EXPLANATORY

The water descreibed in the attached Statement of Claim of Right form is pumped by an irrigation well which bears the State Land Department file number D(22-22) 8 cbc. Tenneco West, Inc. contends that the water pumped by this well is percolating groundwater, and is not subject to appropriation. However, without prejudice to its position, Tenneco West, Inc. is filing the attached Statement of Claim form to protect its right to divert these waters, should it ever be determined that the water tapped by this well is in reality underflow of the San Pedro River. Tenneco West, Inc. and its predecessors in interest have irrigated lands both on and off of the San Juan de las Boquillas Y Nogales and the San Rafael del Valle land grants prior to 1919, as evidenced by the attached maps.
