Subject: Informal Request for 10/08/1947 letter from U.S. Army to Game and Fish Commission re: Fort Huachuca

Lee, in addition to the document I requested in my April 11, 2006 e-mail to you, I would like to make an additional informal request for a copy of another document referenced in the materials most recently produced by the United States in the Fort Huachuca contested case, which, to my knowledge, has not yet been disclosed by the United States or any other party.

The document is a letter dated October 8, 1947 from the Chief of Engineers, U.S. Army, apparently written to the Arizona Game and Fish Commission, addressing the applicability of the War Assets Administration laws to Fort Huachuca, and possible return of the lands within the reservation to the Department of Interior. The document is referred to on page 3 of a memorandum of the Arizona Game and Fish Commission dated December 1, 1947, which is stamped with Bates # USFH-00002056 for purposes of this contested case.

To my knowledge the October 8, 1947 letter from the Army has not been disclosed in this case. Could you please look and see if this document is in the government's possession, and if so, provide me a copy?

Please let me know at your earliest convenience your response to this and the earlier request. If you would prefer, I will send a formal request for both documents. Thanks.
