

SCHEDULE F-1 PART 1**POPULATION****ANNUAL REPORT 2012**

PROVIDER NAME

1

RIGHT/PERMIT NO.

Pursuant to the Third Management Plan, municipal water providers are required to supply the following information. This information is used to determine actual and target GPCD numbers for Large Municipal Providers and for planning information for Small Municipal Providers.

DEFINITION OF A HOUSING UNIT

A housing unit means a group of rooms or a single room occupied as separate living quarters. Examples of a housing unit include a single-family home, a townhouse, a condominium, an apartment, a permanently setup mobile home or a unit in a multi-family complex. A housing unit may be occupied by a family, a family and unrelated persons living together, two or more unrelated persons living together, or by one person. The number of housing units is **not** the number of service connections. Mobile homes in an overnight or limited-stay mobile home park or a unit in a campground, motel, hotel, or other temporary lodging facility are not considered housing units.

SINGLE-FAMILY HOUSING

A single-family housing unit is a detached dwelling. Include mobile homes **not** located in a mobile home park.

Single-Family Housing	Housing Units
Single-family housing units (<i>not service connections</i>) as of July 1, 2011 .	2
Indicate the net change (added and deleted) of single-family housing units (<i>not service connections</i>) in your service area between July 1, 2011 and July 1, 2012 .	3
Total single-family housing units (<i>not service connections</i>) as of July 1, 2012 .	4

MULTI-FAMILY HOUSING

A multi-family housing unit is a mobile home in a mobile home park or any permanent housing unit having one or more common walls with another housing unit located in a multi-family residential structure, including a unit in a duplex, triplex, four-plex, condominium development, townhouse development or apartment complex. Include mobile homes if they are located in a mobile home park. Do not include mobile homes that are located in an overnight or limited stay mobile home park.

Multi-Family Housing	Housing Units
Multi-family housing units (<i>not service connections</i>) as of July 1, 2011 .	5
Indicate the net change (added and deleted) of multi-family housing units (<i>not service connections</i>) in your service area between July 1, 2011 and July 1, 2012 .	6
Total multi-family housing units (<i>not service connections</i>) as of July 1, 2012 .	7

Please contact your local Active Management Area if you need assistance completing this form.

SCHEDULE F-1 PART 1

INSTRUCTIONS - POPULATION

Note: If any information pre-printed on this form is incorrect, please make the needed corrections.
For that information not already pre-printed on this form, please follow the directions below.

DEFINITION OF A HOUSING UNIT

A housing unit means a group of rooms or a single room occupied as separate living quarters. Examples of a housing unit include a single-family home, a townhouse, a condominium, an apartment, a permanently setup mobile home or a unit in a multi-family complex. A housing unit may be occupied by a family, a family and unrelated persons living together, two or more unrelated persons living together, or by one person. The number of housing units is **not** the number of service connections. Mobile homes in an overnight or limited-stay mobile home park or a unit in a campground, motel, hotel, or other temporary lodging facility are not considered housing units.

A *"Single-family housing unit"* is a detached dwelling, including mobile homes not in mobile home parks.

A *"Multi-family housing unit"* is a mobile home in a mobile home park or any permanent housing unit having one or more common walls with another housing unit located in a multi-family residential structure, including a unit in a duplex, triplex, four-plex, condominium development, town home development or apartment complex.

1. Enter owner or operator name and water right number, if not already shown, in box 1.
2. Enter in box 2 the total number of single-family housing units in the service area on July 1, 2011 .
3. Enter in box 3 the total number of single-family housing unit additions and deletions to the service area between July 1, 2011 and July 1, 2012 .
4. Enter in box 4 the total number of single-family housing units in the service area on July 1, 2012 .
5. Enter in box 5 the total number of multi-family housing units in the service area on July 1, 2011 .
6. Enter in box 6 the total number of multi-family housing unit additions and deletions to the service area between July 1, 2011 and July 1, 2012 .
7. Enter in box 7 the total number of multi-family housing units in the service area on July 1, 2012 .

Please contact your local Active Management Area if you need assistance completing this form.

SCHEDULE F-1 PART 2

1

MUNICIPAL PROVIDER WATER DELIVERIES

RIGHT/PERMIT NO.

ANNUAL REPORT 2012

Total Production _____

Pursuant to the Third Management Plan (TMP) and the Groundwater Code, large water providers are required to supply the following information. Do not include direct use effluent on this schedule (please use Part 3 of Schedule F-1).

