoenix, which amount shall be the sum of all payments due the WMAT that should have been paid, but were not paid (“Default Amount”). The purpose of this Subparagraph is to put Phoenix, the Other Cities and CAWCD on notice as to the time and cause of default. De minimis mistakes in the Notice of Default shall not invalidate the effectiveness of the Notice of Default.

6.3 Remedies for Failure to Pay. If Phoenix fails to cure a non-payment default in accordance with Subparagraph 6.4(A), and if none of the Other Cities or CAWCD cures the non-payment default pursuant to Subparagraph 6.4(B), the WMAT may terminate this Lease Agreement. If the WMAT terminates this Lease Agreement for non-payment of the Total Water Lease Charge required by Subparagraph 4.3, the WMAT shall be entitled to judgment as provided at Subparagraph 6.4(D), but shall not be entitled to any other remedy as a result of such a default.

6.4 Curing for Phoenix’s Non-payment. After Notice of Default, the default may be cured as follows:

(A) First Grace Period. During the first thirty (30) days following the Notice of Default (“First Grace Period”), Phoenix shall have the exclusive right to cure any such default by tendering the Default Amount to the WMAT together with interest on the Default Amount accrued at the annual rate of ten percent (10%) calculated from the date that the missed payment became due (“Due Date”). During the first fifteen (15) days following the Notice of Default, Phoenix shall provide written notice to the Other Cities and CAWCD declaring its intent whether it will cure the default, provided that all payments becoming due during the First Grace Period shall be automatically added to and become a part of the Default Amount and interest thereupon shall accrue in accordance with this provision.

(B) Second Grace Period. In the event that Phoenix has not cured the default within thirty (30) days following the Notice of Default, Phoenix, any of the Other Cities, CAWCD (for CAP NIA Priority Water that is not firmed under Section 7.17 of the Quantification Agreement only) and/or any combination thereof, may thereafter, but only within sixty (60) days following the end of the First Grace Period (“Second Grace Period”), cure the default by tendering the Default Amount to the WMAT together with interest on the Default Amount accrued at the annual rate of ten percent (10%) calculated from the Due Date. Each of the Other Cities and CAWCD (for CAP NIA Priority Water that is not firmed under Section 7.17 of the Quantification Agreement only) that desires to succeed to the interest of Phoenix shall, within sixty (60) days of the Notice of Default, give notice to the Other Cities, CAWCD (for CAP NIA Priority Water that is not firmed under Section 7.17 of the Quantification Agreement only) and Phoenix that it will be a curing entity and declare the maximum amount of water that it will lease and succeed to the interest of Phoenix.

(C) Third Grace Period. If the Other Cities do not cure Phoenix’s default for CAP NIA M&I Equivalent Priority Water or HVID CAP Water by the end of the Second Grace Period, then CAWCD may then cure the default by tendering any remaining portion of the Default Amount within fifteen (15) days after the end of the Second Grace Period (“Third Grace Period”).

Each curing entity shall succeed to the interest and obligation of Phoenix to the extent of its contribution, and Phoenix and each curing entity shall execute an Assignment and Assumption Agreement in the form attached hereto as Exhibit 6.4 (Exhibit 10.1.1.1B of the Quantification Agreement) whereby the curing entity or entities agree to be bound by the terms of this Lease Agreement to the extent of its/their contribution. Phoenix shall be responsible for any proportionate

remainder of any Default amount not cured by the Other Cities or CAWCD pursuant to Subparagraphs 6.4(B) and (C). A copy of such Assignment and Assumption Agreement(s) shall be provided by the curing entity to the Operating Agency, the WMAT and the United States. The WMAT shall accept payment from such curing entity or entities in lieu of payment by Phoenix. If the curing entities collectively request more water than what is available for assignment and assumption under this Subparagraph, such curing entities shall succeed to the interest of Phoenix in equal shares (“Equal Share Amount”); provided, however, if any of the curing entities requests less water than its Equal Share Amount, then the difference between that curing entity’s Equal Share Amount and the amount it requested shall be divided among the other curing entities in equal shares.

If Phoenix fails to cure its default within the time-period set forth in Subparagraphs 6.4(B) and (C) it shall execute an Assignment and Assumption Agreement, the form of which is attached hereto as Exhibit 6.4 with each curing entity; provided, however, that if the default is not fully cured by the end of the Third Grace Period, Phoenix’s right to Leased Water that has not been assigned pursuant to Subparagraphs 6.4(B) and (C) shall be forfeited back to the WMAT and the WMAT shall be entitled to the remedy described in Subparagraph 6.4(D) of this Lease Agreement *pro rata* for that portion that has not been cured as provided for herein. If Phoenix, or Phoenix and any combination of the Other Cities, and CAWCD have arranged to cure the default and the curing entities have signed all necessary Assignment and Assumption Agreements, but Phoenix has either failed or refused to sign such agreement(s) before the end of the Third Grace Period, the Assignment and Assumption Agreements(s) shall be self-executing without the need for Phoenix to

sign an Assignment and Assumption Agreement, the form of which is attached hereto as Exhibit 6.4. A cure effected pursuant to this Subparagraph shall constitute full performance of such default payment obligation to the extent of the amount of Leased Water assigned and assumed.

(D) Default Amount. After Notice of Default and after failure to cure as provided for in Subparagraphs 6.4(A), (B) and (C) hereof, Phoenix will be indebted to the WMAT and the WMAT will be entitled to judgment for the Default Amount plus an amount equal to three percent (3%) of the balance of the Total Water Lease Charge not yet due and payable, together with interest on the three percent (3%) of the balance of the Total Water Lease Charge not yet due and payable, from the time of default until judgment is obtained, and such costs and reasonable attorneys fees as the WMAT incurs after the due date for obtaining and collecting judgment for the unpaid amounts as a result of such default. The balance of such amount shall continue to accrue interest at the rate of ten percent (10%) per annum until paid in full. Payment of this amount plus such accrued interest as provided in this Subparagraph shall constitute full performance of Phoenix's obligations under Subparagraph 4.3 of this Lease Agreement.

## 7.0 TERMINATION AND SURRENDER OF WATER

7.1 Voluntary Termination of this Lease. After offering to assign the Leased Water in accordance with Subparagraph 4.12, Phoenix may terminate this Lease Agreement at any time by submitting written notice to the WMAT of its decision to terminate at least one year prior to the date that it intends the Lease Agreement to be terminated, provided, however, Phoenix must receive the written approval of the WMAT before it may terminate this Lease Agreement pursuant to this Subparagraph 7.1 unless Phoenix has paid the WMAT at least one-fourth of the

Total Water Lease Charge (plus any interest due) set forth in Subparagraph 4.3 of this Lease Agreement. Such notice is irrevocable except upon the WMAT's agreement that Phoenix may withdraw its notice. Phoenix shall continue to make all payments required by this Lease Agreement during that one-year period and shall not use any Leased Water beyond the day for which the last payment is intended to pay. If Phoenix terminates this Lease Agreement, all sums paid by Phoenix to the WMAT prior to the date of termination shall remain the property of the WMAT and shall be non-refundable to Phoenix.

7.2 Voluntary Surrender of a Portion of the Leased Water. After offering to transfer, assign or sublease the Leased Water in accordance with Subparagraph 4.12, Phoenix may elect, at any time during the term of this Lease Agreement to surrender its interest in any portion of the Leased Water by providing written notice to the WMAT of its decision to surrender such interest at least one year prior to the time that it intends to surrender its interest. However, Phoenix must receive the written approval of the WMAT before it may surrender any portion of its interest under this Lease Agreement pursuant to this Subparagraph 7.2 unless Phoenix has paid the WMAT at least one-fourth of the Total Water Lease Charge set forth in Subparagraph 4.3 of this Lease Agreement. Such notice is irrevocable except upon the WMAT's agreement that Phoenix may withdraw its notification. Phoenix shall continue to make all payments required of this Lease Agreement during that one year period of time and shall not use any Leased Water that will be surrendered pursuant to this Subparagraph 7.2 beyond the day for which the last payment is intended to pay. If Phoenix surrenders its interest in all or any portion of the Leased Water, all sums paid by Phoenix to the WMAT for such water prior to the date of surrender shall remain

the property of the WMAT and shall be non-refundable to Phoenix. All portions of the Lease Agreement shall remain in effect for all the portions of the Leased Water that are not surrendered. To the extent that the retained portion of the Leased Water has not already been paid for by Phoenix, payment shall be in proportion to the amount of water retained by Phoenix, charged at the per acre-foot charge, including applicable interest, for Leased Water as calculated pursuant to Subparagraph 4.3 of this Lease Agreement for the years remaining on the term of this Lease Agreement. At the time of the surrender of Leased Water pursuant to this Subparagraph 7.2, Phoenix shall pay to the WMAT an amount equal to three percent (3%) of the principal payment for the portion of the Leased Water surrendered.

8. GENERAL PROVISIONS

8.1 United States Consent to Lease Agreement. The United States hereby approves and consents to this Lease Agreement.

8.2 Lease Agreement Renegotiation. The Parties to this Lease Agreement agree that the WMAT and Phoenix may renegotiate this Lease Agreement at any time during its term, as provided in and subject to the provisions of Subparagraph 7.4 of the Quantification Agreement.

8.3 Lease Agreement Extension. If the ADWR has adopted a final rule or substantive policy statement that enables the Lease Water to be counted as part of Phoenix's Assured Water Supply if the term of this Lease is extended, the WMAT agrees to meet with Phoenix and discuss the extension of the term of the Lease Agreement within the time-frame required by the applicable ADWR rule or substantive policy statement.

8.4 Effective Date. This Lease Agreement shall become effective upon the occurrence of the last of the following events: (1) a date thirty (30) days after the Enforceability Date; or (2) the execution of this Lease Agreement by all Parties.

8.5 Rejection of Lease Agreement. Thirty (30) days after the Enforceability Date Phoenix at its option may, upon written notice to the WMAT, reject this Lease Agreement. In the event Phoenix rejects this Lease Agreement pursuant to this Subparagraph 8.5, Phoenix shall have no obligations under this Lease Agreement and Phoenix's entitlement shall be offered to the Other Cities and CAWCD as provided in Subparagraph 4.12(B) until that water is fully leased, provided, however, the assignment of the entitlement as provided in Subparagraph 4.12(B) must be completed no later than ninety (90) days after the date of the Rejection Notice. If the assignment of the entitlement to Leased Water is not completed within ninety (90) days after the date of the Rejection Notice, the Leased Water entitlement shall revert back to the WMAT for disposition by the WMAT at its sole discretion, including leasing the water entitlement to any person or entity within the CAP Service Area.

8.6 Enforceability of Lease Agreement. Upon the occurrence of the events listed in Subparagraph 8.4, this Lease Agreement shall be enforceable between the WMAT and Phoenix notwithstanding the performance or non-performance of other provisions of the Quantification Agreement not related to this Lease Agreement. The provisions of the Quantification Agreement that relate to this Lease Agreement include, without limitation, Paragraphs 7.0 and 10.0.

8.7 Invalidity of Lease Agreement. If, as a result of any acts or omissions by a person or entity not a Party to this Lease Agreement, Phoenix's entitlement to Leased Water under this Lease

Agreement is determined to be invalid by a final judgment entered over the opposition of Phoenix with the result that the Lease Agreement is deemed null and void, the WMAT shall refund to Phoenix that portion of the lease payment that the number of years remaining in the lease term at the time of such determination bears to the total lease term. In the event this Lease Agreement becomes null and void as contemplated by this Subparagraph 8.7, Phoenix's entitlement shall be offered to the Other Cities and CAWCD as provided in Subparagraph 4.12(B) until that water is fully leased, provided, however the assignment of the entitlement as provided in Subparagraph 4.12(B) must be completed no later than ninety (90) days after the WMAT serves written notice that this Lease Agreement by a final judgment has been deemed to be null and void; and further provided, that the Other Cities or CAWCD, as the case may be, accepting the assignment must pay to the WMAT an amount equal to the amount of money refunded by WMAT to Phoenix. If the assignment to the Other Cities or CAWCD and payment to the WMAT for the assigned entitlement to Leased Water is not completed within ninety (90) days after the WMAT serves written notice that this Lease Agreement by a final judgment has been deemed null and void, the Leased Water entitlement shall revert back to the WMAT for disposition by the WMAT at its sole discretion, subject to the requirements of the Act and the Quantification Agreement, including leasing the water entitlement in accordance with the provisions of Paragraph 9.0 of the Quantification Agreement.

8.8 Approval, Consent and Ratification. Each Party to this Lease Agreement does by execution of the signature pages hereto, approve, endorse, consent to and ratify this Lease Agreement.

8.9 Counterparts. This Lease Agreement may be executed in multiple counterparts, each of which shall be considered an original and all of which, taken together, shall constitute one agreement.

4.1 Subject of Lease. The WMAT hereby leases to Tempe (1) Ninety-Five (95) acre-feet per year of its HVID CAP Water and (2) Five Hundred Eighty-Six (586) acre-feet per year of its CAP NIA M&I Equivalent Priority Water and (3) One Thousand Eight Hundred (1,800) acre-feet per year of its CAP NIA Priority Water that is not firmed under Section 7.17 of the Quantification Agreement. The Leased Water is subject to the terms and conditions of the WMAT CAP Water Delivery Contract except as agreed to herein. Tempe shall not be subject to amendments to the WMAT CAP Delivery Contract subsequent to the execution of this Lease Agreement that adversely affect this Lease Agreement unless Tempe agrees to such amended terms in writing.

4.2 Term of Lease Agreement. The term of this Lease Agreement shall begin thirty (30) days after the Enforceability Date and end one hundred (100) years thereafter. At the WMAT's sole

discretion and with the approval of the Secretary, the WMAT may enter into a separate lease agreement with Tempe for WMAT CAP Water upon such terms and conditions as may be negotiated at that time either during the term of this Lease Agreement or thereafter, provided however, that the term of any such separate lease shall not exceed one hundred (100) years.

4.3 Tempe's Consideration During Initial Term of Lease Agreement.

4.3.1 Total Water Lease Charge. In consideration for the Leased Water during the term of the Lease Agreement, Tempe shall pay to the WMAT a one-time Total Water Lease Charge which is equal to the sum of the HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Charge and the CAP NIA Priority Water Lease Charge as hereafter determined under Subparagraphs 4.3.1.1 and 4.3.1.2 respectively:

4.3.1.1 HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Charge. The HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Charge shall be the amount of money paid to WMAT by Tempe under this Lease Agreement for HVID CAP Water and CAP NIA M&I Equivalent Priority Water. The HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Charge shall be determined by dividing the CPI-U most recently published and available prior to the Enforceability Date by the CPI-U as published for the month of October, 2008 to determine the ratio (hereafter "ratio"), then multiplying the ratio as determined above by the HVID CAP Water and CAP NIA M&I Equivalent Priority Water base payment of Two Thousand Five Hundred Fifty Dollars (\$2,550) to determine the HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Rate, and then multiplying the HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Rate, as determined above, by Six Hundred Eighty-One (681) acre-feet ("AF")

to determine the HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Charge.

4.3.1.2 CAP NIA Priority Water Lease Charge. The CAP NIA Priority Water Lease Charge shall be the amount of money paid to WMAT by Tempe under this Lease Agreement for CAP NIA Priority Water that is not firmed under Section 7.17 of the Quantification Agreement. The CAP NIA Priority Water Lease Charge shall be determined by multiplying the ratio by the CAP NIA Priority Water base payment of Two Thousand Seventy Four Dollars (\$2,074) to determine the CAP NIA Priority Water Lease Rate, and then multiplying the CAP NIA Priority Water Lease Rate, as determined above, by One Thousand Eight Hundred (1,800) AF to determine the CAP NIA Priority Water Lease Charge.

4.3.1.3. An example showing the manner in which the calculation required by this Subparagraph 4.3.1 shall be made, is as follows:

Assuming, solely for purposes of this example, that: (1) the amount of HVID CAP Water and CAP NIA M&I Equivalent Priority Water leased is 1,000 AF per year; (2) the amount of CAP NIA Priority Water leased that is not firmed under Section 7.17 of the Quantification Agreement is 1,000 AF per year; (3) the most recently published CPI-U available prior to the Enforceability Date is 240.69; (4) the CPI-U for October 1, 2008 is 211.69; and (5) the HVID CAP Water and CAP NIA M&I Equivalent Priority Water base payment is \$2,550.00; and the CAP NIA Priority Water base payment is \$2,074.00.

*Calculation (all numbers rounded to the nearest hundredth):*

Most recently published CPI-U available prior to Enforceability Date 240.69

CPI-U as of October 2008 211.69

Ratio equals (240.69 divided by 211.69)	1.14
Base payment for HVID CAP Water and CAP NIA M&I Equivalent Priority Water	\$2,550.00
HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Rate (1.14 x \$2,550.00)	\$2,907.00
HVID CAP and CAP NIA M&I Equivalent Priority Water Lease Charge (\$2,907.00 x 1,000 AF)	\$2,907,000.00
Base payment for CAP NIA Priority Water (non-firmed)	\$2,074.00
CAP NIA Priority Water Lease Rate (1.14 x \$2,074.00)	\$2,364.36
CAP NIA Priority Water Lease Charge (\$2,364.36 x 1,000 AF)	\$2,364,360.00
Total Water Lease Charge (\$2,907,000.00 + \$2,364,360.00) =	\$5,271,360.00

In the event the CPI-U is discontinued or not otherwise available as of the month in which the term begins, the Parties shall select a comparable index.

4.3.2 Tempe may, at its election, pay the Total Water Lease Charge in full (without interest) within thirty (30) days after the date that the term begins. In lieu of making such payment, Tempe may elect to make payment as follows:

4.3.2.1 An initial payment of one-half (1/2) of the Total Water Lease Charge (as determined pursuant to Subparagraph 4.3.1) within thirty (30) days after the date that the term begins, with the remaining balance to be paid in four (4) annual payments, payable on the next four (4) anniversary dates of the date that the term begins. Each such payment shall be one-eighth (1/8) of the Total Water Lease Charge plus interest on the unpaid balance at an annual rate determined as follows: one percent (1%) over the net interest rate paid by the City of Phoenix on its most recently issued Water System Improvement Junior Lien Revenue Bonds, as of the Enforceability Date.

Interest accrued shall not be added to principal and shall not itself bear interest unless delinquent. An example showing the manner in which the payment contemplated by this Subparagraph 4.3.2.1 shall be made is as follows:

Assume, solely for purposes of this example, that the Total Water Lease Charge is \$1,000,000 and the net interest rate paid by the City of Phoenix on its most recently issued Water System Improvement Junior Lien Revenue Bonds, as of the Enforceability Date is five percent (5%). Under this example, the applicable resulting interest rate would be six percent (6%) [ $5\% + 1\% = 6\%$ ] and payments including interest under this Subparagraph 4.3.2.1 would be calculated as follows: Tempe would make an initial payment of \$500,000. The first annual installment would be in the principal amount of [ $\$1,000,000 \times 1/8 = \$125,000$ ] plus interest on the unpaid balance of [ $\$1,000,000 - \$500,000 = \$500,000$ ] in the amount of [ $\$500,000 \times .06 = \$30,000$ ], for a total payment of [ $\$125,000 + \$30,000 = \$155,000$ ]. The second annual installment would be in the principal amount of \$125,000 plus interest on the unpaid balance of [ $\$1,000,000 - \$625,000 = \$375,000$ ] in the amount of [ $\$375,000 \times .06 = \$22,500$ ], for a total payment of [ $\$125,000 + \$22,500 = \$147,500$ ]. The third annual installment would be in the principal amount of \$125,000 plus interest on the unpaid balance of [ $\$1,000,000 - \$750,000 = \$250,000$ ] in the amount of [ $\$250,000 \times .06 = \$15,000$ ], for a total payment of [ $\$125,000 + \$15,000 = \$140,000$ ]. The fourth and final annual installment would be in the principal amount of \$125,000 plus

interest on the unpaid balance of [ $\$1,000,000 - \$875,000 = \$125,000$ ] in the amount of [ $\$125,000 \times .06 = \$7,500$ ], for a total payment of [ $\$125,000 + 7,500 = \$132,500$ ].

