Mr. Zwickey,

Thank you for contacting the Governor's Officer regarding this matter. I will forward your comment to the Arizona Department of Water Resources' Docket Supervisor to make certain that it is included as part of the official record regarding this matter.

Please contact me if you have any questions.

Sincerely,

Michelle Moreno  
Public Information Officer  
Arizona Department of Water Resources

**Phone Number:** 5204403033

**Comments:**

Dear Governor, Recently 2 large businesses, one a foreign corporation, have filed a petition to take away our water rights in the valley that we have paid for, and are trying to take away virtually all our irrigation rights. They wish to steal all our water, and use it with no state management whatsoever. please help us maintain our rights, property values, and childrens rights and inheritances. this petition will hand our water over big buisness with no supervision. This is greed driven and they are manipulating the state to obtain their goals which will be to use our water with no regard for our valley.