MONTH	DELIVERIES IN ACRE-FEET									
	RESIDENTIAL A		NON-RESIDENTIAL B							TOTAL
	Single Family	Multi-Family	Industrial	Commercial	Govt.	Turf Related Facilities *	Other Turf **	Construction	Other ***	
Jan										
Feb										
Mar										
Apr										
May										
Jun										
Jul										
Aug										
Sep										
Oct										
Nov										
Dec										
Total Deliveries	2	3	4	5	6	7	8	9	10	11
Total Active Connections	12	13	14	15	16	17	18	19	20	21

* Turf Related Facilities includes turf-related facilities (10 or more acres of turf or other high water use landscaping) and landscaped public rights-of-way identified as Individual Users.

** Other Turf includes water delivered to other turf areas that are less than 10 acres.

*** Other includes unmetered deliveries. Unmetered deliveries must be calculated using a generally accepted method of estimating water use. Explain in a separate letter how any unmetered deliveries were calculated and to which category it would belong if it were metered. e.g. Industrial, Commercial, etc.

Please contact your local Active Management Area if you need assistance completing this form.

SCHEDULE F-1 PART 2

INSTRUCTIONS - REPORTS OF DELIVERIES

Note: If any information pre-printed on this form is incorrect, please make the needed corrections.
For that information not already pre-printed on this form, please follow the directions below.

1. Enter owner or operator name and water right number, if not already shown, in box **1**.

A. Enter the residential deliveries for each housing type: single-family and multi-family aggregated by month.

Residential uses include all water delivered to residential customers, both interior and exterior water use, including water delivered to multi-family complexes through master-meters (does not include deliveries to recreational vehicle parks). "Single-family water use" means water provided to detached dwellings including separately metered mobile homes. "Multi-family water use" means water provided to housing units located in a residential structure that is characterized by having one or more common walls or is a mobile home in a master-metered complex.

B. Enter the non-residential deliveries for the categories: industrial, commercial, government, turf related facilities, other turf and other aggregated by month. Include unmetered deliveries in the other category and include a separate letter detailing how the volumes were calculated. Unmetered deliveries must be calculated in a generally accepted method for calculating water use.

Non-Residential water use includes all metered and unmetered water delivered to customers other than residential, including water delivered to turf related facilities. Do not include deliveries to irrigation rights or to other service area rights on this schedule (please use Schedule D). Do not include direct use effluent on this schedule (please use Part 3 of Schedule F-1). Please report the major categories of non-residential customers as coded in your billing system. We have listed categories that may be helpful to you. In order for Department staff to understand what types of users make up each category you report, if different than the one indicated, please attach a brief narrative describing the types of customers included in each major category listed.

2. Enter the total acre-feet delivered to single-family homes in box **2**, the total acre-feet of water delivered to multi-family homes in box **3**, the total acre-feet of water delivered to industry in box **4**, the total acre-feet of water delivered to commercial entities in box **5**, the total acre-feet of water delivered to government facilities in box **6**, the total acre-feet of water delivered to turf related facilities in box **7**, the total acre-feet of water delivered to other turf in box **8**, total acre-feet delivered to construction in box **9**, and the total acre-feet of water delivered to other categories in box **10**.

3. Enter the total of all deliveries in box **11**.

4. Enter in boxes **12** through **20** the number of each type of connection served during the reporting year.

5. Enter in box **21** the total number of connections served during the reporting year.

Please contact your local Active Management Area if you need assistance completing this form.

SCHEDULE F-1 PART 3

MUNICIPAL PROVIDER DIRECT USE EFFLUENT

ANNUAL REPORT 2012

PROVIDER NAME

RIGHT/PERMIT NO.

Pursuant to the Third Management Plan, municipal water providers are required to supply the following information. Report the amount of effluent produced, received, delivered, reused, recharged or discharged in your service area in calendar year 2012. Please attach a list of all the plants at which wastewater generated by uses of water within your service area is treated. List the volume of effluent produced at each plant from uses of water within your service area during calendar year 2012.

Please include all effluent produced in your service area, even if it is sent to a regional or other wastewater treatment facility not owned or operated by you.

