IN REPLY REFER TO:

June 4, 1980

Arizona Water Commission
222 N. Central Avenue, Suite 300
Phoenix, Arizona 85004

Reference is made to Notice of Claim of Water Rights of Stockpond for US Dept. of the Interior - Bureau of Land Management - Resources, 2400 Valley Bank Center, Phoenix, AZ 85073, Stockpond No.'s 38-19150 38-19155, 38-19156, 38-19157, 38-19158, 38-19159, 38-19169, 38-19199, 38-19206, 38-19220, 38-19221, 38-19224, 38-19225, 38-19226, 38-19227, 38-19259, 38-19377, 38-19399, 38-22630, 38-22695, 38-22698, 38-22723, 38-22808, 38-23186 and 38-23187.

If these applications are approved it would deprive the Indian and non-Indian water users of the San Carlos Irrigation Project, Bureau of Indian Affairs, water that has been used on certain of the Indian lands since time immemorial and on the non-Indian lands since as early as 1863. This is evidenced by the United States District Court in the Decree entered June 29, 1935 known as Globe Equity No. 59 (Gila Decree).

Waters of the Gila River and its tributaries have long been over appropriated and in most water years the irrigation water is in extremely short supply and much of the Project lands must remain idle because of the insufficient water supply.

It is believed that the approval of this application would result in the diminution of water of the Gila River and thus the rights of the San Carlos Irrigation Project water users would be adversely affected.

Waters of the Gila River and its tributaries are delivered directly to Project lands located in Townships 4, 5, 6 and 7 South, and Ranges 4, 5, 6, 7, 8, 9 and 10 East, and to reservation lands lying in Townships 1 and 2 South, Ranges 1 and 2 East. All such waters are delivered to the

described lands to the extent of all such waters available. All deliveries are for irrigation purposes. The points of diversion are located in the NW¼ of Sec. 8, T4S, R11E (Ashurst Hayden Dam), near the SW Corner of Section 7, T4S, R7E, (Oldberg Dam); in Section 25, T2S, R2E, (Upper Gila Crossing Dam); and in Section 16, T2S, R2E (Lower Gila Crossing Dam).
