RE: Permit to Appropriate Public Waters
Nos. 33-95388, 33-95392 and 33-95394

Dear Sirs:

Your applications for appropriative permits have been approved. Enclosed please find the approved permits.

Enclosed are forms titled Proof of Appropriation of Water and Affidavit of Appropriator. These two forms must be completed and filed with the Department of Water Resources for each permit after the means of diversion or storage have been constructed and the appropriated water has been applied to the permitted beneficial uses. The Affidavit of Appropriator must be notarized and supported by the affidavit of two witnesses.

The Proof of Appropriation of Water is an important document which should show the amount of water beneficially used. Please answer each applicable question completely, carefully and correctly after reviewing the terms of your permit, the application and any information which you have compiled regarding this water use. You may submit attachments with the Proof.

The information set forth in the Proof will be reviewed prior to the issuance of a Certificate of Water Right. This review may include a field examination of the appropriation.

Yours truly,

Joe B. Stuart
Manager, Surface Water Rights Systems
Operations Division
