All,
58 Pupfish were released at Howard Well on Monday October 19, 2009! Prior to the release Jeff Conn and I set traps. We found a total of 397 Topminnow (330 adults 67 juveniles) and 24 Pupfish. During the survey at Aravaipa 94 Topminnow were caught (78 adults, 16 juveniles) 2 Pupfish were also caught, and many were seen at Oak Grove.

All,
Topminnow monitoring will occur on Monday October 19th at Howard Well, Heidi Blasius and I will be in attendance. We will also be stocking Pupfish at Howard Well on the same day. On Tuesday October 20th, I will join Mark Haberstich for Topminnow and Pupfish monitoring. We should not need any help at either location but you are welcome to join us if you like. Thanks!
