

TABLE OF CONTENTS

TABLE OF CONTENTS

	<u>PAGE</u>
CHAPTER 1: INTRODUCTION	
1.1 2014 SUBFLOW REPORT	1-1
1.2 2012 COURT ORDER.....	1-2
1.3 SUPPLEMENTAL SUBFLOW REPORT	1-4
CHAPTER 2: ANALYSES USED TO DETERMINE THE LATERAL EXTENT OF THE FHA AND SUBFLOW ZONE	
2.1 INTRODUCTION.....	2-1
2.2 GEOMORPHOLOGICAL REASONING AND INFERENCE	2-1
2.3 DETERMINING THE LATERAL EXTENT OF THE FHA	2-4
2.3.1 Step 1 - FHA Deposited Against Pre-Holocene Topography	2-5
2.3.2 Step 2 - Lateral River Erosion and Deposition Predominates	2-5
2.3.3 Step 3 - Tributary Erosion and Deposition is Significant	2-7
2.4 VERIFICATION OF ADWR'S GEOMORPHOLOGICAL INFERENCES.....	2-10
2.5 ANALYSES OF SOIL LITHOLOGY AND DRILLER'S LOGS	2-11
2.5.1 Professional-level Lithology Logs	2-12
2.5.2 Well Driller's Logs	2-14
2.6 ANALYSES OF WATER LEVELS IN WELLS	2-16
2.7 APPLYING SETBACKS TO THE LATERAL EXTENT OF THE FHA TO DELINEATE THE LATERAL EXTENT OF THE SUBFLOW ZONE.....	2-18
CHAPTER 3: LATERAL EXTENT OF THE FHA AND SUBFLOW ZONE	
3.1 INTRODUCTION.....	3-1
3.2 ANALYSES RESULTS FOR FHA DELINEATION.....	3-1
3.3 PRESENTATION OF THE LATERAL EXTENT OF THE FHA	3-2
3.4 PRESENTATION OF THE LATERAL EXTENT OF THE SUBFLOW ZONE.....	3-4
3.5 SUMMARY	3-5

TABLES (TAB)

Table 2-1A Tributary Drainage Site Investigation Verification Results Along Right Margin of SRP Inner Valley, Looking Downstream (East)

Table 2-1B	Tributary Drainage Site Investigation Verification Results Along Left Margin of SRP Inner Valley, Looking Downstream (West)
Table 2-2A	Upper San Pedro Watershed Professional-level Lithology Logs in Mapped FHA
Table 2-2B	Lower San Pedro Watershed Professional-level Lithology Logs in Mapped FHA
Table 2-3A	Upper San Pedro Watershed Professional-level Lithology Logs in Mapped THA
Table 2-3B	Lower San Pedro Watershed Professional-level Lithology Logs in Mapped THA
Table 2-4A	Driller Lithology Logs in Mapped THA Between San Pedro River Miles 112-109
Table 2-4B	Driller Lithology Logs in Mapped THA Between San Pedro River Miles 106-104
Table 2-4C	Driller Lithology Logs in Mapped THA Between San Pedro River Miles 99-96
Table 2-4D	Driller Lithology Logs in Mapped THA Between San Pedro River Miles 89-86
Table 3-1	Lengths of FHA Determined from Steps 1, 2, and 3

FIGURES (TAB)

Figure 2-1	Example Application of 100-ft and 200-ft Setbacks
Figure 3-1	Example of FHA Delineation Map Sheet
Figure 3-2	Example of Subflow Zone Delineation Map Sheet

APPENDICES (DVD)

APPENDIX A:	FHA Delineation Map Sheets
APPENDIX B:	Professional-level Logs in FHA and THA
APPENDIX C:	Driller Logs Maps
APPENDIX D:	Driller Logs in THA
APPENDIX E:	Water Level Maps
APPENDIX F:	Water Level Linear Regressions
APPENDIX G:	Subflow Zone Delineation Map Sheets