PART 1 - TOTAL AVAILABLE EFFLUENT**A. Effluent Produced from Uses of Water within your Service Area:**

1.	Effluent produced within service area (include wastewater processed at all treatment plants/entities)	af
2.	Effluent used as process water at treatment plants	af
3.	Part A.1 - Part A.2 (total effluent produced within service area during CY 2012)	af

B. Additional Effluent Sources:

1.	Effluent received from other water right holders	af
2.	Effluent recovered as long-term storage credits pursuant to a Recovery Well (74) Permit (sum of recovered from all 74s)	af
3.	Part B.1 + Part B.2 (total effluent used during CY 2012 that was not produced within the service area during CY 2012)	af

C. Total Available Effluent:

1.	Total from Part 1.A.3 above + Total from Part 1.B.3 above:	af
----	--	----

PART 2 – TOTAL EFFLUENT USE**A. Effluent Delivered/Used within your Service Area:**

1.	Effluent delivered/used within your service area for landscape watering	af
2.	Effluent delivered/used within service area for other purposes (please attach additional sheets and list and describe each use separately)	af
3.	Part 2.A.1 + Part 2.A.2 (total effluent use within your service area during 2012)	af

B. Effluent Delivered to Other Rights/Permits (as shown on your Schedule D form):

1.	Total Effluent delivered to other water rights/permits	af
----	--	----

C. Total Available Effluent:

1.	Effluent delivered to recharge projects as reported on Water Storage Reports (73s)	af
2.	Effluent delivered/used (from Part 2.A) that is recovered annual storage credits:	af
3.	Part 2.C.1 – Part 2.C.2 (total effluent used for storage projects before evaporation or cuts to the aquifer)	af

D. Effluent Delivered to Entities Other than Rights/Permits/Water Storage Uses:

1.	Effluent delivered for additional uses not associated with a right/permit/water storage use	af
----	---	----

Please explain:

PART 3 – TOTAL EFFLUENT DISCHARGED**A. Effluent Discharged:**

1.	Total effluent discharged (not recharged, delivered, or used)	af
----	---	----

Please contact your local Active Management Area if you need assistance completing this form.

SCHEDULE F-1 PART 3

INSTRUCTIONS

Note: If any information pre-printed on this form is incorrect, please make the needed corrections.
For that information not already pre-printed on this form, please follow the directions below.

PART 1 – TOTAL AVAILABLE EFFLUENT

- A.1 – List the total annual volume of effluent produced from uses of water within your water service area during CY 2012.
- A.2 – If any effluent is used during the wastewater treatment process, list that volume.
- A.3 – Subtract the total volume of effluent produced from the volume used during treatment.
- B.1 – If you received (as shown on your Schedule E form) effluent from another right holder, including another service area right (56), irrigation district (57), grandfathered right (58) or permit (59) list that volume here.
- B.2 – If you recovered (as shown on your Schedule A form) effluent as long-term storage credits pursuant to a Recovery Well (74) Permit, enter the sum of all effluent recovered as long-term storage credits here.
- B.3 – Add B.1 and B.2 together to equal the total effluent you uses in CY 2012 that was not produced from uses within your service area during CY 2012 .
- C.1 – Total effluent used by you during CY 2012 should equal A.3 + B.3 under PART 1.

PART 2 – TOTAL EFFLUENT USE

- A.1 – List the total annual volume of effluent that you used within your water service area for landscape watering during CY 2012 .
- A.2 – If you used effluent for any other purposes within your water service area during CY 2012 please list that volume. Attach additional sheets to describe other uses of effluent within your water service area and list the volume of each.
- A.3 – The sum of A.1 + A.2 should equal all the effluent that you used within your water service area during CY 2012.
- B.1 – If you delivered effluent (as shown on your Schedule D form) to another right holder, including another service area right (56), irrigation district (57), grandfathered right (58) or permit (59) for their use, outside your water service area, during CY 2012 , list that volume here.
- C.1 – List the total volume of effluent you sent to be stored at recharge projects, whether at a managed or constructed underground storage facility or to a groundwater savings facility pursuant to a Water Storage Permit(s) (73) during CY 2012.
- C.2 – If you stored and annually recovered effluent during CY 2012 , please list the volume of annual credits of effluent recovered here.
- C.3 – Part C.1 minus Part C.2 equals the total effluent sent to be stored before evaporation and cuts to the aquifer that was not recovered as annual credits during CY 2012 .
- D.1 – List the volume of effluent that you delivered to an entity that does not possess a water right or permit number (such as a governmental entity such as an Indian tribe or reservation, the Federal or County government, or other entity that is not required to file an Annual Water Withdrawal & Use Report to ADWR including the effluent you deliver to them.

PART 3 – TOTAL EFFLUENT DISCHARGED

- A.1 – List the total volume of effluent that you discharged to a stream channel or evaporation pond, and did not use, store, or deliver to another entity, during CY 2012 .