4.3.3 Under the payment option set forth in Subparagraph 4.3.2.1 without any prepayment penalty, Tempe may, at any time, elect to pay the remaining balance in full together with interest on the unpaid balance to the date of such payment.

4.4 CAP Fixed OM&R Charges and CAP Pumping Energy Charges. Tempe shall pay all CAP Fixed OM&R Charges and CAP Pumping Energy Charges for the delivery of the Leased Water to the Operating Agency as mandated by Section 306 (a) (1) (A) (iii) of the Act and upon the same terms and conditions as are mandated by article 5.1 of Tempe's CAP M&I Water Service Subcontract No. 07-XX-30-W0506, as amended, ("Tempe's CAP M&I Water Service Subcontract") except that Tempe's obligation to pay such CAP Fixed OM&R Charges and CAP Pumping Energy Charges shall not begin earlier than the date that Tempe is entitled to receive water under this Lease Agreement, but in no event unless and until the water is scheduled for delivery by Tempe. CAP Fixed OM&R Charges and CAP Pumping Energy Charges are described as "OM&R Costs" in article 5.1 of Tempe's CAP M&I Water Service Subcontract. Prior to the date that the term of this Lease Agreement (as described in Subparagraph 4.2) begins, the WMAT may use the WMAT CAP Water in accordance with the WMAT CAP Water Delivery Contract.

4.5 Other Charges or Payments. Pursuant to Sections 306 (a)(8) and 306(e) of the Act, neither the WMAT nor Tempe shall be obligated to pay water service capital charges or any other charges, payments, or fees for the Leased Water other than as provided in Subparagraphs 4.3, 4.4,

and 4.12, and Paragraph 6.0 of this Lease Agreement.

4.6 Delivery of Water. The United States or the Operating Agency shall deliver the WMAT's Leased Water to Tempe through the CAP System as further provided herein; however, neither the United States nor the Operating Agency shall be obligated to make such deliveries if, in the judgment of the Operating Agency or the Secretary, delivery or schedule of deliveries to Tempe would limit deliveries of CAP water to any CAP Contractor, including the WMAT, or CAP Subcontractor to a degree greater than would direct deliveries to the WMAT at the CAP/SRP Interconnection Facility that connects the Hayden-Rhodes Aqueduct of the CAP System to SRP's water delivery system. The United States or the Operating Agency shall deliver the Leased Water to Tempe in accordance with water delivery schedules provided by Tempe to the United States and the Operating Agency, and the Operating Agency shall inform the WMAT of the amount of Leased Water delivered in the previous year. The water ordering procedures contained in article 4.4 of Tempe's CAP M&I Water Service Subcontract (or any replacement subcontracts) shall apply to Tempe's ordering of water under this Lease Agreement. In no event shall the United States or the Operating Agency be required to deliver to Tempe under this Lease Agreement, in any one month, a total amount of Leased Water greater than eleven percent (11%) of Tempe's annual maximum entitlement under this Lease Agreement; provided, however, that the United States or the Operating Agency may deliver a greater percentage in any month if such increased delivery is compatible with the overall delivery of CAP water to other CAP Contractors and CAP Subcontractors, as determined by the United States and the Operating Agency if Tempe agrees to accept such increased deliveries.

4.6.1 Delivery of Water During Times of Shortages. If a time of shortage exists, as described at Subparagraphs 7.16.1 and 7.16.2 of the Quantification Agreement (1) the amount of Leased Water that is HVID CAP Water shall be reduced by the same percentage by which water available for delivery as CAP Indian Priority Water is reduced in that Year as provided in subsection 5.8 of the WMAT CAP Water Delivery Contract, Section 4 of Amendment No. 2 of the CAP Repayment Contract dated November 30, 2007 and as further provided in Subparagraph 7.16.2 of the Quantification Agreement; (2) the amount of Leased Water that is CAP NIA M&I Equivalent Priority Water available to Tempe under this Lease Agreement, if required to be firmed under the Quantification Agreement or other future agreement, shall be reduced by the same percentage by which water available for delivery as CAP M&I Priority Water is reduced in that Year in accordance with Subparagraph 7.17 of the Quantification Agreement and as provided in Section 4 of Amendment No. 2 of the CAP Repayment Contract dated November 30, 2007, and as provided in subsection 5.8 of the WMAT CAP Water Delivery Contract, and if not required to be firmed under the Quantification Agreement or other future agreement, shall be reduced as provided in (3) herein; and (3) the amount of Leased Water that is CAP NIA Priority Water that is not firmed under Subparagraph 7.17 of the Quantification Agreement available to Tempe under this Lease Agreement shall be reduced by the same percentage by which water available for delivery as CAP NIA Priority Water is reduced in that year in accordance with Subparagraph 7.16.1 of the Quantification Agreement and as provided in subsection 5.8 of the WMAT CAP Water Delivery Contract. Subject to Subparagraph 4.12, any shortage of HVID CAP Water leased from the WMAT and CAP NIA M&I Equivalent Priority Water leased from

the WMAT shall be shared among the Leasing Cities (as that term is defined in Subparagraph 2.48 of the Quantification Agreement) according to the actual percentages leased, which initially are: Avondale, 2.77%; Chandler, 14.47%; Gilbert, 13.31%; Glendale, 7.44%; Mesa, 9.93%; Peoria, 4.06%; Phoenix, 40.21%; Tempe, 7.81%. Subject to Subparagraph 4.12, any shortage of CAP NIA Priority Water leased from WMAT that is not firmed under Section 7.17 of the Quantification Agreement shall be shared among the Leasing Cities (as that term is defined in Subparagraph 2.48 of the Quantification Agreement), CAWCD and any other entity leasing CAP NIA Priority Water from the WMAT according to the actual percentages leased, which initially are: Avondale, 3.93%; Chandler, 20.49%; Gilbert, 18.83%; Glendale, 10.53%; Mesa, 14.07%; Peoria, 5.74%; Tempe, 11.06%; and CAWCD, 15.35%. Notwithstanding anything to the contrary in this Subparagraph 4.6.1, the United States' and the State of Arizona's obligation to provide water to firm any deliveries of WMAT CAP NIA Priority Water under this Lease Agreement does not extend beyond December 31, 2107; provided, however, that neither the United States nor the State of Arizona is prohibited by this Subparagraph 4.6.1 from providing water to firm any deliveries of WMAT CAP NIA Priority Water beyond December 31, 2107, if, subject to the enactment of any necessary additional authorizing legislation, either agrees to do so in any future agreements.

4.7 Use of Leased Water Outside Reservation. Tempe may use or deliver Leased Water for use outside the boundaries of the Reservation, but may not use, lease, transfer the use of, or otherwise cause the Leased Water to be delivered for use outside of the boundaries of the CAP Service Area, except for use within Tempe's water service area when Tempe's water service area

extends beyond the CAP Service Area.

4.8 Conditions Relating to Delivery and Use. Tempe shall have the right to use Leased Water for any purpose that is consistent with Arizona law and not expressly prohibited by this Lease Agreement, including exchanges of the Leased Water for other types of water, and groundwater recharge as that term is defined in the CAP Repayment Contract. Except to the extent that this Lease Agreement conflicts with the terms of Tempe's CAP M&I Water Service Subcontract, deliveries of Leased Water to Tempe and its use by Tempe shall be subject to the Conditions Relating to Delivery and Use in article 4.3 of Tempe's CAP M&I Water Service Subcontract. During the term of this Lease Agreement, the following subarticles or articles of Tempe's CAP M&I Water Service Subcontract shall apply to Tempe and to Tempe's use of water under this Lease Agreement: subarticles 4.5(c), 4.5(d), and 5.2(d); articles 4.6, 4.9, 5.3, 5.4, 5.5, 6.4, 6.6, 6.9, 6.10, 6.11, and 6.13. Tempe expressly approves and agrees to all the terms presently set out in the CAP Repayment Contract, or as such terms may be hereafter amended, and agrees to be bound by the actions to be taken and the determinations to be made under that CAP Repayment Contract, to the extent not inconsistent with the express provisions of this Lease Agreement.

4.9 Quality of Water. The OM&R of the CAP System shall be performed in such manner as is practicable to maintain the quality of water made available through such facilities at the highest level reasonably attainable as determined by the Secretary. The United States, the WMAT, and the Operating Agency make no warranty as to the quality of water and are under no obligation to construct or furnish water treatment facilities to maintain or better the quality of water. Tempe waives its right to make a claim against the United States, the Operating Agency, the

WMAT, other lessee(s), or CAP Subcontractor(s) because of changes in water quality caused by the commingling of Leased Water with other water.

4.10 Points of Delivery. The Leased Water to be delivered to Tempe pursuant to the provisions of this Lease Agreement shall be delivered at turnouts on the CAP System or such other points that may be agreed upon by Tempe, the United States and the Operating Agency.

4.11 WMAT's Covenants. The WMAT agrees:

(A) To observe and perform all obligations imposed on the WMAT by the WMAT CAP Water Delivery Contract which are not assumed by Tempe so that Tempe's rights and duties are not in any way impaired;

(B) Not to execute any other lease of the WMAT Water, that would impair Tempe's rights and duties hereunder;

(C) Not to alter or modify the terms of the WMAT CAP Water Delivery Contract in such a way as to impair Tempe's rights hereunder or exercise any right or action permitted by the WMAT CAP Water Delivery Contract so as to interfere with or change the rights and obligations of Tempe hereunder; and

(D) Not to terminate or cancel the WMAT CAP Water Delivery Contract or transfer, convey or permit a transfer or conveyance of such contract so as to cause a termination of, interference with, or modification of the rights and obligations of the WMAT under it.

4.12 Assignment of Interest in Leased Water.

(A) General. Tempe may not transfer, assign, sublease or otherwise designate or authorize for the use of others all or any part of the Leased Water without the written approval of

the WMAT and the Secretary.

(B) Assignment to the Cities and CAWCD. Notwithstanding the prohibition of Subparagraph 4.12(A) above, approval is hereby granted by the Secretary and the WMAT to Tempe, if Tempe is not in default of its payment obligations to the WMAT, to assign all or any part of its interest in Leased Water under this Lease Agreement to one or more of the Other Cities, or to CAWCD, as provided in this Subparagraph, or to their successor(s) in interest within the boundaries of their existing or future service areas. Before assigning any part of its interest in Leased Water under this Lease Agreement, Tempe shall offer such interest to all the Other Cities in equal shares. In the event that any of the Other Cities elects not to take its share of Tempe's assignment, the water shall then be offered to all of the remaining Other Cities in equal shares until the full amount of the water is so assigned. If CAP NIA M&I Equivalent Priority Water or HVID CAP Water leased from the WMAT and available for assignment is declined by all of the Other Cities, such interest may be assigned to CAWCD. If CAP NIA Priority Water that is not firmed under Section 7.17 of the Quantification Agreement is being made available for assignment, then CAWCD may participate in equal shares with the Other Cities. Such assignment shall be effective only upon the execution by the assignor and the assignee of a Voluntary Assignment and Assumption Agreement, the form of which is attached to this Lease Agreement as Exhibit 4.12 (Exhibit 10.1.1.1A of the Quantification Agreement). A copy of such Voluntary Assignment and Assumption Agreement shall be provided to the Operating Agency, the WMAT and the United States.

(C) Recovery of Costs Allowed. Tempe shall not assign all or any part of its interest in Leased Water hereunder for an amount in excess of that portion of the Total Water Lease

Charge that is attributable to the portion of the Leased Water that is assigned. Nothing in this Lease Agreement shall affect Tempe's ability to recover actual future costs, if any, incurred by Tempe for the transportation, treatment, and distribution of the assigned Leased Water.

4.13 Allocation and Repayment of CAP Costs. Pursuant to Section 305(d) of the Act, for the purposes of determining the allocation and repayment of costs of any stage of the CAP constructed after November 21, 2007, the costs associated with the delivery of Leased Water shall be nonreimbursable and shall be excluded from the repayment obligation of CAWCD. Pursuant to Section 306(a)(8) of the Act, no CAP water service capital charges shall be due or payable for the Leased Water.

5. [Intentionally not used].

6. DEFAULT AND REMEDIES

6.1 Events of Default. Any failure by Tempe to pay the consideration specified in Subparagraph 4.3 for the Leased Water within thirty (30) days after any such payments become due shall constitute a default of Tempe's obligations under this Lease Agreement.

6.2 Notice of Default. In the event of a default by Tempe as defined in Subparagraph 6.1 above, the WMAT shall provide written notice ("Notice of Default") to Tempe and contemporaneously, shall send copies of such notice to the Other Cities and CAWCD specifying the default and demanding that the default be cured within ninety (90) days of the notice. Notice shall be given in the manner and to the Tempe officers specified in Subparagraph 8.10 of this Lease Agreement. The Notice of Default shall specifically describe the default and state the amount due from Tempe, which amount shall be the sum of all payments due the WMAT that should have been

paid, but were not paid (“Default Amount”). The purpose of this Subparagraph is to put Tempe, the Other Cities and CAWCD on notice as to the time and cause of default. De minimis mistakes in the Notice of Default shall not invalidate the effectiveness of the Notice of Default.

6.3 Remedies for Failure to Pay. If Tempe fails to cure a non-payment default in accordance with Subparagraph 6.4(A), and if none of the Other Cities or CAWCD cures the non-payment default pursuant to Subparagraph 6.4(B), the WMAT may terminate this Lease Agreement. If the WMAT terminates this Lease Agreement for non-payment of the Total Water Lease Charge required by Subparagraph 4.3, the WMAT shall be entitled to judgment as provided at Subparagraph 6.4(D), but shall not be entitled to any other remedy as a result of such a default.

6.4 Curing for Tempe’s Non-payment. After Notice of Default, the default may be cured as follows:

(A) First Grace Period. During the first thirty (30) days following the Notice of Default (“First Grace Period”), Tempe shall have the exclusive right to cure any such default by tendering the Default Amount to the WMAT together with interest on the Default Amount accrued at the annual rate of ten percent (10%) calculated from the date that the missed payment became due (“Due Date”). During the first fifteen (15) days following the Notice of Default, Tempe shall provide written notice to the Other Cities and CAWCD declaring its intent whether it will cure the default, provided that all payments becoming due during the First Grace Period shall be automatically added to and become a part of the Default Amount and interest thereupon shall accrue in accordance with this provision.

(B) Second Grace Period. In the event that Tempe has not cured the default within thirty (30) days following the Notice of Default, Tempe, any of the Other Cities, CAWCD (for CAP NIA Priority Water that is not firmed under Section 7.17 of the Quantification Agreement only) and/or any combination thereof, may thereafter, but only within sixty (60) days following the end of the First Grace Period (“Second Grace Period”), cure the default by tendering the Default Amount to the WMAT together with interest on the Default Amount accrued at the annual rate of ten percent (10%) calculated from the Due Date. Each of the Other Cities and CAWCD (for CAP NIA Priority Water that is not firmed under Section 7.17 of the Quantification Agreement only) that desires to succeed to the interest of Tempe shall, within sixty (60) days of the Notice of Default, give notice to the Other Cities, CAWCD (for CAP NIA Priority Water that is not firmed under Section 7.17 of the Quantification Agreement only) and Tempe that it will be a curing entity and declare the maximum amount of water that it will lease and succeed to the interest of Tempe.

(C) Third Grace Period. If the Other Cities do not cure Tempe’s default for CAP NIA M&I Equivalent Priority Water or HVID CAP Water by the end of the Second Grace Period, then CAWCD may then cure the default by tendering any remaining portion of the Default Amount within fifteen (15) days after the end of the Second Grace Period (“Third Grace Period”).

Each curing entity shall succeed to the interest and obligation of Tempe to the extent of its contribution, and Tempe and each curing entity shall execute an Assignment and Assumption Agreement in the form attached hereto as Exhibit 6.4 (Exhibit 10.1.1.1B of the Quantification Agreement) whereby the curing entity or entities agree to be bound by the terms of this Lease Agreement to the extent of its/their contribution. Tempe shall be responsible for any proportionate

remainder of any Default amount not cured by the Other Cities or CAWCD pursuant to Subparagraphs 6.4(B) and (C). A copy of such Assignment and Assumption Agreement(s) shall be provided by the curing entity to the Operating Agency, the WMAT and the United States. The WMAT shall accept payment from such curing entity or entities in lieu of payment by Tempe. If the curing entities collectively request more water than what is available for assignment and assumption under this Subparagraph, such curing entities shall succeed to the interest of Tempe in equal shares ("Equal Share Amount"); provided, however, if any of the curing entities requests less water than its Equal Share Amount, then the difference between that curing entity's Equal Share Amount and the amount it requested shall be divided among the other curing entities in equal shares.

If Tempe fails to cure its default within the time-period set forth in Subparagraphs 6.4(B) and (C) it shall execute an Assignment and Assumption Agreement, the form of which is attached hereto as Exhibit 6.4 with each curing entity; provided, however, that if the default is not fully cured by the end of the Third Grace Period, Tempe's right to Leased Water that has not been assigned pursuant to Subparagraphs 6.4(B) and (C) shall be forfeited back to the WMAT and the WMAT shall be entitled to the remedy described in Subparagraph 6.4(D) of this Lease Agreement *pro rata* for that portion that has not been cured as provided for herein. If Tempe, or Tempe and any combination of the Other Cities, and CAWCD have arranged to cure the default and the curing entities have signed all necessary Assignment and Assumption Agreements, but Tempe has either failed or refused to sign such agreement(s) before the end of the Third Grace Period, the Assignment and Assumption Agreements(s) shall be self-executing without the need for Tempe to

sign an Assignment and Assumption Agreement, the form of which is attached hereto as Exhibit 6.4. A cure effected pursuant to this Subparagraph shall constitute full performance of such default payment obligation to the extent of the amount of Leased Water assigned and assumed.

(D) Default Amount. After Notice of Default and after failure to cure as provided for in Subparagraphs 6.4(A), (B) and (C) hereof, Tempe will be indebted to the WMAT and the WMAT will be entitled to judgment for the Default Amount plus an amount equal to three percent (3%) of the balance of the Total Water Lease Charge not yet due and payable, together with interest on the three percent (3%) of the balance of the Total Water Lease Charge not yet due and payable, from the time of default until judgment is obtained, and such costs and reasonable attorneys fees as the WMAT incurs after the due date for obtaining and collecting judgment for the unpaid amounts as a result of such default. The balance of such amount shall continue to accrue interest at the rate of ten percent (10%) per annum until paid in full. Payment of this amount plus such accrued interest as provided in this Subparagraph shall constitute full performance of Tempe's obligations under Subparagraph 4.3 of this Lease Agreement.

## 7.0 TERMINATION AND SURRENDER OF WATER

7.1 Voluntary Termination of this Lease. After offering to assign the Leased Water in accordance with Subparagraph 4.12, Tempe may terminate this Lease Agreement at any time by submitting written notice to the WMAT of its decision to terminate at least one year prior to the date that it intends the Lease Agreement to be terminated, provided, however, Tempe must receive the written approval of the WMAT before it may terminate this Lease Agreement pursuant to this Subparagraph 7.1 unless Tempe has paid the WMAT at least one-fourth of the

Total Water Lease Charge (plus any interest due) set forth in Subparagraph 4.3 of this Lease Agreement. Such notice is irrevocable except upon the WMAT's agreement that Tempe may withdraw its notice. Tempe shall continue to make all payments required by this Lease Agreement during that one-year period and shall not use any Leased Water beyond the day for which the last payment is intended to pay. If Tempe terminates this Lease Agreement, all sums paid by Tempe to the WMAT prior to the date of termination shall remain the property of the WMAT and shall be non-refundable to Tempe.

