RE: Protest to Application for a Permit to Appropriate Public Water  
Nos. 33-95388, 33-95392 and 33-95394, submitted by the Bureau of Land Management

Dear Sirs:

The Department of Water Resources notes that you had submitted a protest to the referenced applications. This letter is to inform you that your protests have been considered for their merits and your concerns have been acknowledged.

However, the Department considers that these particular applications do not impact any prior vested appropriable rights and that the use of the water in this instance is a benefit to the people of the state. Also, these are for existing water sources not previously claimed. Therefore, I am enclosing, as a courtesy, copies of each of the permits issued to the Bureau of Land Management for the stated purposes.

Yours truly,

A handwritten signature in cursive script, appearing to read "Joe B. Stuart".
