**TABLE 3-1. SUMMARY OF UNITED STATES CLAIM FOR
INSTREAM FLOWS OF ARAVAIPA CREEK WITHIN ACWA¹
(ATTACHMENT B)**

1. Required Annual Total Volume: 24,600 acre-feet (Date claimed is Aug. 28, 1984.)		
	Base Flow (cfs)²	Volume (AF)
January	16	982
February	18	998
March	18	1,105
April	13	772
May	10	614
June	6	356
July	10	614
August	14	859
September	12	713
October	11	675
November	12	713
December	17	1,043
Total Base Flow		9,444
Un-impounded Flood Flow³		15,156
Total Claim⁴		24,600

2. Estimated Required Flood Flows	
Flood Flow Return Period	Estimated Flow⁵ (cfs)
2 Year	4,540
10 Year	15,600
25 Year	26,300
50 Year	37,000
100 Year	50,700

Notes (includes discussion provided by BLM):

¹ Streamflow claims for Aravaipa Creek are based on complete year records between 1932 through 1984 at the USGS stream gage located on Aravaipa Creek near Mammoth, AZ (09473000). Twenty eight complete year records include the following years: 1932-1940, 1942, and 1967-1984.

² Base flows claimed for each month represent the median of all daily means for the indicated month in the period of record.

³ The un-impounded flood flow claim represents the difference between the sum of the monthly base flow claim and the total volume claimed for the period of record from natural runoff from seasonal storm events.

⁴ Total volume claimed represents the mean of all annual volumes for the period of record.

⁵ Estimated required flood flows represent statistical characteristics of the historic flood regime over the period of record up to 1984.

**TABLE 3-2. FLOOD FREQUENCIES BEFORE AND
AFTER ESTABLISHMENT IN 1984
(USGS Gage No. 09473000 near Mammoth, Arizona)**

Flood Flow Return Period	Estimated Flow (cfs)	
	Pre-1985	Post-1984
1.25 Year	1,790	1,530
1.5 Year	2,490	2,130
2 Year	3,560	3,040
5 Year	7,390	6,330
10 Year	11,000	9,450

Note: Estimated flow and flood return periods were calculated using the USGS PKFQWin computer program. The PKFQWin program and documentation is available at: <http://water.usgs.gov/software/>.

³ ASLD filed 36-21799 and 38-21798 for state trust lands. On September 12, 2012, the Arizona Supreme Court held that there are no federal reserved water rights for State Trust Lands. See *In re the General Adjudication of All Rights to Use Water in the Gila River and Little Colorado River System and Source*, 231 Ariz. 8, 289 P.3d 936 (2012).

⁴ The United States filed claims for Saltuna Spring (#5), Goat Spring (#6), and Purgatory Spring (#7) in the contested case *In re PWR107 Claims*, no. W1-11-1174. The claim for Saltuna Spring was withdrawn from the PWR107 case and filed as part of the Third Amended SOC. The claims for Goat and Purgatory Springs were decreed in the PWR107 case by order dated April 11, 2008.