7.2 Voluntary Surrender of a Portion of the Leased Water. After offering to transfer, assign or sublease the Leased Water in accordance with Subparagraph 4.12, Tempe may elect, at any time during the term of this Lease Agreement to surrender its interest in any portion of the Leased Water by providing written notice to the WMAT of its decision to surrender such interest at least one year prior to the time that it intends to surrender its interest. However, Tempe must receive the written approval of the WMAT before it may surrender any portion of its interest under this Lease Agreement pursuant to this Subparagraph 7.2 unless Tempe has paid the WMAT at least one-fourth of the Total Water Lease Charge set forth in Subparagraph 4.3 of this Lease Agreement. Such notice is irrevocable except upon the WMAT's agreement that Tempe may withdraw its notification. Tempe shall continue to make all payments required of this Lease Agreement during that one year period of time and shall not use any Leased Water that will be surrendered pursuant to this Subparagraph 7.2 beyond the day for which the last payment is intended to pay. If Tempe surrenders its interest in all or any portion of the Leased Water, all sums paid by Tempe to the WMAT for such water prior to the date of surrender shall remain the

property of the WMAT and shall be non-refundable to Tempe. All portions of the Lease Agreement shall remain in effect for all the portions of the Leased Water that are not surrendered. To the extent that the retained portion of the Leased Water has not already been paid for by Tempe, payment shall be in proportion to the amount of water retained by Tempe, charged at the per acre-foot charge, including applicable interest, for Leased Water as calculated pursuant to Subparagraph 4.3 of this Lease Agreement for the years remaining on the term of this Lease Agreement. At the time of the surrender of Leased Water pursuant to this Subparagraph 7.2, Tempe shall pay to the WMAT an amount equal to three percent (3%) of the principal payment for the portion of the Leased Water surrendered.

## 8. GENERAL PROVISIONS

8.1 United States Consent to Lease Agreement. The United States hereby approves and consents to this Lease Agreement.

8.2 Lease Agreement Renegotiation. The Parties to this Lease Agreement agree that the WMAT and Tempe may renegotiate this Lease Agreement at any time during its term, as provided in and subject to the provisions of Subparagraph 7.4 of the Quantification Agreement.

8.3 Lease Agreement Extension. If the ADWR has adopted a final rule or substantive policy statement that enables the Lease Water to be counted as part of Tempe's Assured Water Supply if the term of this Lease is extended, the WMAT agrees to meet with Tempe and discuss the extension of the term of the Lease Agreement within the time-frame required by the applicable ADWR rule or substantive policy statement.

8.4 Effective Date. This Lease Agreement shall become effective upon the occurrence of the last of the following events: (1) a date thirty (30) days after the Enforceability Date; or (2) the execution of this Lease Agreement by all Parties.

8.5 Rejection of Lease Agreement. Thirty (30) days after the Enforceability Date Tempe at its option may, upon written notice to the WMAT, reject this Lease Agreement. In the event Tempe rejects this Lease Agreement pursuant to this Subparagraph 8.5, Tempe shall have no obligations under this Lease Agreement and Tempe's entitlement shall be offered to the Other Cities and CAWCD as provided in Subparagraph 4.12(B) until that water is fully leased, provided, however, the assignment of the entitlement as provided in Subparagraph 4.12(B) must be completed no later than ninety (90) days after the date of the Rejection Notice. If the assignment of the entitlement to Leased Water is not completed within ninety (90) days after the date of the Rejection Notice, the Leased Water entitlement shall revert back to the WMAT for disposition by the WMAT at its sole discretion, including leasing the water entitlement to any person or entity within the CAP Service Area.

8.6 Enforceability of Lease Agreement. Upon the occurrence of the events listed in Subparagraph 8.4, this Lease Agreement shall be enforceable between the WMAT and Tempe notwithstanding the performance or non-performance of other provisions of the Quantification Agreement not related to this Lease Agreement. The provisions of the Quantification Agreement that relate to this Lease Agreement include, without limitation, Paragraphs 7.0 and 10.0.

8.7 Invalidity of Lease Agreement. If, as a result of any acts or omissions by a person or entity not a Party to this Lease Agreement, Tempe's entitlement to Leased Water under this Lease

Agreement is determined to be invalid by a final judgment entered over the opposition of Tempe with the result that the Lease Agreement is deemed null and void, the WMAT shall refund to Tempe that portion of the lease payment that the number of years remaining in the lease term at the time of such determination bears to the total lease term. In the event this Lease Agreement becomes null and void as contemplated by this Subparagraph 8.7, Tempe's entitlement shall be offered to the Other Cities and CAWCD as provided in Subparagraph 4.12(B) until that water is fully leased, provided, however the assignment of the entitlement as provided in Subparagraph 4.12(B) must be completed no later than ninety (90) days after the WMAT serves written notice that this Lease Agreement by a final judgment has been deemed to be null and void; and further provided, that the Other Cities or CAWCD, as the case may be, accepting the assignment must pay to the WMAT an amount equal to the amount of money refunded by WMAT to Tempe. If the assignment to the Other Cities or CAWCD and payment to the WMAT for the assigned entitlement to Leased Water is not completed within ninety (90) days after the WMAT serves written notice that this Lease Agreement by a final judgment has been deemed null and void, the Leased Water entitlement shall revert back to the WMAT for disposition by the WMAT at its sole discretion, subject to the requirements of the Act and the Quantification Agreement, including leasing the water entitlement in accordance with the provisions of Paragraph 9.0 of the Quantification Agreement.

8.8 Approval, Consent and Ratification. Each Party to this Lease Agreement does by execution of the signature pages hereto, approve, endorse, consent to and ratify this Lease Agreement.

8.9 Counterparts. This Lease Agreement may be executed in multiple counterparts, each of which shall be considered an original and all of which, taken together, shall constitute one agreement.

3.31 “Year” shall mean a calendar year. When not capitalized, the term “year” shall have the meaning in the Paragraph or Subparagraph in which the term is used.

NOW, THEREFORE, in consideration of the mutual covenants contained in this and other pertinent agreements, it is agreed as follows:

#### 4.0 LEASE OF WATER

4.1 Subject of Lease. The WMAT hereby leases to CAWCD Two Thousand Five Hundred (2,500) acre-feet per year of its CAP NIA Priority Water that is not firmed under Section 7.17 of the Quantification Agreement. The Leased Water is subject to the terms and conditions of the WMAT CAP Water Delivery Contract except as agreed to herein. CAWCD shall not be subject to amendments to the WMAT CAP Delivery Contract subsequent to the execution of this Lease Agreement that adversely affect this Lease Agreement unless CAWCD agrees to such amended terms in writing.

4.2 Term of Lease Agreement. The term of this Lease Agreement shall begin thirty (30) days after the Enforceability Date and end one hundred (100) years thereafter. At the WMAT's sole discretion and with the approval of the Secretary, the WMAT may enter into a separate lease agreement with CAWCD for WMAT CAP Water upon such terms and conditions as may be negotiated at that time either during the term of this Lease Agreement or thereafter, provided however, that the term of any such separate lease shall not exceed one hundred (100) years.

4.3 Consideration During Initial Term of Lease Agreement.

4.3.1 CAP NIA Priority Water Lease Charge. In consideration for the Leased Water during the term of the Lease Agreement, CAWCD shall pay to the WMAT a one-time CAP NIA Priority Water Lease Charge. The CAP NIA Priority Water Lease Charge shall be determined by dividing the CPI-U most recently published and available prior to the Enforceability Date by the CPI-U as published for the month of October, 2008 to determine the ratio (hereinafter "ratio"), then multiplying the ratio by the CAP NIA Priority Water base payment of Two Thousand Seventy Four Dollars (\$2,074) to determine the CAP NIA Priority Water Lease Rate, and then multiplying the

CAP NIA Priority Water Lease Rate, as determined above, by Two Thousand Five Hundred (2,500) AF to determine the CAP NIA Priority Water Lease Charge.

4.3.1.1 An example showing the manner in which the calculation required by this Subparagraph 4.3.1 shall be made, is as follows:

Assuming, solely for purposes of this example, that: (1) the amount of CAP NIA Priority Water leased that is not firmed under Section 7.17 of the Quantification Agreement is 1,000 AF per year; (2) the most recently published CPI-U available prior to the Enforceability Date is 240.69; (3) the CPI-U index for October 1, 2008 is 211.69; and (4) the CAP NIA Priority Water base payment is \$2,074.00.

*Calculation (all numbers rounded to the nearest hundredth):*

Most recently published CPI-U available prior to Enforceability Date	240.69
CPI-U as of October 2008	211.69
Ratio equals (240.69 divided by 211.69)	1.14
Base payment for CAP NIA Priority Water (non-firmed)	\$2,074.00
CAP NIA Priority Water Lease Rate (1.14 x \$2,074)	\$2,364.36
CAP NIA Priority Water Lease Charge (\$2,364.36 x 1,000 AF)	\$2,364,360.00

In the event the CPI-U is discontinued or not otherwise available as of the month in which the term begins, the Parties shall select a comparable index.

4.3.2 CAWCD may, at its election, pay the CAP NIA Priority Water Lease Charge in full (without interest) within thirty (30) days after the date that the term begins. In lieu of making such payment, CAWCD may elect to make payment as follows:

4.3.2.1 An initial payment of one-half (1/2) of the CAP NIA Priority Water Lease Charge (as determined pursuant to Subparagraph 4.3.1) within thirty (30) days after the date that the term begins, with the remaining balance to be paid in four (4) annual payments, payable on the next four (4) anniversary dates of the date that the term begins. Each such payment shall be one-eighth (1/8) of the CAP NIA Priority Water Lease Charge plus interest on the unpaid balance at an annual rate determined as follows: one percent (1%) over the net interest rate paid by the City of Phoenix on its most recently issued Water System Improvement Junior Lien Revenue Bonds, as of the Enforceability Date. Interest accrued shall not be added to principal and shall not itself bear interest unless delinquent. An example showing the manner in which the payment contemplated by this Subparagraph 4.3.2.1 shall be made, is as follows:

Assume, solely for purposes of this example, that the CAP NIA Priority Water Lease Charge is \$1,000,000 and the net interest rate paid by the City of Phoenix on its most recently issued Water System Improvement Junior Lien Revenue Bonds, as of the Enforceability Date is five percent (5%). Under this example, the applicable resulting interest rate would be six percent (6%) [ $5\% + 1\% = 6\%$ ] and payments including interest under this Subparagraph 4.3.2.1 would be calculated as follows: CAWCD would make an initial payment of \$500,000. The first annual installment would be in the principal amount of [ $\$1,000,000 \times 1/8 = \$125,000$ ] plus interest on the unpaid balance of [ $\$1,000,000 - \$500,000 = \$500,000$ ] in the amount of [ $\$500,000 \times .06 = \$30,000$ ], for a total payment of [ $\$125,000 + \$30,000 = \$155,000$ ]. The second annual installment would be in

the principal amount of \$125,000 plus interest on the unpaid balance of [ $\$1,000,000 - \$625,000 = \$375,000$ ] in the amount of [ $\$375,000 \times .06 = \$22,500$ ], for a total payment of [ $\$125,000 + \$22,500 = \$147,500$ ]. The third annual installment would be in the principal amount of \$125,000 plus interest on the unpaid balance of [ $\$1,000,000 - \$750,000 = \$250,000$ ] in the amount of [ $\$250,000 \times .06 = \$15,000$ ], for a total payment of [ $\$125,000 + \$15,000 = \$140,000$ ]. The fourth and final annual installment would be in the principal amount of \$125,000 plus interest on the unpaid balance of [ $\$1,000,000 - \$875,000 = \$125,000$ ] in the amount of [ $\$125,000 \times .06 = \$7,500$ ], for a total payment of [ $\$125,000 + 7,500 = \$132,500$ ].

4.3.3 Under the payment option set forth in Subparagraph 4.3.2.1, without any prepayment penalty, CAWCD may, at any time, elect to pay the remaining balance in full together with interest on the unpaid balance to the date of such payment.

4.4 CAP Fixed OM&R Charges and CAP Pumping Energy Charges. CAWCD shall pay all CAP Fixed OM&R Charges and CAP Pumping Energy Charges for the delivery of the Leased Water as mandated by Section 306(a)(1)(A)(iii) of the Act and upon the same terms and conditions as are set forth in paragraph 6.2 of the Supplement Contract Between the United States and the Central Arizona Water Conservation District for Delivery of Central Arizona Project Water, Contract No. 14-06-W-245, Amendment No. 1, Supplement No. 1 (“CAWCD’s Supplemental Contract”) except that CAWCD’s obligation to pay such CAP Fixed OM&R Charges and CAP Pumping Energy Charges shall not begin earlier than the date that CAWCD is entitled to receive

water under this Lease Agreement, but in no event unless and until the water is scheduled for delivery by CAWCD. Prior to the date that the term of this Lease Agreement (as described in Subparagraph 4.2) begins, the WMAT may use the WMAT CAP Water in accordance with the WMAT CAP Water Delivery Contract.

4.5 Other Charges or Payments. Pursuant to Sections 306(a)(8) and 306(e) of the Act, neither the WMAT nor CAWCD shall be obligated to pay water service capital charges or any other charges, payments, or fees for the Leased Water other than as provided in Subparagraphs 4.3, 4.4, and 4.12, and Paragraph 6.0 of this Lease Agreement.

4.6 Delivery of Water. The United States or the Operating Agency shall deliver the WMAT's Leased Water to CAWCD through the CAP System as further provided herein and subject to the requirements of Subparagraphs 9.3 and 10.2.2 of the Quantification Agreement. The United States or the Operating Agency shall deliver the Leased Water to CAWCD in accordance with water delivery schedules provided by CAWCD to the United States and the Operating Agency (if other than CAWCD), and the Operating Agency shall inform the WMAT of the amount of Leased Water delivered in the previous year. In the event that CAWCD is no longer the Operating Agency or in the event this Lease is assigned to another entity, the water ordering procedures contained in article 4.4 of Exhibit 9.4 to the Quantification Agreement, shall apply to CAWCD's ordering of water under this Lease Agreement. In no event shall the United States or the Operating Agency (if other than CAWCD) be required to deliver to CAWCD under this Lease Agreement, in any one month, a total amount of Leased Water greater than eleven percent (11%) of CAWCD's annual maximum entitlement under this Lease Agreement; provided, however, that the United

States or the Operating Agency may deliver a greater percentage in any month if such increased delivery is compatible with the overall delivery of CAP water to other CAP Contractors and CAP Subcontractors, as determined by the United States and the Operating Agency if CAWCD agrees to accept such increased deliveries.

4.6.1 Delivery of Water During Times of Shortages. If a time of shortage exists, as described at Subparagraph 7.16.1 of the Quantification Agreement the amount of Leased Water shall be reduced by the same percentage by which water available for delivery as CAP NIA Priority Water is reduced in that year in accordance with Subparagraph 7.16.1 of the Quantification Agreement and as provided in subsection 5.8 of the WMAT CAP Water Delivery Contract. Subject to Subparagraph 4.12, any shortage of CAP NIA Priority Water leased from the WMAT that is not firmed under Subparagraph 7.17 of the Quantification Agreement shall be shared among the Leasing Cities (as that term is defined in subparagraph 2.48 of the Quantification Agreement), CAWCD and any other entity leasing CAP NIA Priority Water from the WMAT according to the actual percentages leased, which initially are: Avondale, 3.93%; Chandler, 20.49%; Gilbert, 18.83%; Glendale, 10.53%; Mesa, 14.07%; Peoria, 5.74%; Tempe, 11.06%; and CAWCD, 15.35%.

4.7 Use of Leased Water Outside Reservation. CAWCD may use or deliver Leased Water for use outside the boundaries of the Reservation, but may not use, lease, transfer the use of,

or otherwise cause the Leased Water to be delivered for use outside of the boundaries of the CAP Service Area, except for use within Gilbert's water service area when Gilbert's water service area extends beyond the CAP service area.

4.8 Conditions Relating to Delivery and Use. CAWCD shall have the right to use Leased Water for any purpose that is consistent with Arizona law and not expressly prohibited by this Lease Agreement to fulfill its Central Arizona Groundwater Replenishment District groundwater replenishment responsibilities under Arizona state law, including exchanges of the Leased Water for other types of water, and groundwater recharge as that term is defined in the CAP Repayment Contract. Except to the extent that this Lease Agreement conflicts with the terms of CAWCD's Supplemental Contract, deliveries of Leased Water to CAWCD and its use by CAWCD shall be subject to the terms and conditions of CAWCD's Supplemental Contract.

4.9 Quality of Water. The OM&R of the CAP System shall be performed in such manner as is practicable to maintain the quality of water made available through such facilities at the highest level reasonably attainable as determined by the Secretary. The United States, the WMAT, and the Operating Agency make no warranty as to the quality of water and are under no obligation to construct or furnish water treatment facilities to maintain or better the quality of water. CAWCD waives its right to make a claim against the United States, the Operating Agency (if other than CAWCD), the WMAT, other lessee(s), or CAP Subcontractor(s) because of changes in water quality caused by the commingling of Leased Water with other water.

4.10 Points of Delivery. The Leased Water to be delivered to CAWCD pursuant to the provisions of this Lease Agreement shall be delivered at turnouts on the CAP System or such other

points that may be agreed upon between CAWCD and the United States, and if other than CAWCD, the Operating Agency.

4.11 WMAT's Covenants. The WMAT agrees:

(A) To observe and perform all obligations imposed on the WMAT by the WMAT CAP Water Delivery Contract which are not assumed by CAWCD so that CAWCD's rights and duties are not in any way impaired;

(B) Not to execute any other lease of the WMAT Water, that would impair CAWCD's rights and duties hereunder;

(C) Not to alter or modify the terms of the WMAT CAP Water Delivery Contract in such a way as to impair CAWCD's rights hereunder or exercise any right or action permitted by the WMAT CAP Water Delivery Contract so as to interfere with or change the rights and obligations of CAWCD hereunder; and

(D) Not to terminate or cancel the WMAT CAP Water Delivery Contract or transfer, convey or permit a transfer or conveyance of such contract so as to cause a termination of, interference with, or modification of the rights and obligations of the WMAT under it.

4.12 Assignment of Interest in Leased Water.

(A) General. CAWCD may not transfer, assign, sublease or otherwise designate or authorize for the use of others all or any part of the Leased Water without the written approval of the WMAT and the Secretary.

(B) Assignment to the Cities. Notwithstanding the prohibition of Subparagraph 4.12(A) above, approval is hereby granted by the Secretary and the WMAT to CAWCD, if

CAWCD is not in default of its payment obligations to the WMAT, to assign all or any part of its interest in Leased Water under this Lease Agreement to one or more of the Cities, or to their successor(s) in interest within the boundaries of their existing or future service areas. Before assigning any part of its interest in Leased Water under this Lease Agreement, CAWCD shall offer such interest to all the Cities in equal shares. In the event that any of the Cities elects not to take its share of CAWCD's assignment, the water shall then be offered to all of the remaining Cities in equal shares until the full amount of the water is so assigned. Such assignment shall be effective only upon the execution, by the assignor and the assignee of a Voluntary Assignment and Assumption Agreement, the form of which is attached to this Lease Agreement as exhibit 4.12 (exhibit 10.1.1.1A of the Quantification Agreement). A copy of such Voluntary Assignment and Assumption Agreement shall be provided to the Operating Agency, the WMAT and the United States.

(C) Recovery of Costs Allowed. CAWCD shall not assign all or any part of its interest in Leased Water hereunder for an amount in excess of that portion of the CAP NIA Priority Water Lease Charge that is attributable to the portion of the Leased Water that is assigned. Nothing in this Lease Agreement shall affect CAWCD's ability to recover actual future costs, if any, incurred by CAWCD for the transportation, treatment, and distribution of the assigned Leased Water.

4.13 Allocation and Repayment of CAP Costs. Pursuant to Section 305(d) of the Act, for the purposes of determining the allocation and repayment of costs of any stage of the CAP constructed after November 21, 2007, the costs associated with the delivery of Leased Water

shall be nonreimbursable and shall be excluded from the repayment obligation of CAWCD. Pursuant to Section 306(a)(8) of the Act, no CAP water service capital charges shall be due or payable for the Leased Water.

5. [Intentionally not used].

6. DEFAULT AND REMEDIES

6.1 Events of Default. Any failure by CAWCD to pay the consideration specified in Subparagraph 4.3 for the Leased Water within thirty (30) days after any such payments become due shall constitute a default of CAWCD's obligations under this Lease Agreement.

6.2 Notice of Default. In the event of a default by CAWCD as defined in Subparagraph 6.1 above, the WMAT shall provide written notice ("Notice of Default") to CAWCD and contemporaneously, shall send copies of such notice to the Cities, specifying the default and demanding that the default be cured within ninety (90) days of the notice. Notice shall be given in the manner and to the CAWCD officers specified in Subparagraph 8.10 of this Lease Agreement. The Notice of Default shall specifically describe the default and state the amount due from CAWCD, which amount shall be the sum of all payments due the WMAT that should have been paid, but were not paid ("Default Amount"). The purpose of this Subparagraph is to put CAWCD and the Cities on notice as to the time and cause of default. De minimis mistakes in the Notice of Default shall not invalidate the effectiveness of the Notice of Default.

