 15 **SAN PEDRO RIVER WATERSHED**
 16 **DATED JUNE 30, 2009**

17
 18 1. I affirm that I am a claimant in the Gila River adjudication and that I am
 19 entitled to file an objection in this matter because I hold the following Statement(s) of
 20 Claimant for water rights in the San Pedro River Watershed: TWO WELLS;
 21 213889, 213890

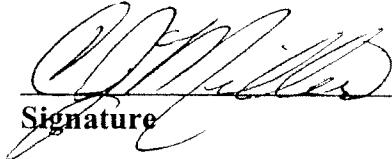

22 2. This objection is based on the following reasons (attach additional pages if
 23 necessary): Property & wells are passed down generationally,
 24 beginning in the 1800's with domestic, livestock & eropuses.
 25 The new mapping & assumptions/extrapolations based upon
 26 this mapping is in error. The first false premise to

1 state that the alluvium, approximately one mile, on each
2 side of the river is "saturated" ground is ludicrous.
3 Why would such ground require irrigation to establish & maintain
4 even native grasses? Second, the proposed interpretation neglects
5 the fact that artesian wells in the valley originate in an
6 entirely different strata. These wells have no bearing on the
7 proposed assumptions. Third, this mapping, while interesting,
8 grossly oversteps in actual ability to address watershed concerns
9 & appears to be in use as a tool to gain access to water rights
10 through manipulation of definitions & the system. Fourth,
11 water & watershed issues & remedies must be addressed through
12 the actual facts & honest science. Such factual assessment
13 must recognize expansion of urban environments is at the root
14 of overdraw ~~not~~ not rural or agricultural use.

15 3. The original copy of this objection is being sent by first class mail for
16 receipt no later than December 28, 2009 to:

17 Clerk of the Superior Court
18 Maricopa County, Attn: Water Case
19 601 W. Jackson Street
20 Phoenix, Arizona 85003

21 4. Also, copies of this objection are being sent by first class mail to each
22 person on the attached mailing list, which includes the Judge and Special Master assigned
23 to this matter.
