Contested Case No. W1-103
 (The Honorable Eddward P.
 Ballinger, Jr.)

**OBJECTION TO SUBFLOW ZONE
 DELINEATION REPORT FOR THE
 SAN PEDRO RIVER WATERSHED
 DATED JUNE 30, 2009**

17 1. I affirm that I am a claimant in the Gila River adjudication and that I am
 18 entitled to file an objection in this matter because I hold the following Statement(s) of
 19 Claimant for water rights in the San Pedro River Watershed: WELL # 528017

20 MONITOR

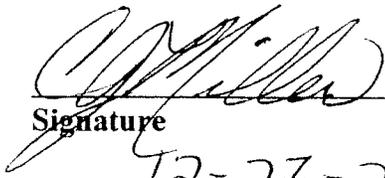

21 2. This objection is based on the following reasons (attach additional pages if
 22 necessary): Property & wells are passed down generationally beginning
 23 in the 1800's with domestic, livestock & crop uses. The new
 24 mapping & assumptions/extrapolations based upon this mapping
 25 is an error. The first false premise to state that the
 26

1 alluvium, approximately one mile, on each side of the river is
2 'saturated' ground is ludicrous. Why would such ground require
3 irrigation to establish & maintain even native grasses? Second,
4 the proposed interpretation neglects the fact that artesian
5 wells in the valley originate in an entirely different strata.
6 These wells have no bearing on the proposed assumptions.
7 Third, this mapping, while interesting, grossly oversteps in
8 actual ability to address watershed concerns & appears to be in
9 use as a tool to gain access to water rights through manipulation
10 of definitions & the system. Fourth, water & watershed issues
11 & remedies must be addressed through the actual facts & honest
12 science. Such factual assessment must recognize the expansion
13 of urban environments is at the root of overdraft not rural or
14 agriculture use.

15 3. The original copy of this objection is being sent by first class mail for
16 receipt no later than December 28, 2009 to:

17 Clerk of the Superior Court
18 Maricopa County, Attn: Water Case
19 601 W. Jackson Street
20 Phoenix, Arizona 85003

21 4. Also, copies of this objection are being sent by first class mail to each
22 person on the attached mailing list, which includes the Judge and Special Master assigned
23 to this matter.