6.3 Remedies for Failure to Pay. If CAWCD fails to cure a non-payment default in accordance with Subparagraph 6.4(A), and if none of the Cities cures the non-payment default pursuant to Subparagraph 6.4(B), the WMAT may terminate this Lease Agreement. If the WMAT

terminates this Lease Agreement for non-payment of the CAP NIA Priority Water Lease Charge required by Subparagraph 4.3, the WMAT shall be entitled to judgment as provided at Subparagraph 6.4(C), but shall not be entitled to any other remedy as a result of such a default.

6.4 Curing for CAWCD's Non-payment. After Notice of Default, the default may be cured as follows:

(A) First Grace Period. During the first thirty (30) days following the Notice of Default ("First Grace Period"), CAWCD shall have the exclusive right to cure any such default by tendering the Default Amount to the WMAT together with interest on the Default Amount accrued at the annual rate of ten percent (10%) calculated from the date that the missed payment became due ("Due Date"). During the first fifteen (15) days following the Notice of Default, CAWCD shall provide written notice to the Cities declaring its intent whether it will cure the default, provided that all payments becoming due during the First Grace Period shall be automatically added to and become a part of the Default Amount and interest thereupon shall accrue in accordance with this provision.

(B) Second Grace Period. In the event that CAWCD has not cured the default within thirty (30) days following the Notice of Default, CAWCD, any of the Cities, and/or any combination thereof, may thereafter, but only within sixty (60) days following the end of the First Grace Period ("Second Grace Period"), cure the default by tendering the Default Amount to the WMAT together with interest on the Default Amount accrued at the annual rate of ten percent (10%) calculated from the Due Date. Each of the Cities that desires to succeed to the interest of CAWCD shall, within sixty (60) days of the Notice of Default, give notice to the Cities and

CAWCD that it will be a curing entity and declare the maximum amount of water that it will lease and succeed to the interest of CAWCD. Each curing entity shall succeed to the interest and obligation of CAWCD to the extent of its contribution, and CAWCD and each curing entity shall execute an Assignment and Assumption Agreement in the form attached hereto as Exhibit 6.4 (Exhibit 10.1.1.1B of the Quantification Agreement) whereby the curing entity or entities agree to be bound by the terms of this Lease Agreement to the extent of its/their contribution. CAWCD shall be responsible for any proportionate remainder of any Default amount not cured by the Cities pursuant to this Subparagraph. A copy of such Assignment and Assumption Agreement(s) shall be provided by the curing entity to the Operating Agency, the WMAT and the United States. The WMAT shall accept payment from such curing entity or entities in lieu of payment by CAWCD. If the curing entities collectively request more water than what is available for assignment and assumption under this Subparagraph, such curing entities shall succeed to the interest of CAWCD in equal shares ("Equal Share Amount"); provided, however, if any of the curing entities requests less water than its Equal Share Amount, then the difference between that curing entity's Equal Share Amount and the amount it requested shall be divided among the other curing entities in equal shares.

If CAWCD fails to cure its default within the time-period set forth in Subparagraph 6.4(B) it shall execute an Assignment and Assumption Agreement, the form of which is attached hereto as Exhibit 6.4 with each curing entity; provided, however, that if the default is not fully cured by the end of the Second Grace Period, CAWCD's right to Leased Water that has not been assigned pursuant to this Subparagraph shall be forfeited back to the WMAT and the WMAT shall be

entitled to the remedy described in Subparagraph 6.4(C) of this Lease Agreement *pro rata* for that portion that has not been cured as provided for herein. If CAWCD, or CAWCD and any combination of the Cities, have arranged to cure the default and the curing entities have signed all necessary Assignment and Assumption Agreements, but CAWCD has either failed or refused to sign such agreement(s) before the end of the Second Grace Period, the Assignment and Assumption Agreements(s) shall be self-executing without the need for CAWCD to sign an Assignment and Assumption Agreement, the form of which is attached hereto as Exhibit 6.4. A cure effected pursuant to this Subparagraph shall constitute full performance of such default payment obligation to the extent of the amount of Leased Water assigned and assumed.

(C) Default Amount. After Notice of Default and after failure to cure as provided for in Subparagraphs 6.4(A) and (B) hereof, CAWCD will be indebted to the WMAT and the WMAT will be entitled to judgment for the Default Amount plus an amount equal to three percent (3%) of the balance of the CAP NIA Priority Water Lease Charge not yet due and payable, together with interest on the three percent (3%) of the balance of the CAP NIA Priority Water Lease Charge not yet due and payable, from the time of default until judgment is obtained, and such costs and reasonable attorneys fees as the WMAT incurs after the due date for obtaining and collecting judgment for the unpaid amounts as a result of such default. The balance of such amount shall continue to accrue interest at the rate of ten percent (10%) per annum until paid in full. Payment of this amount plus such accrued interest as provided in this Subparagraph shall constitute full performance of CAWCD's obligations under Subparagraph 4.3 of this Lease Agreement.

## 7.0 TERMINATION AND SURRENDER OF WATER

7.1 Voluntary Termination of this Lease. After offering to assign the Leased Water to the Cities identified in and in accordance with Subparagraph 4.12, CAWCD may terminate this Lease Agreement at any time by submitting written notice to the WMAT of its decision to terminate at least one year prior to the date that it intends the Lease Agreement to be terminated, provided, however, CAWCD must receive the written approval of the WMAT before it may terminate this Lease Agreement pursuant to this Subparagraph 7.1 unless CAWCD has paid the WMAT at least one-fourth of the CAP NIA Priority Water Lease Charge (plus any interest due) set forth in Subparagraph 4.3 of this Lease Agreement. Such notice is irrevocable except upon the WMAT's agreement that CAWCD may withdraw its notice. CAWCD shall continue to make all payments required by this Lease Agreement during that one-year period and shall not use any Leased Water beyond the day for which the last payment is intended to pay. If CAWCD terminates this Lease Agreement, all sums paid by CAWCD to the WMAT prior to the date of termination shall remain the property of the WMAT and shall be non-refundable to CAWCD.

7.2 Voluntary Surrender of a Portion of the Leased Water. After offering to transfer, assign or sublease the Leased Water to the Cities identified in and in accordance with Subparagraph 4.12, CAWCD may elect, at any time during the term of this Lease Agreement to surrender its interest in any portion of the Leased Water by providing written notice to the WMAT of its decision to surrender such interest at least one year prior to the time that it intends to surrender its interest. However, CAWCD must receive the written approval of the WMAT before it may surrender any portion of its interest under this Lease Agreement pursuant to this Subparagraph 7.2 unless CAWCD has paid the WMAT at least one-fourth of the CAP NIA

Priority Water Lease Charge set forth in Subparagraph 4.3 of this Lease Agreement. Such notice is irrevocable except upon the WMAT's agreement that CAWCD may withdraw its notification. CAWCD shall continue to make all payments required of this Lease Agreement during that one year period of time and shall not use any Leased Water that will be surrendered pursuant to this Subparagraph 7.2 beyond the day for which the last payment is intended to pay. If CAWCD surrenders its interest in all or any portion of the Leased Water, all sums paid by CAWCD to the WMAT for such water prior to the date of surrender shall remain the property of the WMAT and shall be non-refundable to CAWCD. All portions of the Lease Agreement shall remain in effect for all the portions of the Leased Water that are not surrendered. To the extent that the retained portion of the Leased Water has not already been paid for by CAWCD, payment shall be in proportion to the amount of water retained by CAWCD, charged at the per acre-foot charge, including applicable interest, for Leased Water as calculated pursuant to Subparagraph 4.3 of this Lease Agreement for the years remaining on the term of this Lease Agreement. At the time of the surrender of Leased Water pursuant to this Subparagraph 7.2, CAWCD shall pay to the WMAT an amount equal to three percent (3%) of the principal payment for the portion of the Leased Water surrendered.

8. GENERAL PROVISIONS

8.1 United States Consent to Lease Agreement. The United States hereby approves and consents to this Lease Agreement.

8.2 Lease Agreement Renegotiation. The Parties to this Lease Agreement agree that the WMAT and CAWCD may renegotiate this Lease Agreement at any time during its term, as

provided in and subject to the provisions of Subparagraph 7.4 of the Quantification Agreement.

8.3 [Intentionally not used]

8.4 Effective Date. This Lease Agreement shall become effective upon the occurrence of the last of the following events: (1) a date thirty (30) days after the Enforceability Date; or (2) the execution of this Lease Agreement by all Parties.

8.5 Rejection of Lease Agreement. Thirty (30) days after the enforceability Date, CAWCD at its option may, upon written notice to the WMAT, reject this Lease Agreement. In the event CAWCD rejects this Lease Agreement pursuant to this Subparagraph 8.5, CAWCD shall have no obligations under this Lease Agreement and CAWCD's entitlement shall be offered to the Cities as provided in Subparagraph 4.12(B) in equal shares until that water is fully leased, provided, however, the assignment of the entitlement as provided in Subparagraph 4.12(B) must be completed no later than ninety (90) days after the date of the Rejection Notice. If the assignment of the entitlement to Leased Water is not completed within ninety (90) days after the date of the Rejection Notice, the Leased Water entitlement shall revert back to the WMAT for disposition by the WMAT at its sole discretion, including leasing the water entitlement to any person or entity within the CAP Service Area.

8.6 Enforceability of Lease Agreement. Upon the occurrence of the events listed in Subparagraph 8.4, this Lease Agreement shall be enforceable between the WMAT and CAWCD notwithstanding the performance or non-performance of other provisions of the Quantification Agreement not related to this Lease Agreement. The provisions of the Quantification Agreement that relate to this Lease Agreement include, without limitation, Paragraphs 7.0 and 10.0.

8.7 Invalidity of Lease Agreement. If, as a result of any acts or omissions by a person or entity not a Party to this Lease Agreement, CAWCD's entitlement to Leased Water under this Lease Agreement is determined to be invalid by a final judgment entered over the opposition of CAWCD with the result that the Lease Agreement is deemed null and void, the WMAT shall refund to CAWCD that portion of the lease payment that the number of years remaining in the lease term at the time of such determination bears to the total lease term. In the event this Lease Agreement becomes null and void as contemplated by this Subparagraph 8.7, CAWCD's entitlement shall be offered to the Cities as provided in Subparagraph 4.12(B) until that water is fully leased, provided, however, the assignment of the entitlement as provided in Subparagraph 4.12(B) must be completed no later than ninety (90) days after the WMAT serves written notice that this Lease Agreement by a final judgment has been deemed to be null and void; and further provided, that the Cities accepting the assignment must pay to the WMAT an amount equal to the amount of money refunded by WMAT to CAWCD. If the assignment to the Cities and payment to the WMAT for the assigned entitlement to Lease Water is not completed within ninety (90) days after the WMAT serves written notice that this Lease Agreement by a final judgment has been deemed null and void, the Lease Water entitlement shall revert back to the WMAT for disposition by the WMAT at its sole discretion, subject to the requirements of the Act and the Quantification Agreement, including leasing the water entitlement in accordance with the provisions of Paragraph 9.0 of the Quantification Agreement..

8.8 Approval, Consent and Ratification. Each Party to this Lease Agreement does by execution of the signature pages hereto, approve, endorse, consent to and ratify this Lease

Agreement.

8.9 Counterparts. This Lease Agreement may be executed in multiple counterparts, each of which shall be considered an original and all of which, taken together, shall constitute one agreement.

8.11 Governing Law. This Lease Agreement shall be governed by and construed in accordance with applicable Arizona and federal law.

8.12 Waiver. No waiver of any breach of any of the terms or conditions of this Lease Agreement shall be construed as a waiver of any subsequent breach of the same or other terms or conditions of this Lease Agreement.

8.13 Severability. If any provision or clause of this Lease Agreement or application thereof to any person or circumstance is held invalid or unenforceable, such invalidity or unenforceability shall not affect the other provisions, clauses or applications of this Lease Agreement which can be given effect without the invalid or unenforceable provision, clause or application, and to this end, the provisions and clauses of this Lease Agreement are severable; provided, however, that no provision or clause shall be severed if the severance would deprive any Party of its material benefits under this Lease Agreement.

8.14 Construction and Effect. This Lease Agreement and each of its provisions are to be construed fairly and reasonably and not strictly for or against any Party. The Paragraph and

Subparagraph titles used in this Lease Agreement are for convenience only and shall not be considered in the construction of this Lease Agreement.

8.15 Successors and Assigns. Each of the terms and conditions of this Lease Agreement shall be binding on and inure to the benefit of the Parties and their successors and assigns.

8.16 Benefits of Lease Agreement. No member or delegate to Congress or Resident Commissioner shall be admitted to any share or part of this Lease Agreement or to any benefit that may arise herefrom. ## Exhibit 11.3.1.2

### **Diversion and Depletion Calculations Lakes, Stockponds, and Other Impoundments**

For purposes of Subparagraph 11.3.1.2 of the Agreement, annual Diversions and Depletions of Water for lakes, stockponds and other impoundments on the Reservation and on Off-Reservation Trust Land shall be computed as provided below. In this Exhibit 11.3.1.2, the term "Lakes" shall mean lakes, stockponds, wastewater lagoons or other impoundments.

#### Initial Fill of Lakes

The initial fill of Lakes constructed on the Reservation subsequent to the date of the Agreement shall be considered both a Diversion and Depletion of Water. The Diversion and Depletion will be computed as the maximum incremental capacity of the Lake filled for the first time at any point during the Year.

#### On-going Lake Diversions and Depletions

Except as provided under Initial Fill of Lakes above, annual Lake Diversions shall be deemed to be equal to the Lake Depletions as calculated below.

The annual Lake Depletion shall be computed for each Lake using the following equation:

$$\text{Lake Depletion} = \text{Maximum Surface Acres} * \{[(\text{Gross Lake Evaporation} - \text{Precipitation}) + \text{Before Lake Runoff}] / 12\}$$

For purposes of the applying the equation, the following definitions of each component shall be used.

**Maximum Surface Acres** for each Lake shall be as listed in Exhibits 11.3.1.1.A, 11.3.1.1.B and 11.3.1.1.C as may be amended to account for maximum surface acres at new Lakes or changes at existing Lakes.

Average annual **Before Lake Runoff** on the Reservation shall be 5.47 inches, which is based on data from stream gages located on and near the Reservation, adjusted to a common period of record from April 1, 1955 through September 30, 2001.

Average annual **Precipitation** in inches shall be calculated using the relationship between **Precipitation** and elevation on the Reservation, which is based on data from precipitation gages located on and near the Reservation, adjusted to a common period of

record from 1948 through 2006. The equation is: **Precipitation** = (0.002 \* elevation) + 10.566.

Average annual **Gross Lake Evaporation** in inches shall be calculated using the relationship between **Gross Lake Evaporation** and elevation on the Reservation, which is based on data from pan evaporation stations located on and near the Reservation, adjusted to a common period of record from 1949 through 1997, and further adjusted by a factor of 0.7 to convert pan evaporation to Lake evaporation. The equation is: **Gross Lake Evaporation** = (-0.000000175 \* elevation<sup>2</sup>) - (0.003304442 \* elevation) + 75.371843167.

#### Diversion and Depletion Calculations Irrigation Use

For purposes of Subparagraph 11.3.2.3 of the Agreement, annual Diversions and Depletions of Water for irrigation use on the Reservation and on Off-Reservation Trust Land shall be computed as provided below.

##### Historical Irrigation Uses

For irrigated lands served by irrigation systems developed before the Enforceability Date of the Agreement, annual Diversions and Depletions shall be computed by multiplying the number of acres irrigated in each location listed in the table below by the corresponding Diversion and Depletion amounts for that location.

Location	Diversion (Acre-feet/Acre)	Depletion (Acre-feet/Acre)
Canyon, Cibique, and Carrizo Creeks; North and East Forks of the White River	2.75	1.51
White River	3.33	2.53
Bonito Creek and Black River	2.50	1.38

##### Future Irrigation Uses

For irrigated lands served by irrigation systems developed or rehabilitated after the Enforceability Date of the Agreement, annual Diversions shall be measured, and this Exhibit 11.3.2.3 shall be amended to incorporate the computations for annual Depletions for each new irrigation system. The most accurate scientific method using available data will be used for the computations of Depletions.

# **EXHIBIT 11.3.3.2**

## Exhibit 11.3.3.2

### **Diversion and Depletion Calculations Municipal and Industrial (M&I) Uses**

For purposes of Subparagraph 11.3.3.2 of the Agreement, annual Depletions of Water for M&I Uses on the Reservation and on Off-Reservation Trust Land shall be computed as provided below.

#### Historical M&I Uses

For M&I Uses served by Water diversion and distribution systems developed before the Enforceability Date of the Agreement, annual Depletions shall be based on the measured Diversions of Water minus measured return flows to Groundwater or Surface Water. Until devices to measure Diversions have been installed, Diversions for M&I Uses shall be calculated based on electrical meter readings from the pumps. Until devices to measure return flows have been installed, the following computations will be used – inflows to wastewater lagoons or constructed wetlands minus evaporation from lagoons as presented in Exhibit 11.3.1.1.C or estimated evapotranspiration from constructed wetlands.

#### Future M&I Uses

For M&I Uses served by Water diversion and distribution systems developed or rehabilitated after the Enforceability Date of the Agreement, annual Depletions shall be based on the measured Diversions of Water minus measured return flows to Groundwater or Surface Water.

### Depletion Calculations Artificial Snow Making

For purposes of Subparagraph 11.3.4.2 of the Agreement, annual Depletions of Water for artificial snow making on the Reservation and on Off-Reservation Trust Land shall be computed as provided below.

#### Historical Artificial Snow Making

For artificial snow making served by Water diversion and distribution systems developed before the Enforceability Date of the Agreement, annual Depletions shall be based on 20 percent of the measured Diversions of Water.

#### Future Artificial Snow Making

For artificial snow making served by Water diversion and distribution systems developed after the Enforceability Date of the Agreement, annual Depletions shall be based on 20 percent of the measured Diversions of Water.

### **Depletion Calculations Mineral Development**

For purposes of Subparagraph 11.3.7.2 of the Agreement, annual Depletions of Water for mineral development on the Reservation and on Off-Reservation Trust Land shall be computed as provided below.

Mineral development Depletions shall be computed as measured Diversions minus measured return flows to Groundwater or Surface Water.

1 Quantification Act of 2010, Public Law 111-291, Title III, 124 Stat. 3064, 3073 (2010)  
2 (“Act”), this Judgment and Decree shall become enforceable<sup>2</sup>.

3 **NOW THEREFORE**, it is hereby adjudged and decreed as follows:

4 3. The Agreement meets all of the requirements of Paragraph D.6 of the Arizona  
5 Supreme Court’s May 16, 1991, Special Procedural Order Providing for the Approval of  
6 Federal Water Rights Settlements, Including Those of Indian Tribes (the “Supreme Court’s  
7 Order”). On that basis, and as required by Paragraph D.6 of the Supreme Court’s Order, the  
8 Agreement, including all of the exhibits thereto, is hereby approved.

9 4. The Water Rights described in Section 5 of this Judgment and Decree are held in  
10 trust by the United States acting on behalf of the WMAT as provided in Section 305(a)(1) of  
11 the Act and shall not be subject to forfeiture or abandonment as provided in Section 305(a)(2)  
12 of the Act.

13 5. As provided in Paragraphs 4.0 and 5.0 of the Agreement, the WMAT and the  
14 United States acting in its capacity as trustee for the WMAT shall have:

15 A. The permanent right to Divert for Use on the Reservation and on Off-  
16 Reservation Trust Land the Maximum Annual Diversion Amount of 71,000 AFY from  
17 all sources of Surface Water on the Reservation and on Off-Reservation Trust Land  
18 within the Salt River Watershed, provided that the Maximum Annual Depletion  
19 Amount of all such Diversions shall not exceed 25,800 AFY;

20 B. Commencing after the Year 2100, the additional permanent right to Divert  
21 for Use on the Reservation and on Off-Reservation Trust Land the additional Maximum  
22 Annual Diversion Amount of 3,000 AFY from all sources of Surface Water on the  
23 Reservation and on Off-Reservation Trust Land within the Salt River Watershed,  
24 provided the additional Maximum Annual Depletion Amount of all of such Diversions  
25 does not exceed 1,200 AFY;

26  
27 <sup>2</sup> A separate Judgment and Decree approving and implementing the Agreement in relation to the Little Colorado River System and Source will issue in that Adjudication.

