Bob,

Hey, good to see the map. Do you have a report to go with it? And is TNC planning to do more wet&dry surveys next year? I am wondering what the rest of the Bass Canyon drainage looks like.

Looks like the Hotsprings barrier is being built.

Hi Clay,

Here is the final map, if you guys need the GPS points let me know. Construction has started on the Hot Springs barrier, so far they are doing a good job keeping the impact low, I'll send some pictures when it's done.

Good luck on the home front, I hope everything goes well. I'm off to Grand Canyon tomorrow but I will ask Clif to send you any video if he has it.

Hang in there, Bob

Hey Bob. I was curious if you have compiled your data from the wet/dry surveys that you guys did this past summer?

I think Tony and I would still like to see it.

Hope you're doing well. On my home-front, we're still waiting on the baby to come...any day now.

I look forward to talking soon

-Clay
