I hereby certify that the annexed copy of clearlist No. 2, of indemnity school land selections of the State of Arizona, approved February 15, 1918, embracing 35,505.08 acres of land in the Phoenix land district, is a

true and literal exemplification of said approved list on file in this office.

IN TESTIMONY WHEREOF I have hereunto subscribed my name and caused the seal of this office to be affixed, at the city of Washington, on the day and year above written.

FCTL002719

DEPARTMENT OF THE INTERIOR
GENERAL LAND OFFICE

Washington, D. C. January 25, 1916.

This certifies that the tracts of land described in the foregoing list have been carefully examined and compared with the township plats and tract books in this office, and the same have been found to inure to the State of Arizona, under its grant for the purpose stated, being free from conflicts or other adverse claims of record; that these selected lands are not embraced in any withdrawal for coal, oil, mineral, power-site, reservoir or other purposes; that reports have been received from the Geological Survey, indicating that these selected lands are not valuable for coal or other minerals, nor for power-sites or reservoir purposes, and that the inclusion of any part thereof in a public water reserve is not required by the public interest.

Rosetta C. Pierce,
Examiner.

Approved:

C. B. Driesbach,
Chief of Division "C".

DEPARTMENT OF THE INTERIOR
GENERAL LAND OFFICE

Washington, D. C. February 12, 1916.

It is hereby certified that the tracts described in this list, No. 2, are embraced in the original lists, now on file in this office, of lands selected by the State of Arizona, pursuant to the laws of said State, in the Phoenix land district, as indemnity for losses in the sections and townships named, which school-land indemnity selections are authorized by the acts of Congress cited.

It is further certified that the lands reported lost or deficient in said list and those selected in lieu thereof have been examined and compared with the township plats and tract books in this office; that the indemnity lands claimed have been found to be properly due the townships for which they were selected, and the selected lands are shown to be subject to such selection, being surveyed public lands, not mineral in character, within the limits of said State, and free from adverse claims of record.

It is, therefore, recommended that the said list, embracing 25,505.03 acres, be approved subject to any valid interfering rights existing at date of selection, but excepting and reserving unto the United States rights of way over and across said selected lands for ditches or canals constructed by their authority, all as directed and required by the act of Congress approved August 30, 1890 (26 Stat., 391).