1 C. As provided in Paragraphs 4.0 and 6.0 and Subparagraph 5.4 of the  
2 Agreement, the permanent right to Divert Groundwater from any location within the  
3 Reservation and on Off-Reservation Trust Land, subject to the Maximum Annual  
4 Diversion Amounts and the Maximum Annual Depletion Amounts specified in Sections  
5 5A and 5B hereof;

6 D. The additional permanent right to Divert for Use on the Reservation and  
7 on Off-Reservation Trust Land the additional Maximum Annual Diversion Amount of  
8 at least 25,000 AFY from all sources of Surface Water on the Reservation and on Off-  
9 Reservation Trust Land within the Salt River Watershed pursuant to an exchange of  
10 WMAT CAP Water in accordance with the terms of Paragraph 7.0 of the Agreement,  
11 provided the additional Maximum Annual Depletion Amount of all of such Diversions  
12 from any exchange does not exceed 25,000 AFY.

13 6. For purposes of calculating Diversions and Depletions as provided in the  
14 Agreement:

15 A. All Water Diverted or Depleted on the Reservation or on Off-Reservation  
16 Trust Land by Members or pursuant to any agreement or authorization by the WMAT  
17 or the United States acting in its capacity as trustee for the WMAT shall be considered  
18 to be Diverted or Depleted by the WMAT or the United States acting in its capacity as  
19 trustee for the WMAT.

20 B. All Diversions of Water in each Year within the Reservation and on Off-  
21 Reservation Trust Land, together with all WMAT CAP Water used by the WMAT  
22 outside of the Reservation and outside of Off-Reservation Trust land, and all WMAT  
23 CAP Water leased to others or exchanged pursuant to Paragraphs 7.0, 9.0 and 10.0 of  
24 the Agreement, shall be counted in determining compliance by the WMAT and the  
25 United States acting in its capacity as trustee for the WMAT with the Maximum Annual  
26 Diversion Amounts specified in Paragraph 4.0 and Subparagraphs 5.1, 5.2 and 5.3 of  
27

1 the Agreement. Diversions shall be measured or calculated as provided in Paragraph  
2 11.0 of the Agreement.

3 C. All Depletions of Water in each Year from Diversions of Water within the  
4 Reservation and on Off-Reservation Trust Land, together with all WMAT CAP Water  
5 used by the WMAT outside of the Reservation and outside of Off-Reservation Trust  
6 land, and all WMAT CAP Water leased to others or exchanged pursuant to Paragraphs  
7 7.0, 9.0 and 10.0 of the Agreement, shall be counted in determining compliance by the  
8 WMAT and the United States acting in its capacity as trustee for the WMAT with the  
9 Maximum Annual Depletion Amounts specified in Paragraph 4.0 and Subparagraphs  
10 5.1, 5.2 and 5.3 of the Agreement. Depletions shall be measured or calculated as  
11 provided in Paragraph 11.0 of the Agreement.

12 D. Notwithstanding anything to the contrary in the Agreement or this  
13 Judgment and Decree, any Diversions of Water by the WMAT or the United States  
14 acting in its capacity as trustee for the WMAT on the Reservation and on Off-  
15 Reservation Trust land within the Salt River Watershed that occur when the Salt River  
16 Reservoir System is full and the amount of Water in the Salt River Reservoir System is  
17 increasing shall not be counted in determining compliance with the Maximum Annual  
18 Diversion Amount from the Salt River Watershed specified in Paragraph 4.0 and  
19 Subparagraphs 5.1 and 5.2 of the Agreement. Likewise, any Depletions of Water  
20 Diverted under the circumstances described in the preceding sentence shall not be  
21 counted in determining compliance with the Maximum Annual Depletion Amount from  
22 the Salt River Watershed specified in Paragraph 4.0 and Subparagraphs 5.1 and 5.2 of  
23 the Agreement. The Salt River Reservoir System shall be deemed full for purposes of  
24 this Subparagraph when the volume of Water stored in the Salt River Reservoir System  
25 is equal to the capacity of the Salt River Reservoir System. For purposes of this  
26 Subparagraph, the capacity of the Salt River Reservoir System shall mean the capacity  
27 of those reservoirs, including the new conservation space in Modified Theodore

1 Roosevelt Dam, available to store Water on a continuous basis for irrigation, power,  
2 municipal, industrial or other purposes. SRP shall notify the WMAT and the United  
3 States acting in its capacity as trustee for the WMAT of an impending spill as soon as  
4 practicable and notify them of the date the spill ends.

5 E. In the event the Maximum Annual Diversion Amounts or the Maximum  
6 Annual Depletion Amounts specified in Paragraph 4.0 and Subparagraphs 5.1, 5.2 and  
7 5.3 of the Agreement are exceeded in any Year by the WMAT or the United States  
8 acting in its capacity as trustee for the WMAT, then the Maximum Annual Diversion  
9 Amounts or the Maximum Annual Depletion Amounts, as applicable, shall be reduced  
10 by the amount of any such exceedance for such Water source in the following Year.

11 F. Except as provided in Subparagraph 4.6 of the Agreement, all Uses of  
12 Water on land outside of the Reservation, if and when that land is subsequently and  
13 finally determined to be part of the Reservation through resolution of any dispute  
14 between the WMAT and the United States over the location of the Reservation  
15 boundary, and any fee land within the Reservation placed into trust and made part of the  
16 Reservation, shall be subject to the Maximum Annual Diversion Amounts and the  
17 Maximum Annual Depletion Amounts specified in Paragraph 4.0 and Subparagraphs  
18 5.1, 5.2, and 5.3 of the Agreement.

19 G. All Diversions and Depletions associated with the operation of the White  
20 Mountain Apache Tribe Rural water system, authorized under Section 307 of the Act,  
21 shall be subject to the terms of the Agreement.

22 7. The United States, acting in its capacity as trustee for the WMAT, and the  
23 WMAT have asserted claims to Water in the Gila River Adjudication Proceedings from the  
24 Salt River Watershed, Claim Number 39-12168 and Number 39-64259, as amended. These  
25 claims contemplate construction of reservoirs along the White River, Black River, Carrizo  
26 Creek, Bonito Creek and Salt River. Except for the White Mountain Apache Tribe Rural  
27 Water System as authorized in Section 307 of the Act, the Agreement does not authorize the

1 construction of any such reservoir. Except as provided in this Section 7, prior to the  
2 construction of any reservoir having a capacity of greater than 2,000 acre-feet, the WMAT and  
3 the Secretary shall execute a separate agreement with SRP regarding the operation of any such  
4 new reservoir. No such separate agreement shall be required for Large Reservoirs, Miner Flat  
5 Dam and Reservoir, and one Large Reservoir on the White River below Miner Flat Dam with  
6 an Active Conservation Capacity not exceeding 10,000 acre-feet.

7 8. Except as provided in this Section 8, if the combined aggregate amount of Water  
8 stored in Large Reservoirs, as defined in Subparagraph 2.45 of the Agreement, on May 1 of  
9 each Year is greater than the percentage of Active Conservation Capacity shown by the point  
10 of intersect of the line on exhibit 5.7.2 to the Agreement relative to Net SRP Reservoir Storage  
11 on May 1 of each Year, the Water in storage in such Large Reservoirs in excess of the  
12 percentage of Active Conservation Capacity at the point of intersect on exhibit 5.7.2 to the  
13 Agreement shall be either:

14 A. Released by the WMAT or the United States acting in its capacity as  
15 trustee for the WMAT from one or more of the Large Reservoirs no later than  
16 July 1 of such Year to flow off of the Reservation, or

17 B. Deducted from any existing long term storage credits the WMAT may  
18 possess on May 1 of such Year as the result of the recharge and storage of CAP  
19 Water, provided that such credits are transferred to SRP by June 1 of such Year  
20 and the WMAT or the United States acting in its capacity as trustee for the  
21 WMAT pays for the costs and charges associated with such transfer including  
22 the cost of recovery of such stored CAP Water, or

23 C. Reduced to the requisite percentage of Active Conservation Capacity  
24 through a combination of releases pursuant to Section 8A herein and deductions  
25 of existing long term storage credits pursuant to Section 8B herein.

26 The requirements of this Section 8 do not apply to Miner Flat Dam and Reservoir located on  
27 the north fork of the White River with a capacity of not more than 9,000 acre-feet, or one

1 Large Reservoir on the White River with an Active Conservation Capacity not exceeding  
2 10,000 acre-feet. The WMAT may exchange CAP Water for the purpose of storage in  
3 reservoirs located on the Reservation. For purposes of the calculation in this Section 8, the  
4 amount of CAP Water exchanged with SRP or others and stored within Large Reservoirs on  
5 the Reservation shall not be included within the combined aggregate amount of Water stored  
6 in Large Reservoirs on May 1 of each Year. Any exchange of WMAT CAP Water shall be in  
7 accordance with the terms of Paragraph 7.0 of the Agreement.

8 9. The priority date for the administration of the Water Rights of the WMAT and  
9 the United States acting in its capacity as trustee for the WMAT from the Salt River and its  
10 tributaries described in Sections 4, 5A, 5B and 5C hereof for Uses on the Reservation shall be  
11 November 9, 1871. The priority date for the administration of the Water Rights of the WMAT  
12 and the United States acting in its capacity as trustee for the WMAT from the Salt River and  
13 its tributaries described in Sections 4, 5A, 5B and 5C hereof for Uses on off-Reservation Trust  
14 Lands shall be November 4, 1985. Except as provided in Section 21 hereof, the Water Rights  
15 adjudged and decreed to the WMAT by Sections 4, 5A, 5B, 5C and this Section 9 of this  
16 Judgment and Decree, shall be binding on all parties to the Gila River Adjudication.

17 10. The Water Rights of the WMAT and the United States acting in its capacity as  
18 trustee for the WMAT as quantified in Paragraph 4.0 of the Agreement may be used for any  
19 Use on the Reservation, including any land finally determined to be part of the Reservation  
20 under Subparagraph 4.14 of the Agreement, or on Off-Reservation Trust Land; provided,  
21 however, that Use of WMAT CAP Water shall be as provided in Paragraph 7.0 of the  
22 Agreement.

23 11. Surface Water, Groundwater and Effluent purchased or acquired subsequent to  
24 the Enforceability Date by the WMAT or the United States acting in its capacity as trustee for  
25 the WMAT pursuant to state law from sources outside of the Reservation and outside of Off-  
26 Reservation Trust Land shall not be subject to the quantification limits of the WMAT's Water  
27 Rights specified in Paragraph 4.0 or Subparagraphs 5.1, 5.2 and 5.3 of the Agreement.

1           12. All land held by the United States in trust for the WMAT as Off-Reservation  
2 Trust Land and all land within the Reservation shall have only those Water Rights specifically  
3 quantified in Paragraph 4.0 of the Agreement for the WMAT and the United States acting in its  
4 capacity as trustee for the WMAT.

5           13. For each Year following the Year in which the Enforceability Date occurs,  
6 fourteen and eighty-one one hundredths (14.81) percent of the actual Annual Depletion  
7 Amount from all sources of Water Diverted on the Reservation and on Off-Reservation Trust  
8 Land within the Salt River Watershed, other than Depletions resulting from the exchange of  
9 WMAT CAP Water, calculated as provided in Paragraph 11.0 of the Agreement, shall be  
10 deducted by SRP from the Water credits of RWCD as provided in Paragraph 8.0 of the  
11 Agreement. Subject to Subparagraph 8.1.2 of the Agreement, the deductions from RWCD  
12 Water credits shall not exceed 4,000 AFY.

13           14. Reporting.

14           A. Within thirty (30) days of the inspections of measuring and recording  
15 devices required by Subparagraph 11.1.1 of the Agreement, the WMAT or the United  
16 States acting in its capacity as trustee for the WMAT shall file with this Court or with  
17 the Court in the Little Colorado River Adjudication Proceedings, as applicable  
18 determined by the location of the point of Diversion of Water to be measured by the  
19 particular device, a certified copy of the report by the registered professional engineer  
20 or similarly qualified person that sets forth the findings of the inspection and  
21 verification that the measuring and recording devices and procedures satisfy industry  
22 standards.

23           B. No later than March 1 of the second Year following the Year in which the  
24 Enforceability Date occurs, and on March 1 of each Year thereafter, the WMAT or the  
25 United States acting in its capacity as trustee for the WMAT shall file with this Court a  
26 report, in the form attached as exhibit 11.2 to the Agreement or as modified by this  
27 Court, showing: (1) all amounts of Water, by source, Diverted on the Reservation and

1 on Off-Reservation Trust Land under Paragraphs 5.0 and 6.0 of the Agreement in the  
2 Year immediately preceding the Year in which the report is filed; (2) all Depletions of  
3 Water, by source, measured or calculated as provided in Subparagraphs 11.3, 11.4 and  
4 11.5 of the Agreement; (3) all amounts of WMAT CAP Water delivered to others in  
5 exchange for the Diversion of Water on the Reservation and on Off-Reservation Trust  
6 Land by WMAT from sources located within the Salt River Watershed; (4) all amounts  
7 of WMAT CAP Water recharged; (5) all amounts of WMAT CAP Water leased to  
8 others; and (6) all amounts of WMAT CAP Water otherwise used by the WMAT..

9 C. Any Party may petition this Court to modify the form set forth in exhibit  
10 11.2 to the Agreement to ensure accurate reporting of the WMAT Water Diversions and  
11 Depletions. Any other Party may object to such petition.

12 15. Except as set forth in the Agreement and the Act, the benefits realized by the  
13 WMAT and its Members under the Agreement and the Act shall be in full satisfaction of all  
14 claims of the WMAT and its Members, and the United States acting as trustee for the benefit  
15 of the WMAT and its Members, for Water Rights and Injury to Water Rights under Federal,  
16 State, or other law with respect to the Reservation and Off-Reservation Trust Land.

18 the WMAT and the United States acting in its capacity as trustee for the WMAT shall not: (1)  
19 object to the usage of any well located outside the boundaries of the Reservation or the Off-  
20 Reservation Trust Land in existence on the Enforceability Date; or (2) object to, dispute or  
21 challenge after the Enforceability Date the drilling of any well or the withdrawal and Use of  
22 Water from any well in the Gila River Adjudication Proceedings or in any other judicial or  
23 administrative proceedings.

24 17. Nothing in this Judgment and Decree, the Agreement or the Act has the effect of  
25 recognizing or establishing any right of a Member to Water on the Reservation or on Off-  
26 Reservation Trust Land. Any entitlement to Water for Use on lands within the exterior  
27 boundaries of the Reservation and Off-Reservation Trust Land shall be satisfied out of the

1 Water resources described in Section 5 of this Judgment and Decree, except as provided in  
2 Section 11 hereof..

3 18. Except for Use of WMAT CAP Water as provided in Paragraph 7.0 of the  
4 Agreement, no Water available for Use by the WMAT or by the United States acting in its  
5 capacity as trustee for the WMAT under the Agreement and the Act may be sold, leased,  
6 transferred or used outside the boundaries of the Reservation or Off-Reservation Trust Land  
7 other than pursuant to an exchange.

8 19. In exchange for the benefits realized under the Agreement and as authorized by  
9 the Act, the Parties have executed Waivers and Releases of Claims, attached as exhibits 12.1,  
10 12.2, 12.3, and 12.4 to the Agreement. These Waivers and Releases of Claims are attached  
11 hereto as Exhibits B, C, D, and E and are by this reference incorporated herein. For purposes  
12 of this Section 19, the United States shall be acting in the capacities as specifically set forth in  
13 each of the waivers referenced herein.

14 20. The claims of the WMAT and its Members, and the United States acting in its  
15 capacity as trustee for the WMAT and its Members, to Water from the Gila River System and  
16 Source are fully, finally and permanently adjudicated by this Judgment and Decree.

17 21. Nothing in this Judgment and Decree or the Agreement shall be construed to  
18 quantify or otherwise affect the Water Rights or entitlements to Water of any Arizona Indian  
19 tribe, band or community, or the United States on their behalf, other than the WMAT and the  
20 United States acting in its capacity as trustee for the WMAT and its Members.

21 22. Nothing in the Agreement shall affect the right of any Party, other than the  
22 WMAT and the United States, acting in its capacity as trustee for the WMAT and its  
23 Members, to assert any priority date or quantity of Water for Water Rights claimed by such  
24 Party in the Gila River Adjudication or other court of competent jurisdiction.

25 23. The Court's adjudication of Water Rights to the WMAT, and the United States  
26 acting in its capacity as trustee for the WMAT, pursuant to this Judgment and Decree is limited

IN THE SUPERIOR COURT OF THE STATE OF ARIZONA  
IN AND FOR THE COUNTY OF MARICOPA

PATRICK T. HURLEY,	)	
Plaintiff,	)	NO. C-4564
UNITED STATES OF AMERICA,	)	
Intervenor,	)	WATER COMMISSIONER'S REPORT
vs.	)	
CHARLES F. ABBOTT; et al.,	)	
Defendants.	)	

The undersigned, A. L. Monette, heretofore having been selected and designated as the Water Commissioner to execute and carry out the provisions of the Decree herein and report to the Court with reference thereto, respectfully submits the following Report for the Court's information:

I

The Salt River Valley Water Users' Association (hereinafter referred to as the "Association"), by contract with the United States Government of June 25, 1904, and September 6, 1917, operates the Salt River Federal Reclamation Project (hereinafter referred to as the "Salt River Project"), and delivers water pursuant to and in accordance with the Decree of the Court heretofore entered herein and commonly referred to as the "Kent Decree". The Association has, as provided for in such decree, reported to, or made its records available to, the Water Commissioner as to the operation and maintenance of the Salt River Project and the distribution of water administered by the Association under the authority of the Water Commissioner and the Kent Decree.

II

The Association has heretofore reported to the Water Commissioner that it has entered into contracts with the City of Phoenix, the City of Mesa, the City of Scottsdale, the City of Tempe, the City of Glendale, the City of Peoria, the City of Chandler and the Town of Gilbert, all of which are municipalities lying within the Salt River Reservoir District, the service area of the Association; in view of the expanded urban development within the Reservoir District of the Salt River Project land area, the Salt River Project now provides a major portion of the total domestic, commercial and industrial water supply needed by the municipal population of the above Cities; this water supply and delivery is made possible by virtue of contracts between the Cities and the Association, each of which has been approved by the Secretary of the Interior of the United States, whereby the Cities pay the Association the annual assessment owed by each landowner on lands that have become urbanized and are no longer utilized for agricultural purposes; the water to which these lands are entitled, including normal flow, stored and developed, surface and underground water is delivered by the Association to the Cities' water filtration plants for use on regular member and townsite lands within the Reservoir District, primarily for municipal and industrial purposes; the Cities are contracting parties with the Association (or propose to become contracting parties with the Association) in order that each municipality contracting with the Association may make available to the owners or occupants of Association-member lands water available for beneficial use in connection with such lands, all as will be further described herein.

III

The use of water by members of the Association in connection with their respective parcels of regular member

lands and townsite lands has changed as valley lands have been urbanized, as the population of the area has increased and as municipal water sources have changed; as agricultural uses of member lands have changed to uses for residential, commercial, industrial and municipal uses. in like manner the water uses appurtenant to such lands have accordingly changed; the water distribution facilities of the Association were originally developed for the purpose of delivering irrigation water to the high point of each quarter section; without filtration and further treatment, the water delivered by the Association is not adaptable for urban and municipal uses other than urban and municipal irrigation uses; at the same time, the owners and occupants of these member lands require a water supply for the beneficial uses for which the lands have been and are now being adapted and used.

#### IV

The regular member lands lying within the Reservoir District are becoming urbanized and reliable forecasts indicate that this urbanization will continue; the water which has been made subject to the water delivery contracts between the Association and the Cities, and which will, in the future, progressively be delivered by the Cities for domestic, commercial and industrial uses, has been and will continue to be put to beneficial use; the uses now being made and which will be made of the water in the future will not lawfully interfere with any other existing water rights; the Water Commissioner hereby reports the changes in use of water from agricultural to municipal and industrial, and the city domestic uses for certain lands within the confines of the Salt River Reservoir District, as shown on the attached Exhibit "A".

V

In the decree entered herein it is provided that the Water Commissioner shall supervise the proper \* \* \* distribution of the water to be diverted by the canals under the said decree \* \* \* in accordance with the rights of the persons entitled thereto as found by the decision and decree herein.

In the decree it is further provided in part as follows:

"Commissioner shall \* \* \* apply to the judge of the court for such further or specific directions as to his powers and duties whenever such directions shall be necessary or proper for the effective carrying out of the provisions of the decree herein."

Your Commissioner respectfully requests that the court give specific directions as to his duties in respect to the proper distribution of water to the lands affected by the aforesaid contracts and specifically described in the tables attached hereto, in view of the changes in delivery and use under said contracts.

VI

The Water Commissioner respectfully requests the court to give notice of the filing of this report to representatives of all interested parties, viz, City of Phoenix, City of Mesa, City of Scottsdale, City of Tempe, City of Glendale, City of Peoria, City of Chandler, Town of Gilbert, the United States and the Salt River Valley Water Users' Association. The Water Commissioner respectfully requests that the court fix a time within which the interested parties may file objections or other response to the report and that a time and place be fixed by the court for considering the report and all objections or other responses thereto and that appropriate notice be ordered to all interested parties of the time within which responses may be filed to this report and of the time and place fixed by the court for considering the report and any objections and responses thereto.

Respectfully submitted this 3rd day of June, 1977.

24 Reservation and on Off-Reservation Trust Land within the Salt River Watershed,

25  
26  
27 <sup>2</sup> A separate Judgment and Decree approving and implementing the WMAT Agreement in relation to

2 does not exceed 1,200 AFY;

3 C. As provided in Paragraphs 4.0 and 6.0 and Subparagraph 5.4 of the  
4 WMAT Agreement, the permanent right to Divert Groundwater from any location

6 Annual Diversion Amounts and the Maximum Annual Depletion Amounts specified in  
7 Sections 5A and 5B hereof;

8 D. The additional permanent right to Divert for Use on the Reservation and  
9 on Off-Reservation Trust Land the additional Maximum Annual Diversion Amount of  
10 at least 25,000 AFY from all sources of Surface Water on the Reservation and on Off-  
11 Reservation Trust Land within the Salt River Watershed pursuant to an exchange of  
12 WMAT CAP Water in accordance with the terms of Paragraph 7.0 of the WMAT  
13 Agreement, provided the additional Maximum Annual Depletion Amount of all of such  
14 Diversions from any exchange does not exceed 25,000 AFY.

15 6. For purposes of calculating Diversions and Depletions as provided in the WMAT  
16 Agreement:

17 A. All Water Diverted or Depleted on the Reservation or on Off-Reservation  
18 Trust Land by Members or pursuant to any agreement or authorization by the WMAT  
19 or the United States acting in its capacity as trustee for the WMAT shall be considered  
20 to be Diverted or Depleted by the WMAT or the United States acting in its capacity as  
21 trustee for the WMAT.

22 B. All Diversions of Water in each Year within the Reservation and on Off-  
23 Reservation Trust Land, together with all WMAT CAP Water used by the WMAT  
24 outside of the Reservation and outside of Off-Reservation Trust land, and all WMAT  
25 CAP Water leased to others or exchanged pursuant to Paragraphs 7.0, 9.0 and 10.0 of  
26 the WMAT Agreement, shall be counted in determining compliance by the WMAT and  
27 the United States acting in its capacity as trustee for the WMAT with the Maximum

1 Annual Diversion Amounts specified in Paragraph 4.0 and Subparagraphs 5.1, 5.2 and  
2 5.3 of the WMAT Agreement. Diversions shall be measured or calculated as provided  
3 in Paragraph 11.0 of the WMAT Agreement.

4 C. All Depletions of Water in each Year from Diversions of Water within the  
5 Reservation and on Off-Reservation Trust Land, together with all WMAT CAP Water  
6 used by the WMAT outside of the Reservation and outside of Off-Reservation Trust  
7 land, and all WMAT CAP Water leased to others or exchanged pursuant to Paragraphs  
8 7.0, 9.0 and 10.0 of the WMAT Agreement, shall be counted in determining compliance  
9 by the WMAT and the United States acting in its capacity as trustee for the WMAT  
10 with the Maximum Annual Depletion Amounts specified in Paragraph 4.0 and  
11 Subparagraphs 5.1, 5.2 and 5.3 of the WMAT Agreement. Depletions shall be  
12 measured or calculated as provided in Paragraph 11.0 of the WMAT Agreement.

13 D. Notwithstanding anything to the contrary in the WMAT Agreement or  
14 this Judgment and Decree, any Diversions of Water by the WMAT or the United States  
15 acting in its capacity as trustee for the WMAT on the Reservation and on Off-  
16 Reservation Trust land within the Salt River Watershed that occur when the Salt River  
17 Reservoir System is full and the amount of Water in the Salt River Reservoir System is  
18 increasing shall not be counted in determining compliance with the Maximum Annual  
19 Diversion Amount from the Salt River Watershed specified in Paragraph 4.0 and

24 5.2 of the WMAT Agreement. The Salt River Reservoir System shall be deemed full  
25 for purposes of this Subparagraph when the volume of Water stored in the Salt River  
26 Reservoir System is equal to the capacity of the Salt River Reservoir System. For  
27 purposes of this Subparagraph, the capacity of the Salt River Reservoir System shall

1 mean the capacity of those reservoirs, including the new conservation space in Modified  
2 Theodore Roosevelt Dam, available to store Water on a continuous basis for irrigation,  
3 power, municipal, industrial or other purposes. SRP shall notify the WMAT and the

8 5.3 of the WMAT Agreement are exceeded in any Year by the WMAT or the United  
9 States acting in its capacity as trustee for the WMAT, then the Maximum Annual  
10 Diversion Amounts or the Maximum Annual Depletion Amounts, as applicable, shall  
11 be reduced by the amount of any such exceedance for such Water source in the  
12 following Year.

13 F. Except as provided in Subparagraph 4.6 of the WMAT Agreement, all  
14 Uses of Water on land outside of the Reservation, if and when that land is subsequently  
15 and finally determined to be part of the Reservation through resolution of any dispute  
16 between the WMAT and the United States over the location of the Reservation  
17 boundary, and any fee land within the Reservation placed into trust and made part of the  
18 Reservation, shall be subject to the Maximum Annual Diversion Amounts and the  
19 Maximum Annual Depletion Amounts specified in Paragraph 4.0 and Subparagraphs  
20 5.1, 5.2, and 5.3 of the WMAT Agreement.

21 G. All Diversions and Depletions associated with the operation of the White  
22 Mountain Apache Tribe Rural Water System, authorized under Section 307 of the Act,  
23 shall be subject to the terms of the WMAT Agreement.

24 7. The United States, acting in its capacity as trustee for the WMAT, and the  
25 WMAT have asserted claims to Water in the Gila River Adjudication Proceedings from the  
26 Salt River Watershed, Claim Number 39-12168 and Number 39-64259, as amended (United  
27 States) and Claim Numbers 39-16945, 39-16946, 39-16947, and 39-16948 (WMAT). These

1 claims contemplate construction of reservoirs along the White River, Black River, Carrizo  
2 Creek, Bonito Creek and Salt River. Except for the White Mountain Apache Tribe Rural  
3 Water System as authorized in Section 307 of the Act, the WMAT Agreement does not  
4 authorize the construction of any such reservoir. Except as provided in this Section 7, prior to  
5 the construction of any reservoir having a capacity of greater than 2,000 acre-feet, the WMAT  
6 and the Secretary shall execute a separate agreement with SRP regarding the operation of any  
7 such new reservoir. No such separate agreement shall be required for Large Reservoirs, Miner  
8 Flat Dam and Reservoir, and one Large Reservoir on the White River below Miner Flat Dam  
9 with an Active Conservation Capacity not exceeding 10,000 acre-feet.

10 8. Except as provided in this Section 8, if the combined aggregate amount of Water  
11 stored in Large Reservoirs, as defined in Subparagraph 2.45 of the WMAT Agreement, on  
12 May 1 of each Year is greater than the percentage of Active Conservation Capacity shown by  
13 the point of intersect of the line on exhibit 5.7.2 to the WMAT Agreement relative to Net SRP  
14 Reservoir Storage on May 1 of each Year, the Water in storage in such Large Reservoirs in  
15 excess of the percentage of Active Conservation Capacity at the point of intersect on exhibit  
16 5.7.2 to the WMAT Agreement shall be either:

17 A. Released by the WMAT or the United States acting in its capacity as  
18 trustee for the WMAT from one or more of the Large Reservoirs no later than  
19 July 1 of such Year to flow off of the Reservation, or

20 B. Deducted from any existing long term storage credits the WMAT may  
21 possess on May 1 of such Year as the result of the recharge and storage of CAP  
22 Water, provided that such credits are transferred to SRP by June 1 of such Year  
23 and the WMAT or the United States acting in its capacity as trustee for the  
24 WMAT pays for the costs and charges associated with such transfer including  
25 the cost of recovery of such stored CAP Water, or  
26  
27

1 C. Reduced to the requisite percentage of Active Conservation Capacity  
2 through a combination of releases pursuant to Section 8A herein and deductions  
3 of existing long term storage credits pursuant to Section 8B herein.

4 The requirements of this Section 8 do not apply to Miner Flat Dam and Reservoir located on  
5 the north fork of the White River with a capacity of not more than 9,000 acre-feet, or one  
6 Large Reservoir on the White River with an Active Conservation Capacity not exceeding  
7 10,000 acre-feet. The WMAT may exchange CAP Water for the purpose of storage in  
8 reservoirs located on the Reservation. For purposes of the calculation in this Section 8, the  
9 amount of CAP Water exchanged with SRP or others and stored within Large Reservoirs on  
10 the Reservation shall not be included within the combined aggregate amount of Water stored  
11 in Large Reservoirs on May 1 of each Year. Any exchange of WMAT CAP Water shall be in  
12 accordance with the terms of Paragraph 7.0 of the WMAT Agreement.

13 9. The priority date for the administration of the Water Rights of the WMAT and  
14 the United States acting in its capacity as trustee for the WMAT from the Salt River and its  
15 tributaries described in Sections 4, 5A, 5B and 5C hereof for Uses on the Reservation shall be  
16 November 9, 1871. The priority date for the administration of the Water Rights of the WMAT  
17 and the United States acting in its capacity as trustee for the WMAT from the Salt River and  
18 its tributaries described in Sections 4, 5A, 5B and 5C hereof for Uses on off-Reservation Trust

21 Judgment and Decree, shall be binding on all parties to the Gila River Adjudication.

22 10. The Water Rights of the WMAT and the United States acting in its capacity as

24 for any Use on the Reservation, including any land finally determined to be part of the  
25 Reservation under Subparagraph 4.14 of the WMAT Agreement, or on Off-Reservation Trust  
26 Land; provided, however, that Use of WMAT CAP Water shall be as provided in Paragraph  
27 7.0 of the WMAT Agreement.

1           11.     Surface Water, Groundwater and Effluent purchased or acquired subsequent to  
2 the Enforceability Date by the WMAT or the United States acting in its capacity as trustee for  
3 the WMAT pursuant to state law from sources outside of the Reservation and outside of Off-  
4 Reservation Trust Land shall not be subject to the quantification limits of the WMAT's Water  
5 Rights specified in Paragraph 4.0 or Subparagraphs 5.1, 5.2 and 5.3 of the WMAT Agreement.

6           12.     All land held by the United States in trust for the WMAT as Off-Reservation  
7 Trust Land and all land within the Reservation shall have only those Water Rights specifically  
8 quantified in Paragraph 4.0 of the WMAT Agreement for the WMAT and the United States  
9 acting in its capacity as trustee for the WMAT.

10          13.     For each Year following the Year in which the Enforceability Date occurs,  
11 fourteen and eighty-one one hundredths (14.81) percent of the actual Annual Depletion  
12 Amount from all sources of Water Diverted on the Reservation and on Off-Reservation Trust  
13 Land within the Salt River Watershed, other than Depletions resulting from the exchange of  
14 WMAT CAP Water, calculated as provided in Paragraph 11.0 of the WMAT Agreement, shall  
15 be deducted by SRP from the Water credits of RWCD as provided in Paragraph 8.0 of the  
16 WMAT Agreement. Subject to Subparagraph 8.1.2 of the WMAT Agreement, the deductions  
17 from RWCD Water credits shall not exceed 4,000 AFY.

18          14.     Reporting.

19           A.     Within thirty (30) days of the inspections of measuring and recording  
20 devices required by Subparagraph 11.1.1 of the WMAT Agreement, the WMAT or the  
21 United States acting in its capacity as trustee for the WMAT shall file with this Court or

23 determined by the location of the point of Diversion of Water to be measured by the  
24 particular device, a certified copy of the report by the registered professional engineer  
25 or similarly qualified person that sets forth the findings of the inspection and  
26 verification that the measuring and recording devices and procedures satisfy industry  
27 standards.

1           B.     No later than March 1 of the second Year following the Year in which the  
2           Enforceability Date occurs, and on March 1 of each Year thereafter, the WMAT or the  
3           United States acting in its capacity as trustee for the WMAT shall file with this Court a  
4           report, in the form attached as exhibit 11.2 to the WMAT Agreement or as may  
5           otherwise be required by this Court, showing: (1) all amounts of Water, by source,  
6           Diverted on the Reservation and on Off-Reservation Trust Land under Paragraphs 5.0  
7           and 6.0 of the WMAT Agreement in the Year immediately preceding the Year in which  
8           the report is filed; (2) all Depletions of Water, by source, measured or calculated as

5 recognizes or establishes any right of a Member to Water on the Reservation or on Off-  
6 Reservation Trust Land. Any entitlement to Water for Use on lands within the exterior  
7 boundaries of the Reservation and Off-Reservation Trust Land shall be satisfied out of the  
8 Water resources described in Section 5 of this Judgment and Decree, except as provided in  
9 Section 11 hereof.

12 in its capacity as trustee for the WMAT under the WMAT Agreement and the Act may be  
13 sold, leased, transferred or used outside the boundaries of the Reservation or Off-Reservation  
14 Trust Land other than pursuant to an exchange.

22 capacity as trustee for the WMAT and its Members, to Water from the Gila River System and  
23 Source are fully, finally and permanently adjudicated by this Judgment and Decree.

24 21. Nothing in this Judgment and Decree or the WMAT Agreement shall be  
25 construed to quantify or otherwise affect the Water Rights, claims or entitlements to Water of  
26 any Arizona Indian tribe, band or community, or the United States on their behalf, other than  
27

1 the WMAT and the United States acting in its capacity as trustee for the WMAT and its  
2 Members.

3 22. Nothing in the WMAT Agreement shall affect the right of any Party, other than

48 Stat. 984 (commonly known as the “Indian Reorganization Act”) (25 U.S.C. § 476).

1.21 “WMAT Reservation” or “Reservation” shall mean the land within the exterior boundaries of the White Mountain Indian Reservation established by Executive Order dated November 9, 1871, as modified by subsequent Executive Orders and Acts of Congress: (1) known on December 8, 2010, the date of enactment of the Act, as the “Fort Apache Reservation” pursuant to chapter 3 of the Act of June 7, 1897 (30 Stat. 62); and (2) generally depicted on the map attached to the Agreement as exhibit 2.81. The depiction of the Reservation on the map attached to the Agreement as exhibit 2.81 shall not: (1) be used to affect any dispute between the WMAT and the United States concerning the legal boundary of the Reservation; or (2) constitute an admission by the WMAT with regard to any dispute between the WMAT and the United States concerning the legal boundary of the Reservation.

**Contested Case Name:** *In re Amended and Restated White Mountain Apache Tribe Water Rights Quantification Agreement.*

**HSR Involved:** None.

**Descriptive Summary:** Order of Judge Mark Brain, approving application of Settling Parties, filed \_\_\_\_, 2014, to commence special proceedings to consider the Amended and Restated White Mountain Apache Tribe Water Rights Quantification Agreement dated as of November 1 2012, (“WMAT Agreement”), which permanently resolves the claims for water rights of the White Mountain Apache Tribe and its Members, and the United States acting in its capacity as trustee for the White Mountain Apache Tribe and its Members.

**Date of Filing:** \_\_\_\_, 2014.

**Number of Pages:** 10, without attachments. Attachment A [ ]; Attachment B [ ]; Attachment C [ ].

This matter came before the Court on \_\_\_\_, 2014, upon the application of the White Mountain Apache Tribe; the United States of America; the Salt River Valley Water Users’ Association; the Salt River Project Agricultural Improvement and Power District; the Roosevelt Water Conversation District; Arizona Water Company; the Arizona Cities of Avondale, Chandler, Glendale, Mesa, Peoria, Phoenix, Scottsdale and Tempe; the Arizona Town of Gilbert; the Buckeye Irrigation Company; the Buckeye Water Conservation and Drainage District; and the Central Arizona Water Conservation District (these parties hereinafter referred to as the “WMAT Agreement Parties”) for an order for special

1 proceedings, pursuant to the Special Procedural Order Providing for the Approval of Federal  
2 Water Rights Settlements, Including Those of Indian Tribes issued by the Arizona Supreme  
3 Court on May 16, 1991.<sup>1</sup>

4 Entry of an order for special proceedings is requested for the Court to consider a  
5 stipulation among the WMAT Agreement Parties,<sup>2</sup> which sets forth the terms of the WMAT  
6 Agreement, and incorporates and attaches as exhibits thereto copies of: (1) the WMAT  
7 Agreement permanently resolving all claims for water rights of the White Mountain Apache  
8 Tribe and its Members, and the United States acting in its capacity as trustee for the White  
9 Mountain Apache Tribe and its Members;<sup>3</sup> and (2) a proposed final judgment and decree  
10 adjudicating the water rights of the White Mountain Apache Tribe, and the United States  
11 acting in its capacity as trustee for the White Mountain Apache Tribe, as established in the  
12 WMAT Agreement.<sup>4</sup> The Court, having considered the Application for Special Proceedings  
13 *ex parte*, as is authorized by paragraph B(1) of the Special Procedural Order, finds the  
14 following:

15 1. The WMAT Agreement Parties, who are parties to this adjudication (the “Gila  
16 River Adjudication”), have reached a proposed water rights quantification agreement  
17 permanently resolving all claims for water rights of the White Mountain Apache Tribe and its  
18 Members, and the United States acting in its capacity as trustee for the White Mountain  
19 Apache Tribe and its Members, whose claimed water rights are subject to determination in this  
20 adjudication. Congress ratified the WMAT Agreement in passing the White Mountain  
21

---

23 <sup>1</sup> The application shall be referred to hereinafter as the “Application for Special Proceedings.”  
24 The Supreme Court’s May 16, 1991 Order shall be referred to hereinafter as the “Special  
25 Procedural Order.”

26 <sup>2</sup> The stipulation, attached as Exhibit A to the Application for Special Proceedings, shall be  
27 referred to hereinafter as the “Stipulation.”

<sup>3</sup> The WMAT Agreement is attached as Exhibit A to the Stipulation.

<sup>4</sup> The proposed final judgment and decree shall be referred to hereinafter as the “Proposed  
Final Judgment and Decree” and is attached as Exhibit B to the Stipulation.

1 Apache Tribe Water Rights Quantification Act of 2010, Public Law.111-291, Title III, 124  
2 Stat. 3063, 3073 (2010) (“WMAT Act”).

3         2. The Application for Special Proceedings satisfies the requirements of paragraph  
4 B(1) of the Special Procedural Order issued by the Arizona Supreme Court as it contains: (1)  
5 the Stipulation of the WMAT Agreement Parties, which sets forth the terms of the WMAT  
6 Agreement and incorporates and attaches as exhibits thereto copies of the WMAT Agreement  
7 and the Proposed Final Judgment and Decree adjudicating the water rights of the White  
8 Mountain Apache Tribe and its Members, and the United States acting in its capacity as  
9 trustee for the White Mountain Apache Tribe and its Members, as established in the WMAT  
10 Agreement; (2) a request that the Court enter an order approving the WMAT Agreement, the  
11 Stipulation and the Proposed Final Judgment and Decree; (3) a description of the special  
12 circumstances that prevent the consideration of the WMAT Agreement in the normal course  
13 of the Gila River Adjudication; (4) a proposed order to commence the special proceedings,  
14 attaching a description of the terms of the WMAT Agreement, a copy of the Special  
15 Procedural Order and a proposed Notice of Settlement; and (5) information indicating the  
16 location of copies of the WMAT Agreement and supporting documents available for review.

17         3. The WMAT Agreement Parties have satisfied paragraph A of the Supreme  
18 Court’s Special Procedural Order which specifies the conditions warranting special  
19 procedures to consider the proposed WMAT Agreement:

20             a. The WMAT Agreement involves the claimed water rights of the White  
21 Mountain Apache Tribe and its Members, which are the subject of statement of claimant  
22 number 39-12168 and 39-64259, as amended filed by the United States for the benefit of the  
23 White Mountain Apache Tribe and its Members, and statement of claimant numbers 39-  
24 16945, 39-16946, 39-16947, and 39-16948 filed by the White Mountain Apache Tribe on  
25 behalf of itself and its Members in this action. The claims of the United States acting in its  
26 capacity as trustee for the White Mountain Apache Tribe and its Members, and of the White  
27 Mountain Apache Tribe on behalf of itself and its Members, are within the jurisdiction of the

1 Court under the principles of *Arizona v. San Carlos Apache Tribe of Arizona*, 463 U.S. 545  
2 (1983) and *United States v. Superior Court et al.*, 144 Ariz. 265, 697 P.2d 658 (1985).

3 b. The WMAT Agreement Parties include the White Mountain Apache Tribe,  
4 the United States, and other claimants in the Gila River Adjudication whose claimed water  
5 rights are adverse to those of the White Mountain Apache Tribe.

6 c. The WMAT Agreement permanently resolves the claims for water rights of  
7 the White Mountain Apache Tribe, an Indian tribe, and its Members, and the United States  
8 acting in its capacity as trustee for the White Mountain Apache Tribe and its Members. A  
9 description of the water rights of the White Mountain Apache Tribe, and the United States  
10 acting in its capacity as trustee for the White Mountain Apache Tribe, as established in the  
11 WMAT Agreement, is set forth in Attachment A to this Order, which description is  
12 incorporated by reference herein.

13 d. The WMAT Agreement has been confirmed by Congress in the WMAT Act,  
14 but Congress' confirmation is conditioned upon approval of the proposed Final Judgment and  
15 Decree, an exhibit to the WMAT Agreement, by the Court.

16 e. There are special circumstances preventing the consideration of the WMAT  
17 Agreement, the Stipulation and the proposed Final Judgment and Decree in the normal course  
18 of the Gila River Adjudication. Section 309(d)(1)(F) of the Act requires that the Proposed  
19 Judgment be approved in this proceeding no later than April 30, 2021. If the Proposed Final  
20 Judgment and Decree is not approved in this proceeding on or before April 30, 2021, the Act  
21 will be repealed as of May 1, 2021, any action authorized to be taken by the Secretary  
22 pursuant to any provision of the Act will be void, and the WMAT, its Members and the United  
23 States on their behalf will retain all claims for water rights and injury to water rights that are  
24 the subject of the WMAT Agreement. *See* WMAT Act, Section 309(d)(2). Under the normal  
25 course of the Gila River Adjudication, the claims for water rights of the White Mountain  
26 Apache Tribe and its Members would not be considered by the Court prior to April 30, 2021.  
27 In addition, the rural water supply project authorized under the WMAT Agreement cannot be

1 constructed until the WMAT Agreement and the Proposed Judgment and Decree become fully  
2 enforceable. Early consideration and approval of the WMAT Agreement, the Stipulation and  
3 the proposed Final Judgment and Decree by this Court would satisfy this condition for  
4 commencement of construction of the project and avoid unnecessary cost increases, which  
5 would occur with the passage of time.

6 4. The claimed water rights of the WMAT Agreement Parties, other than the White  
7 Mountain Apache Tribe on behalf of itself and its Members and the United States acting in its  
8 capacity as trustee for the White Mountain Apache Tribe and its Members, will not be  
9 adjudicated in the special proceedings requested by the WMAT Agreement Parties; rather,  
10 these claimed water rights will be adjudicated in the due course of the Gila River  
11 Adjudication.

12 5. The WMAT Agreement, which permanently resolves all of the claims for water  
13 rights of the White Mountain Apache Tribe and its Members, and of the United States acting  
14 in its capacity as trustee for the White Mountain Apache Tribe and its Members, is a lengthy  
15 and complex agreement involving many parties, many separate documents and attachments,  
16 exchanges of water, and both monetary and nonmonetary consideration. The Hydrographic  
17 Survey Report (“HSR”) concerning present and potential water uses of the White Mountain  
18 Apache Tribe and its Members, which would be prepared by the Arizona Department of Water  
19 Resources (“ADWR”) in the normal course of the Gila River Adjudication to assist the Court  
20 and parties, has not been completed and is not even scheduled to be completed. Without the  
21 expert assistance of ADWR, it will be difficult for the Court and other parties to the Gila  
22 River Adjudication to understand and evaluate the WMAT Agreement. As a consequence, it  
23 is appropriate for the Court to order ADWR to prepare a factual analysis and technical  
24 assessment of the WMAT Agreement as is authorized by paragraph B(3)(f) of the Supreme  
25 Court’s Special Procedural Order.

26 6. Because of the complexity of the special proceedings, the number of parties  
27 expected to be involved, and the time anticipated for pre-hearing conferences and hearings, it

1 is also appropriate for the Court to refer the consideration of the WMAT Agreement, the  
2 Stipulation, and the proposed Final Judgment and Decree to the Special Master appointed  
3 under the provisions of Section 45-255, Arizona Revised Statutes Annotated, as authorized by  
4 paragraph D(4) of the Supreme Court's Special Procedural Order and Rule 53 of the Arizona  
5 Rules of Civil Procedure.

6 NOW, THEREFORE, IT IS ORDERED as follows:

7 1. The Application for Special Proceedings to consider the WMAT Agreement, the  
8 Stipulation, and the proposed Final Judgment and Decree, which permanently resolve all of  
9 the claims for water rights of the White Mountain Apache Tribe and its Members, and of the  
10 United States acting in its capacity as trustee for the White Mountain Apache Tribe and its  
11 Members, is granted. The conditions warranting special procedures have been satisfied. The  
12 WMAT Agreement Parties shall serve by mail copies of their Application for Special  
13 Proceedings and this Order upon all persons listed in the Court-approved mailing list for the  
14 Gila River Adjudication.

15 2. The special proceedings with respect to the WMAT Agreement, Stipulation and  
16 proposed Final Judgment and Decree shall be conducted in accordance with the Special  
17 Procedural Order Providing for the Approval of Federal Water Rights Settlements, Including  
18 Those of Indian Tribes, issued by the Arizona Supreme Court on May 16, 1991, which is  
19 attached to this Order as Attachment B.

20 3. The Court will consider the WMAT Agreement, the Stipulation and the proposed  
21 Final Judgment and Decree under the criteria enumerated by the Arizona Supreme Court in  
22 paragraph D(6) of its Special Procedural Order. Except to the extent that the express terms of  
23 the WMAT Agreement, the Stipulation and the Proposed Final Judgment and Decree provide  
24 otherwise, if the Court approves the Stipulation and the WMAT Agreement, and enters the  
25 Proposed Final Judgment and Decree adjudicating the water rights of the White Mountain  
26 Apache Tribe and its Members, and of the United States acting in its capacity as trustee for the  
27

1 White Mountain Apache Tribe and its Members, the Proposed Final Judgment and Decree will  
2 be binding upon all parties to the Gila River general stream adjudication.

3 4. ADWR shall file with the Court no later than \_\_\_\_\_, \_\_\_\_\_, forty-five (45)  
4 calendar days from the date of entry of this Order, a factual analysis and technical assessment  
5 of the WMAT Agreement. ADWR's report shall including the following: (1) a review of the  
6 terms of the WMAT Agreement; (2) a summary of the statements of claimant filed by or on  
7 behalf of the WMAT and its Members; (3) a brief description of the history, physical  
8 characteristics, and natural resources (including an estimate of the arable acreage) of the  
9 White Mountain Apache Tribe and its reservation, emphasizing those facts, events, and plans  
10 which may be important in ascertaining the water rights of the reservation; (4) a determination  
11 of whether there is a reasonable basis to conclude that the water rights of the White Mountain  
12 Apache Tribe and its Members, and the United States acting in its capacity as trustee for the  
13 White Mountain Apache Tribe and its Members, as established in the WMAT Agreement and  
14 the Proposed Final Judgment and Decree, from sources subject to the jurisdiction of the  
15 Court,<sup>5</sup> are no more extensive than the water rights that the White Mountain Apache Tribe  
16 acting on behalf of itself and its Members, and the United States acting in its capacity as  
17 trustee for the White Mountain Apache Tribe and its Members, would be able to prove to a  
18 degree of reasonable probability at the trial of these claimed rights in the due course of the  
19 Gila River Adjudication; (5) the probable depletion of water resources in the Gila River  
20 system and source as a result of the WMAT Agreement; (6) the probable impact of the  
21 WMAT Agreement upon categories of other claimants in the adjudication; (7) the probable  
22 impact of the WMAT Agreement upon the groundwater uses on or in the vicinity of the  
23 reservation; and (8) other important impacts or consequences that might result from the

24 <sup>5</sup> The Arizona Supreme Court's February 19, 2010 Order in Case Nos. WC-07-0001-IR and  
25 WC-07-0003 (consolidated), which approved the Amended and Restated Gila River Indian  
26 Community Water Rights Settlement Agreement, establishes that only water sources within

the Special Procedural Order's Paragraph D(6)(B) analysis. *See* February 19, 2010 Order,

1 WMAT Agreement. The WMAT Agreement Parties are ordered to meet with ADWR and to  
2 provide ADWR with information and documents necessary for ADWR to complete its factual  
3 analysis and technical assessment (including information comparing the WMAT Agreement to  
4 the amount of water the White Mountain Apache Tribe on behalf of itself and its Members,  
5 and the United States acting in its capacity as trustee for the White Mountain Apache Tribe  
6 and its Members, could reasonably prove at a trial of its claimed water rights). Upon filing the  
7 report with the Court, ADWR is ordered to serve a copy of the report upon each person  
8 appearing on the Court-approved mailing list for the Gila River Adjudication.

9           5. After the filing of the ADWR report, the WMAT Agreement Parties shall present a  
10 program in two separate meetings to provide interested parties in the Gila River Adjudication  
11 and the public with information about the WMAT Agreement. The program will include a  
12 statement that the program has been ordered by the Court, a disclaimer indicating that the  
13 WMAT Agreement Parties' interests in the WMAT Agreement may be adverse to the interests  
14 of other parties in the Gila River Adjudication, a description of the terms and conditions of the  
15 WMAT Agreement, an announcement of the availability of the ADWR factual analysis and  
16 technical assessment, and an announcement of the date objections to the WMAT Agreement  
17 must be filed. At the program, the WMAT Agreement Parties shall make copies of this Order  
18 (including attachments) available to those persons who are present. The first meeting will be  
19 held in Phoenix at \_\_\_\_\_ p.m. on \_\_\_\_\_, 2014; and the second meeting will be held in  
20 \_\_\_\_\_ at \_\_\_\_\_ p.m. on \_\_\_\_\_, 2014.

21           6. The WMAT Agreement Parties shall serve by first-class mail a notice upon all  
22 claimants (and all assignees and transferees of claimants, to the extent they appear in ADWR's  
23 records) in the Gila River general stream adjudication, notifying them of the application to  
24 approve the WMAT Agreement involving the water rights of the White Mountain Apache  
25 Tribe; the pendency of this special proceeding; the time, date, and location of the  
26 informational meetings described in the preceding paragraph; and advising them where  
27 complete copies of the application for special proceedings and this Order may be found. The

1 Court approves the use of the Notice of Settlement attached hereto as Attachment C. The  
2 Settling Parties shall publish a copy of the Notice of Settlement in two newspapers of general  
3 circulation within the geographical area encompassed by the Gila River Adjudication at least  
4 once a week for three consecutive weeks, beginning no later than fourteen (14) days after the  
5 date of entry of this Order..

6 7. Objections to the application to approve the WMAT Agreement shall be filed with  
7 the Clerk of the Court in and for Maricopa County no later than \_\_\_\_, \_\_\_\_, forty-five (45)  
8 days after the filing of the DWR report referred to in paragraph 4.

9 8. Any WMAT Agreement Party who is a claimant in the Gila River Adjudication may  
10 file a response to an objection no later than, \_\_\_\_, \_\_\_\_, twenty (20) days after the time for  
11 filing objections has expired.

12 9. The WMAT Agreement Parties shall promptly provide both ADWR and the Special  
13 Master with complete copies of the WMAT Agreement, including copies of all attachments  
14 and documents referred to or incorporated therein, a copy of the WMAT Act, and a copy of  
15 any printed congressional report concerning that federal legislation. ADWR shall make its set  
16 of these documents available for public inspection and copying at its headquarters during its  
17 normal business hours. The WMAT Agreement Parties shall also provide a complete copy of  
18 the WMAT Agreement, including copies of all attachments, and a copy of the WMAT Act, to  
19 the offices of the Clerks of the Superior Court in every Arizona County located within the Gila  
20 River System and Source promptly upon issuance of the Order for Special Proceedings.

21 10. The pretrial orders of the Court and the Rules for Proceedings Before the Special  
22 Master apply to these special proceedings to the extent that they are consistent with the

---

<sup>1</sup>The Description of Water Rights set forth in this Attachment A is not intended to supersede the terms of the WMAT Agreement among the WMAT Parties. In the event any aspect of the description contained herein varies from or conflicts with the terms of the WMAT Agreement, the terms of the WMAT Agreement are controlling and should be consulted.

Adjudication Court,<sup>2</sup> the WMAT and the United States acting in its capacity as trustee for the WMAT shall have:

A. The permanent right to Divert for Use on the Reservation and on Off-Reservation Trust Land the Maximum Annual Diversion Amount of 71,000 AFY from all sources of Surface Water on the Reservation and on Off-Reservation Trust Land within the Salt River Watershed, provided that the Maximum Annual Depletion Amount of all such Diversions shall not exceed 25,800 AFY;

B. Commencing after the Year 2100, the additional permanent right to Divert for Use on the Reservation and on Off-Reservation Trust Land the additional Maximum Annual Diversion Amount of 3,000 AFY from all sources of Surface Water on the Reservation and on Off-Reservation Trust Land within the Salt River Watershed, provided the additional Maximum Annual Depletion Amount of all of such Diversions does not exceed 1,200 AFY;

C. As provided in Paragraphs 4.0 and 6.0 and Subparagraph 5.4 of the WMAT Agreement, the permanent right to Divert Groundwater from any location within the Reservation and on Off-Reservation Trust Land, subject to the Maximum Annual Diversion Amounts and the Maximum Annual Depletion Amounts specified in Sections 4A and 4B hereof;

D. ---

<sup>2</sup> The Proposed Judgment and Decree to be entered by the Gila River Adjudication Court is attached as exhibit 12.9.6.1 to the WMAT Agreement and is referred to hereinafter as the Proposed Gila River Judgment and Decree.

Annual Depletion Amount of all of such Diversions from any exchange does not exceed 25,000 AFY.

5. For purposes of calculating Diversions and Depletions as provided in the WMAT Agreement:

A. All Water Diverted or Depleted on the Reservation or on Off-Reservation Trust Land by Members or pursuant to any agreement or authorization by the WMAT or the United States acting in its capacity as trustee for the WMAT shall be considered to be Diverted or Depleted by the WMAT or the United States acting in its capacity as trustee for the WMAT.

B. All Diversions of Water in each Year within the Reservation and on Off-Reservation Trust Land, together with all WMAT CAP Water used by the WMAT outside of the Reservation and outside of Off-Reservation Trust land, and all WMAT CAP Water leased to others or exchanged pursuant to Paragraphs 7.0, 9.0 and 10.0 of the WMAT Agreement, shall be counted in determining compliance by the WMAT and the United States acting in its capacity as trustee for the WMAT with the Maximum Annual Diversion Amounts specified in Paragraph 4.0 and Subparagraphs 5.1, 5.2 and 5.3 of the WMAT Agreement. Diversions shall be measured or calculated as provided in Paragraph 11.0 of the WMAT Agreement.

C. All Depletions of Water in each Year from Diversions of Water within the Reservation and on Off-Reservation Trust Land, together with all WMAT CAP Water used by the WMAT outside of the Reservation and outside of Off-Reservation Trust land, and all WMAT CAP Water leased to others or exchanged pursuant to Paragraphs 7.0, 9.0 and 10.0 of the WMAT Agreement, shall be counted in determining compliance by the WMAT and the United States acting in its capacity as trustee for the WMAT with the Maximum Annual

Depletion Amounts specified in Paragraph 4.0 and Subparagraphs 5.1, 5.2 and 5.3 of the WMAT Agreement. Depletions shall be measured or calculated as provided in Paragraph 11.0 of the WMAT Agreement.

D. Notwithstanding anything to the contrary in the WMAT Agreement or the Proposed Gila River Judgment and Decree, any Diversions of Water by the WMAT or the United States acting in its capacity as trustee for the WMAT on the Reservation and on Off-Reservation Trust land within the Salt River Watershed that occur when the Salt River Reservoir System is full and the amount of Water in the Salt River Reservoir System is increasing shall not be counted in determining compliance with the Maximum Annual Diversion Amount from the Salt River Watershed specified in Paragraph 4.0 and Subparagraphs 5.1 and 5.2 of the WMAT Agreement. Likewise, any Depletions of Water Diverted under the circumstances described in the preceding sentence shall not be counted in determining compliance with the Maximum Annual Depletion Amount from the Salt River Watershed specified in Paragraph 4.0 and Subparagraphs 5.1 and 5.2 of the WMAT Agreement. The Salt River Reservoir System shall be deemed full for purposes of this Subparagraph when the volume of Water stored in the Salt River Reservoir System is equal to the capacity of the Salt River Reservoir System. For purposes of this Subparagraph, the capacity of the Salt River Reservoir System shall mean the capacity of those reservoirs, including the new conservation space in Modified Theodore Roosevelt Dam, available to store Water on a continuous basis for irrigation, power, municipal, industrial or other purposes. SRP shall notify the WMAT and the United States acting in its capacity as trustee for the WMAT of an impending spill as soon as practicable and notify them of the date the spill ends.

E. In the event the Maximum Annual Diversion Amounts or the Maximum Annual Depletion Amounts specified in Paragraph 4.0 and Subparagraphs 5.1, 5.2 and 5.3 of the WMAT Agreement are exceeded in any Year by the WMAT or the United States acting in its capacity as trustee for the WMAT, then the Maximum Annual Diversion Amounts or the Maximum Annual Depletion Amounts, as applicable, shall be reduced by the amount of any such exceedance for such Water source in the following Year.

F. Except as provided in Subparagraph 4.6 of the WMAT Agreement, all Uses of Water on land outside of the Reservation, if and when that land is subsequently and finally determined to be part of the Reservation through resolution of any dispute between the WMAT and the United States over the location of the Reservation boundary, and any fee land within the Reservation placed into trust and made part of the Reservation, shall be subject to the Maximum Annual Diversion Amounts and the Maximum Annual Depletion Amounts specified in Paragraph 4.0 and Subparagraphs 5.1, 5.2, and 5.3 of the WMAT Agreement.

G. All Diversions and Depletions associated with the operation of the White Mountain Apache Tribe Rural water system, authorized under Section 307 of the Act, shall be subject to the terms of the WMAT Agreement.

6. The United States, acting in its capacity as trustee for the WMAT, and the WMAT have asserted claims to Water in the Gila River Adjudication Proceedings from the Salt River Watershed, Claim Number 39-12168 and Number 39-64259, as amended (United States), and Claim Numbers 39-16945, 39-16946, 39-16947, and 39-16948 (WMAT). These claims contemplate construction of reservoirs along the White River, Black River, Carrizo Creek, Bonito Creek and Salt River. Except for the White Mountain Apache Tribe Rural Water System as authorized in Section 307 of the Act, the

WMAT Agreement does not authorize the construction of any such reservoir. Except as provided in this Section 6, prior to the construction of any reservoir having a capacity of greater than 2,000 acre-feet, the WMAT and the Secretary shall execute a separate agreement with SRP regarding the operation of any such new reservoir. No such separate agreement shall be required for Large Reservoirs, Miner Flat Dam and Reservoir, and one Large Reservoir on the White River below Miner Flat Dam with an Active Conservation Capacity not exceeding 10,000 acre-feet.

7. Except as provided in this Section 7, if the combined aggregate amount of Water stored in Large Reservoirs on May 1 of each Year is greater than the percentage of Active Conservation Capacity shown by the point of intersect of the line on WMAT exhibit 5.7.2 to the WMAT Agreement relative to Net SRP Reservoir Storage on May 1 of each Year, the Water in storage in such Large Reservoirs in excess of the percentage of Active Conservation Capacity at the point of intersect on WMAT Agreement Exhibit 5.7.2 shall be either:

A. Released by the WMAT or the United States acting in its capacity as trustee for the WMAT from one or more of the Large Reservoirs no later than July 1 of such Year to flow off of the Reservation, or

B. Deducted from any existing long term storage credits the WMAT may possess on May 1 of such Year as the result of the recharge and storage of CAP Water, provided that such credits are transferred to SRP by June 1 of such Year and the WMAT or the United States acting in its capacity as trustee for the WMAT pays for the costs and charges associated with such transfer including the cost of recovery of such stored Water, or

C. Reduced to the requisite percentage of Active Conservation Capacity through a combination of releases as described in Section 7A herein and deductions of existing long term storage credits as described in Section 7B herein.

The requirements described in this Section 7 do not apply to Miner Flat Dam and Reservoir located on the north fork of the White River with a capacity of not more than 9,000 acre-feet, or one Large Reservoir on the White River below Miner Flat Dam with an Active Conservation Capacity not exceeding 10,000 acre-feet. The WMAT may exchange CAP Water for the purpose of storage in reservoirs located on the Reservation. For purposes of the calculation described in this Section 7, the amount of CAP Water exchanged with SRP or others and stored within Large Reservoirs on the Reservation shall not be included within the combined aggregate amount of Water stored in Large Reservoirs on May 1 of each Year. Any exchange of WMAT CAP Water shall be in accordance with the terms of Paragraph 7.0 of the WMAT Agreement.

8. The priority date for the administration of the Water Rights of the WMAT and the United States acting in its capacity as trustee for the WMAT from the Salt River and its tributaries described in Sections 3, 4A, 4B and 4C hereof for Uses on the Reservation shall be November 9, 1871. The priority date for the administration of the Water Rights of the WMAT and the United States acting in its capacity as trustee for the WMAT from the Salt River and its tributaries described in Sections 3, 4A, 4B and 4C hereof for Uses on Off-Reservation Trust Lands shall be November 4, 1985. Except as provided in Section 20 hereof, upon entry of the Proposed Gila River Judgment and Decree, the Water Rights described in Sections 3, 4A, 4B and 4C hereof and this Section 8 shall be binding on all parties to the Gila River Adjudication.

9. The Water Rights of the WMAT and the United States acting in its capacity as trustee for the WMAT as quantified in Paragraph 4.0 of the WMAT Agreement may be used for any Use on the Reservation, including any land finally determined to be part of the Reservation under Subparagraph 4.14 of the WMAT Agreement, or on Off-Reservation Trust Land; provided, however, that Use of WMAT CAP Water shall be as provided in Paragraph 7.0 of the WMAT Agreement.

10. Surface Water, Groundwater and Effluent purchased or acquired subsequent to the Enforceability Date by the WMAT or the United States acting in its capacity as trustee for the WMAT pursuant to state law from sources outside of the Reservation and outside of Off-Reservation Trust Land shall not be subject to the quantification limits of the WMAT's Water Rights specified in Paragraph 4.0 or Subparagraphs 5.1, 5.2 and 5.3 of the WMAT Agreement.

11. All land held by the United States in trust for the WMAT as Off-Reservation Trust Land and all land within the Reservation shall have only those Water Rights specifically quantified in Paragraph 4.0 of the WMAT Agreement for the WMAT and the United States acting in its capacity as trustee for the WMAT.

12. For each Year following the Year in which the Enforceability Date occurs, fourteen and eighty-one one hundredths (14.81) percent of the actual Annual Depletion Amount from all sources of Water Diverted on the Reservation and on Off-Reservation Trust Land within the Salt River Watershed, other than Depletions resulting from the exchange of WMAT CAP Water, calculated as provided in Paragraph 11.0 of the WMAT Agreement, shall be deducted by SRP from the Water credits of RWCD as provided in Paragraph 8.0 of the WMAT Agreement. Subject to Subparagraph 8.1.2 of the WMAT Agreement, the deductions from RWCD Water credits shall not exceed 4,000 AFY.

13. Reporting.

A. Within thirty (30) days of the inspections of measuring and recording devices required by Subparagraph 11.1.1 of the WMAT Agreement, the WMAT or the United States acting in its capacity as trustee for the WMAT shall file with this Court or with the Court in the Little Colorado River Adjudication Proceedings, as applicable determined by the location of the point of Diversion of Water to be measured by the particular device, a certified copy of the report by the registered professional engineer or similarly qualified person that sets forth the

findings of the inspection and verification that the measuring and recording devices and procedures satisfy industry standards.

B. No later than March 1 of the second Year following the Year in which the Enforceability Date occurs, and on March 1 of each Year thereafter, the WMAT or the United States acting in its capacity as trustee for the WMAT shall file with the Court, in the form attached as exhibit 11.2 to the WMAT Agreement or as may otherwise be required by the Court, a report showing: (1) all amounts of Water, by source, Diverted on the Reservation and on Off-Reservation Trust Land under Paragraphs 5.0 and 6.0 of the WMAT Agreement in the Year immediately preceding the Year in which the report is filed; (2) all Depletions of Water, by source, measured or calculated as provided in Subparagraphs 11.3, 11.4 and 11.5 of the WMAT Agreement; (3) all amounts of WMAT CAP Water delivered to others in exchange for the Diversion of Water on the Reservation and on Off-Reservation Trust Land by WMAT from sources located within the Salt River Watershed; (4) all amounts of WMAT CAP Water recharged; (5) all amounts of WMAT CAP Water leased to others; and (6) all amounts of WMAT CAP Water otherwise used by the WMAT.

C. Any Party may petition this Court to modify the form set forth in exhibit 11.2 to the WMAT Agreement to ensure accurate reporting of the WMAT Water Diversions and Depletions. Any other Party may object to such petition.

14. Except as set forth in the WMAT Agreement and the Act, the benefits realized by the WMAT and its Members under the WMAT Agreement and the Act shall be in full satisfaction of all claims of the WMAT and its Members, and the United States acting as trustee for the benefit of the WMAT and its Members, for Water Rights and Injury to Water Rights under Federal, State, or other law with respect to the Reservation and Off-Reservation Trust Land.

15. Except as provided in Subparagraph 12.6.1(i) and 12.7.1(f) of the WMAT Agreement, the WMAT and the United States acting in its capacity as trustee for the WMAT shall not: (1) object to the usage of any well located outside the boundaries of the Reservation or the Off-Reservation Trust Land in existence on the Enforceability Date; or (2) object to, dispute or challenge after the Enforceability Date the drilling of any well or the withdrawal and Use of Water from any well in the Gila River Adjudication Proceedings or in any other judicial or administrative proceedings.

16. Nothing in the Proposed Gila River Judgment and Decree, the WMAT Agreement or the Act, recognizes or establishes any right of a Member to Water on the Reservation or on Off-Reservation Trust Land. Any entitlement to Water for Use on lands within the exterior boundaries of the Reservation and Off-Reservation Trust Land shall be satisfied out of the Water resources described in Section 4 hereof, except as provided in Section 10 hereof.

17. Except for Use of WMAT CAP Water as provided in Paragraph 7.0 of the WMAT Agreement, no Water available for Use by the WMAT or by the United States acting in its capacity as trustee for the WMAT under the WMAT Agreement and the Act may be sold, leased, transferred or used outside the boundaries of the Reservation or Off-Reservation Trust Land other than pursuant to an exchange.

18. In exchange for the benefits realized under the WMAT Agreement and as authorized by the Act, the Parties have executed Waivers and Releases of Claims, attached as exhibits 12.1, 12.2, 12.3, and 12.4 to the WMAT Agreement. These Waivers and Releases of Claims are attached as Exhibits B, C, D, and E to the Proposed Gila River Judgment and Decree and are by reference incorporated therein. For purposes of this Section 18, the United States shall be acting in the capacities as specifically set forth in each of the waivers referenced herein.

19. The claims of the WMAT and its Members, and the United States acting in its capacity as trustee for the WMAT and its Members, to Water from the Gila River System and Source are fully, finally and permanently adjudicated by the Proposed Gila River Judgment and Decree.

20. Nothing in the Proposed Gila River Judgment and Decree or the WMAT Agreement shall be construed to quantify or otherwise affect the Water Rights, claims or entitlements to Water of any Arizona Indian tribe, band or community, or the United States on their behalf, other than the WMAT and the United States acting in its capacity as trustee for the WMAT and its Members.

21. Nothing in the WMAT Agreement shall affect the right of any Party, other than the WMAT and the United States, acting in its capacity as trustee for the WMAT and its Members, to assert any priority date or quantity of Water for Water Rights claimed by such Party in the Gila River Adjudication or other court of competent jurisdiction.

22. The adjudication of Water Rights to the WMAT, and the United States acting in its capacity as trustee for the WMAT, pursuant to the Proposed Gila River Judgment and Decree is limited to Water Rights to the Gila River System and Source.

23. The Gila River Adjudication Court will retain jurisdiction over this matter for enforcement of the Proposed Gila River Judgment and Decree and the WMAT Agreement, including the entry of injunctions, restraining orders or other remedies under law or equity.

 )

Pursuant to Article 6, § 5 of the Arizona Constitution, and A.R.S. § 45-259 the following procedure is adopted for the approval of settlements of Indian water rights or water rights for other federal reservations arising in this adjudication:

A. Conditions Warranting Special Proceedings

Indian water rights or water rights for other federal reservations may be established in special proceedings in this general adjudication action which is subject to Article 9, Chapter 1 of Title 45, Arizona Revised Statutes, under the following conditions;

1. The Indian water rights or water rights for other federal reservation are the subject of a claim in the general adjudication action that is within the jurisdiction of the court;
2. The Indian water rights or water rights for other federal reservation have been determined in a settlement agreement among the Indian tribe (in the case of a settlement of Indian water rights), the United States, and a group of claimants in the general adjudication action whose claims are adverse to the claim of the United States or the Indian tribe (in the case of a settlement of Indian water rights);

3. The settlement agreement that determines the Indian water rights or water rights for other federal reservation has been confirmed by an act of Congress or the appropriate federal agency;

4. The terms of the settlement agreement, or the act of Congress or the appropriate federal agency that confirms it require that the settlement agreement be approved by the general adjudication court or are conditioned upon such approval; and

5. There are special circumstances that prevent the consideration of the settlement agreement in the normal course of the adjudication.

B. Application and Order for Special Proceedings

1. Special proceedings under this order shall be conducted pursuant to an order for special proceedings issued in the general adjudication action upon the application of one or more of the parties to the settlement agreement. The application may be filed ex parte and shall include:

- a. a stipulation of the parties to the settlement agreement setting forth the terms of the settlement agreement;
- b. a request that the general adjudication court enter an order approving the stipulation and a final judgment adjudicating the Indian water rights or water rights for other federal reservation as set forth in the stipulation;
- c. the special circumstances that prevent the consideration of the settlement agreement in the normal course of the adjudication;
- d. a proposed form of order directing that special proceedings be conducted to approve the stipulation and adjudicate the Indian water rights or water rights for other federal reservation as set

forth in the stipulation; and

e. information indicating the location of copies of the settlement agreement and supporting documents, which must be made available for review.

2. Upon the filing of the application, the general adjudication court shall grant the application and enter the order for special proceedings, if the court determines that the application satisfies the conditions specified in part A. and the requirements of part B.1.

3. The order for special proceedings shall contain the following statements and directions:

- a. a statement of the general adjudication court's findings, which may be based upon representations made in the application, that the conditions enumerated in part A. are satisfied and that special proceedings are thus warranted;
- b. a description of the Indian water rights or water rights for other federal reservation as agreed upon in the settlement agreement and set forth in the stipulation;
- c. a statement that special proceedings with respect to the settlement agreement shall be conducted in accordance with this order, a copy of which shall be attached to the order for special proceedings, and a direction that the application and order for special proceedings shall be served forthwith in accordance with part E. of this order;
- d. a statement of the terms of other general procedural orders, if any, established by the general adjudication court, that are applicable to such special proceedings and are not inconsistent

with this order;

e. a statement that if the general adjudication court approves the stipulation between the parties to the settlement agreement and enters a final judgment adjudicating the Indian water rights or water rights for other federal reservation, the judgment will be binding upon all parties to the general adjudication; and

f. at the discretion of the general adjudication court, a direction to the Arizona Department of Water Resources ("DWR") to prepare a factual analysis and/or technical assessment of the Indian water rights or water rights for other federal reservation affected by the settlement and report to the adjudication court within 45 days.

C. Objections and Responses

1. Any claimant in the general adjudication may file an objection with the general adjudication court asserting that:

a. approval of the stipulation and adjudication of the Indian water rights or water rights for other federal reservation as set forth in the stipulation would cause material injury to the objector's claimed water right;

b. the conditions enumerated in part A. of this order have not been satisfied; or

c. the water rights established in the settlement agreement and set forth in the stipulation are more extensive than the Indian tribe or federal agency would have been able to establish at trial.

2. Objections shall include:
  - a. the name and address of the objector;
  - b. a description of the water rights asserted in the objector's claim;
  - c. a statement of the legal basis for the objection, and the specific factual grounds upon which the objection is based;
  - d. a list of any witnesses and exhibits that the objector intends to present at any hearing on the objection;
  - e. any request for discovery relating to the objection and a statement as to the need for such discovery; and
  - f. any other information the adjudication court may require in the order for summary proceedings.
3. Objections shall be filed within 45 days after the date of service of the order for special proceedings, or if a DWR report was requested by the adjudication court, within 45 days of the service of DWR's report.
4. Any party to the settlement agreement may file a response to each objection within 20 days after the time for filing objections has expired. The response shall include:
  - a. any motion for summary disposition of the objection;
  - b. a list of any witnesses and exhibits that the parties to the settlement agreement intend to present at any hearing on the objection;
  - c. any request for discovery and a statement as to the

need for such discovery;

d. any objections to a request for discovery made by the objector;

e. a statement that the response is being concurrently served upon parties entitled to service in accordance with this order; and

f. any other information the adjudication court may require in the order for special proceedings.

D. Resolution of Objections

1. The general adjudication court shall conduct hearings to resolve motions for summary disposition of objections, to grant or deny requests for discovery, and to set for hearing objections that are not resolved by motion for summary disposition. Requests for discovery shall be granted for good cause shown, but the court shall establish a schedule within which any permitted discovery shall be completed.

2. Motions for summary disposition of objections shall be granted where an objector lacks standing to assert an objection, has no valid legal basis for an objection, where an objection raises no genuine issues of material fact regarding the alleged injury of an objector's claim of water rights or where the adjudication court, applying the standards for deciding motions for summary judgment under Ariz. R. Civ. P. 56, finds that summary disposition should be granted.

3. Where an objection is not resolved by motion for summary disposition, or where an objection is not the subject of a motion for summary disposition, the general adjudication court shall conduct expedited hearings on the objection.

4. The general adjudication court, in its discretion, may refer all or part of the special proceedings provided by this order to the special master appointed under the provisions of A.R.S. § 45-255. The general adjudication court may request the master's recommendation on the issue of approval, but shall not delegate to the special master the court's power to approve or decline to approve the stipulation or to enter a judgment accordingly.

5. Upon completion of all hearings on objections, and upon the receipt of the report of the master, if matters have been referred to the master, the general adjudication court shall enter a judgment either approving the stipulation and adjudicating the Indian water rights or water rights for other federal reservation as set forth in the stipulation or declining to do so.

6. The court shall approve the stipulation and adjudicate the Indian water rights or water rights for other federal reservation as set forth in the stipulation if, after hearing the evidence, it determines that the parties to the settlement have established by a preponderance of the evidence that:

a. there is a reasonable basis to conclude that the water rights of the Indian tribe or federal agency established in the settlement agreement and set forth in the stipulation are no more extensive than the Indian tribe or federal agency would have been able to prove at trial. In making this determination, the court may consider in addition to other evidence offered, the statement of claimant filed by the Indian tribe or federal agency and all supporting documentation;

b. the water rights of the objector could not be established at a trial on the objector's water rights; the water rights of the objector, if established at trial, would not be materially injured by the water rights of the Indian tribe or federal agency established in the settlement agreement and set forth in the stipulation; the objector is bound by the settlement agreement because the objector's interests were adequately represented by a party to the settlement agreement by virtue of the objector's relationship to such party; or under the express terms of the settlement agreement and the stipulation, the objector is not bound and, therefore, both the objector and the Indian tribe or federal agency may pursue their remedies against each other in the adjudication; and

c. the settlement agreement has been reached in good faith.

7. The general adjudication court's judgment approving the stipulation and adjudicating the Indian water rights or water rights for other federal reservation as set forth in the stipulation, or its order declining to do so, shall be reviewable by the Arizona Supreme Court pursuant to the Court's Special Procedural Order Providing for Interlocutory Appeals and Certifications.

E. Service and Notice

1. Parties to the settlement agreement shall serve a copy of the application for special proceedings together with a copy of the order for special proceedings in the manner provided in the adjudication court's Pre-Trial Order No. 1.

2. The parties to the settlement agreement shall provide notice by

mail to all claimants in the general adjudication, in a form approved by the adjudication court, notifying them of the pendency of the special proceeding, advising them as to where complete copies of the application for special proceedings and order may be found, and including whatever other information the adjudication court may require.

3. The adjudication court shall serve a copy of DWR's report, if one was requested, as provided in the adjudication court's Pre-Trial Order No. 1.

4. A claimant filing an objection shall serve it, and all subsequent filings relating to the objection upon the parties to the settlement agreement. The parties to the settlement agreement shall serve their response to an objection, and all subsequent filings relating to that objection, upon all the objecting parties. Service under this part shall be made in accordance with Ariz. R. Civ. P. 5(c)(1).

5. The adjudication court may in its discretion, require additional service of the application, objection, response, and other pleadings as deemed necessary in a given application, except that the final order of the court entered pursuant to part D.5. of this order shall be served pursuant to the adjudication court's Pre-Trial Order No. 1.

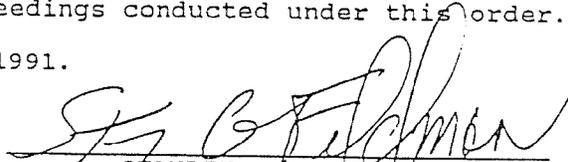

6. The adjudication court may, for good cause, extend the time limits established in parts B.3.f., C.3., and C.4. of this order.

7. The Clerk of the Superior Court for Maricopa County shall maintain a docket sheet on which all documents filed in the action shall be entered. Docket sheet entries shall identify each filed document by title of the document and a brief description of its contents. The clerk shall update the docket sheet at least biweekly and furnish copies of it on a

monthly basis to the Clerks of the Superior Court for all other counties. All clerks shall post in a prominent place a notice of the availability of the docket sheet in a form approved by the general adjudication court.

8. The Clerk of the Superior Court for Maricopa County shall maintain a separate special proceedings file which shall include copies of all documents filed in special proceedings conducted under this order.

DATED this 16th day of May, 1991.
